FOREWORD.

When I took over charge of the Chair of Comparative Philology in the University of Calcutta in September 1917, the thought occurred to me that the subject might best be illustrated for our Indian students through the medium of Sanskrit and Avesta. Latin and Greek are out of question in India and so the linguistic group nearest to Sanskrit (viz. the Iranian) was chosen. I set myself to prepare a course of Selections from Avesta and Old Persian and the present book is the outcome of this effort.

My first thanks go to Sir Asutosh Mookerjee. With characteristic insight he grasped my views on the subject and helped me very materially in getting the courses altered to suit the new requirements. For this, and far more for his continued encouragement and for the great interest he has always shown in my work, I give him my heartfelt thanks.

In the second place my thanks are due to my respected co-religionist, Mr. R. D. Mehta, C.I.E., of Calcutta, for very generously offering to pay the cost of printing this volume. He also has all along given me encouragement and support.

In the third place I have to record the debt I owe to my teachers in Avesta: Professor Bartholomae of Heidelberg and Professor Jolly of Würzburg. The former, than whom I found no better teacher, first initiated me into the study of Iranian Languages and the latter has always been my best friend and critic ever since my student days in the University of Würzburg. Nor must I forget here to mention Dr. P. Giles, Master of Emmanuel College, Cambridge, whose lectures on the Comparative Grammar of Indo-European Languages first taught me what the Science of Language means, and Professor E. J. Rapson of Cambridge, who was the first to teach me the critical methods of modern Western scholarship and has ever since been my revered guide and friend. I must also mention here Professor Geldner of Marburg, with whom I stayed but one day, but whose inspiring words have guided me through all my subsequent studies.

Next in order come my friends and critics who have always helped me greatly during the progress of this work. Foremost among them is Shams-ul Ulma Dr. J. J. Modi of Bombay, who has been always ready with his friendly but incisive criticism. He has certainly not spared me in any sense and I acknowledge it here with deep gratitude. My next valued critic has been Pandit Vidhusekhara Bhaṭṭācārya of the Viśva-bhāratī at Śantiniketan. In both these erudite scholars I found, besides mere criticism, true friendship and a constant desire to help.

Last of all I owe to my pupils more than I can express in words. Their presence in my lectures, their frank questions and the interest they have always shown in their work have constituted the best reward for my work and have always led me on to greater effort.

The delay caused in the publishing of this work has been due to the great difficulty of composing a work of this kind, which needed types of such varied languages. To begin with, an entirely new set of types had to be cast. For all this work (the first of its kind undertaken in India, I believe), the Baptist Mission Press, Calcutta, deserves the greatest credit. It has been decided now to publish ten out of the eighteen "Selections" of the *First Series* as "Part 1". The rest will come out, let me hope, within a short interval from now. This will form Part 2, and it will also include an essay entitled "An Introduction to Iranian Studies," referred to in the footnotes as "Introduction."

One word more. I have my own notions of life and other deeper questions which are embraced under the term "religion." These form the "coloured glasses" through which I view my own Scriptures. I could not have avoided my own ideals even though I had desired to do so; but I must claim that I have tried to be as fair in my interpretations as was possible for me to be. I do not think I have in any case twisted either the sense of a word or the grammar to suit my special notions. There is one thing, however, of which I am absolutely convinced and it is that all religions have their roots in WISDOM, not in Ignorance.

I. J. S. TARAPOREWALA.

THE UNIVERSITY,
CALCUTTA.

1st May, 1922.

Y(aś)t [The numbers are as in Darmes-
teter's translation]

Y(ounger) A(vesta)

Z(roaster, -roastrian)

The declensional forms of nouns, etc., are generally indicated by two figures, the first denoting the case and the second the number. (The cases are in the following order 1. nom., 2. acc., 3. ins., 4. dat., 5. abl., 6. gen., 7. loc., and 8. voc.)

Similarly for verbal forms the first figure indicates the person and the second the number.

Other abbreviations not in this list are self-evident.

NOTE.

The text used here is that of Geldner. But there are a few variations I have ventured to make. I indicate below the chief points to be observed in the text as printed here.

1. Wherever I have made any notable change in a word, I have indicated it in a footnote, and in most cases the reading I have adopted is also mentioned by Geld. in his v.l.

2.* In metrical passages I have followed Geldner's divisions as far as possible, and I have like him indicated defective lines or *pādas* by +. It will be noted that the putting of this + is not the same as in Geldner's text. I have tried to follow my own ear in this respect as far as I have understood the theory of Avesta metre.

3. Words which seem to be in excess of metrical requirements I have enclosed within brackets (). Here too I have followed my own ear rather than copy Geld. entirely.

4. Occasionally I have tried to scan rhythmically (*not* strictly metrically)* passages which Geld. prints in prose. Such passages I have put down continuous as in Geld., but have indicated the divisions by upright lines |. I have occasionally used brackets here too to indicate what seem to me extra words. I have indicated such passages by putting § at the beginning.

5. In some places I have ventured to suggest other readings and they are discussed in the notes in the proper places.

6. I have made full use of European punctuation and other symbols.

As regards the translation I have tried to be literal as far as possible. Compound words and single words of Av. translated by a phrase in Eng. have been indicated by joining up the parts by means of hyphens.

* See Appendix to the Introduction.

I.

Haoma Yašt—Yasna IX.

1. At², * the hour³ (of) early-morning¹ Haoma⁵ came-up⁶ to Zaraθuštra⁷, (who was), preparing-for-worship⁹ the fire⁸ and¹¹ (was) chanting¹² the Gāθās¹⁰. Unto¹³ him¹⁴ asked¹⁵ Zaraθuštra¹⁶: “Who¹⁷, O Hero¹⁸, art thou¹⁹, whom²⁰ I²¹ see²⁶ the noblest²⁵ of all²² material²⁴ creation²³, shining²⁹ with (thine) own²⁷ eternal³⁰ life²⁸?”

2. Thereupon¹ this³ Haoma⁵, the righteous⁶, of-far-spreading-radiance⁷, replied⁴ unto me²: “I⁸ am⁹, O Zaraθuštra¹⁰, Haoma¹¹, the righteous¹², of far-spreading-radiance¹³. ~~Fix (thy) desires earnestly¹³, '16 upon~~¹³ me¹⁵, O Spitama¹¹; worship^{18, 20} me¹⁹ (in order) to enjoy²¹ (of me); hymn^{22, 25} me²³ in hymn(s)-of-praise²⁴, as²⁶ the other²⁸ Saosyants²⁹ have (in the past) praised³⁰ me²⁷.”

3. Thereupon¹ said² Zaraθuštra³. “Salutation⁴ unto Haoma⁵! Which⁶ mortal¹⁰, O Haoma⁹, (was) the first⁸ (who) worshipped¹² thee⁷ for (the sake of) the material¹¹ world¹³? What¹⁴ blessing¹⁶ unto him¹⁵ was granted¹⁷? What¹⁸ profit²¹ to him¹⁹ accrued²⁰?”

4. Thereupon¹ this³ Haoma⁵, the righteous⁶, of-far-spreading-radiance⁷, replied⁴ unto me²: “Vivaghvat⁸ (was) the first¹⁰ mortal¹¹ (who) worshipped¹³ me⁹ for (the sake of) the material¹² world¹⁴. This¹⁵ blessing¹⁷ unto him¹⁶ was granted¹⁸, this¹⁹ profit²² to him²⁰ accrued²¹: namely²³ to him²⁴ a son²⁵ was born²⁶, who²⁷ (was) Yima²⁸ the King²⁹, the magnificent³⁰, the most-resplendent³¹ of (all) created-beings³², (who shone forth) among mortals³³ like-unto-the-sun-in-appearance³³. Who³⁵ made³⁶ during his³⁷ rule³⁸ (both) animals⁴⁰ (and) human-beings⁴¹ undying³⁹, (and) waters⁴³ (and) vegetation⁴⁴ ever-fresh⁴²; (there was) inexhaustible⁴⁷ food⁴⁸ for feeding⁴⁵ (his subjects).

5. “During the rule² of the illustrious³ Yima¹ (there) was⁶ neither⁴ (excessive) cold⁵ nor⁷ (excessive) heat⁸, neither⁹ was¹¹ (there) old-age¹⁰ nor¹² death¹³, nor¹⁴ (was there) envy¹⁵ created¹⁷-of-the-Daēva¹⁶. Father²⁰ and²² son²¹ moved-about¹⁹ each²⁴ (seeming only) fifteen¹⁸ in appearance²³ as long as²⁵ Yima²⁸ the magnificent²⁷, the son³⁰ of Vivaghvat²⁹ reigned²⁶.”

* Geld, reads -gūro but I have chosen the reading given by Kau, Reich, and others.

† I have made this a compound.

12. (Zaraθuštra asked :) “Which¹ mortal⁵, O Haoma⁴, (was) the fourth³ (who) worshipped⁷ thee² for (the sake of) the material⁶ world³? What⁹ blessing¹¹ unto him¹⁰ was granted¹²? What¹³ profit¹⁶ to him¹⁴ accrued¹⁵? ”

13. Thereupon¹ this³ Haoma⁵ the righteous⁶, of-far-spreading-radiance⁷, replied⁴ unto me²: “Pourušaspa⁸ (was) the fourth¹⁰ mortal¹¹ (who) worshipped¹³ me⁹ for (the sake of) the material¹² world¹⁴. This¹⁵ blessing¹⁷ unto him¹⁶ was granted¹⁸, this¹⁹ profit²² to him²⁰ accrued²¹: namely²³, to him²⁴ thou²⁵ wast born²⁶, thou²⁷, O righteous²⁸ Zaraθuštra²⁹, in the house³⁰ of Pourušaspa³¹, (thou who art) opposed-to-the-Daēvas³² (and) follower of-the-Law³³-of-Ahura³⁴.”

14. “Famed¹ through (all) Airyana² Vaejah⁵, thou⁴, O Zaraθuštra⁶, (wast) the first⁵, (who) recited-aloud⁹ the Ahuna⁷-Vairya⁸, with-the-proper-divisions¹⁰ (of metre and syllables), four-times¹¹, (and yet) another¹² (time) with-a-louder¹³ chant¹⁴.

15. “Thou¹, O Zaraθuštra⁶, caused⁵ all⁴ the Demons⁵ to-hide-under-the-earth², who⁷, before³ this⁹ * ran-about¹² upon¹³ this¹⁴ earth¹⁵ in-human-shape¹¹, (thou) who¹⁶, ¹⁸ (art) the strongest¹⁷ (and) bravest¹⁹, who²⁰, ²² (art) the most active²¹ (and) the swiftest²², (and) who²⁴ hast become²⁶ in-the-highest-degree-victorious²⁵ among the creatures²⁸ of the (two) Spirits²⁷.”

16. Thereupon¹ Zaraθuštra⁸ said²: “Salutation⁴ unto Haoma⁵! Haoma⁷ (is) excellent⁶, well-created⁸ (is) Haoma⁹, truth-created¹⁰ (also); created-by-excellence¹² (and) health-giver¹³; well-shaped¹⁴, working-for-good¹⁵ (and) victorious¹⁶; golden¹⁷-hued¹⁸ (is he) with-bending-twigs¹⁹; just-as²⁰ (he is) best²² for (the body of) the drinker²¹, (so) also²⁴ (he) best-points-out-the-way²⁵ unto (his) soul²³.”

17. I ask⁵ of thee², O Golden-hued³ for¹ fervour⁴, for⁶ power⁷ (and) for⁹ success⁹ (as well); for¹⁰ health¹¹ (and) for¹² the means-of-gaining-health¹³; for¹⁴ advancement¹⁵ (and) for¹⁶ increase¹⁷; for¹⁸ strength¹⁹ of-(this)-whole²⁰-body²¹, (as well as) for²² wisdom²³ all²⁴-embracing²⁵: - for²⁶ (all) this²⁷, (I ask) so that²⁸ in (all) lands²⁹ I may move-about³¹ free-at-will³⁰, overcoming³³-opposition³², (and) conquering³⁵-the-unbeliever³⁴.

* Z.'s advent.

† I have translated by “for” the particle ni, which, though not quite literally accurate, serves to bring out well the sense of the repetition of the ni in the original.

Haoma.—The word is the same as the Skt. *सोम* and essentially expresses the same idea as in the Veda. But there can be traced in the Av. a twofold conception of the name. In the first place it is the name of a Being or a Divinity occupying a definite place in the Av. Pantheon, and in the second place it is the name of a Plant used in the sacrificial ritual. In our present selection (*Yas. IX*) the first conception is predominant. The second conception, however, predominates in *Yas. X*.^{*} There are other places too in Av. where *Haoma* is mentioned, notably in *Yas. LVII* (19 20)† where the former conception is predominant. In one or two other places there is the mention of perhaps another *Haoma*. Thus in *Yas. XI. 7*,‡ there is a warrior of that name mentioned, who worshipped *Dravāspa*|| and *Aži* and through the help thus secured made captive *Frāgrasyāna* (فراسیاب—*Afrāsīyāb* of Shah.), the arch-enemy of *Kara-Husrava* (کیخشرو *Kai-Khushrū* of Shah.). This *Haoma* is also mentioned in Shah., but it is probable that he is identical with the *Haoma* of our present piece. There is a fourth *Haoma* mentioned in the Av. in *Yt. XIII. 116* but beyond his mere name as a holy man there is no further detail given.¶

The Divinity *Haoma* is mentioned in close connection with *Haoma* the plant. In fact it would not be too far wrong to say that he was responsible for introducing the *Haoma* cult among the Aryans, and it is very likely that the plant used at the sacrificial ritual derived its name from him. He is specially distinguished by his epithets *dūraōša* (of far spreading radiance) and is also called *frāšmi* (the Renovator). In another place he is called *ṣšaθrya* (सविथ—*ṣaviθ*)—the King; which reminds one of the Ved. *सोमो राजा*. It is notable also that though the majority of the epithets used for *Haoma* the Divine Being, are such as can be only applied to the Plant by a stretch of imagination,** still there are two at least used in *Yas. IX. 16* (*zairigaonō* and *nāmyāsuš*) and one in *Yas. LVII. 19* (*zairi-dōiθrō*) which can only apply to the Plant. But it may be noticed by referring to the text that in the first case both the words could be left out without any injury to the whole, and in the second case the epithet is distinctly disturbing the metre and is palpably a later insertion. In course of time we do find that the plant is coming more and more to the front and the person who introduced it is getting forgotten. It were well if the upholders of the “Personification-theory” would bear this fact constantly in mind.

* *Sel. XIX, Part II.* It may be here noted that the *Haoma Yas.* as used in Z. ritual is made up of both the *Yasnas IX* and *X*. † *Sel. II, below.* ‡ *Sel. XX, Part II.*

|| See *Yt. IX. 18.* (*Sel. XXII, Part II.*)

¶ *Modi, Dict.*

** For a fuller discussion of this point see Introduction.

1. *hāvanīm*—2/1 adj. Note the -ī when in Skt. we get -i. This is the rule in Av. for the 2/1 of nouns in -i and -u. “Morning” lit., “the time of the Haoma Sacrifice,” *सवर्णिम्* From *√hu*—*हु*. The day among the Zoroastrians is divided into five periods or *gāhs* (in Av. *asnya*—*अस्य*) each having a special prayer appropriate to it, and each being associated with certain Powers. These are, beginning with midnight :

(i) *uṣahina*—*√uṣ*, to shine (cf. *उषस्*)—from midnight till dawn; associated with *Bərəjya* (Increaser of corn) and *Nmānya* (Lord of the house).

(ii) *hāvani*—*√hu*—(*हु*)—from dawn to midday—associated with *Sāvayhi* (Increaser of Prosperity) and *Visya* (Lord of the village).

(iii) *rapiθwana*—from *ayaro*, day and *piθwa* middle, (cf. Eng. *pith*),—from midday to 3 P.M. In the last five months of the Z. year this period too is called *hāvani*, sometimes also “the second *hāvani*.” This is associated with *Frādat-fšu* (Increaser of cattle) and *Zantuma* (Lord of the province).

(iv) *uzayeirina*—origin doubtful—from 3 P.M. to sunset; associated with *Frādat-vīša* (Increaser of mankind) and *Daṣgyuma* (Lord of the country).

(v) *aiwiśrūθrama*—*aiwi* (*अभि*) and *√sru*, (*श्रु*)—from sunset to midnight; associated with *Frādat-huǰyāiti* (Increaser of all good creation) and *Zarathuštroθma* (lit., the holiest *Zarathuštra*, i.e. the Supreme Head of Religion).

2. *ā*—*अ* at, upon, during. *post positive intensifying the acc. of time.* cf. the Vedic *ā* with the abl. & the loc., e.g. *आराधयामास*, *आराधयामास* १

3. *ratūm*—2/1 m. Note -ū. Time, *रतु*. There is another word *ratu* which means a leader (almost always in the spiritual sense). Kan. thinks that both these have come from *√ar*, *अर*, to go. (Diet. pp. 439f.).

5. *Haomō*—1/1 m. *सोमः*. The *visarga* if preceded by *a* is represented in Av. combined with the preceding *a* as *o*. The name is used partly for the *Haoma* plant and sometimes for the *Yazata* (or *देवता*) presiding over the *Haoma* sacrifice. See Introductory note.

upāit—3/1 impf. *√i* (*इ*) with *upa*, (*उप*)—came up to,

Zarathuštram—2/1 m. The name of the Prophet of Irān has been variously explained by Western scholars from *zaraθa* (*√zar*—*जृ*) old and *uštra*, (*उष्ट्र*) camel or from *zaraθa* (*वरित*) tawny and *uštra*, i.e. either “the keeper of old camels” or “the keeper of tawny camels.” Parsi writers rather would like to have the word mean “he who has the golden radiance” * (*zaraθa*—*वरित*—golden and *uštra*—*√uṣ* to shine—radiance). For details of his life, etc., see the various books on the subject notably Jackson’s *Zoroaster*.† His date seems to have been now fixed at much earlier than 660 B.C. which used to

Lassen and Windischmann translate the name “golden-star.”

The origin of the name is fully discussed in an Appendix in that book, pp. 147 ff.

be given in older works, though Jack. seems to favour the older view. See Introduction.

Ātrəm. (v.l. *Ātarəm*, *Āθrəm*) 2/1 m.—**Fire.** Probably the word is connected with **अथर्व.** The Pers. **آتش** (*ātish*), fire, is from 1/1 *Ātarš*. The Ved. **अताम** (later **अतामन**) is also probably connected.

(**व**) **pairi-yaoždaθəntəm**—2/1 pres. pt. par. of **yaoždā** to purify (lit. prepare for worship) with **pairi** (**परि**). The **yaoždā** itself is a comp. verb made up of **Lyaz-** (**यज्**) and **√dā** (**धा**). The root **dā** is often thus compounded with nouns or with other roots, e.g. **χruždā** (**क्रुध + धा**) to harden, **ni-χ^vabdā** (**नि + खप् + धा**) to lull to sleep, **pazdā** (**पद् + धा**) to stamp on the ground, **māzdā** (**मन् + धा**) to pay heed to, etc. In Skt. there is only one such example of a word with **धा** quotable—**ब्रुधा**, though other comp. verbs are not uncommon. See Whit. §§ 1090 ff. The **dā** may have a caus. value. (Jack. A.G. § 692).

gāθās-ca—2/3 f. **गाथास.** The enclitic particle **ca** is always joined on to the previous word and where the visarga (I-E. -s) is at the end of the previous word the Sandhi shows the -s; e.g. **Haomō** (**सामः**) but **Haomas-ca** (**सोमस**), **gaθā**—**गाथा**: but **gaθās-ca**—**गाथास**. The **gāθās** are the oldest portions of the Av. scriptures. They are metrical and are supposed to have been the words of Z. himself. See Introduction and also the introductory notes to the Gāthic selections.

srāvayəntəm—2/1 pres. pt. caus. par. **√sru** (**श्रु**)—**श्रावयन्तम्** lit. to cause to hear, i.e. to recite. This caus. form, **srāvaya**, is regularly used in this sense throughout the Av. In P. Guj. we have retained the same word **सारवु** e.g. **आशीर्वाद सारवा** (to chant the (marriage-) blessings).

ā-dim (v.l. *°dēm*)—**आ-तम्—dim** is an obsolete form for 2/1 of the pron. 3 per. (**təm**). There are several other forms (also enclitic like **dim**) used for the 2/1 of the 3 per. pron. They are **hīm**, **im**. In O. Pers. **sim** is also found. In some Prak. dialects the form **सौम्** or **शौम्** is found. (Also **वौम्**)

parəsət—3/1 Impf. augment omitted. The augment is more often omitted in Av. than not. **अप्रश्नत्.** **√perəs**, Pers. **پرسیدن** (*pursidan*) to ask.

kō—**कः**—who.

— **narə**—8/1—**ने नर.** The word is used more in the sense of the Skt. **वीर**.

ahi—2/1 Pres. **असि**—(thou) art. **√ah**—**असु** to be.

yim—2/1 m.—whom. The form must have been originally ***yem** (**यम्**) but generally in the neighbourhood of the palatal sounds **y**, **c**, **j** and **ž** the -em changes to -im e.g. **vācim** (**वाचम्**), **bajina** (**भाजन**), **drujim** (**द्रुजम्**), but **drujəm** also is found.

azəm—**अजम्**—I.

višpahe—6/1 m.—of all, of the whole—**विश्वस्य**

ayēuš—6/1 m. of *ayhu*, life, creation. There is a variant form of the word *ayhu* also found frequently, namely *ahu* (अहु). The *y* inserted before the *h* is governed by rather complex rules, and in the declension we find both the variants *ahu* and *ayhu* used side by side. So also *vohu* and *vayhu* (वयु). But *Ahura* (असुर) has only one form.*

astvatō—6/1 m. of *astvat* (अस्तिवत्) lit. “possessing bones,” i.e. the corporeal or material world; always used as opposed to spiritual and referring to things on the physical plane.

sraēštem—2/1 adj. sup.—best, noblest—स्रेष्ठम्. The *र* and *श* of Skt. are regularly represented in Av. by the diphthongs *aē* and *aō*. Cf. the modern London dialect of English which pronounces “*laidi*” for “lady” and “*raul*” for “road”.

dādarasa (v.l. *dādarasem*)—1/1 pft. $\sqrt{\text{daras}}$ (दृष्ट) to see—दृष्टम्. In Av. as also in Ved. the perfect does not necessarily have a past significance. The idea is more that of being परोक्ष, i.e. happening in the presence of the speaker. Note also the long vowel *dā°*. In classical and Skt. *da* is not allowed with the first person, *da* is never intransitive, should be *darasam*!

χ^vahe—6/1 of *χ^va*—one's own—स्वस्व. The *च* of Skt. is represented by *h* in Av. and the *ख* by *hva* (G.A.) which becomes *χ^va* (Y.A.). The *h* in the *hva* is a strong spirant which makes the transition to *χ^va* easier.† Pers. *khūd* (self) has the *khva* which is Av. *χ^va* (cf. *खतः*).

gayehe—6/1 of *gaya*, life $\sqrt{\text{gi}}$ to live. Cf. जीव. βίος. *gaya*—life, light.

χ^vanvatō—6/1 pres. pt. $\sqrt{\text{χ^van}}$ —shining. The gen. *horē* is used almost adjectively: according to strict syntax we should get *χ^vanvantem*. The genitive case is used in Av., as also in Veda, very freely in place of other cases.‡ Here *χ^vahe gayehe* should be in the *ins.* but both are in the genitive and the *χ^vanvatō* in the genitive is due to case attraction.

aməšahe—6/1 of *aməša*, immortal, undying—अमरतस्य; adj. to *gayehe*. The equation Skt. *rt* = Av. *š* was first given by Bartholomae, e.g. *सत* (× *सर्त*)—*aša*, मर्त्यः—*mašyō*. (Here the *š* for *ž* is due to the *y*). *aməša* as B's *aməša*.

āat—Thereupon—आत् (अथ).

mē—4/1—to me—मे (मद्यम्). The *-ē* final is a sign of the older dialect where all final vowels are long. In Y.A. all final vowels except *ō* are shortened. Thus we get in Y.A. the form *mē*. The dialect of this piece is about midway between G.A. and Y.A.

aēm—1/1—This. Anticipates *Haomō* in the next *pāda*. (Reich. § 569).

pāityaoxta (v.l. *pāiti-aoxta*)—3/1 aor. atm. $\sqrt{\text{vac}}$ with *pāiti* प्रति)—replied. In Skt. it would be par. प्रत्यवोचत्. The atm. form shows, as might be expected, the weak grade with *samprasāraṇa*, cf. उक्त.

ašava—1/1—Righteous, lit., “possessing *asha*”—अशवा. Note the short final *-a*.

dūraōšō—1/1. The word is a comp. and various meanings are suggested of its second component *aoša*. The first part is *dūra* (दूर) far, wide-spreading. *aoša* may mean (1) radiance $\sqrt{u\dot{s}}$ to shine, or (2) sickness— $\sqrt{u\dot{s}}$ to be faint, to be weak, or (3) death—also from $\sqrt{u\dot{s}}$ to be weak, to faint. Thus the meanings of the compound would be, respectively, (1) “of-far-spreading-radiance” (Barth.)* or (2) “warding off sickness” (Kan.); or (3) “warding off death” (Wolff). All these make good sense and any of them may be the correct one.

ahmi—1/1 pres. \sqrt{ah} —अस्मि—(I) am.

ā . . . *yāsaṇuha*—2/1 imp. atm. $\sqrt{yās}$ (to desire), with *ā*—desire ardently, आयाचस्व. The Skt. आच् to beg is cognate, and probably इष् (इष्) to wish is also connected. Note the equation (*a*)*ṇuha* = (अ) स्व.

mām—2/1—me—मास्.

Spitamā—8 1—A patronymic name of Z. from his ancestor of that name. The genealogy is given thus in Bun. and other works:—

Zaraūstra—*Pouruṣaspa*—*Paetiraspa*—*Aurvat-aspa*—*Haecāt-aspa*—*Caṣnuṣ*—*Paetiraspa*†—*Hardarṣna*—*Haridar*—*Spitamā*. The name of *Spitamā* was used as a family name by his descendants; hence Z. is often called *Spentamāna*. The meaning of the name seems to be “the holiest, the noblest” from \sqrt{spi} (सि) to be white, to be pure (Kan.), hence it may be translated by the Skt. \times चित्तम (= चेतनम).‡

frā . . . *hunvanyuha*—2/1 imp. atm. \sqrt{hu} (हु) with *frā* (प्र)—प्रहुनुष्व. Press out.

χ^oarətē—4/1 of *arəti*—for ^{enjoyment} drinking. A verbal infinitive. The meaning is the same as the Skt. पीतये. $\sqrt{\chi^o ar}$ (*hvar*) to eat. Cf. Pers. خور (*khur-dan*) to eat.

aoi . . . *stūidi* (v.l. *avi*, *aii*, *ave*)—2/1 Imp. par. $\sqrt{stū}$ (स्तु) with *aoi* (अभि)—praise अभिस्तुषि (Ved., later °दि). *aoi* is spelt elsewhere as *awi*, *aiwi*, *aibi*, etc. The ending -di is I-E. and is found in Veda—Grk. -θι—later Skt. दि. The -भि survives in the later रधि. No ५th letter in Av.

staomaine—7/1 of *man*—in (a) hymn of praise (Kan.). स्तोमनि. Reich. takes it as a dat. inf. and trans. the sentence; “praise me that I may be praised.”

yaṇa—just as—यथा—Note the final -a.

aparacit—1/3—others—अपरेचित्. The enclitic -cit is added more often in Av. than in Skt. and to a greater variety of stems, cf. *azəm-cit*, *taē-cit* (below 22), etc.

Saošyantō—1/3 fut. pt. par. $\sqrt{śu}$ to work, to do good, to worship,—

* Hb. air. D., but in Wb. he supports the third interpretation.

† Note the element -aspa in these names, implying that it was a family of warriors.

‡ *Spina* and *Spenta* are cognate. See below 22.

𑀧𑀸 (?)—*Saošyant* is the name given to an order of Beings who appear in the world from time to time to fight the evil and to re-establish the law of *Aša* (Righteousness) in the world. The sense is not restricted to the future alone but may refer to the past as well. Hence the word may be used, as here, in the general sense of “those who work for the good of humanity,” i.e. Prophets and Teachers of the Law. In a stricter sense, especially when used in the singular, the name denotes a special Teacher who is to appear in the future and re-inaugurate the golden age, somewhat like the *Kalki-avatāra* of the Hindus. This *Saošyant* is said to be the seed of *Z.* who is to be born in the future.*

𑀧𑀸 *stavān*—3/3 subj. par. *सुवान्*—used in a general sense in a relative clause—did praise. Reich. takes the word in the sense of the future taking *Saošyantō* literally in the future sense translating *stavān* as “shall praise thee.”

3. *nəmō*—Salutation—*नमः*

Haomāi—4/1—to Haoma—*सोमाय*

𑀧𑀸 *kaśa*—1/1—a variant of *kō*, who. The word occurs also as *kas*, or *kaś* when used in a compound or with enclitics, e.g. *kasnā*, *kaste*, etc. The *kaśa θwām* seems to be a similar use though *θwām* is not enclitic. The *-a* inserted is merely to ease the pronunciation.

paoiryō—1/1—first, almost used adverbially.

mašyō—1/1—mortal—*मर्त्यः*

astvaiθyāi—4/1 f.—material—*अस्थित्यै*

huvūta—3 1 impf. atm., augment dropped. Worshipped, lit. pressed out. Note the atm. In the Av. the atm. is used far more frequently in its original sense than in Skt., the sense namely, of the subject of the verb, profiting by the action (cf. the “middle voice” in Grk.). Another point to note is the long *-nū* where the Skt. would show the short vowel—*अनुनुत*. This is due to the strong stress accent in Av. which developed in place of the original pitch accent of the I.-E. *Ursprache*, which latter has been preserved almost intact in the Vedas. The Av. even in the earliest period tended to have the stress-accent shifted to one fixed syllable, viz. the penult, hence the long *-nū* in the present case.

𑀧𑀸 *gaēθyāi*—4/1 of *θi* f.—for (the sake of) the world. *‘gi* (cf. *gayehē* above). Pers. *گیتی* (*gītī*) world. *dativus finalis* (*अन्त्ये शक्ति*)

kā—1/1 f.—what? *का*.

𑀧𑀸 *ahmāi*—4/1—to him—*अस्मै*.

𑀧𑀸 *ašiš*—1/1 f.—blessing—*आशीः*. Note the quantity of the vowels which very often do not quite correspond between Av. and Skt.

* Modi. Dict., under *Zarathuštra*, also *Saošyant*.

arənāvi—3/1 pass. aor. √*ar*—to give, to grant—was granted. The Skt. word अण is connected with this. This is a special form of the aor. See Whit. §§ 842 ff., Reich. § 232.

³³ ciṭ—1/1 n. a variant (palatalised *) of ka—What? The m. form is ciṣ which is found in the Veda in the phrases नाकिः and नकिः. The ciṭ shows the final -ṭ after analogy of yat, tat, etc. Cf. Lat. quid. Skt. shows the चित् only as the indefinite enclitic particle in कश्चित्, etc.

³⁴ jasat—3/1 aor. augmentless. √*jas*—to come—came, accrued. The root is connected with the Skt. गच्छ्.

³⁵ āyaptam—2/1 n.—profit. √*ap* (आप्) to obtain with ā—आप्तम्. The -y- is euphonic to avoid the hiatus.

4. ³⁶ Vīvaṇhā—1/1 of Vīvaṇhvat—विवस्वत्—Father of Yima (यम) and grandson of Hoshang, who was the grandson of Gaya-Maretan the first human being. In the Veda also यम is called वैवस्वत. The name is also written Vīvaṇhana or Vīvaṇhuša.

hā—1/1 f.—this, सा.

taṭ—1/1 n.t.—this, तत्.

yat—conj., exactly as in Skt.—namely, that.

hē (v.l. hi)—6/1 of the dem. pron. enc.—his, अस्य. There is a variant šē also found in Av. Cf. Prāk. se. See below 28.

puθrō—1/1—Son, पुत्रः

³⁷ us-zayata—3/1 impf. atm. √*zan* (जन्) to be born, with ut, augmentless—was born—उद्जायत.

yō—1/1 rel. pron.—who. यः

Yimō—1/1—यमः. The names in Av. and Veda are identical in every respect. Literally it means a twin, probably because there is mention of his twin sister Yamī, though in the Z. literature she is not mentioned till much later. This is evidently an old Aryan legend of the first progenitors of mankind. Yama's rule was the golden age of the world (cf. Ven. II, Sel. X below). But he was also the first human being who died and after his death he became the ruler of the dead. Cf. RV. X. 14.

χšaētō—1/1—Ruler. √*χši* (चि) to rule. Yima always has the title χšaēta added to his name and this full name Yimō-Xšaētō (Yima the King) has given the Persian name جمشید (Jamshīd) found in Shah. The O. Pers. form of χšaētō is χšāyabiya found constantly in the Cuneiform Inscriptions, where also it means King or Ruler.

hwāθwō—1/1 adj.—Magnificent—hu (हु)- and vāθwa prosperity (from van to win, to conquer, to protect, to prosper). The word may mean ‘possessing great prosperity or magnificence’ or ‘possessing large flocks’

* Owing to the palatal vowel *i*, by the law of Oollitz.

or “having a large retinue” (Kan.). It may also mean “the good protector” (सुरक्षक).

* $\chi^v arənaγhastəmō$ —1/1 sup. of $\chi^v arənaγhvant$ —most illustrious, most resplendent. Lit., most possessed of $\chi^v arənaγh$ ($\sqrt{\chi^v ar}$ —खर to shine). This $\chi^v arənaγh$ has almost exactly the same sense as the वेजस्, of Skt. literature. The words खर, खर्च, खर्ग, Lat. *sol*, Grk. ἥλιος, Pers. 𐎧𐎡𐎴 (*khoreh*),* are cognate.

☞ $zātānām$ —6/3 of p. pt. of \sqrt{zan} (जन्) to be born—Of those born, i.e. of created things—जातानाम्.

☞ $hvarə-darəsō$ —1/1—Comp. of *hvarə* the sun and *darəsa* appearance—having the appearance of the sun. Note the retention of *hv* in this word.

☞ $mašyānām$ —6/3 of *mašya*—Of mortals, among mortals—मर्त्यानाम्.

$yaē$ —1/1 n. rel. pron.—This refers to *Yima*. In Av. the neu. rel. pro.† is often used for all genders and numbers as a sort of general relative. (Kan. A.G. § 604).

☞ $kərənaot$ —3/1 impf. augmentless of \sqrt{kar} to do—made. In the Av. as in Veda the \sqrt{kar} (कृ) is used in the १^{st} class. (कृ कृणोत्. In classical Sans. -कृ०.)

☞ $aīγhe$ (v.l. *aīγhe*, *aγhe*)—6/1 of dem. pro. m.—his (own)—अयम्. The regular G.A. form is *ahyā* and in Y.A. *ahe* for the m. The form *aīγhe* is formed after the analogy of the fem. *aīγhā* (अय्याः) where owing to the epenthetic *i*, the *γ* change to *ī*. The two nasals *γ* and *ī* are hard to distinguish in pronunciation and in actual practice are not sounded differently. The *γ* is the guttural nasal = Skt. ङ and the *ī* has a slightly palatalised value and occurs with an *i* or *e*, i.e. with palatal vowels. Sometimes however mss. show wrongly the *ī* even when the palatal vowel is dropped, e.g. *aīγhe*, *aīγhā*, etc. Note also the reflexive sense of the dem. pron. when referring to the subj. of the principal sentence.‡

$\chišaθrāda$ —5/1 of $\chišaθra$ (क्षत्र) —Power, rule, kingdom. The form of the abl. ending *-āda* is peculiar to Av. This is really made up of the regular ending *-ā* + *ā* (a postposition) which when joined together give *-āda*, subsequently *-āda*. Skt. क्षत्रादा = क्षत्रात् + आ. But the postposition *ā* was invariably used with the abl. form, especially if it had a sense other than the regular abl. sense of “from.” Thus the *-āda* became a regular ending for the abl. by the enclitic postposition *ā* being incorporated with the original ending. Another point to note about the abl. ending is, that the *-ā*, which originally, as also in Skt., belonged to the stems in *-a* (अ) only, was in the Av. extended to all nouns, thus completely replacing the original, I.E. *-as* (अस्).|| The sense of the abl. here may be taken as (1) referring to space, “in his kingdom,” (2) referring to time, “during his rule,” or (3) causal, “owing to his rules”

* The Per. word means वेजस्

† Kan. calls the *yaē* “the relative particle.”

‡ Reich. § 568

|| Jack. A.G. § 222.

amaršanta (v.l. *amərəšanta*, *amarəšinta* Kan.)—2/2 fut. opt. √*mar* (मृ) to die with negative prefix *a-* (अ)—undying, immortal.—अमरिषन्ता (Ved.).

pasu-vīra, a *dvandva* comp., 2/2—animals and men—पशुवीरा (Ved.).

ap̥haošəmne—2/2 pres. pt. atm. f. of √*huš* (शुष्) to dry up with negative prefix *a-* not drying up, ever fresh—अशुषमाणे

āpa-urraire, a *dvandva* comp. 2/2—waters and vegetation. The original words are *āpa* and *urvarā*. *āpa* is Skt. आपः water, but in Av. it is used in all numbers. The word *urvarā* corresponds to Skt. उर्वरा, but means vegetation. The Pers. *ur* (urvar) tree is a derivative. The Lat. *arbor* also seems to be a cognate.

χ^vairyān—3/3 opt. par. √*χ^var*—to eat (Kan.). They (i.e. the people) might eat. Kan. takes this to be an independent sentence. Reich, however takes *χ^vairyān* to be an inf. 2/1 object of the verb *kərənaot* and compares the sentence with the Vedic construction where the inf. is used as obj. of the finite verb, e.g. तमिन्द्र चवितवा अपस्तः.* Reich. translates “made for feeding.”

χ^varəθəm (v.l. *ətəm*)—2/1—Food—cognate object of *χ^vairyān*.

ajayamnəm (v.l. *ajyamnəm*)—2/1 Pres. pt. atm. √*jyā* to decay, to be exhausted (cf. Skt. जिबानि)—Inexhaustible. अजयमानम्

5. *χšabre* (v.l. *əbrahe* evidently due to attraction of the two genitives on either side) 7/1—In the kingdom or during the rule.

aurvahe—6/1—Illustrious, renowned. √*ar* to be noble. Skt. आर्य is connected.

nōit . . . *nōit*—neither . . . nor. *Nōit* by itself is much stronger as a negative and may be rendered “never.”

aotəm—noun, 1/1 n.—Cold (cf. Av. *aodar*—cold, Skt. ऊधः in the sense of cloud in the Veda). ओतम्, ओदम्

āyha—3/1 pft. √*ah* (अस्) to be—There was, आस.

garəməm—noun 1/1 n.—Warm, गर्मम्, θερμός > गरम् (Specialised sense)

zaurva—1/1 f.—note the shortening of the final ā of zaurvā. Old age—जरा.

mərəθyuš—1/1 m.—Death, मृत्युः

araskō (अस्क) —1/1—meaning is doubtful as it is used only in one other place† besides. Probably it means envy.—Pers. رشک (*rashk*) envy. Is ईर्ष्या connected? Barth. (Wb. 187) says that though derivation and tradition agree as to the meaning envy still the meaning “illness” would suit the context better. He thinks *yaskō* might have been the original reading.

* RV. VII. 21. 3; Reich. § 690.

† Yt. XV. 16, which is exactly the same passage.

¹*daēvo-dātō*—1/1—Comp. of *daēva* demon and *dāta* p. pt. of √*da* (धा) to create—created by the demon. The word *daēva* is the same as the Skt. देव, √*div* (दिव) to shine, but the meanings are opposite. Similarly we find *Ahura* and अशुर the same philologically but with opposite meanings. This points to a period of Indo-Iranian unity which was later disturbed by some religious quarrel. In fact the names of a great many Hindu deities are used for demons in Av. and *vice versa* in the Veda. It is however remarkable that अशुर in the oldest Veda has got the good sense while *daēva* is nowhere thus used in the Av.* (4th letter = Av. 3rd letter).

pancadasa—1/2 adj.—fifteen (years old), referring to the *pita-puṭras-ca* (पिता पुत्रश्च —father and son. The age of 15 was considered to be the age of the first blossoming of youth in ancient Iran hence the word implies “in the first bloom of youth.”

⁹*frācarōi*—3/2 subj. ātm. √*car* (चर्) to move with *frā* (प्र)—moved about. *प्रचरेष्वे न , प्रचरेत् ।

⁹*raodaešša*—7/3 (*raodaešša* + *ā*). The *ā* is a postposition (= in) amplifying the sense of the loc. See above *χšaθrāda*. The word *raoda* (√*rud*—वृध्—to grow) means growth, stature, when used in plu. it means appearance, form. In appearance. रूप (√*rū*, रु), shape, body.

⁹*kataras-cit*—*cit*, as in Skt., is indefinite in sense. *katarā* (com. of *ka*) means one of the two (Grk. *ποτέρος*—कतरः—either of them, i.e. both of them. This word is evidently a later addition made in order to emphasise the sense fully, as it does not fit in with the metre.

⁹*gyavata*—As long as—यावत्

¹⁰*χšayōit*—3/1 aor.—Ruled—(अ)क्षयत्.

Vīrayuhatō—6/1—Of V.—विवस्वतः

⁹*bityō*—1/1—Second—द्वितीयः

7. ⁹*Ājwyō*—1/1—The father of *Θraētaona*. In Veda the name is found as आंत्य, in Pah. as *Āspīgān* and in Shah. we find it as آبلین (*Āblīn*). He was famed for his great wealth because he has always the epithet “*pouru-go*” (पुरुषु: possessing many cows)† given him in Pah. books.

vīso—6/1 f. of *vīs* family—विश.

sūrayā—6/1 f. valiant—शूरायाः

Θraētaonō—1/1. This name is found in Veda as वेतान with the surname आण्य added (RV. I. 158. 5.). This personage is also mentioned in the Veda as having slain a three-headed monster and delivered the cows, though later on this exploit has been transferred to Indra (RV. X. 8. 8.). The Veda moreover in other passages uses the name वित आण्य or the same personage.

Haug, pp. 267 ff. See also Introduction.

Another epithet of his is *purtora*, possessing many bulls (cf. *taurus*).

But the Orta of Av. is a different person belonging to the family of Sāma who was the father of Kərəsāspa (see 10 below). The name Orāētaona occurs in Shah. as فریدون (*Faridūn*) the son of آبتین (*Ābtīn*). The change of the spirant *θ* of Av. to ف (*f*) in Pers. is paralleled by the change of Grk. *θ* to the Russ. *θ* (*Filā*) e.g. Θεόδωρος—Russ. *Feodor*.

8. janat (v.l. zanat)—3/1 impf. √jan (zan)—हन—to slay. (अ हनन्.)

Āzīm-Dahākəm—2/1—The name is invariably in this double form. This was a three-headed monster destroyed by the hero Orāētaona. The full name survives in Pers. as اژدها (*azhdahā*) a great snake, a python. The first part Āziš is the Skt. अहिः—Grk. ὄφις, a snake and Dahāka—biter, stinger, √dah—दश् (दंश्)—to bite, to sting. Only the second half of the name is used in Pers. and becomes فدحاک (*Zohāk*) of Shah. He had the title بیورسپ (*bivaraspa*) (lit. of 10,000 horses). The Shah says that he was the son of a good man of the royal family and was brought up in the ways of godliness and religion. He was also a master of all the arts and crafts of his day. But he came under the influence of the Evil One who, disguised as a cook, entered his service, and soon became the prime favourite of the young Prince. Once as a boon the Evil One obtained permission to kiss his master on the two shoulders: 'Thereupon two black snakes came out of Zohāk's shoulders and they could not be cut away. The Evil One hereupon again appeared in the guise of a doctor and said that the serpents should be fed daily with the brains of men. From that time onwards Zohāk grew in power and went on from tyranny to tyranny. He slew his own father and took lead in the revolt against Yima. Ultimately he usurped the throne and ruled over Irān. His rule was an iron rule and very harsh. But people had to wait 1000 years, all but a day, till the champion Faridūn arose against Zohāk. After a hard struggle Zohāk was captured and bound alive to Mount Damāvand.

Orī-zafnəm—2/1—with three jaws—The word zafan, √zaf (jap), जम् to gape, is used only for the daēvas or their creation. Corresponding to words used for ordinary or good people, i.e. the creation of the Good Spirit, the "ahura" words, there is a whole series of "daēva" words in Z. literature. This custom continues even to-day among the Parsis, e.g. सुवु 'to sleep, but the "daēva-word" is घोडावु; खावु to eat and जोभरवु and so on through a whole series. In German there are a few such pairs of words, e.g. *Mund* (mouth) but *Maul* (used for animals).

Orī-kamərəðəm—2/1—The daēva-word kamərəða means head. Skt. *कमूर्धन् (= कुमूर्धन्) on analogy of किन्नर, कापुवष the inter. pron. being used in the sense of contempt. Kan. in his Dict. gives another derivation, kaməra empty space (cf. Lat. *camera*) and ðā (अ) to enclose, hence meaning lit. an empty head.

[~]χšvas-ašim—2/1—χšvas six (षष्—Grk. ἕξ—Lat. sex) + aši eye (अक्षि), a *daēva*-word. These three words of course refer to *Dahāka* and the two serpents growing out of his shoulders.

[~]hazaṇrā-yaoχštim—2/1—of a thousand ^wikes; *hazaṇrā* thousand, Pers. هزار (hazār), सच्च; [~]yaoχšti—युक्ति—art. *Dahāka* was very learned in the arts and sciences of his day and hence this epithet. It is not used in any special *daēva*-sense because in another place we find a blessing uttered in these words: *hazaṇra-yaoχštyō bavāhi yaθa Ažōiš Dahākāi aya-daēna* (be thou learned in a thousand arts like *Azhi-Dahāka*, the follower of the wicked faith) Yt. XXIII. 3.

[~]aš-aojanḥem—2/1—possessing much power ^{aš}—is a prefix used often in the sense of very or excessive, like the Skt. अति; it is often spelt also aš. [~]aojanḥ—ओजस्—power. *Dahāka* had obtained the power by *tapas* but had misused it like *Rāvaṇa* and other demons of mythology.

[~]daēvim—2/1—devilish—दैवीम्.

[~]drujəm (v.l. °jīm)—2/1 f.—This is the root-noun, *druj*—to oppose, hence opponent, enemy; द्रुज्. Hence it means the Arch-enemy and all his creation. Modern P. Guj.

[~]ayəm—evil, अयम्.

[~]gaēθāvyō (v.l. °vayō)—The suffix is a variant of °byō (भ्यः): 4 3 of *gaēθā* creation. The [~] of Skt. is often represented in Av. by w and sometimes by b and the b and v interchange (ववयोरभेदः).

[~]drvantəm—2 1 pres. pt. [~], *dru* (द्रु) to run away. Lit. running away, later used specifically for one who runs away from the Law of God hence an infidel, unbeliever (Kan.). It is used in exactly the same signification as the Skt. word क्षेष् or the Christian word *heathen*. In P. Guj. it survives as दरवंद or दुरवंद.

[~]fraca-kərəntat—3/1 impf. par. [~], *kərat* (कन्, कन्) to cut and *fraca* (प्राच्) forth or out. When used as a daēva-word it means to create; the idea being that the *daēva* creation is not properly finished but is as it were hewn out anyhow and misshapen monsters are the result.

[~]*Ayro-Mainyuš*—1/1. The Evil Spirit; lit., the destroying spirit *ayra* (✓*any* अन् to decrease, to ruin, to destroy) and *mainyu* (✓*man* मन् to think). Per. اهریمن (Ahriman). God, Ahura-Mazda, has created two spirits, the Good Spirit (*Spənto-Mainyuš*) and the Evil-Spirit (*Ayro-Mainyuš*). They are both of equal power and they are to be in eternal opposition to each other. From this eternal opposition proceeds all evolution. See Gāθ. Ahu. XXX (Sel. XXIV)., This is the so-called “Dualism” taught by Z.; but they who call the faith Dualistic forget that Z. has distinctly stated that

Ahura-Maza is above them both.* This Dualism reminds one of पुरुष and प्रकृति of the Sāṅkhyas, while Ahura-Mazda above them both is comparable to ईश्वर in the Yoga philosophy.

२४ *avi*—against—अभि.

yām gaēθām—The rel. here has almost the sense of the dem. or of the def. art.

२५ *mahrkāi*—4/1 inf. 'marac (मरच्) to twist, to torture, to ruin (cf. Guj. मचडवुं)—In order to torment or to destroy.

Aṣahe—6/1—of *Aṣa*. *Aṣa* (neu.), अस्त orig. meant Law or Truth, the Divine Order in Creation, somewhat like the conception of धर्म in India. In fact *Aṣa* meant to Irān what धर्म meant to India. In some places the *Aṣa* has been personified as a Divinity who occupied a definite place in the Divine Hierarchy. He is then called sometimes *Aṣa* and sometimes *Aṣa-vahišta* (later *Ardibeshi*). He leads the creation of the Good Spirit against the *Druj* and the forces of *Ayro-Mainyuš*. See Introduction.

९. *θrityō*—third—तृतीयः

10. *θritō*—The son of *Sāma*. His son *Kərəsūspa* was much more famous and the latter is known in Pah. looks as *Sāma* also. चित्र of the *Vedas*, अत्रि (Atrī).

Sāmanām—plu. indicating family as in other I-E. languages. This *Sāma* is not to be confounded with the *Sām* of the Shah, the son of *Nariman* and the grandfather of *Rustam*. Both these were connected according to Bun. but the exact connection is not given.†

२६ *savišto*—the most powerful—the most prosperous—सर्विष्ठ.

puṭra—1 2—पुत्र (Ved.).

us-zayōiθe—3 2 aor. pass.—(two) were born.

Urvāxšaya—A son of *θrita*. He was a religious teacher and famed for his great wisdom. (See Yt. XXIII.) He was slain by a foe called *Hitāspa*, and in order to avenge him, his brother *Kərəsūspa* invoked *Rāma Yazata* and succeeded in slaying *Hitāspa* (*Rāma* Yt. and *Zamyād* Yt.). *Kərəsūspa*—The name is philologically the Skt. कृशाच. He is the greatest hero mentioned in the Av. His name occurs in many places. He belonged to the *Sāma* family and being the greatest among them was often distinguished as "the *Sāma*" (Pah. *Zand-i-Vohuman* Yt.). He has been remembered as having preformed many wondrous deeds, for, like a true knight-errant, he used to wander about eager for adventures and for relieving human suffering. Among his most notable deeds may be mentioned: (1) the slaying of the horned dragon as described here; (2) the slaying of his brother's murderer; (3) vanquishing the monster *Gandarva* (गन्धर्व ?), who lived on the

* The later Z. literature sometimes identifies Ahura-Mazda with the Good Spirit (Ven. I. 7).

† Modi, Dict. *Sīma*.

ocean *Vourukaša* after invoking the *Yazata* of the waters (*Ardivisūr Yt.*); (4) annihilation of a family of nine outlaws (*paθan*), on account of which his spirit* is invoked in *Farvardin Yt.* to protect people from highway robbers. His dead body is said to be surrounded by 99,999 *Fravašis* (holy spirits) because there is a prophecy that he will rise again to slay *Aži Dahāka* (ضحاک) when he comes up again to oppress the world; thus K. is to be the inaugurator of a new era of peace and prosperity.† Throughout the ancient literature of Persia both Av. and Pah. K. is mentioned with high praise and reverence. But strangely enough *Firdausi* in the *Shah.* mentions him only incidentally and a few times (کرشا سپ, *Kershaspa*). The real hero and ideal of *Shah.* is *Rustam* who performs deeds comparable to those of the avestic *Kərəsāspa*.

²⁰⁰ *tkaešō*—Teacher. By a transference of meaning the word often means the matter taught, i.e. religious writings, holy chants, scriptures. And by a further transference the word means “religion” itself as in *Ahura-tkaēša*, *paōiryō-tkaēša*, etc. *Reich.* derives it from *tkaeš* to teach, which is connected with *ci* (चि), but *Barth.* disputes this (*Wb.* 813). *Kan.* (*Dict.*) derives it from *aiti* + *caš* (अतिचक्ष्) to perceive or study closely. This seems probable, but reminds one of the popular derivation of *अवि* (a seer) from *दृश्* (to see).

²⁰¹ *anyō . . . anyō*—the one . . . the other. अन्यः

²⁰² *dātō-rāzō*—This has been explained variously but there is no essential difference between the ultimate interpretations. *Reich.* derives this from *dāta* law (something fixed—*dā*, दा i.e. धर्म), and *rāzō* from *rāj* to shine or to arrange. Hence either “a brilliant judge” (धर्मराज ?) or “an arranger of law.” *Barth.* (*Hb. air. D.*) takes it to mean a giver (*dātō*—दाना) of religious law; *rāzō* according to him would mean religion. *Mills* translate “an upright judge.” *Kan.* translates “one who points out the path of justice” or “a great lawgiver.” one who shines as a lawgiver, an illustrious law-giver.

²⁰³ *uparō-kairyō*—Excessively energetic—a superworker. From *upairi* (उपरि) and *kairya* (kar, क) worker (cf. *Guj.* करवैयो).

²⁰⁴ *yava*—youthful—युवा The word is found also as *yan*.

²⁰⁵ *gaēsuš*—possessing long curly hair, a characteristic of K. and used constantly as an epithet for him. Per. گیسو (gisū) curly haired. Cf. the epithet केशव. + *Asarum*.

²⁰⁶ *gadavarō*—mace-bearer, i.e. a warrior. The older form is *gadabarō*—
× गदाधरः (गदाधरः) note that *Skt.* भ is regularly found in *G.A.* as *b*, in *Y.A.* as *b* or *w* and sometimes irregularly as *v*, as here. Cf. अमि = *G.A.* *aibi*, *Y.A.* *aiwi* or *aibi* and often too *aivi* and still further, corrupted to *aoi*. See also *svaream* below.

Fravaši. † Just as *Θraētaona* had done in the past (see above, 8). This prophecy is mentioned in *Bahman Yt.*

11. sr̥vareṃ—horned. The word is originally a compound srū + bara = स्रुमर. This also illustrates the irregular representation of Aryan bh by Ay. v. There are no true mediae aspirates in Av. In G.A. they are all deaspirated while in Y.A. a series of spirant sounds (γ, δ, w) are developed to represent the original aspirates. But there has been a good deal of crossing and overlapping. The development can best be seen in the diagram below:*

Aryan (= Skt. also)

aspo-garēṃ—horse-devouring. $\sqrt{\text{gar}}$ —गर् to swallow.

nərə-garēṃ (v.l. nara°, nare°)—man-devouring. In the declension of the stem nar- (नर) we often find the base nər- (Reich. § 361). The second ə is evidently epenthetic in origin occurring in G.A. forms having the terminations beginning with b (I.E. bh), e.g. narəbyō (नरभ्यः). In Y.A. the form would have been narō-garēṃ.

višavantəm (v.l. viš°, viš°) poisonous—विषवन्तम् Cf. Grk. lós, Lat. virus.

zairitəm—yellow—हरितम्.

viš—1/1 n.—Note that in Skt. the word is transferred to the -a declension.

araoδat—One of the few cases where the augment is retained. $\sqrt{\text{raod}}$ δ
—वह—to grow, lit. grew, i.e. spread. ~~Skt. arhat~~ $\sqrt{\text{arodhat}}$

ārštyo-barəza—1/1 or 3/1 of zayh neu.—To the height of a spear. The Pah. trans. says asp-bā-lūk, i.e. to the height of a horse, which as Barth.† remarks comes to about a spear's height. The Skt. trans. of Nair. gives सुष्टगुष्ठुमम् which seems to have misled Kan. into translating “to the depth of a thumb.” With ārštya cf. Skt. अरष्टि; barəza is height $\sqrt{\text{barəz}}$ (वर्ध्) a variant of वर्ध् (वर्ध्) to increase.

ayaṇha—3/1 of ayaṇha—kettle. Lit. iron or metal. अयसा. Cf. Lat. aes. Goth. aiz (bronze).

pitūm—food. पितु (Ved.) also means nourishment or food.

pacata—3/1 impf. atm.—अपचत. Note atm.

rapithwinəm. See note on hāvani above, 1.

zrvānəm—2/1 m.—Time. The word is probably connected with χρόνος ($\times \chi\rho o F\nu o s$). The word has been borrowed in Arm. zrvān, Pah. zrvān. Mod. Per. زمان (zamān) is a derivation through Pah. In Y.A. we often get the phrase zrvāne akarane “time without end.” This has become a charac-

teristic feature of later Z. cosmology, which may in some respects be compared with that of the unknown and unknowable परब्रह्मन् of Vedānta philosophy. See Introduction.

१२^२ tafsat-ca—3/1 impf. ^{Am} √tap तप—grew hot. Cf. Lat. tepesco, Pers. پسیدن (*tapsidan*) or نفسیدن (*tapsidan*) to be heated.

hō—चः here used as a def. art. Barth. (Wb. 1719) notes that this demonstrative continues the preceding relative clause (*yim upairi K. . . . etc.*) with which this clause is co-ordinated.

१२^३ mairiyō—serpent—मारः (Kan.)—Per. مار (*mār*) serpent. Reich. following Barth. translates “scoundrel”. √mar to destroy.

१२^४ χ^visat-ca—3/1 impf. √χ^vis—खिदु—sweated. Kan. takes it as equal to Skt. क्षम् and translates “hissed”; but this is not very probable.

१२^५ frānš—adv. forth, away प्राञ्च.

१२^६ frasparat—3/1 impf. √spar (स्फुर) with frā (प्र)—sprang away—प्रास्फुरन्. Cf. Grk. σπαιρω, Lat. *speruō*.

१२^७ yaēšyantim—2/1 f. pres. pt. √yah (यस्) to boil—boiling.

१२^८ āpəm—Note the sg. number as distinguished from the Skt. आपः always plu. The gender however is fem. in both.

१२^९ parāṅhāt—3/1 subj. atm. √ah (अस) to throw with parā (परा). For the subj. used for impf. see Reich. § 189 and note 1 (p. 95) and § 631. The reason for the sub. here seems to be the relation of cause and effect between frasparat and parāṅhāt. But in other cases the falling together of these two forms seems to be partly phonetic and partly syntactical.

१२^{१०} parāš—adv. पराञ्च—away, aside, in another direction.

१२^{११} tarštō—1/1 ppt. of √θrah—बस्—frightened—बस्तः—Cf. Grk. τρέω, Lat. *terreo*. (मु. १०)

१२^{१२} āpalacat—3/1 impf. √tac/k with apa—Fled away. Ved. तक्ति, Pers. تاخذن (*tākhtan*) to attack, to gallop.

naire-mānā—Of heroic soul—नरमनाः नर here is to be understood as वीर.* In Shah. the word is used as a proper noun—ناریمان (*Narimān*) the father of سام (*Sām*) who was the father of زال (*Zāl*) and the grandfather of رستم (*Rustam*).

12. tūiryō—fourth—तुरीयः (see *āxtūirim* below 14). < * १ tur break form of १
Older *tūiryō* in *āxtūiryō*. > sm. tur + tyā.

13. Pourušaspō.—The father of Z. His name seems to signify according to Barth. “having gray horses” (Barth. compares पवष, पव्शि(रि)त, Per. پیر *pīr* old).† The -aspa as a part of name is very common in ancient Persia (cf. Z’s genealogy under Spitama above, 2) and probably indicated

a warrior (*Raθeštār*). The derivation commonly accepted however is that indicated in *Vīštāspa* Yt. 2 and Yt. XXIII. 4. “*Pouru-aspəm bavāhi yaθa Pouruśaspəm* (Be possessed of many horses like P.).* P. lived on the banks of the river *Darəja* at the foot of a mountain (Ven. XIX. 4).† This is all the information found in Av. regarding P. But Pah. has some more details. According to Bun. and other works he was the son of *Paitiraspā* and had a brother named *Arāsti*. He married *Duydā*, the daughter of *Frahmrava* of the family of *Zaviši* (also Ven. XIX. 6) † and Z. was their only child. The family of P. traced descent from *Spitama* as seen above and *Spitama* himself was a descendant of a younger branch of the Royal house of *Θraētaona* (*Farīdūn*) :

Spitama—*Vaēdišta*—*Ayāzəm*—*Rajašne*—*Durāsrəm*—*Maīnyuš-ciθra*
(*Minūchehr*—)—*Airyava* (*Irach*—)—*Θraetaona* (*Farīdūn*—)

 *tūm*—thou—.

 *us-zayayha*—2 l impf. atm. Thou wast born, . The ending is *-yha* (× *-ša*), cf. Grk. *-σο*. This is a rare form.

 *arəzvō*—8.1. O Righteous (One) Kan.—() × : Barth. ‡ takes it as an adv. and trans. “truly,” “in very deed” (like the Skt. ) and regards it as a stereotyped case-form (6 l) of *arəzu*. Thus also Geld.

 *nmānahe*—6.1 of *nmāna*—house, family. In G.A. the form *dmāna* is found and sometimes even in Y.A. The origin is from Aryan *damāna* which owing to a strong stress accent on the penult dropped the first vowel or changed it to the neutral and colourless *a*. In the former case, by regular Sandhi assimilation, the × *dmānəm* becomes *nmānəm*. Note also that the penult now is always long.—Skt. , Grk. .

 *vīdāēvō*—opposed to the *daēvas*. The *vī* is from I-E. × *dvi*; cf. Lat. *bi* in *bi-sect*, etc.

 *Ahura-ukaēšō*—Follower of the law of Ahura. See above 10.

14. Barth. take the first “pāda” *srūto Airyene Vaējahe* with the preceding stanza (13).

srūtō—Famed—; refers to Z.

Airyene Vaējahe (v.l. °*jahi* Kan.) 7/1 n.—Through *Airyana Vaējayh*. This is the ancient name of the original home of the Aryan peoples. Of the I-E. peoples one branch called themselves *Ārya* (lit. noble) || and they carried this name and bore it with pride all through their history. (Cf. the utter contempt implied by the word ). One offshoot of this *Āryan* branch dwelling in what may have been the plateau of Central Persia perhaps extending up to and including Bactria, called the land of their origin

* Sel. XXIII, Part II.

† Sel. XIV below.

‡ Wb. 355.

| See Encyc. Brit. (9th ed.) art. *Āryan* by Max Müller.

Airyana Vaējagh. The word *Vaējagh* is cognate with बीज and means “seed”, or “origin.” Hence the Pahl. form *Ērān-Vēz* and the Mod. Pers. ایران ویز (*Īrān-vēz*) shortened to ایران (*Īrān*).* Kanga’s reading *°jahi* gives the true original 7/1 of the noun. The reading adopted in the text (Geld.) is also probably accurate where the constant association with *Airyana* (an *a*-stem) may have shifted the declension of *Vaējagh* also to conformity with it. Note that comp. names in Av. decline both their members.

⁷⁴⁰*Ahunəm Vairīm*—2/1 m.—The hymn beginning *Yaθā-Ahu vairyō*.† This is the holiest of the three principal prayers of Z. religion and is supposed to have been even anterior to Z. The other two are those beginning *Ašəm Vohū* ‡ and *Yejhe hatām*. ||

¹*frasrāvayō*—2/1 impf. caus. par. √*sru* with *frā*—प्राश्रावयः, didst chant aloud.

⁷⁴²*vibərəθwantəm*—adj. to *Ahu. Vair*.—“with the pauses observed” (Reich.); “with proper divisions of metre and syllables” (Geld.); “spread abroad,” i.e. “well-known” (Kan.). There is the tradition that the *Ahu. Vai.* chanted with proper attention to the accent and metre and with a proper understanding of its meaning equals in merit the chanting 100 *Gāθās* (Yas. XIX).¶ This supports Geld.’s view. The form is made up of *bar* with *vī* and the suffix *vant*, like Skt. छतवन्त *viṭhyatavāntam*

⁷⁴³*āxtūirīm*—2 1 adj.—Has been translated in various ways: (1) “spread in four directions”; (2) “that which is to be chanted four times (e.g. during the Haoma sacrifice, see Ven. X. 12, Yas. XXVII); (3) “chanted four times” (because this prayer belongs to the class of hymns known as *vaca catrusā-mrūta*, i.e. words that are to be spoken or repeated four times, see Ven. X. 11). The word is made up of *ā* + *tūirīm* (a variant of तुरीयम्) on the analogy of आदादशम् **. The consonant *χ* between has had a remarkable history which will be evident on regarding the pedigree of *tuirī*—*tur*.:—

I-E. **q̥atur* gives in the weak grade a form like **kturī-am* with probably a strong stress on the *i*. Both grades are represented in the Aryan branch: the strong one in चतुर, Av. *catur*; and the weak in तुरीय (**क्तुरीय*), Av. *tuirī*—(**χtur*). The *χ* therefore reappears whenever chance favours it, as here. The weakening of the first syllable, even up to the extent of complete disappearance, is paralleled also by other words in Av. Some of the most remarkable cases are G.A. *ptā* (Yas. XLVII. 2) and even G.A. *tā* (Yas. XLVII. 3.) for Ar. *pītā* (पिता); Y.A. *tūiryō* (Vis. XII. 15) पित्र्यः; *tātā* (for **ptātā*) (Yt. VIII. 47) for पतिताः; also *taī-āpō* (Yt. XIII. 44) for पतन्-आपः (possessing falling water).††

aparam—The other half, the second half (Reich. and others).—Once again (Kan.) अपरम्.

See also Introduction.
Sel. VIII a.

† Sel. VII a. below.
** R.V. X. 14. 6, also Whit. § 1313 b.

† Sel. VII b.

|| Sel. II.

†† Reich. § 172 a.

χraoždyaehya—3/1 of com.¹ of *χraoždya* adj. to *frasrūiti*. From *χrut* (क्रुत्) + *√dā* (दा) (cf. *yaoždā* above, 1), lit. to be angry, hence to be hard, to be obdurate. Also by a transference of meaning “to be loud (in voice).” Hence the word means “with (or in) a higher pitch” “with a louder chant” (Reich.)—“more intensely” (Kan.).

frasrūiti—3/1. Chanting. The ins. is the ins. of manner. Reich. § 447 c. *फ़रास्रूति* (clanical)

15. *zəmagūzō* (v.l. *°gūrō* Geld.) 2/3 of *°gūz*—Hidden under the earth—*ज्मागुञ्*: (from *ज्मागुञ्*). *zəma*—earth (cf. Skt. *ज्मा*. Gr. *χαμαί*, Lat. *humī*, Russ. *zemlya*, Pers. *زمین*; *zamīn*) and *gūza* p.pt. of *√guz*—(गुह्) to hide. The comp. is really *aluk* for the *zəmar* is really the 7/1 *zamara*. (Barth. Wb. 1865).

v. *ākəranarō*—2/1 impf. atm. of *√kar* (कृ) with *ā*. When used with two accusatives (here *zəmar-guzō* and *vispe daēva*) it means “to make a ‘person’ . . .”. The sense is entirely causal—“Thou didst cause all the D. to be hidden underneath the earth.”

vispe-daēva—2/3—all the demons. Note the form *daēva* with short vowel at the end. The form *daēvāyho* (देवासः) is also found. “In the *Gāthas*,” says Reich. (A.R., p. 98), “the concept of *Daēva* is connected with *usig-*, *kavay-* and *karapan*.* The priests and professors of the old belief, which designated the concept of God by *daēva* (Skt. देव), offered opposition, as may be easily understood, to the introduction of the Zoroastrian religion; cf. Yas. XXXII. 3. seq., 9. seq., XXXIV. 8. seq., XLIX. 1. seq. As the new belief was accepted the very meaning of *daēva* grew obscure and the ‘false gods’ became demons and evil spirits.”

yōi—1/3 G.A. (*Y.A. yaē*)—Who—ये. Skt. *ए* = G.A. *ōi* regularly.

para—before—पर.

ahmāt—5/1 of the dem. pron.—this (time), now—अह्मात्

virō-raōda—3/1—In human shape. *raōda* means shape or size, see also above 5. Note also the word *vīra* in Av. means generally a human being whereas *nar-* means a hero: cf. *naire-manā* above 11. v. *वीराणां नरानां*

apalayən—3/3 impf. par. *√pat* (पत्) to run. Ran about. The *√pat* when denoting movement is used in the *daēva* sense. Note also the reten-
tion of the augment.

paiti—upon—प्रति. Governs the ins. here. (so the following 2 words are ins. for loc.)

āya—3/1 of the pron. *ā*. *ā* + *ā* giving *āyā* (the *y* being euphonic), hence *āya*—अयया

zəmā—3/1.

yō—refers to the *āim* above, i.e. to Z.—यः (त्वं)

^{ao}ajīstō—sup. 1/1—strongest—most possessed of power—ओजिष्ठः:

^{lanc}ancištō (v.l. ^ojištō Kan.)—sup. 1/1 from taxm (√tak, तक् to be swift, to be brave)—bravest. Cf. O.H.G. degan, “a hero”; Pers. تاهم (tahm) in the name تاهمتان (tahmtan) used in Shah. as an epithet of Rustam meaning “strong-bodied.” Probably the O. Per. word taumā (f.), “race” or “family” is also connected. This latter gives Mod. Pers. توکلم (tukhm) in the sense of “pedigree” or “family.” The root लच् is also mentioned in Skt.

^{thwa}xīstō—most active, cf. Skt. लच् as in लचौयसा वयसा (RV. II. 33. 6). Is दच् also connected?

^{asi}āsištō (v.l. asi°) swiftest; cf. आशु

^{as}varəθrajāstāmō—sup. 1/1—In the highest degree victorious. For as see above 8. varəθrajāstāmō is sup. of varəθrajan (वचहन) “victorious.” The name Varəθrayna is used for one of the Yazutus also, found in Per. as بهرام (Bahrām).*

^{Mainivā}Mainivā—6/2 of mainyu—of the two Spirits. See above 8, under Apromainyūs मन्वो:

dāmān—~~2/0 used for 7/1~~ (Kan.)—Among the creatures (in the sense of दृष्टि). Barth. takes it to be 6/1 (the sg. implying a collective). Skt. धामन् is cognate.

16. ^{vap}vapuš—1/1 of vohu or vap̄hu—Excellent—वसु. For the declension see note on ayhōūs above 1. Cf. Ir. fin. worthy. Grk. εὐς—clever.

hūdātō—1/1 of the p.pt. √dā (धा)—well-created—सुधातः (दहित) द्रुति

^{arš}aršdātō—1/1—Created by truth, truth-created. G.A. arəs is an adv. formed by adding suffix. -s to arəz (वजु). Is वजि cognate with arəs? Y.A. arš truth.

vapuš-dātō—I propose to read this as a compound meaning “created by (√dā=धा) Vohu (the Spirit of Truth or Excellence).” It is also notable that in the Farvardin Yast (Yt. XIII. 119) the name Vap̄hūdāta (cf. Skt. वसुदत्तः) is mentioned as being that of a great king and ruler.

^{baš}bašazyō—Health-giving (Kan.)—Healing (Reich.)—भेषज्यः *relic of Sama as.*

^{huk}hukərəš—1/1 of hukəhrp—सुकप; cf. Arm. Kerp. The epithet means “well shaped,” “beautiful”; cf. the epithet huraōda used always of Sraoša.†

^{hvar}hvarəs—1/1, from h (ह) + √varəz (वज्) to act. Cf. Pers. ورزیدن (varzidan) to practise and ورزش (varzish) custom, Goth. waurkjan, Eng. work—One who works for good.

^{varə}varəθrajā—1/1—वचरा—Victorious.

zairi-gaonō—1/1 from *zairi* (हरि) “yellow” or “golden” and *gaona* (गुण) “colour.” The word *gaona* is specially used with reference to the colour of the hair and it often used to mean “hair.” Probably the Skt. गुण (=string) is also connected. Cf. Af. غون (*ghūn*) hair, Pers. گون (*gūn*) colour. The idea of *zairi-gaonō* is exactly paralleled in RV. IX. 65. 8. चक्षुः (sc. सोमस्य, वर्षम् .. हरिम्...).

११ *nāmyāsuš*—1/1—“with bending twigs” or “with soft twigs.” नमः *nāmi* is used adjectivally only here and is cognate to Skt. नम—Pers. نرم (*narm*) soft.

yatha x^varənte vahištō—“If they drink of him he is the best”. (Reich.) Evidently refers to the Haoma being best for the body, because the soul is referred to in the next *pāda*.

१२ *x^varənte* is taken by Reich. as 3/3 pres. atm. √*x^var* (خوردن *khurdan*, to eat. Kan. takes it differently and perhaps better: *x^varənte* as 4/1 of the pres. pt. used with a strong base* irregularly. And he translates “just as he is best for the drinker (i.e. for his body).” This balances well with the following.

१३ *urunaē-ca*—4/1 of *urvān* (*ravān*) soul (Pers. راون *ravān* soul). This is the immortal part of the human being which is the true man as it were and responsible for all actions during the life on earth.† The origin of the word is doubtful. Kan. takes it to be connected with *uru* (उरु) “broad” (Dict.). Can it be connected with √*var* (वृ) to choose a sort of pres. pt. atm., referring to the freedom of the human soul to choose good or evil as he thinks best? This idea of free-will is a cardinal doctrine of the Z. faith. Jack. (A.R.) supports this view. The human being according to Z. theology is a complex of several principles which are variously enumerated.‡ According to Yas. XXVI. 4 there are: 1. *ahu*, 2. *daēna*, 3. *baodah*, 4. *urvān*, and 5. *fravaši*. Yas. LV. 1. however gives 1. *tanu*, 2. *azd*, 3. *uštāna*, 4. *kəhrp*, 5. *təviši*, 6. *baodah*, 7. *urvān*, and 8. *fravaši*.

१४ *pāθmainyōtəmō*—He who best points out the way. Sup. of *pāθman*.

17. *nī ... mruyē*—1/1 pres. atm. √*mrū* (मृ) to speak with *nī* (नि) to request (Kan.). Barth. takes it as “call down,” or “invoke.”

te—6/1 pron. enc.—Kan. trans. literally “I request (of theo) for thy fervour etc.” I think it better to understand here 6/1 used for 5/1 understanding “I request from thee”; cf. “I request of thee.”

zāire—8/1 m.—O Golden-one—हे हरि.

maðəm—2/1 of *mad,da* (मद)—fervour, ecstasy. Barth. takes it to mean

Cf. *fšuyante* 4/1 (see Jack. A.G. § 291 paradigm).

† In P. Guj. the word रवान has by a strange process come to mean the dead body or corpse.

‡ See Introduction, also Yas. XXVI. (Sel. III. below.)

|| For an attempted reconciliation of this twofold classification see Introduction.

literally intoxication due to drinking fermented Haoma juice (see Yas. X ; Sel. XIX, Part II). Kan. translates “wisdom.”

^{११६}ānəm—Power, strength. Ved. अ॒म means impetus.

^{११७}vrəθra·nəm—Victory—वाचेन्नम is the nearest Skt. equivalent.

dasvarə (v.l. dasvarəm)—2/1 n.—Always used with baēšaza and means “health” (of the body). Cf. the word dāsmā-nī * lit. “leading to health,” i.e. “health-giving.”

^{११८}bašazəm—means of gaining health—भेषजम्

^{११९}fradathəm—success, advancement, progress forwards (Barth.); prosperity (Kan.). Used in the sense of वृद्धि according to Nair. Skt. trans. From frā + √dā.

^{१२०}varadathəm (v.l. verə Kan.)—increase, multiplying. Same word as वृद्धि. This probably refers to the increase in the numbers of the faithful, which Z. would naturally require as a boon from Haoma.

^{१२१}aojō—2/1 n.—बोजम्—strength.

vispō-tanūm—2/1 adj. n.—of the whole body—विश्वतनु—note the use of vispa in the sense of “whole.”

^{१२२}mastīm—Kan. takes it as from maz (म॒ज्) + ti (ति) and translates “greatness.” Barth. translates “wisdom” connecting it with √mand to impress on the memory; cf. Grk. μαθεῖν (μαρθάνω) to ascertain, Goth. memdon. The word is evidently used in the sense of spiritual wisdom and the joy that comes of it. Cf. Pers. مستی (mastī) used by Hāfiz and other poets to mean religious ecstasy produced by drinking the “wine.”

^{१२३}vispō-paēsaghəm—all-embracing. Barth. translates “many-sided.” Kan. takes it quite literally (cf. Skt. विश्वपेशसम्) “possessing all kinds of brilliance.” paēsa (paēs, पिंश् to colour, to adorn) means adornment or ornament (in the sense of भूषण); cf. stəhrpaēsaghəm below 26. Mills translates much like Kan. “wisdom of all kinds which adorns.” Dar. agrees more or less with Barth.

taṭ—तत्—this (i.e. all that has been mentioned above).

yaθa—so that—यथा. This sense of yaθa (“so that,” “in order that”) when used in the final clause may be paralleled in the Veda also; cf. यथा वः सन्तु वादवो अनाष्टया यथाऽऽसथ (R.V. X. 103. 13), अा दैत्या दृष्टोमहे...यथा भवेम सौमदुषे अनागाः (R.V. VII. 97. 2.).†

^{१२४}gaēθāhva—7/3. Cf. raodēšvā above 5.—Among living beings (Barth.)—In (all) the lands (Kan.)—√gay to live (cf. above 3). The Per. جهان (jehān) earth is also cognate so also Af. غلی (ghīlī) herds.

vasō-χšaθrō—1/1 adj.—lit. having power at will, used adverbially almost in the sense of “at will.” From *vasa*, will (*√yas*, to desire, to will; cf. वस्, वससि etc.) and *χšaθra* power (चक्).

¹⁷*fracarāne*—1/1 imp. atin.—*√car* (चर्) with *frā* (प्र), प्रचरै. Note the use of the atm.

¹⁸*ībaēšō-taurvā*—1/1—*ībaēšō* enmity (द्वेषस्) and *taurvā* (cf. तूर्वस्) from *√taurv* to overcome. Overcoming the enmity (or opposition to his mission). *अधुक्*

drujam-vanō—*√van* (वन्) to conquer—Conquering the unbeliever. This is to be regarded as an *अलुक्* compound.

¹⁸*taurvayeni*—1 1 imp. par.—*√taurv* (तूर्व्)—I may overcome.

¹⁹*ībišvatām*—6/3 of the enemies (× द्विषताम्).

²⁰*ībaēša*—2/3 of *ībaēšō* (*ībaēšaṅh*—enmity). The plural indicates all acts of enmity.

²¹*yāθwām*—6/3, the ending *-ām* here being irregular. —Of sorcerers, of wizards—*यातूनाम्*. Cf. Pers. جادو (*jādū*) magic.

²²*pairikanām*—6/3 of *pairikā* f.—Sorceress, witch. Cf. Pers. پری (*perī*). The origin of this word is obscure. Some take it from *√par* to seduce. Doubtless there is cross-influence of *√par* to fly (Per. پریدن *parīdan* to fly). The name is always used in Av. in conjunction with *yātu*, and it seems to apply to the female of this species of evil beings who seduce and lead astray followers of the Law and of the Z. faith.

²³*sāθrām*—6/3 of *sātar* tyrant (*शातृ*)—from *√sah* (श् - शास् to rule), lit. a ruler and by deterioration of meaning a ruler who abuses his power.* It is one of the tenets of the Z. faith to combat tyrants and to relieve the oppressed: cf. the phrase in *Nirang-i-kustī-bastan*—“*duš-pādišāhū awādišāhū bāt*” (may tyrant rulers be broken).

kaoyām—6/3 of *kavi* (कवि)—The original meaning of the word is “royal” or “imperial,” and it has been used as a prefix to the names of the kings of the Kayanian † House. They are mentioned in Av. and in later Pers. works. The most famous of these are *Kava-Husrava* (Per. کیه خسرو *Kaikhushrū*); Yt. IX. 18, and Yt. XV. 32: and *Kava-Vištāspa* (Per. کیه گستاپ *Kai-Gustāsp*) who was the first to aid Z. in his work and who became his first and greatest disciple. But it was another branch of the same family of the Kayanians who were the most violent opponents of Z. In the *Gāthās* the name *Kaoy*—is used for these royal opponents of Z. who

* Cf. “O, it is excellent To have a giant’s strength; but it is tyrannous To use it like a giant” (Shaks. *M. for M.* II. 2).

† This name *Kayanian* is also a derivative from *Kavi*. The Ved. कवि is cognate. कवि उशना is *Kava* *Us* of Av. and *Kāus* of Shah.

stood for the old *daēva* worship. Hence in Y.A. the word is used in an extended sense of any enemy of the Z. religion. The Pāz. form is *kik*. The word however is used in the very special sense of “those who are clever enough to see the truth but who would not”—“those who have eyes but would not see.”

¹¹¹ *karafnām-ca*—6/3 of *karfan* (कपण). The word is used always in association with *kavi* in both G.A. and Y.A. The special signification is “those who have ears but would not hear.” The Parsis use in Guj. the word करपण in a sense much stronger than the Skt. कपण—in the sense of one wantonly cruel or one who delights in cruelty.

¹¹² *mairyanām-ca*—See above 11.—Of serpents (Kan.)—माराणाम्—Mills trans. “murderers”; Dar. says “robbers”; Har. “the wicked”; Barth “scoundrels.”

¹¹³ *bizangrānām*—two-legged. The word जङ्घा is connected—दिजघानाम्.

¹¹⁴ *ašmaoyanām-ca*—*aša* + *maoy* (✓ *muγ*—मुह to distort, to make silly)—Those who distort the holy truth (Barth.). ~~अशमोयानाम्~~ — those who are cruel about truth. enough to make -.

¹¹⁵ *volrkanām-ca*—of wolves—वल्काणाम्. It is noteworthy that the wolf is the type of evil in the Av. while the dog is particularly sacred.

caθwara-zangrānām—four-legged.

¹¹⁶ *haēnyās-ca* - 6/1. The word *haēnā* (सेना) is a *daēva*-word. It would be better to take 6/1 as being used here by case attraction for 2/3 (object of *aurrayeni*). In fact the 2/3 form would be *haēnayā*.*

¹¹⁷ *paraθu-ainikayā*—6'1—अथनीकायाः—With an extensive front. परा-विदे. वि. ११

¹¹⁸ *davāiθyā*—6'1 pres. pt. ✓ *dav* to speak which is a *daēva*-word (cf. *yō darata* below, 24). Kan. takes ✓ *dav* as identical with *dab* or **daw* (दम्) and so trans. “deceiving” दधन्त्याः or दभन्त्याः दधन्त्याः (दधन्त्याः—roaring)

¹¹⁹ *patāiθyā*—✓ *pat* when it means “to be in swift motion” is a *daēva*-word. On rushing; पतन्त्याः Cf. 15 above. पतन्त्याः (पतन्त्याः—roaring)

19. *imam*—2/1 m.—× इमम्.

θwām—2'1 instead of 5/1 due doubtless to the attraction of the two words following.

paoirīm—first; almost used adverbially.

¹²⁰ *yānām*—gift—✓ *yam*, यम् (यच्छ) to favour. Cf. यन्तम् सुखम् RV.V. 67. 2.

jaiθyemi—✓ *jad*, गच्छ—to request, to ask—جستن (*justan*) to seek.

rakištēm ahūm—the best world—वसिष्ठमसुम्. The two words are invariably found together in the special sense of the world of the righteous here.

after, i.e. paradise. The Pers. بهشت (*bihisht*) is used in exactly the same sense and is derived directly from vahišta; P. वेहेस्त.

ašaonām—6/3—Some translate as “of the righteous” quite literally. But the par. in *jaiðyemi* makes it better to translate “for the righteous.” The use of 6/3 for 4/3 is quite usual. Z. would be more likely to plead for others who lead the holy life than ask paradise for himself. अशोनम्

रासाणहम्—bright—रोचसम्

vispō-χ^vāθrəm—Barth. derives *χ^vāθrəm* from *hu + āθra* (breaking ?)* and translates “happiness.” Kan. derives from *✓χ^van* to shine, to be radiant, to be happy + *-θra* suffix. In either case the comp. means “all glorious” Mills (Yas. LXVIII. 11).†

bitīm—द्वितीयम्.

द्रवातātəm—health—*drva* (ध्रुव) strong; *✓dar* (धृ) to hold fast.

aiñhāsa—(v.l. *aiñhāse*, *aiñhāsa-ca*)—6/1 f. of the pron. stem *a* equal to Skt. अस्मा:—The regular form should be *ayhā* and with an epenthetic *i*, *aiñhā*. The final *-sa* is remarkable. The form *aiñhāsa* is regularly found with enclitics like *ca* and it occurs often enough to be regarded as a regular formation and the *a* may be due to metrical or euphonic reasons (cf. *kasə-θwām* above, 3) or it may be due to the peculiarity of Av. having redundant vowels in the body of or at the end of words. If the reading *aiñhāse* is accepted it may be regarded as influenced by the mas. *ahe*. The meaning of the word is more than a mere demonstrative. It has the force of a personal possessive pronoun—“this . . . of mine,” “this my . . .”

tañvō—6/1—तनो:. The word is joined on to the preceding *aiñhāsa* because of the intimate connection between the two.

θritīm—third—तृतीयम्.

darəγō-jūtim—long existence, long continuance × दौर्घजीतिम् (°जीवितम्).

ustānahe—6/1—The word is often translated as “life.” But what it really means is “the vital power . . . inherent in the body and lost at death” (Jack. J.A.O.S.). In Yas. XLIII. 16; *ašəm xyāt ustānā aojānghavaat*, the 3/1 *ustānā* means “with full vigour.” In Afrin. I. 8, the word seems to mean the same as *jūti*:—*āfrināmi darəγō-χšāθrəm χšāθrahe*, *darəγō-jūtim uštānahe*. The nearest equivalent to *ustāna* seems to be प्राण. *ustāna* is to be carefully distinguished from *urvan*.

20. *tūirim*—fourth—तुरीयम्.

azōšo—1/14—full of power, one who can do what he likes (✓*iš*—इष), hence happy (Barth.). Reich. translates “influential” or “efficient,” Kan. takes

yaθa-aēšo as a comp. and translates “according to my wish,” “at will” (* यथेच्छः).

^{१०५} *amavā*—1/1—Possessing ama or power, courageous—अमवान्.

^{१०६} *θrāfədō* (v.l. *θrāfδō*)—well-satisfied (✓*θrāf*—हृप्). With my task accomplished. १०६:

^{१०७} *fraχstāne*—1/1 sub. (imp. ?) atm. ✓ *stā* with *frā*—note the force of the atm.—I may move about. The insertion of the *χ* has to be noted after the उपसर्ग *frā*, and it is partly responsible for the shortening of the *ā* of *frā*. The insertion of the *χ* before syllables beginning with *s* + consonant is a common phenomenon in Iranian; cf. *Xšvas*, *χstāt*, *spxχstīm*, etc.* *fra(χ)stāne* - फ्राष्टाने

^{१०८} *puxδam*—fifth. The Skt. form पञ्क्ति† is connected and O.H.G. *funfto* seems also cognate. The derivation is probably in the following wise:—

I.E. * *puykto*—Ar. * *puktha*—Av. *puxδa*.

The suffix is the same as seen in Skt. चतुर्थ, षष्ठ. Av. shows only two ordinals in -*θ*, *da*, *puxδa* and *haptaθa*. (Whit. mentions the rare forms पंचथ and षष्ठथ in Skt. also, § 487 c.)

^{१०९} *vanat-pəšanō* (v.l. °-*piš°*)—battle winning. The word *pəšana* is cognate with वृत्तना. It is, in the mas., also the name of a *daēva*-worshipper (see Yt. V. 109). A variant *pərət* (fem.) is also found.‡ From ✓ *parət* (पृत्); cf.

Pers. بُرد (burd) battle or war.—*přtanā* (mas.) > -

cf. अग्र + वान, अग्र + वक्ति; governing compounds in Vedic, Av. 198.

21. ^{११०} *χstūm*—sixth—षष्ठम्. For the *χ* see *fraχstāne* above, 20.

paūrva—1/3 used almost as adv.—beforehand. The plu. form refers to the “we” implied in “*būidyōimaide*.” See Reich. § 610.

^{१११} *tāyūm*—thief or highwayman—तायुम्.

^{११२} *gaδam*—Used almost always with *tāyu* in sense of a bandit or a murderer. The word seems to be the same as *gada* (गद) evil, unholiness. In the Pah. trans. of Yas. LXV. 8, the word is written *gadak*, but owing to the peculiarity of Pah. writing Dar. has read it *sak* and has translated “Seythian.”||

^{११३} *būidyōimaide*—1/3 opt. atm.—✓*baod*—बुध् to know, to be aware of. Note atm.

mā is used here with the opt. though the usual practice is to have *mā* with imp. and *nōit* with opt. But in Y.A. *mā* is used with the opt. if the preceding coordinate clause is positive and is connected by way of contrast with the clause containing *mā*.¶ It may also be noted that the opt. is used here with almost the force of the imp. so that the translation should be with *let*, not *may*.

* Reich. § 174.

† Seen also in पञ्क्तिरथ a name of दशरथ

‡ Yt. XI. 15.

Etudes Iran., II. 353

¶ Reich. § 655.

२०^१ ciš—Any one. A palatalised variant of the inter. pron. (1/1 m.) used indefinitely. The word is enclitic. RV. shows the form किः in phrases like माकिः and नकिः. The n. shows palatalisation in Skt.—चित्. Cf. Lat. *quisque*, Gk. *πο-τίς*, O. Bul. *kuto*—*čito*.

paurvō—The form is 1/1 referring to the sg. ciš. Used* adverbially; see above paurvā. Cf. also paoiryō above 14.

२०^२ būidyāēti—3/1 opt. atm.—note atm.

vispe—1/3 in form but 2/3 in sense—The use of the form vispe is so frequent esp. in phrases like vispe-daēva, etc., that it is used for other cases as well, see 24 below. विश्वे for विश्वान्

22. There is a clear break in the argument here. The requests of Z. and the dialogue have ended.

२०^३ aribiš—3 3 of dem. pron.—रभिः : ins. used for dat. (Reich. § 428). This is partly due to phonetic decay which is specially noticeable in Av. among all cases which have the *bh*-endings. Partly also this is due to the overlapping of cases due to the very rare use of ins. in Av.* This phenomenon is called *syncretism*.

yōi—1/3—ये. The regular G.A. form.

२०^४ aurvantō—2 3—Horses (Kan.)—अर्वन्तः. From ar—स्व to be swift. Reich. takes this as 1 3 and translates “Heroes.” He explains the construction as “incorporation of the antecedent.”†

२०^५ hita—2/3 p.pt. pass. hi—सि—to bind, to restrain—well-trained. The word is used in du. or pl. and refers to teams of horses. See p. 82.

२०^६ taxšanti—urge. The use of taxš in this sense is probably due the suffix -s added to the root tak (to run) almost like a विकरण.

२०^७ arənāum—2/1—Battle, victory. The acc. of the goal to be reached or attained. Kan. translates “race-course” which is not at all unlikely as the Iranians in common with the Indians had a great love for racing and for horses. Barth. (Wb. 196) says the origin is uncertain, but he says it is probably cognate with the form arənāvi (see above 3) and that it probably meant that which is gained, i.e. victory. Cf. O. H.G. *ernust*.

२०^८ zāvarō—2 1 n.—Strength—Pers. zōr (zuor) strength—The word zarah‡ (Power) is probably connected. Kan. postulates zu to be strong—Skt. जवस् (?).

२०^९ baxšaiti—grants. baxš—भक्ष (though not used in that sense) a derivative from baj with s-suffix. Originally the word seems to have meant “to divide.” Pers. بکشیدن (*bakhshidan*) to grant.

२०^{१०} āzizānāitibiš—3 3 pres. pt. f. zan (जन्) to bear ā conjugated in the third or reduplicating class—the ins. is used for dat.||—To those who are bearing.

* Giles, Phil. § 305f

† § 738.

‡ Yas. XXXIII, 12.

|| Reich. § 470 calls this “a mistake” of the Y.A. dialect.

daḍāiti—grants; (lit.) makes √*dā* (धा).

ṣaētō-puθrīm; (v.l. -^oθrēm.)—2'1 n. Possession (i.e. birth) of a brilliant son—√*kṣi* to shine (cf. Skt. क्षी). Kan. translates as if he had adopted this reading—"a brilliant son." It may be mentioned here that among orthodox Parsis even now the women recite the Haoma Yašt during pregnancy with the object of getting fine children.

²²ašana-frazaintīm—faithful descendants—religious progeny. The word is collective hence sg. Cf. Skt. प्रजा, Pers. فرزند (*farzand*), offspring.

taē-ciṭ—1¹⁰/3 for 4⁶/3 m. doubtless owing to the attraction of *yōi*, etc., following. The *ciṭ* is the indef. enc. pron. used here almost in the sense of all (lit. any one). Translate "all those who."

²⁷katayō (अप.)—1'3—Ready, willing; from √*kan*—कम् (Barth. Wb. 433). In the Hb. air. D., however, he takes *yōi katayō* as "every one who" (cf. यत्किञ्चित्) taking *kati* as an inter. pron. stem (cf. कतिपय). Kan. takes it to mean "householders" which is certainly better, because the word *kata* is found in Ven. II. 26 to mean "house" or "dwelling place." In Ven. V. 10, 11, the word means a sunken receptacle dug out in the floor to receive the dead body before its final removal. The origin would be from √*kan* (खन्) to dig. Cf. Pers. کاد (*kad*) house, Goth. *hēthyō* room. The reading *patayō* has also been suggested.

²⁷⁸nasko-frasāyihō—1'3—Studying the scriptures (Barth.)—Teaching the scriptures (Kan.). The *Nasks* were the collections of the ancient Av. texts which were contained in 21 separate books or groups of texts. These are enumerated in Pah. books.* *frasāyihō* from √*sāš*—शास् with *frā*—प्र

āyhan̄te—3'3 pres. atm.—lit. sit--√*āh*—आस्—to sit. The word is often used to denote habit or continuous action so here the translation is "are occupied." Note atm. असन्ते (Skt.)

spānō—2'1 of *spānah* n.—Holiness (Barth.). Wisdom (Kan.). Probably the word *spānta* is connected; cf. Lith. *szvėntas*, O. Bul. *svetīc*, holy.† The word *spītama* may also have been a variant of *spāntama*.

23. tās-ciṭ—2'3 for 4'3 f. as in *taē-ciṭ* above 23. Also *ciṭ* has the same force.

kaininō—1'3 of *kainin* f.—Virgin, unmarried girl. The stems *kainyā* and *kainī* are also found. Barth. states that the form in -ī is the most correct. Cf. Skt. कन्या; in Caspian dialects *kina* means "daughter."

āyhaire—3'3 pres. atm. √*āh*—आस् to sit—See above, 23, *āyhan̄te*. The -r- ending in atm. is used in Av. more often than in Skt. (Reich. § 257).

darayem—adv.—for a long time. Originally a case form 2'1 (दौर्घम्). Cf. चिरम्.

* See Introduction for details.

† Barth, Wb. 1621.

ayrvō—1/3 adj.—unmarried. Kan. (Dict.) explains the derivation as from a (negative) + *γru* (गुरु, husband). Reich. needlessly takes *γru* as meaning “heavy” or “pregnant.”

haiθim—true, faithful—सत्यम्. Barth. in quoting this passage (Wb. 1521 under *rāda* and also 1761) marks this word (*haiθim*) as doubtful and proposes to read *paiθim* (पतिम्). This seems somewhat unnecessary, because *rāda* means nearly the same thing.

rādām—lover, husband. Probably adj. here, “loving.” From $\sqrt{rā}$ δ/d (राष्) to protect. The Skt. राधा might be a feminine cognate.

mošu—quickly (Kan.), as soon as (Reich.)—Ved. मघ्.

jaidyamnō—pres. pt. pass. \sqrt{gad} (गद्) or \sqrt{jad} , to speak—being requested, being entreated गद्यमानः.

huχratuš—1/1—the wise one (Reich.)—the powerful one (Kan.)—सुहृत्. Perhaps the clause *mošu . . huχratuš* goes with each sentence beginning from *Haomo aēibiš yōi aurvanto . .* (22)

24. *tam-ciṭ*. The *ciṭ* here is probably emphatic. May be translated “him indeed.”

Kərəsānīm—Name of an opponent of the Māzdayasna faith. He is the Aryan कशानुः who in the Veda figures as a guardian of Soma. In the Av. he becomes the opponent of Haoma and consequently represents the evil side. The Pah. version gives the name as *kalasyākā**, and this word has had a strange history. In the later Pah. writings it denotes the Christians. There is also the word *kilisyā* (from Grk. ἐκκλησία) which means a Christian church, and no doubt the similarity of sound helped the similarity in meaning as well. But this has confused some of our ancient commentators. Nair., for instance, explains the present use as referring to the Christians, which is obviously improbable. The Pah. word *kalasyākā* is used in the *Bahman Yašt* (III. 3-5) as meaning Christian and in the same Yt. (II. 19) we get the phrase *Akandgare kilāsyākih*, i.e. “Alexander the Christian.” This obvious anachronism is due to the loose employment of the epithet to denote any non-Persian †, like the word *यवन* in India or رومی (*rūmī*) in Mod. Per. Alexander having been the arch-enemy of Persia and the Z. faith the Persians of the Sassanian period naturally applied to him the term by which they used to designate their contemporary foes of the Christian empire of Byzantium.‡

apa—from, अप.

χšaθrəm—2/1—power. K. was dethroned by Haoma and driven from his kingdom.

nišūdayat—3/1 impf. caus. par. \sqrt{had} (हद्) + *ni* (नि)—lit. “made to sit down” i.e. “cast down” or “dethroned.”

Barth, Wb. 479, marks the word as doubtful and reads *Kəryak*.

† Very probably this has led Dar. (Z.A. II. 93.) to say that *Kərəsānī* symbolises Alexander and the Greek domination in Persia.

‡ Modi Dict. under *Kərəsāni*.

raosta—3/1 s-aor.—Kan. derives from $\sqrt{\text{raod}}$ (खद्य, वद) to grow and translates “grew big” or “swelled up” (with his great schemes). Barth. gives the $\sqrt{\text{raod}}$ (वद) to weep or “to bewail.”

χṣāθrō-kāmya (अπ)—Kan. takes this as 7/1 and translates “in pride of sovereign power.” Reich. following Barth. translates “with apprehension for his reign,” i.e. fearing he may lose his kingdom. He takes it as 3/1 and explains the case as “instrumental of cause” (§ 451). In either case the ending is irregular. If 7/1 we can quote parallel examples like *zastaya*, *nmānaya*, etc., the termination being *-aē + a* (*ā*) postposition (cf. *raodaēšva* above, 5, for the postposition).* If we accept 3/1 we have to explain the form as *°kāma + ā*, the *y* being euphonic (Reich. § 333, where he traces the influence of the pron. dec. in such forms).

davata—bragged—see *davāiθyā* above 18.

mē goes with *daiǰhava* later on in the next line.

apām—adv.—hereafter, henceforth—originally a case form 2/1 of *apa* cf. *dārāyem* above 23.

āθrava—priest—अथर्वन् is connected. Kan. derives from *Ātar* (गिरे) + $\sqrt{\text{van}}$ (वन्) to win.

aiwištiš—Teaching or study (especially religious). Reich. takes it as 2/3 f. obj. of *vərəidiyē*. He derives it from $\sqrt{\text{ah}}$ (अस्) with *aiwi* (अभि) and compares अम्यास. The suffix in this case is *-ti*. Kan. translates “teacher” (1/1 in apposition to *āθrava*) and derives from *aiwi-stā* (अभिष्ठा).

vərəidiyē—dat. inf.—for the spreading or increase of—वृद्धये. Kan. takes the words “of the Māz. religion” as the obj. understood of this inf.

daiǰhava—7/1 of *daiǰhu* (*daǰyu*) country, kingdom. See also below 27.

carāt—3/1 subj.—May go about.

vispē—1/1 in form but 6/3 in sense because it is syntactically connected with *vərəidiñām*.

vanāt—3/1 subj. $\sqrt{\text{van}}$ (वन्), to win, to overcome; governs gen.

nī . . . janāt—3/1 subj. $\sqrt{\text{jan}}$ (जन्) + *nī*, to strike down, to overthrow.

25. *ušta*—Hail!—Here interjection. The word *uštā* means “health.” Probably connected with $\sqrt{\text{uṣ}}$ (उष) to be warm, referring to the heat of the human body. Skt. उष्ण is also probably cognate.

χ^vā—3/1 of pron. *χ^va*—by (thine) own—*खा (खेन) Vedic

aojañha—3/1 of *aojañh*—ओजसा. Note the shortening of final vowel regularly found in Y.A. except where the Gāθ. form is consciously or unconsciously imitated, as in *χ^vā* above.

apivatahe—2/1 pres. atm. $\sqrt{\text{vat}}$ (*vaēt*) + *api* (अपि) to know or understand. The Skt. विद् (वेद्) is perhaps cognate but the “pada” is different.

* Kan. A.G. § 96, p. 69; also Jack. A.G. § 239 and even Reich. § 331.

pourvacām—6'3—lit. "many sayings" (Barth.). Full (spoken) words (पुर सखन, Kan.), i.e. words replete with meaning.

arəžuxdanām—Rightly, i.e. truthfully, spoken—अरज्जानाम्.

pairi-frāsa (ἀπ.)—3'1—lit. "by asking round," by cross-questioning. √*parəs*—पृच्छ, to ask. The Eng. *paraphrase* suggests both the sound and the sense. Skt. *परिप्राशम्, the form प्रतिप्राशः, occurs in AV.

parəsahi—पृच्छसि.

vācim (v.l. °*cim*, °*cəm*)—speech—वाचम्.

The idea here is that H. trusts his worshippers to be truth-speaking and straight, hence he does not test them in round-about ways.

26. Geld. prints this as prose, though the passage can bear being represented metrically by putting proper stops—it must however be confessed that most of these divisions would be either too long or too short. These suggested divisions are indicated in the text.

frā . . . barat—3 1 impf. par. augmentless—brought (forth), प्राभरन्.

paurnvīm—2/1 adj.—the first.

aiwiyānham—The sacred girdle made of 72 strands of wool twisted together into three bundles of 24 each and then woven together into a thin hollow tapo-like shape. This is the sacred girdle called *Kusti* which is worn by every Z. from the day of the investiture to the moment of death. The ceremony of investiture takes place between the ages of 7 and 15 and was probably nearer the higher limit in ancient Iran. This ceremony is called the *Navajōt* (lit. new-birth) and corresponds exactly to the उपनयन-ceremony in India. Cf. also the idea implied by द्विज. One contrast may be pointed out, namely that while the Hindu यज्ञोपवीत is worn across the shoulder the *Kusti* is worn round the waist—more like the मेखला. From √*yāh* (यास्) + *aiwi* (अभि) to wrap around. See also Introduction. con-nahāi अभि-याम (या-या-अभि-याम)

* *stehr-paēsānham*—Star-begemmed. The -*hr*- in *stehr* is noticeable owing probably to a strong stress accent on the first member of the comp.† Skt. *खारक (तारक), cf. also खभिः‡. The phrase is mostly used with *Mainyū-tāstəm*. There is probably here a reference to the ancient Aryan myth about Orion's belt. Tilak in his *Orion* || discusses this passage at length and comes to the conclusion that the girdle of Haoma and the यज्ञोपवीत mentioned in the verse of the *Brahmopanishad*, यज्ञोपवीतं परमं पवित्रं प्रजापतेर्यत्सृजं पुरस्तात्, are identical with the belt of Orion, star-studded like that of Haoma. कुम्भारम्

Mainyū-tāstəm—woven by the (two) Spirits. √*taš*—तश्—Prs. تاشیدن (*tawashidan*) to weave. The long *ū* fits the metre better but Geld. has it short.

vayuhīm—excellence.

† प्रतिप्राशो जहि. G.B.E. XLII, p. 305.

† Whit. § 1273.

‡ क्षुभिरन्या पिपिषे (the other the Night—decked herself with stars) RV. VI. 49. 3. || Chap VI.

daēnām—Religion. Pers. دین (*dīn*) religion. Barth. is doubtful about the origin. Geld. connects it with √*dāy*—to see, to observe and compares Skt. दृष्टि, and Prs. دید (*dīdan*) to see. There is another *daēnā* (which means the inner Ego or conscience) which also may be connected.* The word is in apposition to *aiwyāyham*.

māzdayasnīm—Mazdā (God)-worshipping. *Mazdā* + *yasna* (यज्ञ), √*yas* (यज्) to worship. The Religion of Mazdā is as it were the protecting girdle of Haoma.

āt—Since then.

aiyhe—6/1 m.—Refers to the *daēnā*-girdle of H. The gen. with p. pt. in -*ta* is a notable construction; cf. *kainīna anupaēta mašyānām* (maidens not wedded to men), Yt. XVII. 55.† Note that the identical form is used for fem. as well.

aiwyāstō—1/1p. pt. m. √*yās* + *aiwi*—invested with (the girdle), or entrusted with (the commandments of the religion). Both the meanings seem to be implied in the phrase *aiyhe aiwyāstō* which may refer to either *aiwyāyha* or *daēnā* equally well. Probably it has been meant to be understood thus in this double sense. अविष्टः

baršnuš—2 3 governed by *paiti*—heights. √*barz*—× वर्द्ध् (वर्ध्)—to increase. वर्द्ध

paiti—upon—प्रति

gairinām—6 3—of the mountains—गिरौषाम्

drājayhe (अप.)—adv.—For a long time. Orig. 2 1 of *darəya* (Reich.). Barth. takes it to be an inf. 4/1 of √*drag* to hold fast, to guard.‡ Kan. takes it as 4/1 of *drājayh*. The meaning is “through the ages.” For the form, cf. चिराय also Per. دراز (*darāz*) long. द्रधिषे, द्राधिषा, * द्राधम्य (दीध)

aiwiδāiitš-ca (अप.)—2 3 f.—Words (Reich.)—Mandates (Kan.). Defence (Wolff).|| Barth. in Hb. air. D. translates “vestments,” but in Wb. gives “words.” The word seems cognate with अभिधान

granas-ca (अप.)—√*grab*—ग्रभ्—to hold, to grasp. Cf. Eng. *grip*.—Support or ‘stay’ (Wolff); sentences (Barth.). Kan. translates “hymns” from √*gar* -गृ—to sing.

mārahe—6/1—Of the Scripture—मन्त्रस्य would convey fully the sense.

The last sentence from *aat aiyhe* . . . etc. has been variously rendered :

“Thenceforth, invested with this (girdle) thou hast made thy abode on the tops of mountains (and there thou recitest) through the ages the commands and hymns of the Scriptures” (Kan.)

* Barth, Wb. under *daēna*. † Reich. § 501. ‡ Wb. 774. || Trans. of Avesta.

¶ Kh. A. b. M. The above is however a free rendering of the Gujarati version of Kan.

"Thenceforth . . . mountains, (thou who art) the stay and support (Schirm und Stutz) of the Scriptures" (Wolff).

"Thenceforth . . . mountains, in order to guard the words and sentences of the Scriptures." (Barth.)*

27. *nmanō-paite*—8/1—For *nmana* see above 13.

vis-paite—*vis* orig. means a collection of families or houses, i.e. a clan—Lord of the village, Kan. translates *vis* by "street." See above 7.

zantu—Province. Kan. says "town" (cognate with जन्तु).

daijhu-paite—Lord of the land or of the country—Pah. *dehpat*, Pers. *dih* (dih) land, دیکان (dihkân) a landholder.

Note the natural arrangement of the political organisation in Persia, "House," (in a political sense) is the smallest of the political units of the old Iranian race, which are thus divided: *nmāna*, "house," (family) *vis* "village" (union of families), *zantu* "country" (union of villages), *dayhu*—"land" (union of countries).†

"The climax in the arrangement *nmāna*, etc., is noteworthy and is frequently repeated throughout the Avesta.

spananyha—3/1—See *spāno* above 22. Through holiness or through wisdom.

*vaēdyā*¹¹—Wisdom; √ *vaed*—वेद (विद्) to know.—विद्या? ¹² वा

amāi-ca—4/1—For courage. ^{अम} ^{अम} ^{अम}

māvōya . . . *tanuye*—4/1—for my own body. *māvōya* is a variant of *māibya* (* मयम्, मयम्). The word *tanu* is often used as an emphatic ref. pron., cf. Gāθ. xxx. 2. (Sel. xxxiv, Part II). The *māvōya* is clearly an instance of case-attraction. This word ought to have been *mana* (6/1).

upa-mruye—1/1 pres. atm.—I invoke. Note the atm., "I think of thee" i.e. "I remember thee" (Kan.). √ *mru* might be the Skt. मृ

θrimāi-ca—4/1—Strength, courage, satisfaction. Kan. translates "happiness."

yaṭ introduces an explanatory adj. or phrase—Reich. § 749. For the n. gender see above 4.

pouru-baoṣṣnahe (π.)—6/1 for 4/1 referring to *θrimāi*. Barth. translates "bringing salvation or succour to many"; √ *baog*, to save. In a note however (Wb. 901) he says that if there were another passage where the word occurred one could be able definitely to say whether or not there was any connection with भुनक्ति (and भक्षण?).‡ Kan. translates "full of joys."

28. *vī* . . . *bara*—Take away from—विभर

ṭbaēšōbiš—3/3 for 5/3 according to Kan., "from the wickednesses." Reich. says that 3/3 is used instead of 2/3 (§ 427) and translates "take away the enmity."

* Wb. 529.
for "country,"

† Reich. A.R. p. 99. Note that he uses "country" for "province" and "land"
‡ In Skt. भुज् may also be used in the sense of protecting.

manō—2/1 n.—Mind or thought (Kan.). Reich. takes it to mean “plot” or “design” and the other German scholars are of the same opinion. They translate “(take us) away from the designs of the angry ones.” There are syntactical objections to this however, as *vi . . bara* according to its natural sense should govern the abl. of the thing from which the worshipper wants to be taken away. Kan. seems therefore more correct and more natural.

graməntām (v.l. °*mantām*)—6/3—Angry or passionate (Barth.); √*gram* to be hot; cf. घर्म, Pers. *gharm* (hot); O.H.G. *gram* (angry). Eng. *warm* is also cognate. Kan. derives from *gar* (गर) poison and translates “poisonous (-minded)” or wicked. “Angry enemies” (Mills). The gen. refers to the *thaēsēbiš* above.

ciš-ca—And whosoever. The *ciš* is 1/1 m. while *cit* is 1/1 n. See *mā-ciš* above 21.

ahmi—7/1 n.—in this—अस्मिन्. Found also as *ahmaya*.

aiñhe—7/1 f.—in this—× अस्या (अस्याम्).

visi (v.l. *vise*)—7/1.

zantvō—7/1. The regular Av. loc. ending for m. stems in -u i. *-au* (cf. गुरौ). In the G.A. however we occasionally get -ā, e.g. *χratā*.* In Y.A. this becomes regularly -ō which combining with the -u gives -vō. The -v- may be occasionally dropped, e.g. *haētō*—हेतो—on the bridge. This -ō is probably in orig. the 6/1 ending. (Jack. A.G. § 265).

aēnənhā—1/1 of °*hvant*—lit. full of injury, harmful. Revengeful (Kan.).

gaurvaya—2/1 imp. par. *gaurəw* (*grab*)—ग्रभ् (ग्रह्) to take away.

-hē—enclitic 6/1 of the pron. 3rd per.—See §ē below.

pāḍave—5/2—× *paḍa* + *wya* (Ar. × *bhya*—भ्याम्)—From (his) legs—A *daēva*-word.

pairi . . . vərənūidi—2/1 imp. par. √*var* (वृ) + *pairi* (परि)—lit. turn upside down—× परिदृष्टुहि. Take away or destroy (Kan. and others).

§ē—enclitic 6/1. *he* and §ē are enclitics used in Y.A. frequently both for 4/1 and 6/1 and in a few cases *hē* seems to be used for the plu. (Jack. A.G. § 335).

uši—lit. “ear,” hence intellect. Per. *hūsh* (هوش) intellect. When used literally to mean “ear” the word is in the *ahura*-sense, the *daēva*-word is *karəna* (कर्ण).

skəndem . . . kərənūidi—lit. reduce to disorder (to pieces), i.e. completely destroy—क्षिप्तुं क (cf. किकिरा क्षण RV. VI. 53. 7-8).

29. **zbaraθaēibya**—ān.) 4/2 of °*raθa*—leg (*daēva*). √*zbar* (जर्) to be crooked.

fratuyā—2/1 pres. opt. par— \sqrt{tu} (तु) + *frā* (फ्र)—Give strength. Pers. توانیدن (*tawānīdan*) to be able.

gavaēibya—4 2—hands (*daēva*). *zasta* (जस्त) is the corresponding *ahura*-word.

aiwi-tūtuyā—2 1—pft. opt. par. \sqrt{tu} + *aiwi*, to strengthen.

zām—2/1 f.—The earth. *zama* is another form.

mā . . . *vaēnōit*—3 1 opt.—The opt. 3 per. with *mā* is remarkable. The sense is almost imp.—“let him not see” rather than “may he not see” (Cf. verse 21 above. \sqrt{vin} —वेणिति—Pers. بین (*bīn*) saw.

Note the sudden transition from 2 per. to 3 per.

ašibya—3/2—see above 8.

gām—Taken by some to be a var. of *zām* in the sense of “creation”, so Kan. The word *gēuš urvān* (Gāθ. Ahu. XXIX. 1.) is used to denote “the spirit of creation.” (Cf. the idea of गोपाल in Skt. mythology.) Some people take it literally to mean “cattle.” See Sel. XV below.

aēnaṇhaili—den. verb. from *aenah* (एनस) injury—does harm, injures. The verbal form occurs only here.

kəhrpəm—2 1 of *kərəf* f.—Body. See *hu-kərəfš* above 16. The cognate Skt. कर्ष has only the 3 1 कषा found in Veda.

30. In this and the following two *kardehs* some portions are given by Geld. as prose. They have been arranged here metrically to indicate where rhythm requires the break, the metre however does not always come right. See also 26 above.

paiti—प्रति—against, with gen.

āzoiš—6 1 of *āzi*—serpent.

siṃake—6 1 adj.—dreadful (Kan.)—Reich. takes it as a noun and translates “a horror” i.e. “a horrible thing.”

visō-vaēpake—emitting poison, $\sqrt{vaēp}$ —वप्—to emit.

nāšəmnāi—4 1 of pt. of *s*- aor. atm. $\sqrt{naš}$ (नश्) to perish, to be destroyed (Barth. Wb. 1055). The sense here, says Reich., is future (§ 669). Hence the translation given both by Reich. and Barth. is “(for fear) lest the righteous be destroyed.” But in Hb. air. D. Barth. takes *nāšəmnāi* as pres. pt. atm. and translates “for the protection (or welfare) of the righteous.” This is from $\sqrt{naš}$ to attain, to reach. Kan. takes it in the latter manner.

ašaone—4 1 instead of 6/1 by case-attraction.

vadarə—2 1 *ṛ*—weapon \sqrt{vad} (वध्) to slay.

jaiḍi—2/1 imp. $\sqrt{jān}$ (जान्)—हन् to slay, to strike—Smite - × जधि (जहि).

vivarəzdavato (विवर) —6/1 of p. pt. par. $\sqrt{vārəd}$ (वध्) to increase, hence “One who has grown great,” i.e. proud (Barth.). Kan. takes it as act. p.

pt. + $\sqrt{\text{varaz}}$ (to work) with prefix vā (against) and translates “working against (the Law of God).”

xrviṣyatō —6/1—Cruel, bloodthirsty. Connected with क्रविः ; xrū , raw flesh. The Eng. word *raw* is also cognate.

zazarānō —6/1 pft. pt. $\sqrt{\text{zar}}$ (हृ, हृणीते) to be angry. Angry, fuming. Pers. آزردان (āzurdan) to injure is cognate.

31. drvatō —6/1 of *drvant*; see above 8.

sāstarš —6/1 of sāstar $\sqrt{\text{sāś}}$ (शास्) to rule—Oppressor or tyrant. The word sāstar (शास्त्र) lit. meant “prince” or “ruler” then it degenerated in meaning. This, says Barth.,† is due to the influence of another sāstar (connected with sādra , pain) on the meaning.

aiwivōiṣdayantahe (अपि)—6/1 pres. pt. par. of aiwi + the comp. verb vōiṣdā (to smite) to lift up (a weapon).‡ Here Barth. takes the phrase $\text{aiwivōiṣdayantahe kamərədēm}$ to mean “holding up (proudly) his wicked-head.” Kan. takes kamərədēm as abject of paiti and translates “against the head of the man who injures.” The comp. verb vōiṣdā is from $\sqrt{\text{voiṣ}}$ (to injure) + $\sqrt{\text{dā}}$ (cf. yaoṣdā above 1). Also connected is vōiṣna (विष्णु)—an inundation, Skt. वेग also seems cognate.

ahūm-mərəncō —6/1—Life-destroying or soul-destroying— $\sqrt{\text{mərənk'c}}$, मर्च् , to twist, to torture (cf. Hin. मोरचाना , Guj. मचडवुं). mahrka (above, 8) is cognate.

$\text{mās} \dots \text{daθānahe}$ —6/1 of pres. pt. atm. of the comp. verb māzda ($\text{man} + \text{dā}$), to bear in mind, to remember. The components of the comp. verb are separated, which is a common phenomenon in both Skt. and Av. Cf. yā zras-ca dāt (that she may believe and . . .) Yt. IX. 26.; अदस्मै धन (RV. II. 12. 5).|| See also Whit. § 1081ff. In later Skt. we get periphrastic forms (like the pft.) whose two components are separated by other words intervening—cf. $\text{तं पानयां प्रथममास पपान पञ्चानु}$ (*Raghu*. IX. 61); $\text{प्रमथयां यो नडष चकार}$ (*Ib*. XIII. 36). Kan. offers another suggestion also ¶, that mās-vaca may be taken as a dvandva -comp. (2/2) meaning “creed and word” and daθānahe would then mean “holding (outwardly).”

ṣyaōθnāiš —3/3—In actions, lit. by actions.

apayantahe —applying or observing. $\sqrt{\text{ap}}$ (आप) to obtain. In the -aya class means to follow out, to observe (Reich.).

32. jahikayāi —4/1 for 6/1 of jahikā , a woman of ill-fame, a wicked woman. The peculiar use of dat. is paralleled in the Brāh. literature of Skt., e.g. स्त्रिय पयः :

yātumaityai —full of magic (for subduing her victims), full of wiles.

* A G. § 563. This is formed by root + $\text{ta} + \text{rat}$. Cf. कृतवत् . See Whit. §§ 959-960.

† Wb. 1674.

‡ Cf. Gāθ. Ahu. XXXII. 10. ($\text{yas-cā vadarē vōiṣdāt aṣ ānne}$) (and he who lifts up weapon against the righteous). || Reich. A.R. p. 100. ¶ Kh.A.v.b.M., in a footnote on this passage.

maoḍanō-kairyāi (𑀢𑀭𑀮)—delighting in (forbidden) pleasures, voluptuous. The word *maoḍana* (𑀢𑀭𑀮, *maod*, मुदु) has a bad signification. Cf. Eng. *lust* as contrasted with Ger. *Lust* (desire).

upaštā-bairyāi (𑀢𑀭𑀮). Barth. (Wb.) says it is obscure. The first part is evidently the same as उपस्थ (lap) and the second is from √bar (𑀢𑀭𑀮) to bear. Kan. says شهوت پرست (*shahvat-parast*) lustful * which seems a very likely rendering.

yejhe—6 l—m. in form used for the f. this is doubtless owing to the greater use of the m. form. Whose, यस्यः.

frafravarti—3 l pres. inten.—flutters or tosses about. √fru, 𑀢𑀭𑀮, to fly.

awram—1/1 n.—Cloud, अभ्रम्.

vātō-šūtəm—Wind-tossed, वातश्रुतम्; √śu—𑀢𑀭𑀮

yat used merely to introduce the repetition which marks the end of the hymn or chapter (Reich.)†. May be translated by “verily,” “indeed” or a similar mildly emphatic word. Kan. omits it in his trans.

hē—4 l m. used for the f. referring to the *jahikā*; see above 28.

* Kh. A. b. M. He reads however *upasta*².

† The Upanishads also show a similar repetition at the end of chapters.

* The first "verse" is used only for liturgical purposes and so is omitted here. The real Yašt begins at 2. The Roman figures indicate the *kardehs* or sections. † See notes below.

† First sentence of 2, repeated here and elsewhere.

|| 3 and 4 repeated here and elsewhere.

II.

Sraoša Yašt—Yasna LVII.

I. 2. We worship¹⁰ Sraoša¹ the Holy², the beautiful³, the victorious⁴, bringing-prosperity⁵-to-the-world⁶, the Righteous-one⁷, of Righteousness⁸ the Master⁹.

Who¹¹ first¹² of the creatures¹⁴ of Mazdā¹³, having-spread¹⁵ ¹⁶ the Barəš-man¹⁷, worshipped¹⁸ Ahura¹⁹ Mazda²⁰, worshipped²¹ the Holy²³ Immortals²², (and) worshipped²⁴ (both) the Maintainers²⁵ and Creators²⁶, who²⁷ (both have) fashioned²⁹ the whole²⁸ of (this) creation³⁰.

3. For his¹ splendour² and⁴ for (his) glory³, for his⁵ strength⁶ and⁸ for (his) victory⁷, (and) for his⁹ worship¹⁰ of the Worshipful-Ones¹¹, him¹² (do) I worship¹³ with well-sounding¹⁴ hymn¹⁵, Sraoša¹⁶ the Holy¹⁷, with libation¹⁸, and²⁰ the exalted²² Aši¹⁹-Vaŋuhi²¹, and²⁴ the beautiful²⁶ Nairya²⁵-Saŋha²⁶; and²⁸ may the victorious³² Sraoša³³ the Holy³⁴ come³⁰ unto²⁷ us²⁹ for help³¹.

4. We worship³ Sraoša¹ the Holy². We worship⁶ the exalted⁵ Lord⁴ who⁷ (is) Ahura³ Mazda⁹, who¹⁰ (is) the highest¹² in holiness¹¹, who¹³ (hath) reached-the-highest¹⁵ through holiness¹⁴. We revere¹⁹ all¹⁶ the commandments¹⁷ of-Zaraŋuštra¹⁸, we revere²⁴ besides²¹ all²⁰ well-performed²² deeds²³, both²⁶* (those) performed²⁵ and²³ (those that) shall-be-performed²⁷.

(That man) among-those-that are³⁰ of whom²⁹ Ahura³⁶ Mazda³⁵, through³⁹ (his) holiness³⁸†, knoweth³⁷, (that he) verily³¹ (is) better³⁴ as-regards³³ acts-of-worship³², (and those women) too⁴¹ of whom⁴⁰ (Ahura Mazda knoweth likewise)—(all such,) both⁴³* men⁴² and⁴⁵ women⁴⁴ (do) we revere⁴⁶.

II. 5. We worship¹⁰ Sraoša¹ the Holy². . . . the Master⁹.‡

2. Who¹ first² spread⁴ the Barəšman³, (consisting of) three-twigs⁵ and⁶ five-twigs⁷ and⁸ seven-twigs⁹ and¹⁰ nine-twigs¹¹ too¹², and¹⁵ (each was) up-to¹³-the-knee¹⁴ and¹⁸ (upto)-the-middle¹⁶-of-the-leg¹⁷ (in length), for the worship²¹ and²² for the praise²³ and²⁴ for the propitiation²⁵ and²⁶ for the glorification²⁷ as-well²⁸ of the Holy²⁰ Immortals¹⁹.

For his¹ splendour² and⁴⁵ women⁴⁴ (do) we revere⁴⁶.||

III. 7. We worship¹⁰ Sraoša¹ the Holy². . . . the Master⁹.

* Lit. "and."

† I.e. because such a man leads a holy life of righteousness (aša).

Who¹ overtake⁴ all² those³ after⁷ whom⁵ they⁶ go-in-pursuit⁸; they¹⁰ (are) never⁹ (themselves) overtaken¹² from-behind¹¹; who¹³ speed-on¹⁶ bearing¹⁷ him^{13*}, the excellent¹⁹ Sraoša²⁰ the Holy²¹, (together) with (his) double¹⁴ weapon,¹⁵ whether²² he takes²⁵ (his course) in easternmost²³ Hind²⁴, (or) whether¹⁶ in westernmost²⁷ Niyna²⁸. *The earliest ref. to the Hindus & India.*

For his¹ splendour² . . . and⁴⁵ women⁴⁴ (do) we revere⁴⁶.

XII. 30. We worship¹⁰ Sraoša¹ the Holy² . . . the Master⁹, who¹¹ tall¹² (of form and) high-girded¹³ sits¹⁶ among the Creations^{15†} of Mazda¹⁴.

31. Who¹ thrice² every³ day⁴ and^{6‡} every⁵ night⁷ comes-down¹⁰ to this⁸ region⁹, namely¹¹, the-shining¹³ X^vanira^{9a12} holding-firm¹⁶ in-both-(his)-hands¹⁵ the weapon¹⁴, sharp¹⁸-edged¹⁷, (and) self¹⁹-speeding²⁰ (to be used) against²² the skulls²¹ of demons²³;

32.|| (the weapon) for hewing-down¹ of Ayrō² Mainyu³ the wicked⁴, for hewing-down⁵ of the Demon-of-Wrath⁶ with-the-bloody⁷-mace⁸, for hewing-down⁹ of the Māzana¹⁰ demons¹¹, (yea) for hewing-down¹² of every¹³ (single) demon^{14¶}.

For his¹ splendour² . . . and⁴⁵ women⁴⁴ (do) we revere⁴⁶.

XIII. 33. We worship¹⁰ Sraoša¹ the Holy² . . . the Master⁹.

Both^{2**} her¹ and⁴ hereafter³, yea^{6**} here⁵, and⁸ especially⁹ (over) this¹⁰ entire⁷ earth¹¹ (do we extol) all¹² (the mighty deeds) of Sraoša¹³ the Holy¹⁴, of the brave¹⁵ Word¹⁷-incarnate¹⁶, of the her¹⁸ with-(manly)-courage-endowed¹⁹⁻²⁰, of the Warrior²³ mighty²²-of-arms²¹, of the cleaver²⁵-of-the-skulls²⁴ of demons²⁶; (and) the conquests²³ of the conquering²⁷ Lord-of-victory²⁹, (and) the victories³² of the holy³⁰ conqueror³¹ and³⁴ (his all-) conquering³³ (spirit and) greatness³⁵ (do) we extol³⁶—(the greatness) which³⁷ (is) of Sraoša³⁹ the Holy⁴⁰, and³⁸ which⁴¹ (is) of the adorable⁴⁴ Aršti⁴³ as well⁴³.

34. We revere⁵ all¹ dwellings² guarded⁴-by-Sraoša³, wherein⁶ the Holy⁸ Sraoša⁷ is welcomed¹¹, loving⁹ (and) beloved¹⁰, and¹³ (where) the man¹² (becomes) holy^{14††} (and) richer¹⁵-in-good-thoughts¹⁶, richer¹⁷-in-good-words¹⁸, (and) richer¹⁹-in-good-deeds²⁰.

For his¹ splendour² . . . and⁴⁵ women⁴⁴ (do) we revere⁴⁶.

* Lit. "whom." † The "Holy Immortals" and the other "Worshipful Ones." ‡ Lit. "or," || The sense "runs on" from verse 34. ¶ Orig. plu. †† Lit. "and." ‡‡ In consequence of the presence of Sraoša.

NOTES.

1. Kanga—Khordeh Avesta bā Māeni (5th¹ ed.), pp. 280ff.

2. Jackson—Avesta Reader, No. III.

3. Mills, S.B.E., Vol. XXXI, pp. 297ff.

Sraoša occupies among the angel hierarchy of Zoroastrianism a very exalted rank. He is in some respects regarded as next to Ahura Mazda and his immediate ministers the *Aməšā-Spəntās*. Hence he is regarded as the highest of the *Yazatas*. His work is to look after human souls. Day and night he watches over humanity keeping off the *daēvas* with uplifted weapon. During the three days succeeding death the human soul is directly under the protection of *Sraoša* and hence his hymns are always chanted as the principal prayers during the funeral ceremonies. When on the dawn of the fourth morning after death, the departed soul is judged for his actions during his life on earth, it is *Sraoša*, who, as one of the judges in association with *Miθra* (Mehr), judges him and assigns him his reward. During life too the human soul is under the care of *Sraoša* and he takes special care of the human beings during the hours of darkness. The cock, who by his crowing, marks the end of the powers of darkness, who rule at night, and the dog who guards us during the hours of darkness, are both animals sacred to *Sraoša*. The Pahl. books (notably the *Bundehish*) give a great many details about *Sraoša*. He is the messenger of Ahura Mazda to humanity and he occasionally is mentioned as being joint sacrificial priest with Ahura Mazda Himself at certain ceremonies. So great is his position in Z. literature that in all ceremonies the very first hymn recited is an invocation to *Sraoša* (the *Sraoša Bāz*).

1. 2. *Sraoṣəm*—2 l. The name is taken by scholars to be from the √ *sru* (श्रु) to hear. It seems to mean “obedience”, the obeying or carrying out of the Law of Righteousness which is the Law of Ahura. Cf. also Yas. LX, 5 (Sel. IV), where the word *sraoša* is used lit. in the sense of “obedience”.

ašim—2 l of *ašya*; invariably used as an epithet of *Sraoša* and used for no one else. Lit. “the Righteous”, “the Holy”, i.e. he who upholds Aša.

huraōdəm—from *hu* (हु) good and *raōda* (*रोध-रोह; √ *rad-*, *रध्, रह्) growth or form. See above Yas. IX. 5. Beautiful. Lit. of fine appearance. “Fair of form” (Jack.); “tall formed” (Dar.). *इराध*

frādat-gaēdəm—Bringing-prosperity. *frādat* is pres. pt. of √ *dā* with *frā* to increase, to prosper. The Pers. *farāz* (فارز), exalted, is cognate, also *فرياد* (*feryād*) cry for help, complaint.

ratūm—Leader, Master, Lord. See note on the same word in Yas. IX. 1. Barth. thinks that there is no connection between *ratu*, time (चतु) and *ratu*, leader.* The word *ratu* in the sense of “leader” is always opposed to *ahu*, the former being used invariably in the sense of a “spiritual leader” and the latter in a material sense. Cf. the prayer *yaθā ahū vairiō* below (Sel. VII a). Barth. however (Wb. 1498) says that *ahu* is an arbitrator

(*Schiedesrichter*) as opposed to the *ratu* the judge (*Gerichtsherr*). This is not very clear. But elsewhere (Wb. 282, under *ahu*) he mentions that the *ahu* was always a warrior whereas the *ratu* belonged to the higher caste and was the judge. These correspond to the Greek βασιλεύς (king) and to the person who held the office of διαγνῶναι (investigating) respectively. This rather supports the idea of material and spiritual leaders. Jack. says definitely “spiritual leader”. Haug takes *ahu* to be the spiritual leader and *ratu* as the material, also Modi.

yazamaide—1/3 pres. atm. √yaz (यज्). We worship. The ending -maide is the same as -महे (*-मधे) with an epenthetic *i* inserted. Cf. Grk. -μεθα. Reich. § 256. यजामहे

dāmān—1/3 used for 6 3. Kan. takes it as 7/3 in meaning. The ending -ān is used with n. nouns in -an for practically all cases (Jack., A. G., § 308).

frastərəntāt—5/1 n. p. pt. pass. √star (स्तृ) with *frā* (प्र), to spread. Through spreading. The abl. is governed by the word *paiti* giving the sense of the Lat. abl. absolute—having spread. See Reich. § 676. Cf. *yō . . . rapithwinām . . . frāyazaitē frasnātaēibya zastaēibya . . . frastərəntāt paiti barəsmən, uzdātāt paiti Haomāt, raocintāt paiti Āθrāt, snāvayamnāt paiti Ahunāt Vairiyāt*, Afrin. IV. 5. “who worships the *rapithwinā* (midday) with hands washed, having spread the *Barəgsman* (and) having invoked *Haoma*, (and) having lighted the fire, (and) having chanted the *Ahura Vairya*”. The word *frastərənta* is translated by Dar. and others as “tied up”. In the ceremony the twigs are tied up, but they are first laid out or spread out before being made into bundles.

barəsmən—5/1 attracted by the case of the previous word for 2 1. The *barəsmən* twigs were twigs of the *Haoma* plant (or of the pomegranate) used in certain ceremonies. They are first laid out and then tied up in bundles. The number varies according to the ceremony to be performed.* Now-a-days brass or silver wires are used in place of the twigs. The phrase *barəsmən star* recalls the बर्हिषः स्तृ of the Vedas and probably these are philologically identical. Some writers have identified the *barəsmən* with the कुश grass but this is not correct, because the *barəsmən* is never used as a *seat* for the divine beings.† The custom seems to be a very old one. Strabo mentions it‡ and it is probably the same custom which is referred to in Ezekiel VIII. 16–17. The Roman Flammes also worshipped the fire with a certain number of twigs held in the hand.

yazata—3/1 impf. atm. augmentless—ययजत.

Aməšō Spəntō—2/3 the -ō at the end shows that the form is G.A. The Holy Immortals. The *Aməshāspends* of later Z. theology. These are the six ministers of *Ahura*, who might be compared to the “archangels”. They are *Vohu-Manō* (*Bahman*), *Aša-Vahišta* (*Ardišesht*), *Xšaθra-Vairya* (*Shahri-*

* For details consult Modi Dict. pp. 140f.

† Haug, p. 283, Reich. (A. R. p. 102) says that

in Yezd the tamarisk is used and the twigs are bound with a strip of mulberry bark. See also Jack. Per. pp. 309ff

‡ XV. 3. 14.

var), *Spānta-Āmaiti* (*Spendārmad*), *Haurvatāt* (*Khurdād*) and *Amərətātāt* (*Amerdād*).^{*} Sometimes the texts mention seven *Ameshaspends* because Ahura Mazda is counted as one, as it were *primus inter pares*. Sraoša is occasionally also ranked among them.

Pāyū Ōworəštāra—2/2. Each of these words is 2/2 and hence Jack. has some justification in taking these two words as a *देवताद्वय* comp.† According to him, *Pāyū* means “(two) Protectors” (√*pā*-पर) and *Ōworəštāra* means “(two) Judges” and hence the whole comp. means “the two, viz. the Protector and the Judge”. Jack. explains these as *Miθra* [मिथ्र, Pers. مهر (*mehr*)] the Protector and *Rašnu*‡ the Judge. These two sit in judgment over the soul, on the morning of the fourth day after death, after the *Cinvat*-bridge is crossed. Kan. takes each word separately, (2/2)|| and trans. “the (two) Protectors (and) the (two) Creators”—they being identical, being *Spānta-Mainyu* and *Ayrō-Mainyu* who have created and who maintain this world. See note on the latter name in Yas. IX. 8 above. Barth. understands (Wb. 889) that the two are *Miθra* and *Ahura*.

θwərəsatō—3 2 pres. par. Make or create; used as an *ahura*-word. The contrasted *daēva*-word is *kərənt-* (cf. Yas. IX. 8.). This word is connected with the √*taš* (तच्) to cut into shape and the word *taršvah* (one who has created)¶. Cf. Afy. ترشج (*tarshaj*) Axe.

3. *ahē*—6/1 of the dem. pron. stem *a*. The G. A. form is *ahyā*. The variants *ayhe* and *aijhe* are also found—अय्य.

raya—3 1 f. Splendour (√*rā*-रै-to shine).

Xʷarənaγha-ca—3 1 m. Glory. See above, Yas. IX. 4.

ama—3 1 m. Courage (Kan.); strength (Jack.).

yasna—3/1 m. Worship, praise (Jack.); fame (Guj. कीर्ति) Kan.

Yazatanām—6/2. Orig. p. pt. pass. of √*yaz* (यज्) to worship. Jack. (A. G. § 786, note 2) says that the ending *-ta* in this case has “partly a gerundive force” and compares *arəzata* (रजत), silver. Lit. “the worshipful-one”, “the adorable one”, the name is specially applied to an order of Beings comparable to Angels of Christianity or to the *Devas* of the Hindus, who help in various ways in securing the welfare of the world and the carrying on of God’s work therein. The *Ameshaspends* are the highest among the *Yazatas*. Jack. and Barth. take the word as referring to *yasna* preceding and translate: “For his worship of the *yazatas*”. Kan. takes the sense as being “run on” and refers the word to *təm* following and translates, “For his fame, him among the *Yazatas* (do I worship)”;—Sraoša, as the highest of the *Yazatas*, being as it were specially marked out as an object of worship.

yazūi—1 1 subj. pres. atm. I worship.

surunvata—3 1 pres. pt. √*sru* (श्रु), to hear. Lit. audible, loud, here used

* For details see Introduction.

† Cf. Whit. § 1255.

‡ The name means “the Just”. The Pers. راست (*rāst*) “upright” or “just” is cognate.

¶ Geld. text agrees here.

¶ Yas. LXX. 1.

in a pass. sense almost, “well sounding,” i.e. properly-intoned. Kan. translates “famous”—शुण्वता (च० बुति). Barth. takes this as fut. pt. pass.* शुण्वता zaōthrābyō—3 3. With sacrificial gifts, with libation. The word is used especially in the sense of offerings of milk or consecrated water, etc. zu (उ) to sacrifice. शुण्व is used in RV. in this sense in VI. 11. 1 and also X. 53. 4-5, and in the comp. शुण्ववद्.

Aṣīm-ca Vayuhīm—2/1 f. Lit. the best holiness. As a proper name it indicates the incarnation of Piety and the resulting blessings. It is used as the name of one of the *Yazatas*. It later becomes *Aršiṣhvangh*. She is, according to Nair.,† the same as लक्ष्मी. She is the divinity who presides over flowers. She is invoked in marriage ceremony to grant wealth and prosperity to the couple. She is also a messenger of God like *Nairyō-Sayha*.‡

barazaitīm—2/1 pres. pt. √ barz (बर्ह) to grow. Exalted (Kan.); lofty (Jack.); बृहतीम्. Pers. بلند (*buland*) lofty, is cognate. बर्ह barz barz.

Nairīm-ca Sayham—Corresponds to the Vedic नरायण. The name signifies the divine fire coming down from Heaven, which bears aloft the offerings and the prayers of the worshippers to the *Yazatas*. He is one of the messengers of God. One of his most important duties is to guard closely the seed from which future heroes and *Saoṣyants* are to be born (see above, note on Yas. IX. 2). He was sent to Pešutan together with *Sraoša* to deliver God's message regarding the revival of the faith. At another time he was sent on a similar errand to *Kərəsāspa*||. Note here that the separate parts of the compound name are each separately declined: cf. *Ahunām Vairīm frasrārayō* above, Yas. IX. 14. (Jack., A. G., § 893).

The words *Aṣ-īm-cā . . . kuraodām* are probably a later interpolation.

ā-ca-nō—and towards us—आ च नः

awayhe—4 1. For help—अवये.

4. yīm—refers to the *ratu* preceding. 7, 8, 9 — Acc. for the nom.

apanōtāmō—1 1 super. of apana, pft. pt. atm. of √ ap, आप, to reach, to obtain (Jack. A. R. p. 54). Lit., he who has reached the highest.

jaymūstāmō—1 1 super. of the pft. pt. √ gam (गम) Most prompt (Jack.); most helpful (lit. one who comes quickest to help) Kan.; who has reached the highest (Barth.). (Gāθ. Vohu. (LI. 15.)|| mentions Ahura Mazda as being the first to reach the highest state.

vīspasravā—2 3 n. All the commandments; all the *śrutis*.

zaraθuštri—2/3 n. adj. from *Zaraθuštra*. Secondary derivative (जराथुष्ट्र).

hvaršta—2 3 n. ppt. pass. √ varz to do + hu (हु) well. Well-performed. Cf. *hvarəš* in Yas. IX. 16. The word is used as a noun to mean “good-deeds” when it comes with the other two, *humata* and *hūxta* (“good-thoughts” and “good-words”). These three are the three “Commandments” of Zoroastrianism. ह्वरश्ता

varəṣyamna-ca—2/3 fut. pt. pass. n.; °माना (Ved.), later °मानानि. Those which shall be performed. वरश्चामना

Wb. 1639.

† Skt. trans. of the Yastha. He says in this passage:—अग्निर्वचं वलक्ष्मीमुत्तमाय.

‡ Modi, Dict.

|| Bun. quoted by Modi (Dict.). See below Selection XXVIII, Part II.

yejñhē-hātām is one of the three holiest prayers of the^o Avesta. The other two are *yaθā-ahū-vairyō* (*Ahunā-Vairya*) and *ašəm-vohū**. All these three have been variously translated by various scholars. The *yejñhē-hātām* is regarded by Geld. as a later imitation of Yas. LI. 22.† Moulton in his *Early Religious Poetry of Persia* (pp. 117f.) says, "It is not in the Gāthic dialect but in later Avestan, though it is of course possible that it has been transferred by adaptation Geldner observes that it is an imitation of the last stanza of the Fourth Gāthā, . . . it seems very possible that it was derived from it by simply paring down the 14 syllable line to the more familiar metre. That makes its post-Gāthic date fairly certain".‡ That last verse runs as follows:

yehyā¹ mōi² ašāt³ hacā⁴ vahištām⁵ yesnē⁶ paiti⁷
vāēdā⁸ Mazdā⁹ Ahurō¹⁰, yōi¹¹ āgharā¹². cā¹³ hantī¹⁴. cā¹⁵,
tā¹⁶ yazāi¹⁷ χ^vāi¹⁸ nāmēnīš¹⁹ pairi²⁰. cā²¹ jasāi²² vaptā²³.

(That person) of whom¹ Ahura¹⁰ Mazda⁹ through⁴ (his) holiness⁸ knoweth⁸ (that he is) the best⁵ towards me^{2||} as-regards⁷ acts-of-worship⁶—(all) such^{16¶} (persons), both^{13**} who¹¹ have existed¹² and¹⁵ (who) are existing¹⁴, shall I reverence¹⁷ by (their) own¹⁸ names¹⁹ and²¹ (I) shall draw²²-near²⁰ (to them) with praises²³.

See Yas. LXI for the praises of this prayer; Yas. XXI is a commentary upon this (Sel. VIII c. below).

yejñhē—6/1 m. Of whom. This is the "object" of *vāēdā* hence the gen., what Reich. (§ 503) calls the "objective genitive" (cf. Whit. § 297). Reich. (p. 477) following Barth. in this passage considers that the m. is used for f.;—a point which is not at all clear. The mas. is quite correct here, because the corresponding fem. comes later on, *yāñhām-ca*. If at all, we may say that the sg. is used when we may expect the plu. (*yaešām*) because *yāñhām-cā*, *tās-cā*, *tās-ca* are all plu. The construction is *ad sensum* (Reich. § 608).††

hātām—6/3 pres. pt. √*ah* (अह्) to be. Of living beings—*वताम्*.

āat—This is a particle used sometimes in the sense of the Skt. *अथ*. Here it is merely mildly emphatic somewhat like *अथ* or *अथ*, verily. Orig. it is 5/1 of the pron. stem *a*. This is the Y. A. form, the G. A. being *āt*.

yesne—7/1. Note change of *yasna* to *yesna*. Reich. (§ 158) says the change of *a* to *e* is due to the *e* in the following syllable. *Harmony*.

paiti—governs the loc. *yesne*; प्रति. Note the final *i*, the language being *Gāθ*.

vayñhō—Com. of *vohu* (वहु). Holier.

vāēdā—3/1 pft. par. G. A. √*vid* to know. वेद. Note that it governs the genitives *yejñhē* and *yāñhām-cā*. Cf. *स हि जानातां वेद*.

hacā—through, on account of. Lit "with," used with ins. or abl. (√*hac*, वच्, to go with), this being probably 3/1 of the root-noun. Cf. O. Per. *hacā*, with; Per. *az* (az) with or from. *अवा -V. putative meaning वा (vā)*

* See below Selection No. VII.

† See below Selection XXVII, Part II.

‡ Kan.

however maintains that the prayer is exceedingly ancient and says it was composed by Z. himself. Kh. A. b. M. p. 1, footnote. || The "me" probably refers to Z. ¶ Lit. "these."

¶ Lit. "and,"

†† Also Reich.. A. R.. v. 102.

yāñhām-cā—6/3 f. “object” of *vaeθa*. We have to understand, *mutatis mutandis*, the words *hatām*...*hacā* with this fem. counterpart. The Z. religion has never made any distinction of sex and has always spoken of both the sexes in terms of perfect equality.

tūs-cā—2/3 m. They (the men).

tās-cā—2/3 f. They (the women).

The variety of translations may be judged by the following selections made from among the various versions by various scholars:—

(i) (To that one) of beings do we offer, whose superior (fidelity) in the Sacrifice Ahura Mazda recognises by reason of the sanctity (within him; yea, even to those female saints also do we sacrifice), whose (superior fidelity is thus likewise known; thus,) we sacrifice to (all, to both) the males and the females (of the Saints).—Mills, S.B.E., XXXI, p. 268.

(ii) All those beings^a of whom Ahura Mazda knows the goodness^b for a sacrifice (performed) in holiness, all those beings male and females^c, do we worship.—Dar., S.B.E., XXIII, pp. 30-31.

[Notes:—(a) the Amesha Spentas (Pahl. Comm. ad Yesna XXVII. fin.). (b) The benefits which they dispose, and which they impart as rewards to the righteous. (c) The first three Amesha Spentas (whose names are mas.) and the last three (whose names are fem.)].

(iii) ये विश्वमानेभ्यः एवं इजिन्या उपरि उत्तमस्य

महाज्ञानिनः सामिनः (किल इजिन्दीः अञ्जरमज्दस्यार्थे प्रचुराः कुर्वन्ति) वेत्तु वेत्तुम् ?) पुण्यं यत्किञ्चित् (किल यत्किञ्चित् पुण्यप्रसादं अञ्जरमज्दो वेत्ति) । समवायिकान् तान् [तांश्च] तास्य आराधये (किल नरस्त्रौ आकृतौन् अभिप्रास्यितान्) ॥

—Nair. Skt. Trans.†

(iv) Whomsoever (male or female) among the living beings, Mazda Ahura knoweth as one to whom through Aša the better portion doth fall, all such beings (male and female) do we reverence.—Reich., p. 20. (See also Barth. Wb. 1270.)

(v) The man among all that are, the women too, to whom for (his) prayer (*yasna*) the Wise Lord knows the better portion doth fall in accordance with Right, these men and women do we reverence.—Mlt., E.R.P., p. 117.

(vi) Among living beings whoever is better in acts of worship, of such Ahura Mazda (Himself) is aware on account of His holiness—all such both men and women do we revere.—Kan., Kh. A. b. M., p. 39.

II. 5. Note the repetitions of this as well as other passages throughout this hymn as a sort of refrain.

6. *frasteranata*—~~6~~ impf. atm. Spread. ~~frasteranata~~

θryaxštis—2/3 f. (Made up of) three-twigs—*त्रियष्टिः*. Note the insertion of *x* here; cf. *xštūm* above Yas. IX. 21, also *yaoxštīm* (Yas. IX. 8) and below, *ā-xēnūs*. The word is often used as a collective in n. sg. Here it explains *barəsma* (Jack., A. G., § 891):

* So also Mills in S B.E., XXXI.

† Collected Skt. writings of the Pargis, Pt. II., p. 14.

ā-xšnūs-ca—2/3; *ā* + *žnū*. Up to the knee, i.e. knee-deep.⁶ The insertion of the *χ* before *žnū* is found only with the prep. *ā*, with other *upasargas* it is not found, e.g. *frašnu*. This *χ* has no value etymologically (Jack., A. G., § 77, note 1*); cf. *xšmākəm*, *xšmāt*, etc. For the formation of the comp., cf. *चमिष्ठ*, Jack., A. G., § 889 and Whit. § 1310. Kan. says that this refers to the length of the twigs used. The length of the twigs is stated in Nir. to be three spans and the thickness that of a barley-corn, and their number is to be either 3, 5, 7, 9, 12, 15, 21, 33, 69 or 551 according to the ceremony to be performed. They should be cut from a tree whose trunk is perfectly sound.† *ājānuh* > *ājñuh* (*syncope*)

maidyoī-paitištānās-ca (v.l. *maidyo*^o, Kan.)—2 3 comp. of *maidyoī* (*मद्य*). middle + *paitištāna* (*प्रतिष्ठान*), leg (lit. that by which we stand). Half-a-foot (or leg) high (Jack.†); reaching up to the middle of the leg (Kan.). The *-ā-* from *ā-xšnūs* is to be supplied here also, *ā-maidyoī*^o.

yasnāi-ca—4/1 m. For the worship.

vahmāi-ca—4 1 m. of *vahma* prayer, praise or glorification. Barth. (Wb.) derives it from *√van*, to win; Jack. gives *√raf* to pray (cf. *ufyemi*||); Kan. Dict. derives this word from *√vayh* (*वय*) to love, to revere.

xšnaobrāi-ca—4 1 n. For the propitiation. *√xšnu* (*क्ष*)^q to propitiate.

frasastayaē-ca—4/1 f. For the glorification—*प्रशस्तये*.

The phrase *yasnāi-ca...frasastayaē-ca* occurs frequently throughout the Av.

III. 8. *frasvāvayat*—3 1 impf. caus. *√sru* + *frā*. Chanted aloud (*frā*). See above Yas. IX. 14. *प्रशक्तः*

afsmānīvān—2 3 n. Metrical passages; from *afsmān* (*u.*), measure or metre used specially for Gāthic verses. Cf. Yas. IX. 14. Kan. trans. "Together with the verses (*بیت bait*)". He derives it from *√afs*, to cut (?).

vacastaštiva (*अ.*)—2 1 n. used instead of 2/3. With properly arranged strophes. *vacastašti*, f. specially refers to the divisions of the Gāthic stanza. From *vacah* (*वचस्*) and *taš* (*तश्*) to arrange. According to Barth. (Wb. 1340) the use is almost adverbial.** For the metrical divisions of the Gāthic verses see Geld. Text, Introductory Note to Yas. XXXV.

maṭ-āzaintiš—2/3 f.; a comp. made up of *maṭ* with and *āzainti* (*√zan-* *ज्ञा* to know) explanation. The word *maṭ* is originally 5 1 of the pron. stem *sma* (*अ*, **अत्*) (Jack., A. G., § 140). The Pah. phrase *Avistāk-razand* means "Avesta and the Commentary" and the phrase wrongly understood has given us the popular name *Zend* for the language itself (Jack., A. G., Int., p. xii).

maṭ-paitifrasā—2 3 f. With the questions and answers, i.e. with the catechism.†† Jack. ^{however} translates "with answers to the questions";

⁶ Also ib. § 188 † Haug, p. 397, note 2. Modi, Dict., mentions the numbers 23 and 35 as well.

† A. R., Gloss. || Kan., Dict., derives this from *√cap*—to weave (cf. Pers. *بافتن bāftan* to weave), and explains the special sense of *ufyemi* "I pray" as being metaphorical, "weaving the hymns."

^q In Skt. the root means to sharpen and *इशोच* means "whetstone"; RV. II. 39. 7. ^o See Whit. § 1107. †† See, on the Gāthic Revelation.

(स प्रतिप्रज्ञाः (^ इच्छाः). \ 'paras (इच्छा) + paiti. In Vis. XIV. 1, we get the word *maṭ-parasvīm* in almost the same sense; cf. also Yas. IX. 25.

IV. 10. *driyaōš-ca*—6/1 of *driyu* m. A poor man. Pers. درویش (*dervish*) lit. means a poor man, hence used in the sense of a संन्यासिन्.

drivyās-ca—6/1 of the f. of *driyu*. The f. is made by adding -i and the γ drops out before the v: *driyu* + i = *driyvi*, *drīvī* (Jack., A. G., § 187., 1). *amavat*—2/1 n. Strong.

nmānām—2/1. Is used in the sense of “a refuge”. Cf. “Lord, thou hast been our dwelling place in all generations”, Psalms, xc. 1.

hām-tāšti—Lit. puts together i.e. fashions. *hām* is the same as सम् and \ 'taš is तच् to build. Kan. reads *°tāštom*, in which case the previous two words as well as this would be 1/1 n. to be construed with *asti* understood. Kan. translates “who is the well-fashioned strong refuge.”

pasca—prep. governing the acc. After. The Skt. form पश्चात् is the abl. Pers. پس (*pas*) after.

hū—6/1 of *hvar*, the sun. This special form of 6/1 is peculiar to Y. A.* and is used only with *frāšmō-dāiti* (Jack., A. G., § 334). *svar* (स्वर) ह्य - *suur*.

frāšmō-dāitīm—2/1 f. obj. of *pasca*. The word is used only with *hū* and means “setting (of the sun)”. Nair. in his Skt. trans. says प्रथमरात्रिविभाग, i.e. the time between the sunset and the setting in of complete darkness—in other words, the evening सन्ध्या. The etymology is uncertain. The word *frāšmi* which occurs in Yas. X. 21 and in 19 below may be connected. In the former passage (*Haomam frāšmīm frādaṭ-gaēθem yazamaide*) Barth. translates *frāšmi* as “refreshing”† while Kan. translates “prosperity-giving” and derives it from *frāš* forward (\ 'anc चञ्च) to move with *frā* (प्र); cf. Pers. فروز (*farāz*) high, exalted).‡ Both however give the meaning “sunset” to *hū-frāšmo-dāitīm*.|| In his derivation Kan. agrees with Har. who also takes it as connected with *frāš* and explains *frāšmō-dāiti* as “the attaining (\ 'dā, धा) the goal of the progress”.¶

Aēšmām—The Demon of Wrath. He is represented as having the seven principal vices and he is one of the chief among demons. The name appears to be identical with *Asmodeus* (*Aēšma-daēva*) of the Apocryphal book of Tobit (III. 8).** In G. A. this word personifies the anger of the evil-minded against the good-creation especially against cattle (cf. Gāθ, XXIX. 1; XLVIII. 7). The anger due to drunkenness is also personified as *Aēšma* (Yas. X. 8). From \ 'aēs to put oneself in rapid motion. Grk. οἶ, a and Lat. *irā* are probable cognates. The modern Pers. خشم (*khashm*) anger is a direct derivation, the initial خ (*kh*) being due to a faulty reading of the Pah. word which may be read both *aešma* as well as *xašma*.

starəθwata—3/1 adj. Striking down or smiting down to the ground (Barth.); levelled or uplifted (Kan.). Kan. adds that this word is used of a weapon which has to be aimed at an object by bringing it up to the level of

The regular form is *hūrō*. † Hb. air. D. See also Sel. XIX, Part II. ‡ Dist. || Kan. by a very curious slip says *sunrise* in his translation of this passage, Kh. A. b. M., p. 284. ¶ Har., Man. Av., Gloss. Haug., p. 357.

the eyes ($\sqrt{\text{star}}$ to stretch, to level), e.g. a bow. He contrasts the word *arədwā* (अर्ध्वा) which is used of a weapon which[†] is lifted up to strike, e.g. a sword.* See below 16.

snaiθiṣa—3/1 n. of *snaiθiś*, a weapon, $\sqrt{\text{snab}}$ (स्नाय्) to smite, to destroy. Battle-axe (Mills). * अभिध - अस्त्र ।

vīxṛūmantəm—2/1 adj. Very sore, deep (Kan.); bruising (Jack.). Barth. (Wb. 436) remarks that the word lit. signifies that which lets out blood and that by a strange transposition of meaning the word is used (e.g. in Ven. IV. 30 and 33) to mean an injury of the mildest type, that, namely, in which no blood is let out. The $\sqrt{\text{xrū}}$ means to hurt, lit. to make raw or bloody. Cf. Skt. क्रूर, Av. *x̌vara*, Eng. *raw* (O. Eng. *hraw*).

x̌varəm—wound. From $\sqrt{\text{x̌var}}$ to injure. The $\sqrt{\text{x̌var}}$ to eat (Pers. خوردن *khurdan*, to eat) is probably connected.† In the Ven. this word means a visible mark left on the body which may have been inflicted by a weapon.

jainti—3/1 pres. $\sqrt{\text{jan}}$ (जन्). Smites; हन्ति. < ३ l. *jhanti* < 1.E. *agheñti*

aṭ-ca—2/1 n. of pron. *sten a*. Then, thereupon.

bāda—Continually (Jack. who connects it with Skt. वन्). Kan. takes it as an asserative particle, somewhat emphatic in value; verily, assuredly. Barth.‡ supports this view. The word is probably derived from $\sqrt{\text{bū}}$ (भा) to appear, to shine forth (5/1 of the root-noun ?). Skt. वत and वाटम् may be cognates.

jaynvā—1/1 pft. pt. $\sqrt{\text{jan}}$ to smite. Smiting; जयन्वान् *jayantvān*.

paiti-x̌vanhayeiti—Breaks to pieces (Kan.). $\sqrt{\text{x̌vah}}$ (खव्) to crush, with *paiti*. Barth. translates “presses back” (Wb. 875).

aojā—Kan. takes it as 2/1 n. Strength. Jack. understands it to be 1/1 m., “the strong man”.

nāidyāñham—2/1. Kan. derives it from $\sqrt{\text{nid}}$, निन् to scorn and translates it as “scorning” and takes *aojā* preceding as “object” of this word. He translates *yatha aojā nāidyāñham* as “the man who thus scorns his (i.e. Sraoṣa’s) power.” Alternatively he suggests in a footnote|| the translation: “Just as a strong man (crushes) the oppressor” (from $\sqrt{\text{nad}}$ to oppress, to injure). Jack. takes the word to be 2/1 adj. comp. and compares नदीयसम् and translates, “Just as a strong man (crushes) the weaker one”, Cf. Yas. XXXIV. 8. The same word occurs in Yas. XIII. 16, where it is regarded by Dastur Darab as identical with the name of the Vedic sage नोषाः¶.

V. 11. *taxməm*—See *tāncištō*, Yas. IX. 15. *taxm* ($\sqrt{\text{tak}}$) *brave*.

āsūm—Swift; आसुम्.

daršitəm (दर्शित) (v. l. *°rašitəm* Kan.)—Daring, from $\sqrt{\text{darəš}}$, धृष, to dare. Kan. translates “terrible (to the *dēva*)”.

bərəzaiθim (v. l. *°tīm*)—2/1 adj., made up of *bərəz* and *d/ði* (धी). Of high wisdom. High-spirited, valiant (Jack.); of high insight (Barth.); observ-

* Kh. A. b. M. in a footnote on p. 284.

† So Jack., A. R., Gloss.

‡ Wb. 953.

|| Kh. A. b. M., p. 284. ¶ J. B. A. S., 1898, p. 391. See also Barth. Wb. 481 for a discussion of this point.

ing from a high standpoint, i.e. far-sighted or liberal-minded (Kan.). The epithet is used for Sraoša only here. In three places it is used of the great disciple and supporter of Z., the King Kava Vištāspa (Yt. V. 108, IX. 29†, XVII. 52). The reading °tīm has been merely rendered *buland* (high or great) in Pah.

12. haca—Prop. used with ins. or abl. and meaning accordingly “with” or “from”.

arəzaēibyō—5/3. From battles. √*arəz*—अरज् to strive. Barth. compares *ōpéy* to reach out. Cf. Pers. رزم (razm) battle. अरज् + इय - य = अरजिय.

vavanvā—1/1 pft. pt. √*van*. Victorious; ववन्वान्. ~~ववन्वान्~~ ववन्वान्.

paiti-jasaiti—प्रतिगच्छति. √*jas* corresponds to गज्. The √*jam* corresponding to गम् is used in a few forms and the variants *jim* and *gam* are also known.†

vyəxma (v.l. *vyā°*, Kan.)—2/1 n. Assembly. √*ac* (अच) with *vī*, to assemble. ~~acc. 4 goal.~~

VI. 13. yūnām—6/3 of *yvan* or *yūn* (Jack., A. G., § 314, n. 1). Of the youths, among the youths. Are these the Immortal Yazatas who are ever young? Cf. युवनी as applied to उषस् and the epithet “young” used with the other Vedic deities (as in RV. VIII. 29. 1).

aojišto, etc.—Cf. Yas. IX. 15.

parō-katarštəmām (ān.)—The Pah. trans. says *pēs-kūmak-tum*, “foremost in loving”?; most desirous or eager (Kan.); most enterprising (Har.). The form is made up of *para* (पर) + √*kam* (कम्) + suff. *tar* (तृ) + suff. *təma* (super. तम). Barth. and Jack. divide *paroka* (पराक, at a distance) + *taršta* चक्ता, frightened; lit. he who makes (the *daēvas*) frightened from a distance; he who is fled away from even at a distance (Jack.). On the whole the Pah. rendering seems best and it has the additional recommendation of being traditional.||

paitiṣata—2/3 imp. par. √*iš* (इष) + paiti (प्रति). Desire eagerly, प्रतीक्षत mazdayasna—8/3.

14. dūrāt—adv. originally 5/1 of *dūra*. The 7/1 form *dūire* (or *dūraē-ca*) is also found, but here the 5/1 is preferred because the other cases are also abl.

haca is a prep. which means either “with”, “together” or “from”, “away” and is used accordingly with either ins. or abl.

nmānāt and other words in abl. Note that the 5/1 ending *āt* has become in Av. common to all nouns and pron. irrespective of the final letter.

ayā—1/3 f. adj. Evil or wicked (Kan., Barth.); Jack. takes it to be a noun and translates “calamities”.

iθyejā—1/3 f. adj. Destructive (Kan.). Jack. and Barth. take it as a noun, 1/3 n., and translate “distresses”, “troubles”. √*θyaj*, त्यज्, to destroy; the *i* is prothetic.

बुद्धीशी मजर पीर्षीचाडनार Kh. A. b. M., p. 285 and Dict.

† Sel. XXIII, Part II.

† Kan., A. G., § 310. † Dar. rightly lays a deal of stress on the tradition as represented by Pah. On this point see also Browne *Lit. His. I*, pp. 68-70.

vōiynā—1/3 f. Troubles or obstacles (Kan.); plagues (Jack.); inundations (Barth.). Barth. says it is probably connected with *vaēga* (वेग). Kan. connects it with *विघ्न* and derives from *√zan* (घ्न) + *vi*. The meaning “inundation” is appropriate in other passages where the word occurs, but here Jack. and Kan. seem more correct.

yeinti—3 3 pres. par. *√yā* (या). Go, fly.

yejhe—7 1 f. pron. *yā* (Reich. § 400; Jack., A. G., § 399). The f. is due to the fact that the last noun used (*daijhu*) is fem. The form is probably from **yasyā* m. (cf. Ved. यस्या, यस्या etc.). The influence of *aijhe* is also apparent. The form for 6/1 m. is also the same (see above *yejhe hatām*). But the sense here is clearly loc. Hence it is not very correct when Barth. (Wb. 1227, note 28) says that the sense is always gen.

nmanaya—7 1. This case-form occurs only here. The G. A. form is *dāmāna*, the *a* being apparently put in only to help the pronunciation. Cf. O. Per. *māniya* and Mod. Per. مان (*mān*). After this word, the others—*vis*, *zantu* and *daijhu*—should also be understood in 7 1.

paiti-zantō—1/1 p. pt. pass. *√zan* to know, with *paiti*. Welcomed. Kan. agrees in the translation but derives (with a query) from *√jam* (जम्) with *paiti* and says that lit. it means “to go up to a guest” hence “to welcome him”. Skt. प्रत्यक्ष् is used similarly, hence Kan. is correct. प्रतिष्ठः,

nā-ca—1 1 of *nar* (न). The man (i.e. he dwelling in the house, village, etc.).

frāyō—Com. of *frā* (*frāyayh*, प्रायः) which becomes *frāyō* as first member of a compound. Lit. “more.” Kan. translates “more good-minded” etc. Jack. says “rich in good thoughts” and explains, “i.e., the man who has more good (than bad) thoughts”. So also Barth. Wb. 1019. The idea seems rather that the presence of *Sraoša* makes them richer in good-thoughts, etc. The Hād. N. has also *frāyo-dušmatā*, etc., as contrasted with *frāyō-humatā*, etc., in the fem.

VII. This *Karde* is also found in the *Sraoša Yašt Hādōxt* (Yt. XI. Kar. 2.) This latter *Sraoša Yašt* is taken from the *Hādōxt Nask* (*Nask XX*). The two *Yašts* are distinguished by the fact that the Yas. LVII is called popularly *Sraoša Yašt Vadī* (वढी), i.e. the Greater *Sraoša Yašt*. Because it occurs in the Yasna it is also called in the Persian *Revāets* the سروش یشت *Sarūsh-Yasht-i-Izashni*. The same is used during the ceremonies for the first three nights after death, hence also the name sometimes given, یشت سی شب (*Yasht-i-si-shab*) or *Yašt-of-the-three-nights*.

15. *vananō*—1/1 pres. pt. atm. *√van* (वन्). Conqueror. The atm. part. in *-āna* (Av. *-ana*) with thematic verbs is more common in Av. than in Skt. (Jack., A. G., § 507, Whit. § 741a).

kayaḍahe—6/1 m. Originally the word *kayaḍa* meant some special type of sin. The word is found in this sense only in composition with others, e.g. in Vis. III. 4. *avistō-kayaḍem* which Kan. renders “without sin.” Barth. (Wb. 442) says “who does not know * the *kayaḍa* sin” and he adds that the

* Cf. Grk. ἄστροφος (apt knowing), Goth. *unweis*.

context there makes it evident that the sin is that “of holding the religion or holy matters in contempt”,* i.e. the sin of heresy. The word then has acquired the sense of one who has committed that sin. Hence the word, as here, means “a heretic”. Kan. simply says “a wicked man”.

kāiḍyehe—6/1 m. Lit. one who belongs to the *kayaḍa*, i.e. the follower of a heretic. The Pah. version seems to take this as a fern. of *kayaḍa*:—*ke vanitar-i-kastārān-i-zanān* (who is the conqueror of female *kayaḍas*). The formation of a fern. form with the वृद्धि of the first syllable is a very exceptional phenomenon (Barth. Wb. 463), and besides this, the ending is definitely the mas. 6/1 ending.†

janta—1/1 of °tar. Smiter—*हुन्ता*. Note the short final.

daēvayā—6/1 adj. Devilish; qualifying *drujō*.

harata—1/1 of °tar. Protector. √har to protect (cf. Lat. *sal-vere*).

aiwiyāxša-ca—1/1 of °tar. Watcher. √axš (cf. ईक्ष्) + *aiwi* (अभि) to watch carefully.

fravōiš—6/1 f. Progress, prosperity. Thus Jack., who says that the Pah. rendering supports this. Barth. though agreeing puts a query mark after this (Wb. 991). Jack. therefore translates “the prosperity of all mankind”. Kan. says “the progress of all the world”. In a footnote‡ Kan. suggests that the word may mean “moving” and thus the rendering would be “the whole moving world”. In the latter case it would be from √fru to move (cf. *frafravaiti* above, Yas. IX. 32). Mills (S.B.E., XXXI, p. 301) says “migrations of the tribes”.

16. *anavapḥabdəmnō*—1/1 pres. pt. atm. of √*xʷabdā* (*xʷap*—खप, to sleep + √*dā*—दा) with *an* (अन, neg. pre.) and *ava* (अव). Never falling asleep. The compound verb *xʷabdā* is of a fairly numerous class already discussed under *pairi-yaozdā*, Yas. IX. 1 (also *mās . . . daθānahe*, ib. 31.). The *dā* in such cases seems to have a causal force.|| Note also the peculiar change from *xʷa* to *yha*. **an-ava-svap-tahā-mān* = + *daθmān*

zāēnanḥa—3/1 n. With vigilance. √zi to impel, to awaken. Barth. (Wb. 1650) takes it to be 1/1 adj. and translates “watchful” so also Mills “vigilant”. P. Guj. ज्ञेन, zeal. **zāēnan*, *ज्ञेन*

nipāiti—3/1 pres. par. √pā (पा, to protect + *ni* (नि)) Watches over. guards.

nīshaurvaiti—3/1 pres. par. √har to protect + *ni* (नि). Protects. The *š* inserted after the *ni* and before the *h* is reminiscent of an original Ar. *s* and is “an attempt at etymological restoration”.¶ This occurs only in cases where the *upasarga* ends in *i* or *u*, when the Skt. would show a ष, in such cases the original *ś* which in Av. has become *h* initially is restored in a palatalised form *š*; but the *h* is retained as well. E.g., *hu*—ह; but *aiwiš-*

* *ašacanam . . . vīsto-fraoreit'm vīstō-kayōdēm* (a holy person who knows the religion and does not know the sin of *kayāda*).

† This may however be explained away as “attraction”.

‡ Kh. A. b. M., p. 272.

§ Jacks. A. G., § 692.

¶ Ib., § 754. 2.

*huta**—अभिषुत (Yas. XI. 3.)†, *pairišxvaxta*—परिष्वक्त (Yas. XI. 8)†. The same peculiar inserted *š* is found occasionally⁶ with reduplication under similar conditions, i.e. after *i* or *u* in the preceding syllable, e.g. *hišaxti*—सिषक्ति.

arədiwa—3/1. Uplifted. See note on *starəθwata* above, 10. Cf. कक्षे, Grk. ὀρθός (right), Lat. *arduus*. ~~अरुद्ध (अरु, अरुद्ध) अरुद्ध~~

17. *pascaēta* *yať*—Since when; पश्चात् . यत्. Cf. the Biblical phrase after that.

hušxwafa—3/1 pft. per. √*χ^haf/p*†, स्वप्. Sleeps—सुषाप (Kan. Dict. p. 601; Barth. Wb. 1862). But in the Kh. A. b. M. (p. 272) and also in Dict. he gives the alternative of taking the word as 1'1 participial adj. with the prefix *hu-*(हृ) and takes the verb *asti* as understood, thus translating “who is never soundly sleeping”. Thus also Jack. But surely it is better to say of Sraoša that he is never asleep than merely that he does not sleep soundly. For the insertion of the *š*, see above *nišhaurvaiti* (16).

daiđitəm—3/2 impf. par. √*dā* (धा) to create. (The two Spirits, *Mainyū*) created. The inserted *i* is to be noted (cf. अन्नवीत्). The term. -*təm* is the same in form as Skt. तम् (2/1). The same is the case with the primary term. 3/2 par. which in Av. is often -*θō* (for -*tš* 3/2) though the -*tō* is also found.|| See above Yas. IX. 15 (*Mainiwi dāmān*), as regards the idea of both the Spirits creating the world. See also above verse 2. ~~अदितम्—feminine.~~

hišārō—Protector. √*har* to protect. The form is an orig. redup. form ^{*}*hihāra*, the change of the second *h* to *š* is due to the same reason as the insertion of *š* in *nišhaurvaiti*. The word governs the acc. *gaēθā* (2'3).

višpaīš—3'3 for 2'3. Mills seems to connect this with *daēvaēibyō*.

ayān-ca—2 3 n. The two forms *ayan* and *ayar* (both neu.) are found mixed up in the declension as often happens with neu. nouns in -*ar* and -*an* (Jack., A. G., § 337). Kan. mentions⁷ that there is sometimes a distinction observed between the two, *ayan* being used for the hours of daylight, as contrasted with night (*xšafnas-ca*) as here, whereas *ayar* means the whole day of 24 hours. Cf. Pers. ~~پار~~ *parer*, day before yesterday. In Guj. (dia.) the word *परार* is used to mean day before yesterday or the *year* before last. ५. ~~अयन~~

xšafnas-ca—2 3 f. Night. Cf. *शपा*, Pers. شب (*shab*) night.

yūidyēiti—युयिति. Note par. here.

Māzanyaēibyō—Belonging to *Māzana* (mod. مازندران—*Māzandrān*). This district south of the Caspian and north of Balkh, has played the same part in the Persian Epic as *Lankā* has done in the *Rāmāyaṇa*. It has been notorious as the home of demons, and one of the most difficult exploits of Rustam was the conquest of *Māzandrān*. Even to-day the Parsis use the term *माझन्दरानी* to indicate a person who defies all attempts at being curbed or one who obeys no law.

⁶ V.I. (wrongly divided) *aiwiš-huta*.

sleep is a cognate. || Jack, A. G., 440, note.

† Selection XX, Part 11.

¶ Dict., p. 42.

‡ Pers. خواب (*kheāb*)

to much speech", but it is of doubtful value. The word is originally *hy-vaçā** (सुवचाः) but drops the *u* owing to the rule of Av. orthography that three exactly similar strokes should be reduced to two. Thus *uv* and *iy* become *v* and *y*†. *hy + vacā* > *hvacā* cf. *cārvāk* < *cāru + vāk*; *uru + vaçā* > *uru*.

pāpō-vacā (अप.)—Whose words protect. √ *pā* (प)†. The Pah. says *pānak gowišn* (lit. protecting speaker).‡ Kan. says that it means "reciting the *Pāpa-Nask*", which he explains is one (the 6th) of the 21 books which made up the Av. texts in the days of the Zoroastrian Empire. This *Nask* is said to have dealt with the seasons of the year and their appropriate ritual. Dar. agrees with the Pah. version as also Nair. (Skt.) रक्षावाचम्.

pairigā-vacā (v. l. °gā-va°, Jack.) (अप.)—Who properly chants the (sacred) words everywhere (Barth. Wb. 864). He derives it from *pairi* (परि) and √ *gāy* (गै) to chant and compares the Skt. सामगाः. "Speaking timely words" (Dar. and Jack.). The Pah. has *pa hangām gowišn* (speaking according to the time) and Nair. (Skt.) says यन् वेदां युज्यते वक्तुम्. Kan. sees here also a reference to another *Nask*—the 8th—which dealt with ethics. Kan. is certainly correct as far as the names of the *Nasks* go, but probably the meanings of the names themselves are as indicated in the Pah. version. And there is perhaps also a play on words. Mills trans., "who intones our hymns on every side". पाइताः.

paiθimnō—1/1 pres. pt. atm. √ *pat* (in the 4th, दिव- class), to possess||. Lit. being master or lord of (with acc.) hence possessing, पत्यमानः||. The change of *y* to *i* is a common occurrence (Jack., A. G., § 63). The variant form *paiθimnā* (*Fravašayō*) is also found.**

vispōpaēsīm—2/1 adj. All-adorning, manifold; lit. of all brilliance. Mills says "of every brilliant form". "Of varied brilliance" Dar. ~~विश्व-रूपम्~~

nastīm—(cf. above Yas. IX. 22. Greatness (Kan.), understanding (Mills), wisdom (Jack.). नास्तिम् 17. - १३५.

pouru-āzaintīm—(cf. above *mat-āzainti*s (8). Rich in understanding (the meaning of the holy texts).

paurvatatəm—2/1. obj. of *paiθimnō*. Lit. "priority", hence "mastery" (Jack.); first place, pre-eminence. Mills, though he gives the sense all right, conveys the impression that this word is an adj. of *Haoma*.

21. *vāreθrayni*—1/1 n. Victorious. The form is made up of *vareθrayna* + *i* (*tad.* -affix). The वृद्धि is rather remarkable because in Av. the वृद्धि with *tad.*-affixes is rarer than in Skt. (Jack., A. G., § 825d; Whit. § 1204). As a matter of fact only about half a dozen instances, besides the present one, are quotable, the most common being *āhūiri* (belonging to the Ahura religion), *māzdayasni* (belonging to Mazda worship), and *hāvani* and *ārštya* above (IX. 1 and 11).

hazayrō-stūnənu—1000-pillared. *stunā* f. a pillar (स्थाणा (a var. of स्थाणु)).

* When written thus separately the *v* takes the initial form. † Jack., A. G., § 68. ‡ Quoted by Barth. Wb. 888. Lit. to be Lord (पति) of. पृथिवी पत्यमाना RV. VII. 18. 8. Yt. XIII. 12.

vīdātām—1 l p. pt. n. √ *dā* (धा) with *vī*. Built. Kan. trans. “strong”.
χ^{vā}-raoχšnam—1 l adj. n. *χ^{vā}* (खा=खन) + *raoχšna* (रोचन). Self-shining. Cf. Pers. روشن (*roshan*), shining. ~~शान्ति~~

antara-nāēmāt—5/1 of *nāēma* (n.) side. Cf. नेमधिनि, lit. “putting on the other side”, hence, battle*. Pers. ~~من~~ half *lit.* “one side”. Lit. from the inner-side, from within.

nīstara-°—outside.

22. *snaiθiś*—Mills trans. here, as elsewhere (10 and 16), battle-axe, or halbert. See also below 29 and 31.

vīśata—3 l impf. atm. √ *vīś* (विश्). Has become. Note the sg., each being a separate idea. Kan. trans. “has agreed to”, “has approved of”. He says the *Ahuna-Vairya*, etc., have agreed to serve as the weapons of Sr.

Yasnas-ca Haptayhāitiś—1 l. The *Yasna Haptayhāiti*. Lit. the *Yasna* of the seven *Hās* or chapters. *Hā* (chapter) is from √ *hā* (‘घा, घी to cut) hence it means lit. a part or section. This *Yasna* consists of chapters 35-42 of the *Yasna* portion of Av. The essential seven *Hās* are 35-41, *Hā* 42 being a supplement. It is given as Sel. XXI in Part II. ~~हस्त~~

Fṣuśas-ca Māθrō—1 l. Lit. the hymn (*Māθra*) of the cattle (*fṣu*—पशु). The hymn of prosperity. This is the special name given to the 58th *Hā* of the *Yasna*. The name is given on account of the word being repeated often in the hymn and aptly describing its contents. According to Yas. LXI. 33 this hymn formed part of the *Hādoxt Nask*.

-*karatayō*—1 3. Sections of the *Hās* of the *Yasna*† or of other hymns or religious works. “Verses” in the biblical sense. From √ *karat* (कृत) to cut. Pers. ~~کارده~~ (*kardeh*) section, P. Guj. करदा. The Pah. rendering seems to understand the word from √ *kar* (कृ) to do and trans. “acts of worship”. Nair. says ~~इजि~~ (sc. *Yasna*) कर्तुकाम. The Nir. says that the hymn *Yēphe hātām* is meant here because this is used in all sacrifices. Dar. follows this tradition and trans. “acts of worship”.

X. 23. *haozāθwa-ca*—3 l. n. Through good (or great) wisdom (Kan.): *hu* (हु) + *zāθwa* (√ *zan*—जन्, ज्ञा to know). Wise conduct (Mills); gracious knowledge, reverence (Jack.); thorough knowledge (Barth. Wb. 1738).

~~विप्र~~ *raēdyā-ca*—3 l. f. ~~विप्र~~ *च*; through knowledge. * ~~सु + विप्र + च~~

avāin (v. l. *avīn*, Kan.)—3 3 impf. par. √ *i* + *ava*. ~~अवायन~~, descended. Kan. takes his v.l. to be from √ *av* to protect and translates “(the Holy Immortals) protect (i.e. rule over) (the world)”.

avi—अभि. upon. Nair. trans. उपरि.

haptō-karšvarim—2/1 adj. f. (Consisting of the seven lands. (उपरि) ~~सप्तद्वीपवत्यां~~ (पृथिव्याम्) Nair. There are seven (*hapta*—सप्त) regions of the universe according to the Bun.† called *karšvars* (Pers. کشور—*kishwar*). The land and water are equal in area and the seven refer to the land-divisions. These are (1) *Xvaniratha* in the centre, (2) *Sarakhi* to the East, (3) *Arəzahī* to the West, (4) *Fradadafšu* and (5) *Vidadafšu* to the South, and (6) *Vouru-barəšti* and (7) *Vournjarašti* in the North. Modi (Dict.) seems to

* RV. I. 72. 4, etc.

† The *kardehs* in this hymn, for instance, are marked with roman figures.

‡ Bks. V and VII.

think they refer to the climatic zones of geography. Din., Bk. I mentions that because the earth is round only 3½ Karšvars are illuminated at a time. These are described in detail in Pah. books, especially in Bun. XI. There does not seem to be any communication possible, between the various Karšvars.

(1) *X^vaniratha* which is put last (and not the least, because it is best known to us mortals) in the old texts and is called therefore the *haptatha* (the seventh). There seems to have been an idea (Hād. I. 14.) that this is the only one inhabited by human beings. It is in the centre; and in its very centre stood the *Hara-barəzaiti* (see above 19).* It was the cradle of the Aryan race because the land of *Airyana Vaēja* was situated within it. Six distinct human races are said to have inhabited this continent (or zone?). The name *X^vaniratha* seems to have been derived from *x^vani*, splendid (✓*x^van* = to shine) and *ratha* (chariot?). The epithet *bāmi* shining is often added to it. (See below 31).

(2) *Savahī* (du.), lit., East, morning; cognate with *svar* (*sūrəm*), bright. The du. form is due to the fact that it is always associated with *Arəzehī*. (cf. रोदही). See also Kan., A. G., §§ 85, 87.

(3) *Arəzahī* (du.), lit., West. The name is connected with *ərəza* (darkness) in the comp. *ərəzaurvaēsa* (the second part of the first half of the night, i.e., the period between full darkness† and midnight). Barth. (Wb. 353) thinks that रात्रि is cognate.

(4) *Fradadafšū*—situated south-east from the central *X^vaniratha*. Kan. trans. the name as “Cattle-protecting” (Cattle-breeding?). This form also is du.

(5) *Vīdadafšū* (du.)—situated in the south-west. “Obtaining cattle” (?), “rich in cattle” (?).

(6) *Vouru-barəšti* (du.)—situated in the north-west. The name is from *vouru* (उर, high) and *barəšty* (बहि—peaks)—“the land of lofty peaks”.

(7) *Vouru-jarəšty* (du.)—situated in the north-east. *jarəšty*, बहि (?) is a variant of बहि, see Grass. Wb. 964 and 1679).

24. *yā. . . daēnayāi*—This *pāda* is included by Geld. in the previous verse. I have followed Jack. and Kan.; Mills too seems to have taken it the same way.

daēno-disō—Teacher (of religion); from ✓*dis* (दिश्) to show, to point out.

daēnayāi (v. l. °*yā* Kan.)—This is a tautology, hence probably Barth. (Wb. 667) marks the word as doubtful. For *daēnā* see Yas. IX. 26, above.

yām—Rel. pron. used in the sense of the def. art., Reich. 749-753. Cf. परि नो पाहि यदनम् AV. (Whit. § 512 b).

* Take मेरु among the Hindus. In fact Nair. trans. *Hara-barəzaiti* by मेरु. There seems to be a great deal in favour of the polar theory of the Aryan Homeland. See Tilak's book *The Arctic Home in the Vedas*, where he draws copious comparisons with Avesta. † According to the orthodox Parsi custom, full darkness begins when the hair upon the arms becomes invisible.

aya—3/1

daēnaya—3/1 f. Note the ending *-aya*; Skt. would have °अया.

fraoranta—3/1 impf. atm. √*var* (वृ) + *frā* (व्र). Note the atm. This is a “technical term” meaning to profess a religion, used with the ins. (Barth. Wb. 1362). The root is conjugated in the 9th (क्री) class. Thus also Jack.* Kan. trans. “was pleased”. Mills trans. “Ahura Mazda has been confessed with faith” (S. B. E., XXXI, p. 303), and adds in a footnote that this meaning, if correct, “would show a very great degradation from the lore of the Gāθās”. See below Yas. XII. 7. (Sel. V).

ašava—1/1. So Jack. and Kan. Mills needlessly takes 3/1 and trans. “with faith”.

frā—Note the *उपसर्गे* alone used for the repetition instead of the full verb; Jack., A. G., § 752. 2. Cf. *nī* used similarly above, Yas. IX. 17.

The six “Holy Immortals” are mentioned here by name and in their order. These names occur in the Z. calendar for the names of the first seven days of the month, that of Ahura-Mazda being the first.† These six *Amešā-Spēntas* are:

1. *Vohu-Manō*—lit., Good-mind. He is the principal of the Holy Immortals, and his name occurs throughout the Av. literature. He rules over the human mind and also over the animal kingdom. Especially he is the guardian of cattle; and hence on the day of the month bearing his name (the 2nd) and also during the whole month bearing his name (at present the 11th‡) orthodox Parsis abstain from meat. He is *Bahman* of the later Z. works.

2. *Aša-Vahišta* (later *Ardibesht*)—lit. Best-Righteousness. He is the Lord of Righteousness and Purity and is the *Aša* of the Gāθ. Later on, because fire became the material symbol of purity, he came to represent the Holy Fire. We Parsis use his name as synonym for Fire. He is also the keeper of the keys of Heaven.

3. *Xšaθra-Vairya* (later *Shahrivar*)—lit., Sovereignty at will, i.e. Supreme Sovereignty. He rules over the mineral kingdom and especially over metals. *or Vohu Kshathra (lit. the wished-for kingdom, the good kingdom.)*

[It may be noted in passing that these three are orig. neu. in form as is also evident from the text where the names are 1.1. The next three names are fem.].

4. *Spēnta-Ārmaiti* (later *Spendārmad*)—lit. the Holy Ārmaiti (=Harmony, or Bounty?). She rules over the Earth and Womankind and typifies Wisdom and Obedience. *humility.*

5. *Haurvatās* (later *Khurdād*)—lit. Wholeness, or Perfection, or Salvation. She rules over the waters. She is constantly in association with *Amərətātās*.||

6. *Amərətātās* (later *Amerdād*)—lit. Immortality. She represents the

* See also Jack., A. G., § 62. 2.

† See Sirozāh II. (Sel. XXIV, Part II). See also Int. and also Mod. Dict.

‡ Originally the 2nd month. See Introduction.

|| Hence used in the du.

See Kan., A. G., §§ 85ff.

Immortal Life. She rules over the vegetable world. The last two form a pair which in other mythologies are represented by "the waters of life" and "the tree of life".

frašno—𑬫𑬀𑬔𑬀; Pers. پرسش (*pursish*) question. Jack. thinks this means the Revelation of God personified. Kan. takes it to mean "he who questions regarding the faith or God", i.e. a seeker after God. Dar. renders it like Jack.* Barth. (Wb. 813 and 1010) says that it refers to the questions asked by Z. to Ahura which were answered by the revelation of Ahura's word.† In any case the sg. is used collectively for plu.

-tkaēšō—see above, Yas. IX. 13. Jack. trans. "the Law of Ahura". Kan. says, "the Teachers of the Law of Ahura". Sg. used for plu. It may be noted that in Gāθ. the word, when used by itself, implies a false doctrine. Hence we always find in Y. A. the epithet *Ahura* (or some derivative of it, e.g. *āhūriš*) prefixed to it. Cf. *paoiryōtk°*, Yas. XXVI. 4. (Sel. III). Mills translates this passage very loosely thus: "and the question to the Lord is asked and Mazda's lore (is written)".‡ I have adopted Kanga's trans. but the following alternative may also be suggested for the last line: "which also did reveal (lit., did profess) the questions (put) to Ahura (by Z.) and the revelation of Ahura (in reply)".

25. *frā*—𑬫𑬀 used as a prep. in the sense of "for" or "during".

ada—here (Kan.); then, so (Jack.). Barth. (Wb. 55-56) says that the word is an adv. and means "therefore." It is used always at the beginning of a sentence or clause and with the opt. to imply a wish or invocation. He regards the *frā* put first in this clause as wrong. See below also.

'vaēibya—4 2 of *dvay* m. The dropping of the initial *d* is paralleled, in Lat. *bis*, Guj. बि, also in विंशति Geld. text prints the medial form of the *v* for this word, hence I have used the apostrophe in the transcription. Jack. explains this as connected with उभाभ्याम्—G. A. *ubōibya*—Y. A. **uvaēibya*—**uvaēibya*—*'vaēibya* (A. G., § 6, note 1).

ahubya—4 2 m. Kan. trans. this by "life" (जीवमौ) and in the next *pāda* by the word "world" (दुनिया). It is better to take both the times in the former sense and understand the repetition as for emphasis. Mills takes it thus and trans.: "for the lives; yea, for both".

nō may be taken as 2/3 or 6/3 and either will give good sense.

nipayā—2/1 opt. par. Kan. takes it as ben. mood.

ai—Oh! Pers. ای (*ay*).

ahe-ca aghūs—Note the case. Trans. "(the life) of this world". *ahu* (*aghu*) here means the world.

manahyō—1/1. Lit. belonging to the *mainyu* (spirit), hence spiritual. Nair. Skt. trans. says परलोकौ. Mills trans. "mental".

pairi—परि, against, from.

drotat—Wicked, fiendish (Jack.). So also Barth. (Wb. 777)|| who

Quoted by Kan. in a footnote Kh. A. b. M., p. 291.
Ust. XLIV (Sel. XVI). † S.B.E., XXXI, p. 303.

‡ Cf. Yas. XII. 5-6 (Sel. V), also Gāθ.
See also Jack., A. G., p. xxv, § 34.

regards this as a variant of *dragvañt* (*druj*). See also Yas. IX. 8, above. Mills takes it as “unhappy”. Kan. gives the lit. sense of “rushing on”, “attacking”. Nair. Skt. trans. says दुर्गतिमान्.

drvatbyō—5/3 adj. qualifying *haēnaēibyō* (f.), but the form is m. or n. The sense is the same as *patāibiyā* in Yas. IX. 18.

us . . . garawnān—3/3 sub. pres. par. class 9, $\sqrt{\text{garaw}}$. Lift against; lift up high (Kan.). Cf. Skt. $\sqrt{\text{गृह्}}$ (*गृह*). ८१.

xrūrom—क्रूरम्, cruel, bloody (Mills). See *viṣrumantem* above 10.

drafšēm—Banners (sg. for plu.). So Mills who trans. “spears” but adds in a footnote* that probably “bannered spears” are meant. If this is true it may refer to lances such as our modern lancers use. Barth. (Wb. 771) translates this in the sg. and says it typifies the enemy of Irān. Cf. Yt. I. 11. *haēnayās-ca . . . xrūrom drafšēm barəntyā* (of the army bearing the bloody standard). Skt. द्रुष, Pers. درفش (*dirafsh*), banner, Fr. *drapeau*. The famous national flag of Irān was called the *Gāuš drafšō* (Yas. X. 14.)† which had been, according to the story (in Shāh. and elsewhere), originally the leather apron of *Kāva*, the Blacksmith. He was a subject of Zohāk (Aži Dahāka)‡ and he rose in revolt when two of his sons were required to feed the two monsters growing from the tyrant’s shoulders. Probably also a bull’s head was embroidered upon the original standard; P. Guj. मायानी भुंजो.

parō—Against, with abl.

draomābyō—5/3 of °man, n. Assaults, onslaughts; a *daēva*-word.

yā (f.) as it stands may refer to *haēnā* (f.) of the previous line. But more probably it refers to *draoman* (n.) being merely influenced by the *yā* in the previous line. Suggested reading *yā*, which is the real 2 3 of the n.

duždā—1 1 m. Evil-minded, evil-knowing (Kan.). From *duš* + *dāh* (f.), wisdom; *धा (धी).

drāvayāt—3/1 caus. sub. pres. par. $\sqrt{\text{dru}}$. Causes to rush, i.e. launches (against us). Sub. in rel. clause, as in Skt.

maṭ usually governs ins., here it is irregularly the abl., probably due to the influence of *maṭ* itself which is orig. 5 1 (see above 8).

Viḍātaoṭ (v. l. °dātaoṭ Kan.)—The Demon of Destruction; Death (Kan.). From $\sqrt{\text{dā}}$ (धा) + *vī* (वि), to destroy. As a proper name it is used for a Demon usually associated with Aōšma and Vāyu (वायु). Generally he is known by the name *Astō-viḍātu* (lit. bone-breaker), i.e. the destroyer of the *astvaiti gaēṣā*. Also found as *Viḍōtu*.|| Probably he is the विषाह of RV., who is a separate deity in RV., VI. 50. 12; IX. 81. 5; etc.

daēvō-dātāt—The *daēva* here is the arch-fiend Anrō-mainyuš.

26. *ada* here begins the sentence as it should. See above 25. The Skt. अथ is also used in the same sense of “therefore” and also occurs as the first word of the sentence generally; cf. RV., I. 55. 5, etc.¶

* S. B. E., XXXI., p. 303.

† Sel. XIX, Part II.

‡ Yas. IX. 8, above.

|| Modi. Diet.

¶ Grass., Wb. 42-43.

*dayā*²—2/1 aor. opt. (ben.) √*dā* to grant.

hitaēibyō—4/3 of *hita*. See above, Yas. IX. 22.

tanubyō—to (our) bodies.

pouru-spaχštim—Complete subjection (Kan.); full watch over (Jack.).

From √*spas* (cl. 4), to see; cf. *स्य* (spy), *पश्यति* (* *स्यति*), Lat. *specio*. The pri. suf. *-ti* is added and the *χ* is inserted before the conjunct *št* (see above Yas. IX. 21). Pah. trans. says *pūr pāspānih* (Pers. *پاسبانی*—*pāsbāni*) “keeping full watch”. The word occurs only in one other place, Yt. IX. 1 (Sol. XXII. Part II), where Kan. trans. correctly like Jack.

ibišyantām—Kan. trans. “of the envious (*अदेष्ट*) people”.

paiti-jaitim—Smiting down. From √*jan* (*जन्*) + *paiti* (*प्रति*). *प्रतिष्ठा* (स्था)

dušmaīnyunām—Lit. evil-minded (towards us), hence enemies. Pers.

دشمن (*dushman*), enemy. *दुश्मन्*—*दुश्मन्*

haθrā-nivāitīm—Complete conquest. *haθrā* (complete) is the same as the Skt. *सत्र* (Ved. *सचा*) which is made on analogy of *अत्र*, *तत्र*, *यत्र*, etc. and means everywhere (*सर्वत्र*). Cf. *सचादम् . . पौष्ट्यम्* RV., V. 35. 4; *सचाजित् इन्द्रः* RV., IX. 27. 4, etc. *nivāiti* is from √*van* to conquer, to win + *nī*; hence it means conquest or overthrow. Barth. (Wb. 1764) trans. “conquest at one stroke”, taking *haθrā* = at once. Kan. in Kh. A. b. M. (p. 292) trans. “strength to overthrow” but not in Dict., where he agrees with the rendering of Barth. *विराजि*—Conquest.

hamarəθanām—Adversaries, foes (Jack. and others). Better take it lit. as “gathered together” (p. pt. pass. of √*arə*, *अर*). Cf. *समृति* a fight (RV., I. 32. 6, etc.). *who have assembled for battle*. *समृ*—“to go”.

aurvatənanām—Inimical, unfriendly. From *a* (neg.) + *urvata* (friend). The latter word is from √*var* to choose. One of the sons of Z. is called *Urvaatə-nara* (Friend of humanity?).

27. *auruša*—The Pah. version and all commentators say “white.” The names of colours are not very clear in ancient languages. The word is cognate with Skt. *अरुष** and *अरुण* in both of which the idea is that of red. The word also occurs in the *Tir Yašt* (Yt. VII. 2) where *Tir* (the star Sirius) is called *aurušaṃ*, *raoχšəṃ*, *frāderəsrəṃ*. Kan. there translates *aurušaṃ* correctly as “red”.†

frāderəsrə—Beautiful (Kan.); seen afar (Jack.); shining forth (Barth. Wb. 1015). √*darəs*, *दृश्* + *frā* प्र. Vedic *प्र* (* *प्र*)

spənta—Holy. Mills objects to horses being called holy and suggests the trans. “powerful”. The idea is that they are divine (see *asaya* below) and that they are bringers of blessings somewhat the same as Skt. *भद्र* in *भद्रा अश्वा हरिताः सूर्यस्य* (RV., I. 115. 3).

vidvāṇhō—Wise, knowing, विदांसः. Mills says, “quick to learn”.

* E.g. in *रिषाक् कृष्णो अरुषाय पन्थाम्* (RV., VII. 71. 1). † Sirius, as is well known, has changed his colour. The Iliad mentions him as red in colour, in fact the name itself signifies “fiery” or “burning”. Seneca compared the star to Mars in colour and Ptolemy has put it down as red. (A. Clerke, *Problems in Astrophysics*, pp. 225ff; E. W. Maunder, *Astronomy without a Telescope*, p. 114).

asaya—Shadowless (Jack., A. R., p. 40)—अशाय. Cf. Pers. سایه (*sāyā*) shadow. This is a well-known characteristic of divine beings, as contrasted with the beings of the material world, that they cast no shadows. The same idea is found in Hindu mythology, e.g., Mbh. III. 57. 25. Mills proposes to read *āsava* (swift).*

mainivasayhō—Darting through heavens (lit. the spirit-world). From *mainyu* + *asah* (space, cf. आश). Kan. (Dict.) suggests as an alternative that the comp. is made up of *mainyu* + *vasayh* (divine will) and trans. “moving in accord with divine will”. Mills seems to have had some such idea in his mind, for he trans. “heeding orders from the mind”. The epithet is used for the horses of Sraoša and Miθra; and in one place† it is used for an arrow.

vazanti—Bear, वहनि.

srvaēna—1/3 m. Hard (lit. horny). Cf. *srvara* above Yas. IX. 11. Kan. very strangely trans. “leaden”, probably misled by the Pers. سرب (*surb*) lead. < श्रु + ...

safāyhō—1/3. Hoofs, सफासः. Note the Ved. plu. in -वासः. (सफा like रक्ष)

zaranya—3/1. With gold, दिरण्या.

paiti-θwaršāyphō—1/3 p. pt. pass. θwar + *paiti*. Shod (Jack.). The θwar (θwaras) is inchoate and means “to create”, “to cut”. (See also Gāṇ. Alu. XXIX. 1.)‡ Covered with (Mills); gilt with (Kan.); chased with or inlaid with (Barth. Wb. 795).

28. *āsyayha*—1/2 m. com. of *asu* (आशु). Swifter. असीयस्

aspaēibya—5 2. The abl. is used as in Skt. The horses of Sraoša number four, but each pair of them is compared to and contrasted with a pair of earthly objects hence the du. throughout. Barth.‡ thinks that this passage is a later insertion. The want of metre is perhaps a supporting bit of evidence.

vāraēibya—Rain (showers). Mills trans. “rain (-drops, as they fall)”. (Cf. Skt. वारि, Pers. باران (*bārān*) rain.

maēyāēibya—5 2. मेघाभ्याम्.

vayāēibya—Birds; Skt. वि.¶ It may be noted that the word is used in Veda for the flying horses of the Aśvins (RV. I. 104. 1. etc.) or for those of the Maruts (RV., V. 53. 3).** वयस्यः

hrapatarataēibya (v.l. *hupal°*, *patarataēibya* Geld.). Well-winged (Mills). * ह्रपवित. Note the *hva* for *hu*. ह्रपवित: (ह्रप)

hvastayā—6/2 (? for 5/2). Well-aimed. Note the sudden change of case from abl. to gen. वृ + क्त (वृ + क्त) वृत्त

aīghhimanayā (v. l. *ayh°*). Barth.). 6/2. pres. pt. pass. अघिमानयोः. Barth. says that this form is a variant of *ayghyamanayā* (Wb. 279). Mills trans. “arrow as it flies”. Ho notes†† a v.l. *ajhe manayā* (himself reading

* Gold. does not note this among his v. l. though he mentions *aśava*, an evident mistake.

† Yt. VIII. 6; Kan. is not quite correct there in his trans., Kh. A. b. M., p. 221. ‡ Sol. XV. below. || Wb. 342. ¶ RV., I. 25. 7, etc. ** Grass. Wb. 1265. †† S.B.E., XXXI, p. 304. ftu. ‡

ayhamanayā) and for this reading he suggests the trans. "swifter than one's thought (?)".

29. *yōi*—1/3. ये. Note again the change from du. to plu. (the four horses).

—*vīspā tē* referring to the *aspa*, *vāta*, etc., of last verse.

apayēinti—3/3 pres. par. √i (इ) + *apa* (अप). Overtake. अपायति

3/3 *yā*—3/2 obj. of *paskāt*. Kan. reads *yōi* undoubtedly through the influence of the previous *yōi*. = यईन(म्)

ave—1.3 pron. stem *ava*. They. Skt. एव and Av. *āeva* (one) are cognates. Kan. reading *yōi* as noted above takes this as 2/3, and trans. the *pāda* thus: "(Those) who go in pursuit behind them", and connects it with what follows. The reading of Geld. would connect this with the preceding *pāda* (see trans.). *ava* (in P₂ formation); *kāu* (in G. 4) = skr. *asāu*

paskāt—adv. Behind, पश्चात्.

vyeinti—do in pursuit. √i + vi. *vj+ yanti* (यजि) cf. यजति।

āfēnte—3.3 pres. atm. √āp to obtain. Are overtaken. Note atm. used in a pass. senso. Kan. takes it as active in senso and trans. "they (those that go in pursuit) never overtake them (the horses of Sraoša) from behind".

vaēibya—3/2 n. See above 25. (1.80).

snaiḍižbya (v. l. *žibya*, Kan.)—3/2 n. Note the *ž* owing to Sandhi, the surd *š* becoming sonant *ž* while combining with the sonant *b*. Mills seems to take it as 5.2 and trans. "from both the weapons (hurled on this side and on that)". Barth. is unable to give any reason for the du.* The weapon of Sraoša is a sort of double weapon, a sort of halberd with a spear-point and an axe-head [see above *storaḍwata snaiḍiṣa* (10) and *ərəḍwa snaiḍiṣa* (16)]. Or could it be because it was a two-handed weapon wielded by both hands (see *zastayō* below 31) ?

frāyatayeinti—3.3 pres. par. Speed on. √yaṭ + *frā*. ३-यायति (Vedic, ३-यायति)

vazəmna—1/3 m. pres. pt. atm. of √vaz, वह्, to bear. Bearing, carrying. Kan. takes it as 3/1 of a noun *vazəman* and trans. "in a chariot". Cf., रथेन वहन्ति.

yaṭcit . . . *yaṭcit*—Whether . . . or whother . . . Kan. takes the first as the rel. referring to Sraoša just as *yaṭ* was used above (Yas. IX. 4.) for Yima.

uṣastaire—7/1 adj. com. of *uṣas*, eastern. Easternmost. उषस्तैः

7-10 *Hindvō*—7/1 m. India. Dar. trans. "river" and says it is the Indus. *Sindhū*.

āgəurwayeite—3/1 pres. atm. √garəw (ग्रह्) + *ē* to seize, to take. Kan. (also Mills) trans. "takes (his course)".

daoṣataire—7/1 adj. com. of *doṣas* (cf. प्रदोषः). Westernmost.

Niṣne is practically *ān*. and is taken in the most varied fashion. Jack. and Barth. take it as 3/1 pres. atm. of √gan (गन्) + *nī* and trans. "smites down". Mills trans. "alights" (from his chariot). Kan. (Kh. A. b. M.) in

follows Mills in his trans. of these two *pādas*: “When he takes his course from India in the East and when he alights dōwn in the West”. Dar. v says* that Sraoša starts from the river in the East (Indus) and alights at the river in the West (Tigris). Barth. (Wb. 1814) gives a trans. of this ii passage which is not very clear to me: “Whether he seizes it in Eastern India or (whether) he is in the West and throws it down”†; the “it” probably refers to the *snaiθiś* (see also Wb. 492). Kan. in his Dict. (p. 292) iv has the very illuminating suggestion that the word means *Niniveh*, though he does not give any references about this. The word *Niṇye* occurs in two places only, and in both the passages—here and *Yt. X. 104*—the first two *pādas* are identical. The latter runs as follows:—

yejhe darəyā-ciṭ bāzava fragrəwənti Miθrō-aojayhō,
 + *yaṭ-ciṭ ušastaire Hindvō (āgəurvayeite)*
yaṭ-ciṭ daošataire Niṇye
*yaṭ-ciṭ sanake Rayhayā*²
yaṭ-ciṭ vīmaidəm aiṇhā zəmo.

The last two *pādas* may throw some light on the nature of the word *Niṇye*, because evidently the four *pādas* are equally balanced. The phrase *sanake Rayhayā*² also occurs in *Yt. XII. 19*, where it is in contrast with *aodaēšu Rayhayā*² (18). These are rendered generally by Barth. as the “mouths of the *Rayhā*” and “the source of the *Rayhā*”. This river is identified with the Tigris by Dar., but the identification is not certain.‡ At any rate the “mouths of the *Rayhā*” are generally placed in the South. The Pah. work Bun. mentions (XX) two big rivers the *Arang* (= Av. *Rayhā*) and the *Veh-rōt*, which both rise out of *Hara-barəzaiti*; the former flows to the West and the latter to the East. But neither of these have been definitely identified (Barth. 1510-11). The *vīmaida* has been translated as the centre of the earth, the region of *Hara-barəzaiti*. This is where the *aoda*|| (or the headwaters of the *Rayhā*) are to be found. The name *aoda Rayhayā*² is found in Ven. I. 19 as the name of a country which was a republic.¶ When Ahura Mazda created this land, against it Agra Mainyuš created bitter cold winter. This points to a region in northern latitudes.** Thus the passage, *Yt. X. 104*, refers to lands at the four cardinal points. And in order to balance the first two of those *pādas* we must take *Niṇye* as the proper name of a land to the West. Hence the suggestion of Kan., that *Niṇye* might be *Niniveh*, is not so fanciful as may appear at first sight. Also note that the word *āgəurvayeite* is metrically an extra, and even if omitted the sense of the passage is quite clear.

30. *barəzō*—Tall.

* Quoted by Kan., Kh. A. b. M., p. 293. † “Auch wenn er im östlichen Indien ist, er packt (ihn); auch wenn er im westlichen ist, er schlägt (ihn) nieder.” ‡ It may have originally been identical with Skt. रसा (river) and then applied to a special river; cf. सिन्धु. || Skt. अश्वः. ¶ *asārō* (Barth. Wb. 210). ** Dar. states that the north basin of the Tigris is noted for its severe cold. But I think that we must seek much further north for our land of *aoda Rayhayā*.

barəzyāstō—High-girded, i.e. with well-girt loins; “so high, yea, even to the girdle” (Mills). Pah. says *buland aiwyāst*. See above Yas. IX. 26.

dāmān—See above 2. The form is here used for 7/1. *𐬔𐬀𐬨𐬀* (val. loc. = classical 𐬔𐬀𐬨𐬀, 𐬔𐬀𐬨𐬀)

nīṣayhasti—3/1 pres. par. √ *hau* (𐬔𐬀𐬨𐬀) + *nī* (𐬨𐬀𐬔𐬀𐬨𐬀). Sits down. Pers. *نشین* (*nishastan*) to sit. Jack. trans. “descends to”, and Mills says, “stoops to.”

31. *āθritīm*—Thrice: cf. *āχtūrim* Yas. IX. 14, above.

hamahē—6/1 n. Entire. The sense is 7/1 (or 2/1 ?)—“during the entire day”. cf. *𐬔𐬀𐬨𐬀*: - summer, year: cf. *𐬔𐬀𐬨𐬀*.

ayān as opposed to *χšapō*. See above 17.

hamayā—6/1 f. *hama* = *𐬔𐬀𐬨𐬀*

χšapō—6/1 of *χšap*, night. The stem *χšafan* is also used.

karšcarō—2/1 n.

arazāiti—3/1 pres. par. √ *raz* + *ā* to arrive at (acc. case). Lit., ‘drives towards. *𐬔𐬀𐬨𐬀* Av. Z < f. l. r. h > *𐬔𐬀𐬨𐬀* h

bāmim—This epithet is applied invariably to *Xvaniraθa*. It is from √ *bā* (𐬔𐬀) to shine out. Hence it means brilliant, magnificent. In Yt. X. 50, this epithet is used for *Hara-barəzaiti*. And in Ven. XIX. 28 (Sel. XIV) the same epithet is applied to the dawn. (cf. Pers. *دawn* (*bāmlād*) dawn.

zastayō (v. l. *°taya*, Geld., which is 7/1)---7/2. This is the reading adopted by Mills; Kan. has like Geld. In both (his) hands, *𐬔𐬀𐬨𐬀*; Mills adds in a note (S.B.E., XXXI, p. 305) that the *snaithis* must designate a double-handed weapon. This is probably also the reason of the dual *snaithizbya* above (29).

drazimnō—1/1 pres. pt. atm. √ *drag* to hold. Cf. O. Bul. *drāzati* to hold. Perhaps the Skt. *दृढ* (firm) is connected. See *drājayha* above, Yas. IX. 26; also Barth, Wb. 774. *𐬔𐬀𐬨𐬀*: - Elevation. *𐬔𐬀𐬨𐬀* < *𐬔𐬀𐬨𐬀* - *𐬔𐬀𐬨𐬀* *𐬔𐬀𐬨𐬀*

brōiθrō-taēžəm (ān.) (v. l. *barō* Kan.; *°tižəm*; *°taēžim*, Barth. Wb. 973) —Sharp-edged; sharp as a knife (Jack.). *brōiθrō* means “sharp” according to Barth.* Kan. (Dict.) says it means a weapon for cutting such as a knife; from √ *brāj* to cut; cf. *𐬔𐬀𐬨𐬀*, Pers. *بریدن* (*burridan*) to cut. *taēžəm* sharp; cf. *वेजस्*, *तियस्*, Pers. *تیز* (*tiz*) sharp, *تیغ* (*tigh*) sword, *تیر* (*tij*) arrow; Arm. *tegh* lance.

hvā-vaēyam (ān.)—Striking of itself (Jack.); which flies as of itself (Mills). Pers. trans. says, *نیک راند* (*nik ravandā*), well speeding. Whose stroke is strong (Barth. Wb. 1855), so also Kan. The word can be equivalent to *खवेगस्* or *सुवेगस्*. But though the Skt. *वेग* is connected, the Av. *vaēya* means “stroke” when used by itself, as in Yt. X. 98, and in compounds it means “impact” (Barth. Wb. 1313). If we adopt the rendering of Mills it would again emphasise the double nature of the weapon which has a sharp edge and which can be hurled like a javelin. Self-flying weapons are common to all mythologies. *𐬔𐬀𐬨𐬀* (*𐬔𐬀𐬨𐬀*, *𐬔𐬀𐬨𐬀*)

* The word is found in Ven. XVII. 2 and 4.

kamərōde—2/3 n.

32. *snathāi*—dat. inf. √*snath* (अथ्) to strike.

xrviṃ-draoś (v.l. *xrvi-draoś* Kan.)—6/1 adj. Of wounding mace (Jack.); of terrible weapon (Kan.); of bloody spear (Mills); Nair. Skt. *हिंसाशस्त्र*. Barth. regards the word *dru* as connected with I.E. **dru* tree (cf. *द्रुम*, *दाव*) and trans. “mace” (Wb. 540).

33. *idat-ca*—Here *इह* (as opposed to *प्रेत्य* or *असुन*). Orig. an abl. form, found also as *idāt*.*

ainidāt-ca (अपि.)—Hereafter, in the other world. **अनिह*.

aipi—Even, especially; *अपि* (but more with the force of एव). It emphasises the second *idat-ca*; “especially here”, *इहैव*.

vīspā—2/3 f. All (the mighty deeds), Kan. (referring to the *vanaitiś* below); Mills says “all (the gifts)”.

tanu-māθrahe—6/1. Whose body is the *Māθra*; the Word incarnate (Jack.); incarnate in the *Māθra* (Mills, S.B.E., XXXI, p. 194, ftn. 2). *तनुमथा*

hām-varaitivatō (v.l. °*variti*°, °*varēti*°, Kan.)—6/1. Endowed with manly courage (Jack.). Barth. (Wb. 1810) notes that the word *hām-varēti* is always used with *nairyā* manly; from *hām* (सम्) and √*var* (वृ) to cover, to endow. Mills renders “armed with shielding armour”. Kan. says “protector” (he who shields us round).

bāzuś-aojaphō—6/1. mighty armed; lit. “he who strength is in his arm”. Cf. *सहाबाहुः*.

raθaēštā—Warrior; lit. “he who stands up in the chariot”; **रथेष्ट*. This is the second of the three castes of the “twice-born” (*द्विज*) in ancient Persia.† These three are *Āθrava*—Priest (Yas. IX. 24 above), *Raθaēštār*—Warrior, and *Vāstrya*—Agriculturist. The fourth caste is *Hūitay*—Artisans. These are named in Yas. XIX. 17. (Sel. VIII. a).‡

-janō—6/1. Smiter; √*jan*—जन्.

vanatō—6/1 pres. pt. √*van* to conquer.

vanaitiś—2/3 f. Victories. For the *-ti* suffix see Whit. § 1157 g.

vanaitivatō—6/1. Possessor of victory; Lord of victory.

vanaintīm-ca—2/1 f. pres. pt. par. √*van* used as adj. Pertaining to victory, conquering.

uparatātōm—2/1 f. Superiority; *उपरताति* (cf. RV. I. 151. 5. and VII. 48. 3.||)

Arštōiś—6/1 of *Aršti* f. *Arštāt* or *Aršti*¶ is one of the *Yazatas* typifying the virtues of Loyalty and Obedience and Rectitude. Later known as *Āstād*. Cf. *अष्टिषेण* a Vedic name, whose son *आष्टिषेण* is mentioned thrice in RV. X. 98.

34. *-pāta*—2/3 n. Guarded.

* Yas. LXVIII. 21. † See Int. §. ‡ Also Barth. Wb. 908 (under *pātra*); Reich., A. R., p. 106.

|| उपरताति वन्धन्. ¶ The form *Aršti* as a proper name occurs only here.

yəṇhāda—Wherein. Orig. an abl. f. rel. pron. used adverbially.

fryō friθō—Loving (and) beloved; प्रियः प्रीतिः. Kan. reads *fritō*. The Eng. word *friend* is cognate.

paitizantō etc.—See above 17.

 Righteous⁹.

Lit., "which". † Lit., "in this house". ‡ Lit., "pious".

NOTES.

1. Kanga: Khordch Avestā bā Māenī, pp. 382-387.
2. Jackson: Avesta Reader, No. 2.
3. Mills: S.B.E., XXXI, pp. 278-279.

The conception of *Fravašis* is a special feature of the Z. faith.* They are the eternal part as it were of all sentient beings in the universe. Human and higher beings have *Fravašis*. According to this Yas. the human being is made up of five principles—*ahu*, *dāna*, *baodah*, *urvān*, and *Fravaši* (see below 4).† Each sentient being from the human‡ up to Ahura Mazda himself has got his or her *Fravaši* existing through eternity. “The *Fravašis* of men are the archetypal souls clothed in ethereal forms, after whose model each human being is formed on earth The very conception, however of a *Fravaši* as an archetypal causal soul, implies that each *Fravaši* is the pattern type both for the inner powers, and the outward form of bodily existence. The body of each man, with its peculiar physical, mental, moral, and spiritual capacities, is shaped and formed after the model which each particular *Fravaši* presents, and therefore it has to be admitted that the differences that we find among men, are due to the differences in the archetypal souls or *Fravašis* which inhere in mortal bodies We have now to find some explanation as to the differences among the *Fravašis* themselves. Has the Almighty created these differences among the *Fravašis* simply to please His Divine Will, or is there a profound plan, an inscrutable justice, underlying the creation of these differences? Limited and faulty though our conception of Divine Power may be, we can never dissociate the ideas of harmony and justice from the acts of God, and according to that view, we cannot but take it for granted that, owing to numerous and sufficient causes, the *Fravašis* as they arise in the invisible world are made with comparatively endless differences. The *Fravašis* are not special creations without a past, nor are they created all at once for the first time. They are as much the product of evolution and of slow and steady growth, as everything else in this world”.|| The *Fravašis* are, therefore, a part and parcel of the human being, and even when the man passes away from this earth the *Fravaši* “lives on” and helps God in His work of evolution. Of course it is but natural that in the Av. only the *Fravašis* of the good and holy ones are mentioned and adored, but that does not prove that the wicked have no *Fravašis* at all. Only they are of no use for helping the good creation onwards until they themselves come over to the path of *Aša*. The late Prof. Moulton takes a somewhat limited view of the *Fravašis*¶ and though he draws a number of very interesting comparisons with the ideas of ancestor-worship and of the *genius* among the Romans still one cannot quite agree with his essentially Christian point of view. The biggest

* See also Introduction. † For details see Introduction. ‡ The *souls* of various animals are mentioned in Yt. XIII. 71, but not the *Fravašis*. § Khan Bahadur N. D. Khandalawala in an article (*Fravokard and Rebirth*) in the *Cama Memorial Volume*, pp. 200-215. ¶ *Early Zoroastrianism* (Hibbert Lectures 1912), pp. 254ff.

aṣāt apanotəmām-ca—Cf. above, Yas. LVII. 4. Mills. trans. “one that attains the most its ends because of Righteousness”. Dar. and Kan. trans. “supreme in holiness”. ~~अस-अपनोतमाम-का~~

3. This verse is the same as Yt. XIII. 82.

ṣṣāetanām—The Rulers (Kan.). See above *Yimō-ṣṣāētō* (Yas. IX. 4). Mills and Jack. trans. “shining” or “brilliant”. The Holy Immortals are the rulers of the various activities of the world under Ahura Mazda. See above Yas. LVII. 24; also Introduction.

varēzi-dōiθranām (अ.)—Of effective glance (Mills and Kan.); whose looks perform what they wish (Dar., S.B.E., XXIII, p. 199); of beneficent glance (Jack.).* Lit. the word means “of effective eye.” √*varēz*. The comp. *varēzi-cašman* is also used for the Fravašis—*yā* (sc. *fravašayō*) *hudōi-θriš varēzi-cašmanō sraoiθriš* (Yt. XIII. 29), which is rendered by Barth. (Wb. 1421) “who are fine-eyed sharp-eyed and sharp-eared”.

aiwiyāmanām—Very strong (Barth., Wb. 97) from *aiwi* + *ama*. The sup. form *aiwiyāmatama* is found in Yt. XIII. 3. and elsewhere. Mills trans. “devoted”; Kan. says, “coming for help”, from *aiwi* (*avah* ?) + √*yā*; Dar. says, “quickly coming to do”.

aiθyajāyāhō—Without corruption (Barth., Wb. 66–67). Neg. of *iθyajah* corruption, the *i* being epenthetic; cf. Vedic ~~अजः~~ (assault) in RV., I. 119. 8, etc. ~~अ-अजः (अजः) - अजः~~

4. The verse is the same as the first half of Yt. XIII. 149.

paoiryanām-ṭkaēšanām—Those of the ancient faith. The Z. faith has always recognized the ancient Mazda-worshipping (*māzdayasni*) faith† of the Aryans, which was the faith of Irān in the days before *Zaraθuštra*. The later religion of Z. is called *daēnā māzdayasni yā āhuiṛiṣ zaraθuštriṣ* (Yas. XII. 8; see below, Sol. V).

paoiryanām sāsnō-gūšām—Those who first listened to the commandments (of Ahura). These were the ancient Teachers and Prophets of the Māzdayasni faith. In Yt. XIII. 87 *Gaya Marətan* is said to have been the first to listen “unto the thought and teaching of Ahura Mazda” (see below *Gayehe Marəθnō*, verse 5). From *sāsnā* (~~शासन~~), commands or teaching, and √*guš* to listen (cf. ~~गुश्~~, ~~घोषण~~, Pers. گوش *gūsh* ear). Kan. says it refers to those who first listened to the teaching of *Zaraθuštra* and thinks that the first disciples of Z., *Maiḍyō-Māṇha*, *Vistāspa* and others (who are mentioned in Yt. XIII. 95–110), are meant.

aṣaoninām-ca—One notable feature of Z.’s teaching is the absolute spiritual equality of woman and man. In many other places we get the mention of men and women together on equal terms. See above the prayer

.e. not “evil-eyed” (Kan., Kh. A. b. M., p. 384, ftn.).

† See above, Yas. IX. 26.

Yejhe hātām (Yas. LVII. 4) and verses 6, 7, 8 and 10 of this selection. In Yt. XIII verses 139–142 (comprising the 30th Kardeh) are devoted to the holy women of Irān beginning with Hvōvi, the wife of Z. It is also notable that among the six Holy Immortals three are of the feminine gender.*

ahūm¹-ca daēnā²-ca baodas³-ca urvānəm⁴-ca fravašim⁵-ca—This passage seems to give the constitution of the human being according to Av. In another passage, Yas. LV. 1, another list is given of the principles building up a human being† which however contains seven distinct principles instead of five as here. These are the only two passages in the Av. when the five-fold or seven-fold constitution of the human being is mentioned. Unfortunately no regular or detailed attempt has been made by Western scholars to define these terms more accurately, as evidently they are meant to be defined in the Av., hence also their renderings are vague and uncertain as may be seen by the following translations:—

I. Spirit¹, conscience², intelligence³, soul⁴ and Fravaši⁵—Mills.

II. Spirit¹, conscience², perception³, soul⁴ and Fravaši⁵—Dar.‡

III. Breath-of-Life¹, conscience², consciousness³, soul⁴ and Guardian-Angel⁵—Jack.

IV. Life-force¹ (*Lebenskraft*), Individuality² or the Inner I³go (*Inneres Wesen, geistiges Ich, Individualität*), perception³ (*Wahrnehmungskraft*), soul⁴ or spirit (*Seele, Geist*) and Fravaši⁵—Barth.

V. जान¹, अंतःकरण², बुद्धि³, रवान⁴, and फरोहर⁵—Kan. (Kh. A. b. M., p. 384).||

1. *ahu* is the same word as अहु (प्राण) the life-force (*Lebenskraft*) which keeps the physical body alive. On the whole “Life-force” is the best rendering. In this sense the word is used only in this passage (Barth., Wb. 283).

2. *daēna* according to Kan. is the faculty which differentiates between right and wrong. There is another word *daēna* (see above, Yas. IX. 26), which means “religion” and evidently Barth. (Wb. 665–666) mixes up the two ideas, for he defines *daēna* as “the sum-total of those characteristics of a human being which bear upon his religion and his soul”. This *daēna* is probably what appears to the departed soul as “a beautiful, well-shapen, strong and well-formed maid” upon the *Cinvat*-bridge. (Ven. XIX. 30ff., also Hād. II. 9, and other places). The trans. of Kan. seems to be nearest the idea—the अंतःकरण which enables the human being to see (√*dāy* to see) the right from the wrong. The best English word would be “heart” which connotes the emotional and desire-aspect of the *daēnā* better than the word “conscience”.

* See also Introduction.

† See Introduction for details. See also *Zarhoshtī Rihbar* by N. F. Billimoria for some explanation of the details, pp. 120ff., and pp. 161ff.

‡ See his note to Yt. XIII.

74 (S B.E., XXIII, p. 198).

|| Note that for the last three he uses practically the original Av. word in the Skt. or Fāh. form.

3. *baodah* (cognate with बुद्धि) is the faculty of the mind, the *intellect*, which enables us to acquire ज्ञान (Knowledge, अपरा विद्या). ~~कवि, mind~~

4. *urvān* is the higher Reason, which enables us to acquire विज्ञान (Wisdom, परा विद्या) as distinguished from ज्ञान (or knowledge). Thus *baodah* and *urvān* respectively correspond to मनस् and बुद्धि of the Hindu systems.* Best translated by the Eng. word “soul”.

5. *fravaši* has been rendered by many Western scholars as “guardian-angel”, which is not correct. The Fravaši is the eternal portion of the human being and as such is emphatically a part and parcel of the human being, whereas a “guardian-angel” is an outside entity.

The five “principles” may therefore be best rendered as :

Life-force¹, heart², intellect³, soul⁴ and Fravaši⁵.

It would be interesting to work out how far these five correspond to the five *Koṣas* of *Vedānta*—अन्नमय, प्राणमय, मनोमय, विज्ञानमय and आनन्दमय.

aṣāi—4 1. For righteousness, अताय.

vaonarə—3.3 ppt. par. √*van*. Strove, struggled, वेनिर.

Gəuš hūdāyihō urvānəm—The first two words are 6 1. Jack. and others see in this a reference to the Primal Bull who, like the first man (*Gaya Marōtan* (see below, 5), was slain by Ahriman. From this Primal Bull are derived all other animals.† The word *hūdāyihō* is variously taken though all agree as to the etymology—*hu* (हु) + *‘dā* (धा). Jack. renders “benevolent”, Barth. trans. “gracious.” In Yt. XIII. 86 we read *yām-ca* (sc. *fravašim*) *Gəuš yām-ca Gayehe*, which Dar. trans. “that of the Bull that of the living man”.‡ Kan. trans. “that of animals, that of living beings”. In *Sīrōzah* I. 12. we have the mention of *Gəuš-əvōdāta* “the first-created bull” (Dar. says “the only-created”), in connection with the *yazata Mānha* (the Moon), who is said to possess the seed of the bull.¶ In *Sīrōzah* II. 12 this is repeated. But in verse 14 in both *Sīrōzah* I and II there is mention of the *Gəuš urvān*, and in the latter¶ we get the phrase *Gəuš hūdāyihō urvānəm yazamaide* which Dar. trans. “we sacrifice unto the soul of the bounteous Cow” (S.B.E., XXIII, p. 17). Here the Cow is the Divine *Dravāspa*** also called *Gōš*, who “κατ’ ἐξοχήν, is a personification of the animal kingdom whom she maintains and protects”.†† Kan. in his Dict. (p. 159) says that in some places the word (*Gəuš-urvān*) is used for the (whole) animal creation. In the *Gāθ*. Ahu. (XXIX) we read of the complaint of the “soul of the Cow”, by which is typified the mother-earth‡‡, which view is also maintained by Kan. So it would be best to trans. here the phrase by “the soul of the bounteous mother-earth”. The same idea seems to be at the back of the

* मनसस्य परा बुद्धि (Bg. III. 42). † Jack., A. R., p. 38. ‡ S.B.E., XXIII, p. 200. The living man evidently refers to *Gaya Marōtan*.
 ¶ See Sel. XXIV, Part II. • Yt. IX, Sel. XXII, Part II. || See trans. by Dar., S.B.E., XXIII, p. 8.
 †† Dar., S.B.E., XXIII., p. 110.
 ‡‡ See below Sel. XV.

legends of *Kṛṣṇa*, the Divine Cowherd, and the *Gopīs*; the very names गोपाक्ष, गोपी etc., are suggestive. Cf. also the idea of the *Shepherd* in the Bible.

5. *yōi . . . vaonara*—refers to those mentioned below as the most conspicuous examples of such striving. Mills in his trans. (S.B.E., XXXI, p. 278) omits this phrase.

Gayche Marəθnō—6 1 of *Gaya Maratan*—Lit. “the mortal man”. The name is given to the first great ruler of Irān. He is regarded as the first man created by Ahura. He was the first to bring the Māzdayasni faith into the world and was thus the first of the line of *Rājar̥xis* who ruled in Irān. In Yt. XIII. 87 he is said to have been “the first who listened unto the thought and teaching of Ahura Mazda, of whom Ahura formed the race of the Āryan nations, the seed of the Āryan nations”.* He was both the physical as well as the spiritual ancestor of Zaratustra. From Z. to Spitama see above Yas. IX. 13 (notes), from Spitama to Oraētaona see above Yas. IX. 13, and from Oraētaona onwards the line continues as follows:—

Oraētaona (اورادون, *Farīdūn*)—*Āšvya* (*Āspiyān* *Purtora*†).—Seven more people having the name *Āspiyān*‡—*Yima-Xšaēta* (جمشید, *Jamshīd*)—*Vīray-hvat*—*Taxma Daēvō-thiš* (ط. و رب دیو دد, *Tahmūrap-Dīrband*)—*Haošyayh* (هوشنگ, *Hūshang*)—*Shyāmak* (شیامک) —*Gaya-Maratan* (گایومرد, *Gayomard*).||

ašim-ca—Holiness. The Holiness of Z. was his pre-eminent characteristic, as it was also the foundation of his religion.

Karōiš Vištāspahe—6 1 of *Kava Vištāspa*. For the title *Kava* (Pers. کیانی—*Kajāni*), royal, see above, Yas. IX. 18. *Vištāspa*, who is not to be confounded with Ὀυράσπης, the father of Darius the Great,¶ was the first royal disciple of Z. He is remembered in Yt. XIII. 99ff. as “the holy king Vištāspa, the gallant one, who was the incarnate Word,** the mighty-speared, and lordly one, who, driving the *Druj* before him, sought wide room for the holy religion, . . . who made himself the arm and support of this law of Ahura, of this law of Zaratustra” (S.B.E., XXIII, p. 305).

†† *Isaṭ-vāstrahe Zaratustraōiš*—6/1. *Iṣaṭ-vāstra* son of Z. The custom of mentioning the father’s name with and after the son’s is a very old one and is still the rule among Parsis. *Zaratustra* is mentioned in the Av. and Pahl. books to have had three sons and three daughters, and three “mystic” sons, who are to be born as the *Saošyants* of future ages. His “children” are regarded by some to have been more in the spiritual sense rather than purely physical.†† The question is well discussed by N. F. Billimoria in his Gujarātī book *Asho Zarathosht ane temno Pegām* (ch. V, pp. 54-71). This

* S.B.E., XXIII, p. 201 (Dar.). † See Yas IX. 7. ‡ According to *Bun*. || From Modi’s Dict., where he gives a genealogical table at the end, based on *Bun*. and other authorities. ¶ Jack., A. R., pp. 95-96. ** *tanu-māgra*. Note that all the epithets here used are those of *Sraoša*; cf. also *brəzəuīdi* (Yas. LVII. 11) above. †† See “Introduction.”

point of view seems also supported by a note of Dar.: “Z. had three sons during his lifetime, *Isaṭ-vāstra*, *Hvarə-ciθra*, and *Urvataṭ-nara* (Yt. XIII. 98), who were respectively fathers and chiefs of the three classes, priests, warriors, and husbandmen. They play no great part in Mazdean mythology, and are little more than three subdivisions of Z. himself, who was ‘the first priest, the first warrior, the first husbandman’ (Yt. XIII. 88)”.* The Bun. XXXII. 5-6 says that *Isaṭ-vāstra* was chief of the priests, he became the Mobad of Mobads,† and passed away in the 100th year of the religion. The name signifies “he who desires pastures” according to Barth. (Wb. 372). *Hvarə-ciθra*—(seed‡ of the sun) “was a warrior, commander of the army of *Pešōtanu* the son of *Vištāspa*”||. And *Urvataṭ-nara* (friend of man; Barth. says “hero-commanding”)¶ “was an agriculturist and the chief of the enclosure formed by *Yima*”|| (Ven. II. 43). The three daughters of Z. were *Erēni*, *Θriti*, and *Pouru-cištā* (Yt. XII. 139). Their names signify “Fullness” (Barth., Wb. 1022), “Protecting” (?) (Barth., Wb. 807, *θrit*, *θrita*, *θriti*) and “Full wisdom”, respectively. The last is said to have married *Jāmāspa* (Barth., Wb. 899).** The three “mystic” sons of Z. are *Uχšyaṭ-ərəta* (Pah. *Hošedar-māh*), *Uχšyaṭ-nəmah* (Pah. *Hošedar-bāmi*), and *Saošyānt*. Bun. XXXII. 8 relates the story thus: “Z. went near unto *Hvōvi* three times, and each time the seed went to the ground; the angel *Nairyō-sayh* received the brilliance and strength of that seed, delivered it with care to the angel *Anāhita*, and in time will blend it with a mother”.†† The seed is watched over by 99,999 Fravašis (Yt. XIII. 62) in the Lake *Kāsaoya*, where the maidens *Srūtaṭ-fedri*, *Vayhu-fedri* and *Ərədaṭ-fedri* will respectively bring them forth. It may be noted that *Isaṭ-vāstra* is also mentioned in Yas. XXIII. 2, also, as here, with *Gaya Marətan*, *Zarəduštra*, and *Vištāspa*, these four being evidently the most important of the “ancient counsellors”.‡‡

6. This verse forms the second half of Yt. XIII. 149.

nabānazdištanām—Close-connected, next-of-kin. Lit. “nearest the navel” (*nabā*—नाभि + *nazdišta*—^{near}निष्ठ). The word here refers to co-religionists, brothers in Z. faith, as distinguished from the *paoiryō-ikaēša* of the previous verse (Kan., Kh. A. b. M., p. 385, ftn.). Trans. “our nearest brothers”. The list of blood-kindred included under the phrase *nabānazdišta* is given in Ven. XII. These include: (1) parents, (2) children, (3) brothers and sisters, (4) grandparents, (5) grandchildren, (6) children of brothers and sisters, (7) brothers and sisters of parents, and (8) children and grandchildren of (7) (Barth., Wb. 1040). cf. *अष्टमिह*—youngest son of Manu in *gṛ̥h̥t*. (In Vedis, used as a name. It literally means one who is in close relationship.)
maṭ . . . Saošyāntām—also found in Yas. XXIV. 5.

višpābyō ašaonibyō are both f. because *fravaši* is f.

Quoted by Billimoria, *op. cit.*, p. 69.

† For the word *Mobad* see below verse 7, *azərapaēti*.

‡ Barth. “having the face like the sun”, Pah. *χ^oarəet-cihr* (Wb. 1849).

|| Bun. quoted

by Dar., S.B.E., XXIII, p. 204. ¶ Barth., Wb. 1536, also see above Yas. LVII. 26.

** But see

Billimoria, *loc. cit.* †† Quoted by Dar., S.B.E., XXIII, p. 195. ‡‡ Mills, S.B.E., XXXI, p. 273.

iririθušām—6/3 pft. pt. par. $\sqrt{raēθ}$, to pass away. Those who have passed away, i.e. have died (Barth., Wb. 1480-82). It is an ahura-word used especially in this sense. Cf. Goth. *leithan*, to go. There is another $\sqrt{rāθ}$ which is connected probably with Skt. रथ and which means “to cling to”, “to be joined with”, which also gives the form *iririθ-* or *irīrath-*. Jack. postulates a \sqrt{irith} .

jvantām—6/3 pres. pt. par. \sqrt{jiv} (जीव) to live. Living—जीवन्मासु. In Yt. XIII. 17, it is mentioned that the Fravašis of the *paoiryō-tkaēša* and of the Saošyantas are the most powerful, and, of the rest, the Fravašis of the living holy men are more powerful than those of the dead.

narām—Here used in the sense of “heroes”.

azātanām—Unborn. Note that the soul yet to come into the world has also a Fravaši to which his (or her) future body will attach itself.

frašō-carəθrām—An epithet of the Saošyantas. Cf. *frāšmiš* used of *Haoma* above, Yas. LVII. 19. From *fraša* (renovated) and *carətar* (कर्तृ, ‘kar) maker”. Those who prepare the world for renovation”, “those who herald in a new age”. The essential idea is that from time to time, as the need arises in the world by the accumulation of sin and wrong-doing, a great Soul comes down to renew the law of Ahura and to usher in a new civilisation. These great Renovators are the Saošyants (see Yas. IX. 1. above; also cf. Bg. IV. 7). Mills and Dar. agree with this idea. This renovation brought about by a Saošyant is called *frašōkərətī*. See also *Cama Memorial Volume* pp. 200ff. referred to above in the Introductory note to this piece.

7. *iristanām*—6/3 p. pt. pass. $\sqrt{raēθ}$. See above *iririθušām*.

yā ašaonām fravašayō—This phrase is repeated below in verse 11, where Jack. says that “the souls of the dead are the Fravašis”. Mills trans. the whole passage thus: “We worship the souls of the dead [(Pāzand) which are the Fravašis of the saints]”; and adds in a footnote*: “Whether a real distinction existed in the minds of these early writers, between a *Fravaši* and a departed soul, is hard to say. That a Fravaši was worshipped as existing before a person to whom it appertained was born, may be owing to a poetical, and not a dogmatic, anticipation”. Mills, however, is certainly mistaken because the distinction is very clearly maintained all through (see above verse 4). In *Khurshīd Nyayish* (verse 9) the worshipper invokes his own *urvān* and *fravaši* (the two highest principles in his constitution) and they are meant to be distinctly separate and clearly marked out from one another.† Mills putting the words into brackets, with the remark “Pāzand” preceding, seems to imply that he regards the words *yā ašaonām fravašayō* as a later (Pāzand) interpolation. Geld. in his text gives a footnote to the word *ašaonām* and says: “so all mss.”, as if he expected a different

* S. B. E., XXXI, p. 279.

† See Kan.’s note on this point, Kh. A. b. M., p. 32, fn.

reading, and therefore regards the passage as interpolated. It is certain that the grammatical construction is faulty. Kan. trans.: “those souls of the departed ones who belong to (i.e. are attached to ?) the Fravašis of the holy ones”. Har.* and Dar. translate “*urvān and Fravašis*”, which is a reasonable way out of the difficulty.

ahmya nmāne—In this house. In the sense of “family” or “fold” (?).

¶ *para-iristanām*—Gone beyond (the mortal life). Geld. puts a stop after the previous *fravašayō*; but it would perhaps be better to put a stop after *parairistanām*, thus taking the clause—“those of our kindred who have passed beyond from this house”—as defining the Fravašis and the urvāns, mentioned above.

aeθrapaitiñām—Teachers. Pahl. *aērpāt*, Per. *هرباد* (*herbad*). In P. Guj. the term *एरवद* (abbreviated *एा†*) is applied to a priest who is initiated and who has got the privilege of performing the rites and ceremonies. The distinguishing mark of these *Ervads* is the white turban. Note the orig. *-paiti* has become *-bad* (*-vad*) in modern times. Cf. also Pers. *موبد* (*mūbad*)—P. Guj. *मोबेद* (Priest)—from Av. *magupaiti* (a Magus, Grk. *Máyos*).

aeθryanām—Disciples; Nair. *शिक्षाणास्* Jack. derives this from *aeθra* (fire-wood ?) basing this interpretation on Yt. XIII. 105.—*Māθravākahe* . . . *aeθrapatōiš hamīδpatōiš* (*समिपतेः*) *ašuaonō fravašim yazamaide*. Dar. says‡ that *aeθrapaiti* is “master of the hearth” and *hamīδpaiti* is “master of the sacrificial log”. Kan. trans. “religious teacher” and “sacrificial priest” (*बोय देनार*—which is a technical name in P. Guj. for the priest whose duty is to tend the Fire in the temples). Barth. (Wb. 1777) trans. the latter word by “Master of the assembly”. He (as also Kan.) derives the *aeθra-paiti* (and *aeθrya*) from a hypothetical word *aeθra* (education)—through an Ar. word **aitra*.¶ Very probably the Skt. *ऐतरेय* has the same meaning and signifies “education (in religious rites, etc.).” Ultimately perhaps the word is connected with *ātar* (Fire). See my paper on *ऐतरेय* in *Trans. 1st Ori. Con.* (Poona, 1919).

narām nāirīñām—To be taken with *aeθryanām*. Note here also the equality of the sexes. At about the age of seven “the daughter entered into the *aērpatastān*, a religious school”.¶

8. In this verse *all* teachers and disciples, belonging to any place in the world and to any creed, are mentioned; the *nabānazdišta* teachers and disciples have been already mentioned above.

višpanām nāirianām—Note that the form of the 6 3 adj. is the same for both m. and f.

* Quoted by Kan., Kh. A. b. M., p. 384, fn.

† Orig. from *आथोरनान* (*Aθrawa*).

‡ S.B.E., XXIII, p. 200, fn.

¶ Wb. 20; also Kan., Dic.

¶ Darab Dastur Peshotan Sanjana—

The Position of Zoroastrian Women in Remote Antiquity, p. 17. On the subject of Iranian Education generally see Modi, *Education among the Ancient Iranians*.

9. *apərənāyūkanām* (v.l. °nāyu°, Kan.)—Youths; lit., “those who have not attained full age”; *a* + *pərəna* (पूर्ण) + *āyu* (आयुः). The word is used to designate infants or minor persons.

dahmō-kəratānām—adj. Begotten of pious parents (Jatk. and Dar.); those who fulfil deeds of piety (Mills); brought up by a *Dahma* (religious teacher or *Dastur*) (Barth., Wb. 706: cf. दस्य lordly*). The word *dahmā* also means the duties of a *dahma* (or religious teacher) hence the rendering of Mills is quite satisfactory. Nair. also says उन्नमकार्याणाम्. Kan. says, “of pious nature” (धर्माकर—doing pious deeds). The word also occurs in Ven. XIII. 23, where it seems to refer to children under the age of fifteen or those who have just attained that age.† Cf. also *paṇcadaśa* in Yas. IX. 5.

ā-daṣṣyunām—adj. In this land, i.e. belonging to this land (Irān).

uz-daṣṣyunām (v.l. °daṣṣyu°, Geld.)—Adj. Outside this land, i.e. not belonging to Irān, i.e. foreigners. The ancient Z. distinctly recognized the righteous in other lands also, beyond the limits of the Āryas‡. In Yt. XIII. (143-144) the Fravašis of the Righteous from non-Aryan lands—*Turān*, *Sairimya* (Europe and Western Asia), *Sanai* (China) and *Dahi* (Dahae—Δάαι) are mentioned.|| And Yt. XIII. 145 says: “we worship the Fravašis of the holy men and of the holy women of all countries”. This is the clearest recognition of universal brotherhood by the ancient Zoroastrians. This is all the more remarkable because the Turanians at least were the national enemies of the Āryans of Irān all through their history.

10. *ā Sāoṣyāntūt vərəθraγnat*—5 1 for 2/1 by case-attraction. From *Gaya Marətan* to *Saoṣyānt* means a whole world-period. *haca* (अस्मिन्, with) ... *ā* .
 16 32 - explanatory pronoun (not relative) = namely *from* *to*

NOTES.

1. Kanga: Khordoh Avesta bā Māenī (5th ed.), [verses 2-7 at pp. 409-411, verses 8-12 at pp. 24-25] and Gāthā bā Māenī (1st ed.) [verse 1, at pp. 100-101].

2. Mills: S.B.E., XXXI, [verses 1-7 and 11-12 at pp. 310-312, verses 8-10 at pp. 229-230].

This is a prayer invoking blessings on the heads of the pious and according to Mills were recited at farm homesteads by wandering priests. It is named Tandarostī by Kan. and other Parsi writers. The name means lit. “health of the body”, and the prayer is intended for invoking blessings whether of the material or spiritual world. It shows very well what the Zoroastrian conception of happiness (here and hereafter) is. The first verse is from Gāθ. Ūšt. (Yas. XLIII. 3). The last five verses are found in the prayer Hōš-bām (the bright Dawn) which is recited before sunrise. It may be noted that the Tandarostī usually recited by Zoroastrians at the end of the daily “service” is not this Tandarostī but a small Pāzand prayer of a much later date which was probably composed by Dastur Ādarbād Māraspand in the Sassanian times.* Needless to say that despite the great piety and learning of Ādarbād his composition has not touched the high spirituality of the original Yasna.

1. at—अथ Mills takes “now”, so also Kan. Best trans. “verily”.

hrō—1/1 pron. स्व. When used with nā it has an adjectival force,—that very man, that man alone (Barth., Wb. 1845).

vayhōuš—Barth. (Wb. 1396) regards it as 5 1 to be construed with the adj. vahyō. The 5 1 and 6 1 of all nouns, except those ending in a, are identical in Skt. In Gāθ. the forms are largely identical but later on we find the ending -āt being universally applied for the abl.† वहीः:

vahyō—2/1 n. adj. com. Barth. (Wb. 1405) mentions that this “better than the good” has a special meaning. It is the special spiritual level higher than what an ordinary man understands by the word “good” or “happiness”. Hence probably Kan. translates this phrase vayhōuš vahyō as “supreme good” (सर्वोत्तम सुखम्) or “*summum bonum*”‡. * गम्यः (इष्टम्)

aibi-jamyāt—3 1 aor. opt. par. √gam (jam) + aibi (अभि),|| to attain.

yō—1/1. यः. This is a special Gāθ. form but is occasionally borrowed consciously or unconsciously in Y.A.¶ यः wherein the form is यो.

nā (v.1. nā)—4/3. To us, नः (अस्मभ्यम्)‡. This is a Gāθ. form. Barth. takes this as 2/3.**

arazūš—2 3' n. adj. Straight. अरु

* See Introduction. † Jack., A. G., § 222 (Ablative). ‡ G. b. M., p. 100, fn. || Note अ = G. A. b; see above note on arvaram (Yas. IX. 11). ¶ Jack., A. G., § 401. ** Wb. 1031. †

above, Yas. LVII. 23. The *ə* at the end is metrical. Mills trans. “good citizen” (*hu + zantū*), but he himself says (Gāθ., p. 511) that *zantū* in this sense is unknown in the Gāθ. He also suggests the meaning “noble-hearted”.

spəntō—Pious. Kan. trans. “prosperity-bringing”.

2. *tā*^a—2 3 f. ताः, these.

ahmi nmāne—7/1 with verb of motion implying that the blessings are to come to the house and remain in the house. ~~अहमि नमः~~ (Vedic) ~~अहमि नमः~~ — classical ~~अहमि नमः~~

jamyārəš—3/3 ben. atm. \sqrt{gam} (*jam*). Jack., A. G., § 646; Reich. § 257.

xšnūtas-ca—Satisfaction (Kan.), reward (Barth.); wise perceptions (of the saints) (Mills). Kan. takes it as 1/1 if the stem is taken as ending in *a*, or 1/3 if it is taken as ending in -t.† Cf. Per. خوشنود (*khushnūd*) satisfied, glad.

⁸ *ašayəsa-ca*—1/3. See above, Yas. IX. 3., etc. अशयः (अशयः शयः, १/३)

vyādaibīš-ca (*āπ.*)—Openness or freedom from deceit (Kan.); from *vi* + *ā* + *daibi* (\sqrt{dab} -~~दभ~~ to deceive). Barth. (Wb. 1478) takes this as 3/3 used for 1 3 of *vyādā*† and trans. “gifts”. The v.l. *vyādaibyas-ca* seems to support this view. Barth. also quotes from Pur. 39. *narš-ca ašaonō xšnūtīm-ca arotīm-ca vyādas-ca paiti-zantayas-ca*. Kan. however gives (*pāiti-*) *vyādā* as a separate word meaning “gifts made in return (i.e. as reward) for worship” (Dict., p. 305). Mills says (S.B.E., XXXI, p. 310), “their guileless characteristics”.

paitizantayas-ca (*āπ.* —Kan. in Kh. A. b. M. says धुकर गुजारौ (thanks-giving) but in Dict. (p. 303) says, “welcome”, “warm reception”. Barth. (Wb. 835) also takes it the latter way. Cf. *paitizantō*, Yas. LVII. 14 and 35. Mills trans., “recognition of what is due”. प्रतियः (प्रतियः)

us . . . jamyāt—Note the sg., each being a separate blessing to be desired. Kan. trans. उत्पन्न याचो (may arise). us = 3

nū—Certainly, नु. It is enc. (see below verse 3). The *nū* is also used with an accent and can then begin a sentence or *pāda* (Yas. XLV. 1), and sometimes it is combined with *ci*.||

aīghāi višē—4/1 for 7/1. For this village (Mills). See above *ahmi nmāne*. अहमि नमः

xšaθrəm—This word implies strength physical as well as spiritual. See *xšaθryō* (Yas. LVII. 19). The *xšaθryō* (अथिय) implied a certain degree of spiritual growth, as also among the Hindus. Divine Sovereign Power (Mills).

^a Kan., G. b. M., p. 101, ftn.; probably to avoid the two sibilants coming together.

† Dict., p. 155. ‡ If we accept this we may as well trans. 3/3 literally, “together with their gifts”. || Barth., Wb. 1089.

savas-ca—Prosperity (Kan.);* benefit (Mills). Cf. *savayhō* in verse 1. The word is from \sqrt{su} (सु). Mod. Per. سود (*sūd*)-profit, interest, is a derivative from the same root. Barth. (Wb. 1561-62) notes the remarkable fact that the *du.* form *savā* (m.) or *savōi* (f.) is used to mean “profit and loss”. He quotes in support Yas. XLIII. 12 and XLV. 7. Kan. however takes these differently.†

χ^varənas-ca *χ^vāθrəm-ca*—Fame and health (Kan.); glorious welfare (Mills—he apparently takes the first as *adj.* to the second word). Kan. elsewhere renders the word as “salvation” (बासानी) in the sense of मोक्ष‡. Kan. (also Mills) puts a fullstop after *χ^vāθrəm-ca*, not so Geld.

darəyō-fratəmaθwəm-ca — Long-continued prominence (Mills); दीर्घ-प्रथमत्व. Mills takes this with the next verse. Kan. construes with *būyāt* understood.

yāt—See above Yas. IX. 4.

3. *asista* (v.l. *āsi^o*)—Kan. trans. “always” and remarks that the orig. form is *āsišta*. He also notes that Dar. derives it from *a* (neg.) + *sista* (cut off, from \sqrt{syayh} —सो) and that hence the word means that which is not destroyed i.e. eternal.¶ Mills evidently takes it as *sup.* of the *adj.* *āsu* and trans. “with the greatest speed”. Barth. takes it as *pft. pt. pass.* of $\sqrt{saēd}$ (सिद् and trans. “undisturbed” (Wb. 1547).

haca—Within (Mills). अन्तर्गच्छति अन्तः

gāuš—Sg. used in a collective sense. This implies prosperity. लो:

būyāt—Kan. trans. as a *ben.*, “may arise” (उत्पन्न यजो).

narš -61. नुः.

4. *θra*—to this place. From the *pron. stem* *i*; Skt. has अत्र.

ašōiš—61 of *ašī* (आशिस्) blessing. Of holiness (अशोदना) (Kan.); blessed gifts (Mills). Cf. Vis. IX. 1, *Haomanām ašōiš cištōiš baēšaza hacimnanām* (where Mills trans. *ašōiš* by “sanctity”). अशिशिः - ७/३

baēšaza—Means (उपायो), Kan.; he takes this as 23. Mills takes this as 31 and trans. “with healing virtues”. Cf. Yas. XI. 17. In Yas. LXVIII. 15. we have *hazayrəm baēšazanām*, *baēvarə baēšazanām* (a thousand healing remedies, ten thousand healing remedies). The word is *neu. v. उत्पन्न*.

hacimnā—1/3 f. *pres. pt. atm.* $\sqrt{hak/c}$ (हक्), to accompany, to follow.¶ When used with an acc. it means to bring to, to carry (Barth., 1739ff.). Here the *acc.* is *baēšaza*. Mills trans. “may they go hand in hand with us”. अन्तर्गच्छति: १. ६. मन्त्रो - अन्तर्गच्छति - मन्त्रो

* In Diet (p. 522) he gives the meaning “blessing” also.

† G. b. M., p. 108 and p. 187.

‡ He evidently in some places confuses the idea with that of worldly happiness. ¶ Kh. A. b. M., p. 410, ftn. ¶ Skt. सञ्चि is cognate.

zəm-fraθayha—2/3 n. adj. to *baēšaza* (thus also the following two words). Wide as the earth. Cf. *इष्टु, इष्टी*, etc.

dānu-draǰāyha—Long as the rivers. The word *dānu* is cognate with Oss. *don* (river). *दानु* in RV., means “dew” or “trickling drops of water”*; the epithet *दानुनयनी* is used of *मिचावयषा* in RV., I. 136. 3 and for the Aśvins in RV., VIII. 8. 16. For *draǰayha* see Yas. IX. 26.

hvara-barazayha—High as the sun. *hvar* is *खर* of Skt. but there is a change of meaning.

ištē—Dat. inf. *इष्टे*. For the fulfilment of desires (Kan.). For the furtherance of better men (Mills). Barth. takes it as dat. inf. *√aēs* to rule, to possess and trans. “so that (this *vis*) may possess better men”.

vayhañm—6 3 coin. adj. from *vohu* (*rayhu*). Better people. Note the *√aēs* governs gen. like the ईष्ट of Skt.

paitištātē—Dat. inf. *√stā + paiti*, to oppose.

ātaranām—Wicked (Kan.): hostile (Mills). From *√tar* (ट) to attack, hence “one who attacks”. Cf. *वृचतुरम् वक्षम्* (RV., X. 99. 1) and *वृचतूर्य* (RV., VI. 13. 1).† Probably the Skt. *आतुर* (sick) is also cognate.

fraša-vaxšyāi—Dat. inf. *√vaxš* (to increase, to wax) + *frāš* (फ्राश्) For the greater increase (Barth., Wb. 1007). Cf. *उच्चयन्त. वक्षयम्*, etc. (Ger. *wachsen*). The *√vaxš* is also used for the waxing of the moon: *mā uxšyēiti* (Yas. XLIV. 3, Sel. XVI). The noun *vaxša* used with *hū* means the rising of the sun (Yt. V. 91, etc.). Pre-Aryan *phās* 212

rayñm-ca x^varəmayhñm-ca—Wealth and fame (Kan.): but he suggests (Kh. A. b. M., p. 410, fn.) “splendour and glory”. Cf. *ahē rayā x^varəmayha-ca* above (Yas. LVII. 3, etc.).

5. *vainūt*—3/1 root-aor. ind. par. *√van*. *अवनौत्* Jack. thinks it may be an opt. aor. with a weak ending (A. G., §§ 463 and 637). If we take it to be ind. the *i* may be compared to the ई in *अत्रवीत्, आसीत्* etc. *इ + व (वृद्धि) + नौ* (Vamā), but in the

sraoṣō—used here in the lit. sense (from *√sru* to hear) of “obedience”. This is obedience to the Law of Aša which is the Law of God. In fact *Sraoša* represents this Obedience to Divine Law. See introductory note to Yas. LVII (Sel. II).

asruštīm—Disobedience.

āxštiš—Peace. The derivation is doubtful. Probable cognate words are Pers. *اشتی* (*āšti*), peace, and the word *अष्टि* which occurs in AV. (VI. 54. 1) and seems to mean “victory” or “attainment”. This *अष्टि* is also

* RV., I. 54. 7, etc.; Grass., Wb. 594f † Grass., Wb. 1335. ‡ See above Yas. LVII. 10.

found in the comp. जरदष्टि* which would mean lit. "attainment of old age" hence "long-life" or (when adj.) "long-lived".

rāitiś—Generosity. Cf. ^{Vedic} राति, offering; Pers. راد (rād), generous. ✓ ^{giving, bestowed} रा- +

ārmaitīś—Reverence or piety; right-thought.† Orig. the word was arəm-māiti which with the corresponding arəm-uḥti and arəm-varšti is found in Pur. 25 (Barth., Wb. 188-189). The form अरमति is found in RV., VII. 35. 3; 42, 3, where Sāyana trans. अथिवी. (Barth., Wb. 335ff). Grass. (Wb. 103) says that the word means "devotion" or "piety" and also means the Goddess of Devotion. See also Spənta-Ārmaiti above (Yas. LVII. 24), who is the fourth of the Holy Immortals. She is the ruler of the earth and is also called the "daughter of Ahura" (Modi, Dict.).

tarōmaitīm (v.l. tarō-mai^o)—Contempt, pride, impiety. The word is also spelt tarōmaiti. In the later Pah. works (e.g., Bun. XXX. 29) this is the name of a daēva—Tarmat-dēv—who is a special foe of Ārmaiti. In the Skt. trans. of Yas. XXXIII. 1, Nair. renders this word by दुहमनाः. From taro + ^{man}, to hold in contempt (Barth. Wb. 641 and 1123).

aršūχδō-rāχš - Cf. aršūχδōm . . . rācīm, Yas. IX. 25 above.

miθaoχtām—Falsely spoken. Cf. मिथ्या. The word is also spelt miθōχta.

Aša drujām—Geld. and Kan. read aša-drujām and Kan. takes it as a comp. adj. to rācīm and trans., "inimical to righteousness". He however (Kh. A. b. M., p. 411, ftn.) suggests the reading here adopted and the trans. "(may) righteousness (overcome) evil". Barth. (Wb. 230) reads the words† separately. He mentions that the ideas of Aša and druj are to be found opposed to each other both in G. A. and in Y. A., e.g. yezi . . . ašā drujīm vñayhaiti (Yas. XLVIII. 1) (when the righteous man shall overcome the druj); also Yas. XLIV. 17 (Sel. XVI). Barth. also observes that the form aša here (as well as ašā in Yas. XLVIII. 1) is 1 1 n. Therefore, Aša and druj here correspond to धर्म and अधर्म.

6. yaθa --So that. (Kan.). Mills trans. "as" (= because).

Sraoša—5/1. Mills in his trans. adds the explanation, "who governs hero". Kan. trans. "through Sraoša"; he being the first to praise the Holy Immortals, who come down when they are invited by him. Cf. above Yas. LVII, 2, 6, 8 and 12.

paitiśān—3/3 sub. impf. par. Mills trans. "seek for". Kan. says "desire eagerly". Cf. Yas. LVII. 13. प्रति + २२ १/३ = प्रति + २२ १/३.

vayhūs—2/3 m.

vasnās-ca vahmās-ca—Cf. above Yas. LVII. 6. 8. Kan. explains vahma as mental repetition of the name of a deity. वाहमा (v. वाहमा - ahmaia)

* RV., VII. 37. 7; X. 85. 36

† "The name Sraoša had not lost its original meaning, so of Ār(a)maiti"; Mills, S.B.E., XXXI, p. 311, ftn.

† But Barth. reads drujīm.

vohu, etc. The repetition of the three words in the sg. is rather remarkable. This may be an interpolation. Mills suggests that the sg. implies that the worship is of each particular Immortal.* Or is the plu. used for the Holy Immortals and the sg. for Sraoša?

hubərətīm-ca—Mills trans. “good offering” but adds (S.B.E., XXXI, p. 311, fn.), “possibly ‘good support’”. Kan. trans. “good gift” *hu* + $\sqrt{\text{bar}}$ (𐬨𐬀).

uštaberətīm-ca—Offering for salvation (Mills); gift of health (Kan.). Barth. (Wb. 418) trans. “desired offering” and thinks that the word probably means “those hymns beginning with the word *ušta*”. The *Gāθā Uštavairi* is so called from its first word *uštā*.† Cf. also Vis. XVIII. 1. *ušta Ahurəm Mazdām yazamaide ušta Aməšō Spəntō yazamaide*, etc. (we worship Ahura Mazda with *ušta*, we worship the Holy Immortals with *ušta*). This word means “hail!” or “welcome!” Cf. also Yas. IX 25, above. Is there possibly a connection between this word and the Skt. अष्ट? The second suggestion of Barth. is certainly supported by the v.l. he adopts (also noted by Geld.) *ušta-barətīm*.‡

van̄tabərətīm-ca (v.l. *vanta-barə°*, Barth.)—Good offering in praise (Mills): friendly offering (Kan.); offering of respect (or homage) (Barth.).

Kan. puts a full stop after *van̄tabərətīm-ca*, taking the last words as an independent sentence.

ā—Mills takes this prep. as governing the abl. and trans. “together with”. Kan. takes *ā-darəyāt* as an adv. phrase and trans. “for a long time”.

darəyāt—Mills takes this as an adj. and trans. “long-continued”.

χ^vābairyāt (𐬭𐬀𐬎𐬌)—This word is taken in varied ways. Mills takes it as a noun (𐬭𐬀/𐬌) and trans. “offering of the whole self”, or complete self-surrender to the Divine Will. And Mills puts a comma at the end of this verse, thus connecting it with the following. Kan. in his Ij. Vis. (p. 145) definitely takes the sentence *ā . . . χ^vābairyāt* with verse 7. In Kh. A. b. M. (p. 411), however, he takes it as in the text. In the latter he takes this to be an entirely independent sentence, unconnected with either what precedes or what follows. His trans. seems to imply that he takes the word as 3/1 opt. pres. par. of *χ^vā* (𐬭𐬀) + $\sqrt{\text{bar}}$ (𐬨𐬀), to be independent, and trans. “may (this community) be independent for a long time”.|| But in Ij. Vis. (p. 145, fn.) he suggests the trans. “on account of their (i.e. of the Holy Immortals)

* “As they seek for (one) good sacrifice and act of homage (more especially their own)” ; S.B.E., XXXI, p. 311. † *χ^vitā qəmāi yahmāi uštā kahmāi-eit* (Yas. XLIII.1). See also Sel. XVI, last verse.

‡ Probably all the three words *hubərəti*, *uštaberəti* and *vanta-erəti* refer to formulae used in invocation. || That is to say, with the help of the Holy Immortals and of Sraoša there needs be no fear of a conquest by foreigners. The Pah. version quoted by Barth. (Wb. 1878) seems to support this view.

long-continued support may not glory desert this house, etc." Barth. (Wb. 1878) is uncertain of the meaning though he takes this as 5/1 for 2/1 (case-attraction) and trans., "welcome-home* during long ages". He seems to think that the word also implies the last judgment and that the reward of good deeds given at that time are "welcomed" (i.e. gratefully received) by the faithful of this place. The word is most probably (as Kan. takes it) 3/1 opt. pres. par. of $\sqrt{\text{bar}}$ with the prefixes *su* and *ā*. The transfer of the $\sqrt{\text{bar}}$, usually thematic, to the non-thematic root-class is a common enough phenomenon in the Veda as well as in Avesta.† The $\sqrt{\text{bar}}$ with ब्र in Veda means to extol (a divinity) through sacrifice; cf. $\text{ब्रमे भौमाय नमसा समन्वरे} \dots \text{बभरा पनीयवे} \ddagger$ (RV., I. 57. 3), "To him the terrible, most meet for lofty praise . . . bring gifts with reverence in this rite"§. Probably the sense here meant to be implied is 1/3 but the form 3/1 (ending in *-āt*) has been used owing to the attraction of *darayāt*.

7. *yave*—Adv. Ever. Probably orig. it was 7 1 of *yav*, duration. The phrases *yavē vīspāi* and *yavōi vīspāi* mean "for all time"¶ (Barth., Wb. 1264-65). Kan. (Diet.) compares the Ger. *jeweils* and Fr. *jamais*. *mā yavē* —

$\chi^v\bar{a}bhravat$ —Kan. trans. "salvation bringing"; brilliant (Mills).

frazahūt—3/1 opt. pres. par. $\sqrt{\text{zah}}$ with *frā*, to leave completely, to abandon. (Cf. निजसत (RV., I. 191. 7). प्रवसत)

īstīš—Happiness (Kan.); abundance (Mills); strength (Barth., Wb. 376). (Cf. *ahmāi īstīm pouruṣ-χ^vābhrām* (to him strength of full-salvation) Yas. LXVIII. 11; Skt. इष्टिः.)

āsna—Naturally wise (Kan.); legitimately born (Mills). Barth. (Wb. 341) says "clever" or "intelligent". He says that the word when used with $\chi ratu$ also means "inborn", the phrase meaning "natural (or inborn) strength (or wisdom)". Cf. Yas. XXV. 6, Yt. X. 107, etc. Barth. also suggests that there may be here a play upon words. The two senses are due to two derivations. The meaning "clever" is through *ā* + $\sqrt{\text{zan}}$ (ज्ञा), and in the other sense Barth. derives it as *ā* + $\chi z(dh)-na$ ($\text{ज्ञा} + \text{साध्} + \text{न}$). The Skt. version translates this as सुशील . Cf. *ahmāi āsnām-ciṭ frazaingtim*, Yas. LXVIII. 11.

$\chi^v\bar{a}bhrō-disyehc$ —Teaching salvation (Kan.); lit., "pointing out salvation". Probably this refers to Sraoša; cf. *daēnō-disō*, Yas. LVII. 24. "Which teaches concerning glory" (Mills), but he takes it as an adj. to *Ašōiš-ca Vaṇhuyā*.** And this is not very possible because of the *ca*. Kan. and Barth. construe: "He who shows the way to salvation and Aši Vaṇuhi". Note gen. used with *haχma*.

* Einheimsen. † Whit. § 625; Jack. (A. G., p. 115, fn. 2) notes the opposite type of transfer, from the non-thematic (root-class) to the thematic (α -class, 1st conj.). ‡ Note that the $\text{सम्} + \text{ब्र}$ + ह here corresponds almost exactly to *su + ā + bar*. § Trans. by Griffiths. ¶ Yas. XLVI. 11; XLIX. 8.

** "That good blessedness which teaches concerning glory"; S.B.E., XXXI. p. 312.

paiti—With; governing the gen. here. Barth. (Wb. 825) says it governs the acc. (?)*

Ašōiš-ca Vayhuyā—See above Yas. LVII. 3, where she is associated with Sraoša. I regard the words *paiti* . . . *Vayhuyā* as interpolated.

haṣma—Barth. takes it as 3 l of a noun. Kan. also (with Mills) takes it to be a noun “companionship” and construes with *mā yave imat nmānəm frazahit*. Better to take it as 1/3 aor. of *hak* used as a sub. “may we be in companionship of”. See below verse 12.

8. *vasas-ca*—Adv., orig. 2 l. At will, i.e. unrestricted, unhampered. This adv. form is specially used with *√χši* (Barth., Wb. 1383). Cf. *vasō-χšaθrō*, Yas. IX. 17 and below in verse 9; also *rasō* below. ~~xxx~~

tū—1/1. A variant of *tūm*, ~~तुम~~.

uštā-ca—3 1 used as adv. With glory (Kan.); with a saving rule^c(Mills). Barth. takes it to mean much the same as *vasas-ca* and as 7 l of *uštā*, wish (Wb. 417).

χšaēša—2/1 opt. pres. atm. *√χši*. The sense is almost indicative. Note also atm. ~~xxx~~ : - ~~किञ्चित् २/१ अक्ष~~

havanām—6 3 governed by *χšaēša*. Belonging to thee, thine own (~~ख~~). The gen. with *√χši* is also to be found in RV. (V. 42. 11, X. 120. 8, etc.).

āpō etc.—^{6/1}Kan. takes these as referring to and enumerating the *dāmān* of Ahura. Mills construes differently and trans. “render ye the holy man also a sovereign at will over the waters, etc.”

¹⁶ *voḥū*—¹⁷2/3 n. ¹⁸~~not for~~ Kan. regards this as an irregular G.A. form† and trans. “all good things”; “all clean and sacred (creatures)” (Mills). In the Veda too ~~वसु~~ (n.) is used in this sense especially with other words like *विष्वा* (RV., VIII. 103. 6, etc.); *पुरु* (RV., IV. 31. 8); *दिशानि पार्थिवा* (RV., VI. 59. 9, etc.); *सार्धा* (RV., II. 23. 9) and others (see Grass., Wb. 1234-1236).

Aša-ciθra—Which contain the seed of Righteousness (Mills). Rather it means “the seed of *Aša*,” i.e. produced by (or in accordance with) the Law of *Aša*. *ciθra* in the sense of progeny, family or race is found in comp. words like *daēvō-ciθra*,[‡] *Hvarō-ciθra* (the name of the second son of Z.),^{||} The word is found in O. Pers. in the phrase *ariyah-ciθrah* (of the Aryan race), Beh. VI. 2. In Pers. the word becomes *chīhr* as in *Minū-chīhr*, Av. *Mainyuš-ciθra*. The other sense of the word is “clear” (*विच*)[¶]. The etymology of both these may or may not be the same. After *ciθra* Kan. puts a semi-colon (;).

χšayamnəm—2/1 pres. pt. atm. *√χši*. Ruler, i.e. powerful.

ašavaanəm—2/1. Sg. used collectively in a plu. sense.

* Probably he takes *Ašōiš-ca Vayhuyā* as acc.

† A.G., § 122.

‡ See below Sel. VI.

|| See above Yas. XXVI. 5. (Sel. IV.), note on *Isut-utra*.

¶ Sel. VI. below.

anumatayaē-ca—4.1 used as an adv. Lit., according in thought, i.e. following in thought.

anvarštāyaē-ca—For the dropping of the *u* of *anu* see above *hvarā*² (Yas. LVII. 20). Cf. also *hvaršta*.

11. *āṇhām*—Kan. omits this word in his trans. (Kh. A. b. M., p. 25). Mills takes it as an auxiliary verb and trans. “may be”. He evidently reads *āṇhān**, a form which is not known, the nearest being *āṇhan*, which is 3/3 sub. pres. par. *ah* (Jack. & A.G., § 531). Barth. (Wb. 271) takes it as 3/3 sub. pft. par. (in the thematic conjugation irregularly). In any case the *-ām* ending is irregular and is probably due to the influence of the *nō* preceding, which has led to the use of this quasi-1/3 ending.

šyātō (v. l. *šātō*, Barth.)—Kan. takes it as p. pt. par. 1 1 (for 1 3).† Barth. (Wb. 1707) takes it as inf. of *√šyā(šā)* to be satisfied, and construes with the auxiliary *āṇhām* above. The word is also found as *šātō*. Cf. O. Pers. *šiyāti* (happiness), Mod. Pers. شاد (*shād*) happy and شادی (*shādī*) happiness (used specifically to mean marriage).

manā—1/3.

vaštō (v. l. *vahištō*, Geld. and Kan.)—This is the reading of Barth. He explains this as an adv. in much the same sense as *vasas-ca* above (verse 9). He translates this passage “may our souls be as they wish” (may their wishes be fulfilled, in other words, “may they get salvation”).‡ Kan. takes *vahištō* as 1/1 for 1/3. *√ah - to wish*

xʷaθravaitiš—1/3. Full of heavenly glory. The idea seems to be that of attaining the ecstasy of spiritual life even while *in the body*, like the idea of some saints (Kabir, for example) of जीवे हि मर जाना (dying while alive).

tanvō—Geld. remarks (p. 211, ftn.) that all mss. read *tanō*. 1/3. *√tan - to be*

həntō (v. l. *hənti*, Geld.)—Mills takes it as 6 1 of the pres. pt. of *√ah* (× *सन्*, *सन्तः*) and trans. in the plu. “of saints”. Kan. takes it as 1/3 m. pres. pt. *√ah* (*सन्*) and trans. “our bodies being, etc.” Barth. (Wb. 274) explains this as 3/3 imp. pres. par. *√ah* (*सन्तु*). The ending *-əntō* for *-əntu* is also found in *jasəntō* (Yt. XIX. 66) and *iθəntō* (Yt. XIII. 141)||. The use of imp. (instead of sub.) in the relative clause (with *yatha*) is noteworthy.

vahistō aṇhuš—1/1. See above Yas. IX. 19.

ākās-cōit—Clearly, openly (Kan. and Mills). Kan. derives this from + *√kāś* (काश्) + *cōit* (चेत्, चित्).¶ Barth. (Wb. 309) takes *ākās-cōit* as made up of *ākā* and the enc. particle *cōit* (cf. *azəm-ciṭ* above, verse 10). He takes *ākā* here as 5.1 of *ākā* (dislosure, revealing). The word has the specific sense of the opening out of the record of the departed soul's life-work upon the Cinvat-bridge.**

* S.B.E., XXXI, p. 312, ftn. 2. † Dict., p. 558. ‡ Wb. 1393. || Barth., Wb. 31, note 12; and 279, note 28. ¶ Dict., p. 76. ** Cf. G&O. Vohū. LI. 13 (Sel. XXXVI, Part 2).

The weak points in this rendering are: 1. he construes *nō aṇhaṭ* (lit., be to us, i.e. come to us) understood with *vahištō`aṇhuš*, which is not very convincing; 2. taking the 3/3 *jasəntām* in the sense of 1/3 *jasāmaide* is also a difficulty, though this latter difficulty is by no means insuperable.

I propose to join this verse (in sense) with the previous one, remembering the remarks of Mills quoted at the beginning of verse 10.† I now give my suggestions for what they are worth:

(1) I read *yaθa nō* (separately), i.e. I do not regard *nō* here as the enc. pron., but as a particle. This particle *nō* (sometimes *nō*) is orig. the same as the pron. *nō*. It is a sort of mildly emphatic assertion like the *नु* in Veda. This particle never begins a sentence or *pāda*. (Barth., Wb. 1072).

(2) I propose to take *āṇhām* as 6/3 f. of the dem. pron. (= *आचाम्*) referring to the *fratəmā* of the previous verse. There is the gender difficulty but probably the influence of the last words of the previous verse which are fem. (adj. to *daēnā*) has worked in this case; (see Reich. § 602)

Hence my trans runs:

So that, verily, the minds of these (leaders) (may be) full of joy, (and their) souls (be) with-every-wish-fulfilled (and their) bodies full-of-heavenly-glory; (and thus too theirs) may be the best life (hereafter): may they reach, O Mazda, the regions-of-Ahura even after the disclosure (of their actions in this life).

12. *Aša*—3/1. Mills takes this verse with the preceding. (v. *अश्विन/अश्विन*).
darəsāma—1/3 sub. aor. par. *√darəs* (दृष्ट). *caus. in form, but simple in meaning*.
pairi . . . jamyāma—May we come near (Kan.); may we come round about Thee (Mills); may we reach Thee (Barth., Wb. 499). *सम्प्राप्तम्*

haməm-θwā haχma—(May we attain) Thy eternal friendship (Kan.) taking *haχma* as 2/1 n. Mills also takes the same way. Barth. (Wb. 1739) takes it as 1/3 sub. aor. par. *√hak/c*. May we consort completely with Thee, or may we completely unite with Thee, *सम् त्वा *सखम्*. This best suits the spirit of the hymn which thus closes with a fine climax—seeing, reaching, completely uniting with, Ahura. *अह + स् = अहस्* Root aor. in form but meaning that of the opt.

* See the final remarks on *χ^vābairyāt* above (verse 6). † See above p. 119. ‡ The *handō* is to be construed with each of the four clauses, hence the plu.

The Zoroastrian Creed—Yasna XII.

1. I shall cause the Daēvas² to perish¹.

I profess-myself³ (to be) a Mazda-worshipping⁴ follower-of-Zaraθuštra⁵ opposed-to-the-Daēvas⁶, acting-according-to-the-Law⁸-of-Ahura⁷, a praiser⁹ of the Holy¹¹ Immortals¹⁰, (and) a worshipper¹² of the Holy¹⁴ Immortals¹³. Unto Ahura¹⁵ Mazda¹⁶, the Good¹⁷, the Lord-of-(all)-Goodness¹⁸, the Holy²², the Resplendent²³ (and) the Glorious²⁴, do I attribute²¹ all¹⁹ good²⁰ (things)—yea²⁸, all^{27*} (things) which²⁵ (are) the best²⁸; (unto Him) whose²⁹ (is this) Earth³⁰, whose³¹ (is) Righteousness³², whose³³ (is) Light³⁴, in whose³⁵ Light³⁶ (all other) lights³⁷ are clothed³⁷.†

2. I choose-for-myself⁴ the excellent⁵ Holy¹ Piety^{2‡}; may she⁵ be mine⁶. I solemnly-condemn^{8 10} both¹² the robbing¹¹ and¹⁴ the plundering¹³ of cattle⁹, (and) solemnly (-condemn)¹⁵ both¹⁹ the damaging¹⁸ and²¹ laying-waste²⁰ of the villages¹⁷ of Mazda-worshippers¹⁶.

3. I attribute³-completely¹ free⁴-movement⁵ (and) absolute⁶-sovereignty⁷ unto the Spiritual-Lords², who³ upon⁹ this¹⁰ earth¹¹ rule¹³ over (all) created-beings¹²; by-means-of¹⁷ fervent¹⁶ salutations^{14*} to Aša¹⁵ I praise¹⁹ these^{13**} (as well).

Never²⁰ from now²¹ onwards²² shall I stand-up²⁶ against²³ the village²⁹ of the Mazda-worshipper²⁷ (for) damaging²³ (it) or^{24††} (for) laying-(it)-waste²⁵; (nor shall I entertain) designs³⁴ (against) either^{30††} the limb³¹ or^{32††} the life³³ (of the Mazda-worshipper).

4. Away¹ do I fling⁹ (all) allegiance³ to the wicked⁵ Daēvas², without-purity⁴ (and)-without-the-Law⁵ (of Aša), creators⁷-of-evil⁶, most-untruthful¹¹ among^{‡‡} beings¹⁰, most-loathsome¹⁵ among^{‡‡} beings¹², most-devoid-of-virtue¹⁶ among^{‡‡} beings¹⁴; away¹⁶ (do I fling all allegiance) to the Daēvas¹⁷ (and) to the Daēva-worshippers¹⁹; to the wizards²¹ (and) to the companions-of-the-wizards^{25,‡‡‡}; away²⁴ (do I fling all allegiance) to (these beings) inimical²⁷ to every²⁵ living-creature^{26¶¶}; to (their) thoughts²⁹, to (their) words³¹, to (their) deeds³³, (and) to (all their) manifestations^{35***}—away³⁶ indeed³⁷ do-I-fling⁴⁰ (all) allegiance³⁹ to any³⁸ whatsoever⁴¹ (of) the infidel⁴² tormentors⁴³.

5. Thus¹, even³ thus², did Ahura⁴ Mazda⁵ instruct⁷ Zaraθuštra⁶, during all⁸ the questionings⁹, during all¹⁰ the meetings-together¹¹, when^{12†††} (They two) conversed-together¹³, both¹⁵ Mazda¹⁴ and¹⁷ Zaraθuštra¹⁶.

§ Lit., "whosoever".

¶ Lit., "this".

NOTES.

1. Kanga: *Khordēh Avestā bā Māēnī* (5th ed.), pp. 413–418. The last two verses (8–9) are also found at pp. 9 and 10.

2. Reichelt: *Avesta Reader* (verses 1–7 only); text at pp. 75–76, notes pp. 176–177.

3. Mills: *S.B.E.*, XXXI, pp. 247–250.

Linguistically this passage is among the oldest in the Younger Avesta or the youngest of the Gāthic dialect. The names mentioned in verse 7 also give an indication of the age, but as Mills rightly remarks* the names are “not mentioned with any fanciful or superstitious exaggeration”. Thus the period may have been within a couple of generations after the Prophet, before exaggerations had time to gather round his name.

The essential portions of this prayer are the last two verses which are repeated by every Zoroastrian each time he ties on his sacred girdle. They give the essential features of the religion—the establishment of peace and the stopping of bloodshed and fighting. But this is not a mere negative type of faith, but a positive one of actively suppressing evil. We shall see more evidences of it in later selections – *Yāgā-ahū Vairyo*,† and in the *Gāthās*.

If Mills' idea be correct the opening verses, especially the 2nd and 3rd, would prove that the establishment of the Zoroastrian Faith marked definitely the adoption of agriculture and of settled conditions of life by the Iranian nations. Some support is lent to this view by the legend of the colony founded by Yima (Ven. II) and also by the very high praise of agriculture in other passages.‡ The view of Mills is well developed by Dr. J. J. Modi in a very interesting essay: *अवस्था अमानानु एकरारनामु* (The Confession of Faith of the Avestan Age).|| But though interesting as a speculation the view of Mills is not generally accepted.

We may however take it that the *daēvas* and the *daēva*-worshippers represent tribes who were in a comparatively lower stage of civilisation as compared to the Iranian culture of this epoch, and in verse 4 there are abused in strong terms which means that the Zoroastrian was expected to be *actively* opposed to them. And this active opposition to the *daēvas* has continued to be the most marked feature of the Zoroastrians all through their history.

Verse 7 is very remarkable. The religion is said to be the religion of the waters, of the trees, of the bounteous Earth, and of Ahura Himself. The main feature of the *Māzdayasna* faith, as revealed by Z., is the Law of

* *S.B.E.*, XXXI, p. 247, fn. 4.

† *Sel.* VII a.

‡ *Sel.* X; also *Ven.* III (*Sel.* XXIX. Part 2).

|| Published with other essays on the Domestic Life and the Geography of the Avesta in the year 1887. The full title of the book is *अवस्था अमानानी वरसंचारी जीर्दगी. भुगोल अने एकरारनामु* (Bombay).

Aša, which is another name for the Law of God. To put it in modern language the basis of this religion (in fact of all religion) is the eternal Law of Progress so finely described by Tennyson as

“That God which always lives and loves,
 “One God, one law, one element,
 “And one far-off divine event
 “To which the whole creation moves.”

No doubt the Sage who composed the seventh verse of this Yasna had an idea similar to that of Tennyson's in his mind.

1. *nāismī*—Note the final long *i*, a characteristic of the older dialect. Kan. explains this form as the caus. of $\sqrt{\text{nas}}$ (नश्) This, as he explains (A.G., § 523), is made without the *-aya* and the root is conjugated in the thematic conjugation with a इदि strengthening. He trans. this, therefore, as “I cause the *daēvas* to perish”. Mills says, “I drive hence”; but he adds (S.B.E., XXXI, p. 247, ftn. 5) that possibly it is from $\sqrt{\text{nad}}$, to curse. Reich. suggests a $\sqrt{\text{naēd}}$, also Barth. (Wb. 1034). Cf. Yt. XIII. 89, *Zarathuštrō . . . gō paōiryō . . . nāist daēvō*. Nair. says निन्दयामि. Jack. (A.G., § 655) takes it as *s*-aor. (sub. ?) of $\sqrt{\text{nās}}$ (a caus. form of $\sqrt{\text{naś}}$, नश्, to perish) which is used in the caus. sense without the *-aya*.

daēvāō—2 3. This is a unique example of the transfer of an *-a*-stem to the consonantal declension.

fravarāne—1 1 pres. atm. $\sqrt{\text{var}}$ (वृ) + *frā*. Note atm. Cf. *fraoranta* above Yas. LVII. 24.

mazdayasnō zara'uštris—A Mazda-worshipping follower of Z. The *paōiryō-ṭkaēša* (Yas. XXVI. 4) were also Mazda-worshippers. Note also that the adj. *zara'uštriš* when applied to persons means “a follower of Z.”, when applied to the *daēnā* (religion) it means “revealed by Z.”

vīdaēvō—The name *Vendidād* is a corruption of *vīdaēvadāt*, i.e. the law given in order to oppose the *daēvas*.

The formula *fravarānē . . . ahura-ṭkaēšō* occurs very frequently throughout the Av. ritual.

vayhavē—4 1 of *vohū*. Good, वसुवे. Cf. Śkt. वासव.

vohumaitē—Possessed of goodness (Kan.); endowed with good possessions (Mills); वसुमते.

vīspā vohū—2 3 n. All good (things that are created).

cīnahmī—From $\sqrt{\text{k'caēs}}$, to attribute something (acc.) to some one (dat.).* Cf. Yas. XLIV. 6.†

raēvaitē (v.l. *rañtē*)—Possessing riches (Kan.); resplendent (Mills). Barth. (Wb. 1484) says that when applied to human beings it means “rich”‡; but when applied to divine beings, especially to Ahura, it

* Barth., Wb. 429-30. † Sel. XVI below. ‡ Cf. *mašyānām raēvatām*, Ven. XX. 1.

means “resplendent”.* The word is also used as a proper name too of a mountain about which it is said (Bun. XII. 18): “*Raevand-kuh* (is) in Khorāsān on which the *Ādar-Burzin* (the *Burzin-Fire*) is established. It is called *Raevand* because it is full of splendour”. Cf. रेवन्ती.

यन् यā-zī cīcā vahištā (v.l. cīcā†)—Mills trans. “Whose are all things whatsoever which are good” (omitting the zī). Kan. says: “For whatsoever things are best (are His)”. zī (चि) is enc. and orig. means “because” and generally introduces a reason-clause. But sometimes it introduces a well-known-fact which is incontrovertible and self-evident.‡ Hence it is best to translate it here by the emphatic “yea”. cīcā is a reduplicated form of the inter. pron. with palatalisation. (Barth., Wb. 420). Nair. trans. यस्य यतो या काचित् उत्कृष्टतमता (किल यं काचित् उत्कृष्टतमता यसौ ददौ). The ददौ introduces an idea foreign to this context but Nair. has evidently imported it from Yas. XLVII. 5 where this phrase yā-zī, etc., is repeated.

gāuś—Cattle. Kan. suggests (Kh. A. b. M., p. 414, ftn.) that the Earth is meant; cf. yō gām dadā verse 7 below.

raocā—when used in the plu. it means “light”.

yejñhē . . . χ’āθrā—This is a quotation from Gāθ. Ahu. XXXI. 7.¶

rōiθwān—Barth. (Wb. 1528) takes this as an inf. (used with ins. raocābiś) from the ✓raēθwa, to mix with.** Reich. takes it the same way and adds that it is originally a loc. form (§ 373), but he gives the meaning of ✓raēθwa as “to be filled with” (A.R., Gloss.), Kan. (Dict., p. 434) takes this as 3/3 impf. par. of the den. verb from the noun raēθwa (n.), impurity; he says the verb originally means to become impure or contaminated, then it came to mean “to mix with”. Cf. nōiθ para ahmāt . . . yaθ aēša (daχmō) pānu raēθwāt (Ven. VII. 50) “not before this (body) is mingled with the dust”. In the phrase Tištryō . . . kəhrpəm raēθwayēiti (Yt. VIII. 13) the verb means “takes on the shape of”.

χ’āθrā—Kan. takes it as 1/3 and trans. “light” or “glory”. Barth. (Wb. 1876) says that the orig. meaning is “well-being”, “happiness”, etc., hence he takes it in the sense of a place where one finds happiness, i.e. paradise, blessed spaces.

The phrase yejñhē . . . χ’āθrā has been rendered variously. Kan. says, “whose splendour has blended with the (infinite) lights (in the sky)”. In G. b. M. (p. 38, ftn.) he explains that Ahura’s essence is in every star that shines in the sky. Mills says: “In whose glory the glorious beings and lights are clothed”. But in Gāθ. Ahu. (XXXI. 7.) he renders the phrase: “they (all) as (His) glorious (conceptions first) clothed themselves in the stars (raocābiś)” (S.B.E., XXXI, p. 44). Reich. (A.R., p. 177) following

* Ved. रेवन्त is used exactly similarly; Grass., Wb. 1182 † Metre requires cīcā. ‡ Reich., p. 504. ¶ Barth., Wb. 1490. ¶ Sel. XXXIV., Part 2. ** See also Barth., Wb. 1482.

Barth. trans. "with whose lights the rooms (i.e. heavenly spaces) would be filled". Nair. says: **यस्य रोचिःसंस्तिष्ठानि शुभानि** (good things).

2. *varənē*—1/1 pres. atm. I choose; **वृणे**. The word is used similarly in the Veda also, cf. **इन्द्रमग्निं कविच्छदा यज्ञस्य जूत्या वृणे** RV., III. 12. 3. Nair. says **निमन्त्रयामि**, which at any rate expresses the sense.

hā-mōi astū—Nair. says **मे वपुषि अम्यागता अस्तु**. Cf. *Gāθ. Ahu.*, XXXII.

2. *Spəntām vō Armaītim vaŋuhīm varəmaidi* : *hā-nō aghat*. ~~मरुतानां~~ *May* *ae*

us-stuyē (अप.)—*√stu* + *us* according to Kan. means to protect something (acc.) by prayer from an evil (abl.). Mills trans. "I loudly deprecate". Barth. (Wb. 1594) says that the verb means "to solemnly abjure (abl.)". The verb would literally mean "to praise away from"; *us* being in the privative sense, or the sense of opposition.* *us* is frequently used in this sense, e.g. *uz-ušlān* (Ven. V. 45), lit. "without heat" i.e. dead; *uz-baoda* (Ven. V. 12), without intelligence; *uz-varəz* (Ven. XIII. 3), lit. "to undo", i.e. to expiate a fault; *uz-vad* (Yt. XVII. 59), lit. "not to marry", i.e. to carry away a maiden by force,† etc. See also Kan., Yt. b. M., p. 332, ftn. Other prep. also have this sense of opposition, or privation, e.g. *apa yaz*, *vī-vap* (below), *vī-mrū* (below verse 4). **असु + ओषि** — I dispell away by prayer

tāyāat-cā (अप.)—5 1 m. Robber (Kan.); robbery (Mills); so also Barth. (Wb. 647). The word *tāyu* was orig. **stāyu* hence probably *tāya* is the same as Skt. **स्तेय**.‡ ~~स्तेय~~ * *stēi* —

hazayhat-ca—5 1 of *hazah* n. Kan. says "plunderer"; Mills and others "plundering". The word is the same as Skt. **सुहृद्**, strength, hence it came to be "taking away by force". In this sense it is used only here and in the *Frahang-i-oīm* (25. b).|| The word is used in a good sense as well, e.g. *Vaŋhōuš hazō . . . Manayhō* (Yas. XLIII. 4). Nair. says, **असौर्गोपयन् सौमि सेनेभ्यः इतिभ्यश्च इती बलात्कारौ ॥ अमः**

zyānayaē-cā—4 1 for 5 1. Injury or wasting. From *√zyā* (a variant of *√z'jī*), to injure, orig. to conquer. Pers. **زيان** (*ziyān*) injury. Nair. trans. **हानिभ्यः अजीति** (invulnerability) seems to be cognate.¶ **शत्रुः - अ/ (मति)**

vivāpat-cā (v. l. *vīyā°*, proposed by Mills)**—Mills is evidently thinking of *vī + āp* (water) and trans. "drought"; so also. Kan.; Barth. takes it from *vī + √vap* (to sow) and trans. "laying waste" (Wb. 1452); Nair. has **उद्घासेभ्यः devastation**

Mills trans. *zyānayaē-cā vivāpat-cā* as "all drought to (leading to) the wasting".

3. *farā . . . rāŋhē*—*√rā + frā*, to grant, to attribute. Kan. takes this as dat. inf. "for the sake of granting". He also suggests (Dict., p. 445)

* Hence the abl. "object".

† The opposite is *upa-vad*.

‡ See also Barth., Wb. 638.

|| Barth., Wb. 1799. ¶ RV., IX. 96. 6. nā 97. 30. * S.B.E., XXXI, p. 248 ftn. He also proposes to read *vīyāpam* in verse 3 as well. *

that this may be 1/1 atm. fut. Mills trans. "I wish to lead away". Reich. takes it as 1/1 *s*-aor. atm. Barth. (Wb. 1518) takes it as 1/1 sub. *s*-aor. atm. governing dat. of person and acc. of thing (or quality attributed).

manyaēibyō (v.l. *mainyā*, Reich)—4/3. Reich. says (A.Ā., Gloss.) that as adj. it means "authoritative", as substantive "landlord" (i.e. householder). Kan. takes this as 5/3 and trans. "from (or through) the spiritual Lords" (i.e. the Holy Immortals and others). Mills also takes it as 5/3 but trans. "from their thoughts". Barth. (Wb. 1896) trans. as Reich. does, "persons in authority" or "heads of households", and quotes several parallel passages in support,* all of which are rendered differently both by Kan. and Dār. (S.B.E., XXIII).

rasō-yāitīm (f.)—Freedom of movement (Kan. and others); wandering at will (Mills). *रस-यातिम्*

vasō-šaitīm (f.)—Freedom of dwelling; freedom of rule; Mills, thinking of nomadic tribes (see Introductory note to this sel.), trans. "free (nomadic) pitching of the tent". *वस-शैतिम्*

yāiš—3 3 for 1 3 *yōi*, Reich. and Kan. Case attraction probably due to *gaobīš* following. Mills takes it in connection with *gaobīš*.

āyā-zamā—Cf. Yas. IX. 12.

gaobīš—Kan. takes it as "property". Cf. Lat. *pecunia*.

šyenti—Live, or dwell. (Kan.), also Mills. Reich. and Barth. (Wb. 1706) take it as "protect".

Geld. puts a stop after *šyenti*. Reich. and Kan. put a full-stop, taking the next clause with the rest of the verse. I propose to put a semi-colon here.

nəmayhā—3 1. *नमसा*, with salutations (to Aša). Used with dat. (Reich. § 467).

uzdātā (v.l. *°dātā*, Geld. and Barth.)—Kan. takes this reading and explains it as adj. 3/1 to *nəmayhā* and trans. "fervent"; from *uś* (warmth, cf. *उष्ण*) and *°dā* (*धा*) Barth. reading *°dātā* takes it as adj. 2/3, qualifying *zaoθrā* (offerings) understood. He trans. "uplifted" from *√dā* + *us* (*उत्*). It is the usual term for the bringing of offerings to the proper place, especially used of *haoma* and *zaoθra* libations (Barth., Wb. 719).†

paiti—Kan. takes this as an *upasarga* with *stuyē*. Barth. (Wb. 825) takes this as a particle connecting the foregoing clause or conditions with what follows, and trans. "with (or together with) the uplifted (offerings)".

avāt—2/1. This. Used for 2/3 (*ave*) referring to *manyaēibyō* above (cf. *yať* in Yas. IX. 4). Barth. takes it as a conj. introducing direct narration (Wb. 166). *अवा* - *अ* *an-* *propositional base not found in Skt.* (It. That)

* Yt. X. 137 (twice) and 138, and Yt. XVII. 10. † Cf. Afrin. IV. 5., Ven. IX. 56., Vis. IX. 1, etc.

* *stuyē*—1/1 pres. atm. Barth. (Wb. 1594) explains this as “I promise solemnly”. This is the only passage in which \sqrt{stu} is used in this sense. Note *stuyē* for **stuvē* (𐬔𐬀𐬭𐬀) to avoid the combination *uv* in writing. Cf. also *mruyē*, Skt. कृवे.

Geld. puts a stop here after *stuyē*. Kan. has a comma, Reich. has a colon. I propose to put a fullstop here, taking what follows as an independent sentence.

* *ahmāt*—5/1 used adv. From henceforth, Kan. Cf. Yas. IX. 15. Could it mean “from this (person)”, i.e. myself?

ā is to be taken with *ahmāt*. From now onwards, from this (time) forth. Kan. reads *āzyānīm* which he trans. as “damage”.

* *vivāpəm*—See above verse 2.

* *χstā*—1/1 aor. ^{Root-}sub. par. $\sqrt{stā}$ (𐬔𐬀).* Note the χ affixed (cf. *fraχstāne* above, Yas. IX. 20)†. Kan. takes it as pres. but the regular pres. form is *hištāmi* (cf. 𐬀𐬭𐬀𐬭𐬀𐬀𐬀). This form is to be distinguished from *stā* which is 2/3 pres. par. of \sqrt{ah} —𐬀𐬭 (Jack., A.G., § 531). Reich. trans. “I shall practise against”; Barth. trans. “I shall not make myself guilty of” (Wb. 1691 and 1700–01). ^{stand}

* *aoi*—𐬀𐬭𐬀, towards; with gen. *vīsō*.

* *astō*—6/1 governed by *aoi*. Lit. the bone, hence the limb. Cf. “life and limb”. ^{gen. for the dat.} *𐬀𐬭𐬀*: -𐬀𐬭, 𐬀𐬭𐬀!

* *cinmānī*—Kan. and Mills take this as 7/1 of *°man* and trans. “in the love of” (i.e. out of love of). from \sqrt{ci} . to love. Barth. (Wb. 595) takes it as 2/3 n. from \sqrt{kan} (*cin*) and trans. “designs”.

The verse is difficult in construction and has been variously rendered. Kan. says:

“I shall with fervent hymns praise (Ahura) in order, through the Spiritual Lords, to grant unto those who live upon this earth possessing property (lit. cattle), the power of moving about at will, and that of ruling at will; with fervent prayers I shall praise (Ahura) for the sake of Righteousness (i.e. in order that the people may live righteously). (And therefore) I shall not stand for (i.e. be responsible for causing) damage and drought to the village of the Mazda-worshipper (i.e. I would not engage in acts such as would bring these about),—neither (shall I act thus even) for the love of (my) body or (for the love) of my life (itself)”.

He omits *ava* altogether and, in my opinion, needlessly complicates the sentence, e.g. the way he takes *astō*.

Mills trans. (S.B.E., XXXI, p. 248):

“Away from (?) their thoughts do I wish to lead (the thought of) wandering at will, (away the thought of) free nomadic pitching of the tent,

for I wish to remove (?) all wandering from (tLeir) kine, which abide in steadfastness upon this land; and bowing down in worship to Righteousness I dedicate my offerings with praise so far as that. Never may I stand as a source of wasting, never as a source of withering to the Mazdayasnian villages, not for the love of the body or of life”.

Mills has here in mind the idea that the advent of Zoroaster meant a change in the life of the Iranians from the nomadic to the agricultural stage (see Introductory note). Doubtless the age-long rivalry between Turān and Irān, and later on between Arab and Persian, is due to this fundamental difference between the nomadic and the settled agricultural stages of civilization. But, even apart from the severe straining of the construction in order to reach this sense, Mills is himself not quite sure of his ground. He himself suggests (p. 248, ftn.) an alternative trans. for *farā šyenti*:

“Forth to their thoughts I offer in my prayer free ranging at their choice, and a lodging where they will, together with their cattle which dwell upon this land”.

Barth. trans. thus (also Reich.):

“To these heads of households do I grant wandering at will, and lodging at will, (to those) who protect the kine upon this earth, with reverence unto Aša (and) with (offerings) lifted up I promise solemnly this:—‘Never from now shall I be guilty of damaging or laying waste the Mazdayasnian village, nor (shall I ever entertain) any design upon the body or the life (of a Mazda-worshipper)’”.

I venture to trans. thus:

I attribute completely free movement and undisputed sovereignty unto the Spiritual Lords (the Holy Immortals and the Yazatas) who upon this earth rule over (all) created beings: through fervent salutation to Aša do I praise them as well. Never from this (time) forth shall I stand up against the lands of the Mazda-worshipper for the purpose of damaging (it) or for laying (it) waste, nor (shall I entertain) designs (against) either the limb or the life (of a Mazda-worshipper).

4. *vī mruyē*^{spurn}—Lit. I speak against, hence I abjure or renounce completely or utterly. The trans. of Kan., “I do not accept”, is distinctly weak. “Away do I abjure” Mills. Barth. (Wb. 1196) notes that it is used with the acc. (here *sarəm*).

daēvāiš—3/3. The ins. in this connection is doubtless due to the separative *vī*.

ayāiš—Cf. Yas. IX. 8.

*avanhīš** (*ᾗπ*, v.l. *hūš*, Geld. and Kan.)—3/3. The form in *-iš* is special to Av. only (Reich. § 350). “Without goodness or purity”. If we accept the other reading it would be 2/3 used for 3/3:

* This is the reading given by Barth.

anarētāiš (āπ.)—अनृतः; opposed to *Aša* (the Holy Law), (Barth., Wb. 120). The variant *arēta* for *aša* is used here. The same *arēta* is used in such names as *Artaxšaθra* (*Artakshīr*, *Artaxerxes*). Kan. trans. "not going in the straight path"; Mills says, "utterly bereft of good".

akō-dābīš (āπ.)—Evil-knowing (Kan.): from *aka* (evil) + *√dā* (Pers. دانشدن *dānishtan*, to know). Mills trans. "deceitful in their wickedness", from *aka* + *√dab* (दभ्) to deceive. Barth. (Wb. 47) takes it as "creators of evil" (*√dā*, धा, to create) as opposed to *vayhūdāh* (in Yas. I. 19; XVI. 9 and other places).

sarēm—Authority (Kan.); shelter ^{> allegiance} and headship (Mills); Barth. (Wb. 1564) takes it as f. and trans. "companionship" from *√sar* (to consort with), and compares Grk. *κεραίω* to mix with (Skt. सञ्चित् is also cognate). Nair. says सानिब. Kanga's trans. seems correct because the word *asārō* (without a ruler) occurs in Ven. I, 19* (cf. Pers. سردار *sardar*, leader).

hatām refers to all created beings. *hōrōc* (of those that are) *hōr*

draojīštāiš—Most lying (Kan.); Mills trans. "most like the demon (*druj*)". Cf. Pers. دروغ (durūgh), a lie, untruth. most wicked.

paošīštāiš—3/3 sup. of **pauš* (*√pu*—पू). Most filthy (Kan.); most loathsome (Mills). Nair. says चुद्रतम. ^{to be putrid, deteriorate}

daēvavatbīš (āπ.)—Those belonging to *daēvas*, i.e. the *daēvayasna* people. ^{अदवतः - most devoid of riches.}

yātuš—3/3 though the form is indistinguishable from 2/3. This is due to the peculiarity of the Av. script, *-bīš*, *-viš*, *-uš*.†

kahyā-cit—कस्यचित् in the sense of "whatsoever". Note sg.

ātarāiš—Enemies. Cf. Yas. LX. 4. Kan. trans. "any wicked man"; Mills says: "every existing being of that sort"; Reich. (A.R., Gloss.) says: "pernicious (i.e. inimical) to", with gen.

ciθrāiš—Kan. says 3/3 used adv. and trans. "openly". Mills says: "and their seed". Barth. (Wb. 586) says: "in all their manifestations".

Geld. has a stop after *ciθrāiš*, Kan. puts a full-stop, Reich. has a semi-colon.

zī is emphatic (cf. verse 1). Skt. *ī* ^{stem 'i'. Really *ana* is a double stem - a + na}

anā—3/1 of dem. pron. Kan. (Kh. A. b. M., p. 416, ftn.) says *it* is used adv. and trans. "in the same way". Reich. and Barth. (Wb. 1247) take *anā* . . . *yathanā* to mean "each and every", "all . . . whatsoever".‡

yathanā (v.l. *yatha nā*)—Kan. takes "in the manner which". Kan. trans. the last line of this verse: "I abjure (their) authority in the same way as I do (that of) the *druj*", which seems rather tautological.

rāxšayanā (v.l. °tām)—3/1 fut. pt. √*ranj*. Tormenting (Kan.). Cf. *ranjīdan* (رَنْجِيدَن) to give pain; probably Skt. रञ्जि is cognate. Barth. (Wb. 1528-29) is not sure of the exact sense but says it is somewhat like *thiṣyant*. Nair. says वेदक. Mills trans. "the iniquitous of every kind" (*yaθanā*) who act as *Rākshasas* act".

5. *aθā aθā*—Kan. takes this as if it were *ya⁹ā yaθā* and hence he takes verse 5 and 6 together; Barth. trans. "thus and so"; Mills also trans. the same way.

cōit—Kan. says, "earnestly", "by way of injunction" (नाकीदथी): Mills trans. "in very deed". Cf. *ākās-cōit* above Yas. LX. 11.

adaṣšayaētā—3/1 aor. atm. √*daṣš* to instruct (दिश). The initial *a* may be the augment or may be the upasarga *ā* (अ). Cf. आदेश उपदेश etc. Kan. reads *adā ṣšayaētā** and trans. "ordered (√*ṣṣi*) at that time" (*aḍā*, अष). But in a ftn. Kh. A. b. M., p. 417, he gives the reading of Geld. and gives the correct trans. Mills too notes the two readings (S.B.E., XXXI, p. 249, ftn. 1).

forašnaēšū (v.l. *fraš°*)—Questionings, प्रश्नेषु. This refers to the "conversations" between Ahura and Z. through which the religion was revealed. Cf. Yas. LVII. 24, above.

anjamanaēšū—Meetings, संगमनेषु lit. coming together. Pers. انجمن (anjūman), assembly. This is an *ahura*-word, the corresponding *daeva*-word is *handvarena* (Yt. XI. 4.)†

yāiš—3/3. The ins. implies "during which".

apərəsaētəm—3/2 impf. atm. *अपृच्छताम्. Note the augment and also atm. The sense here is "conversed", i.e. "questioned (and answered)".

6. *vyāmrvitū*—3/1 impft. atm. Note the retention of the augment

*aθā*¹⁸—Thus, in the same way.

anāiš—See above *anū*, verse 4. This is of course 3 3.

yē—See above Yas. LX. 1. (यः) 1/1 - special 9aθ. form.

7. *yāvaranā*‡ (v.l. *yā-varanā*, Geld., in both the places)—1/3 f. Kan. trans. "of what faith". "To that religious sanctity to which the waters appertain" (Mills). √*var* (वृ), to choose; cf. *varənē* above verse 2.

gāuš hudā (v.l. °ḍā)—Well-created cattle (Kan.); kine of blessed gift (Mills). Cf. Yas. XXVI. 4 above. Barth. (Wb. 1825) considers that the meaning is the same in both the passages.

¹² *gām*—Kan. trans. "earth". ¹³ *daēdē* - दामे

as—3/1 impf. par. (Gāθ) √*ah*. The form *ās* is also found (Jack., A.G.,

* Geld. notes this v.l.

† Barth., Wb. 1729.

‡ Kan.

§ 532). The form is from $\times \bar{a}st$, the final t being lost on account of the s (Jack., A. G., § 192, note). आसीत्

yavaranū—1/2.

Fərəšaoštrā-Jāmāspā—This is a देवताद्वन्द्व (Whit. § 1255), both words being du. Geld. takes them separately. They were two brothers, who are almost always mentioned together. They were both high in the favour of king Vištāspa and were among the most devoted disciples of Z. They were of the family of Hvōgva* (*Hvōva*, Pahl. *Habub*), who was probably their father.† From the same family comes Hvōvī, the wife of Z. *Fərəšaoštra* (also spelt *Fraša*‡) was probably the elder as his name always occurs first. They are said in later books to be sons-in-law of the Prophet and in one place (Yt. XXIV. 11) Z. addresses him as *puθra* (Modi, p. 136). But in another place where *Fərəšaoštra* is mentioned (Yas. LI. 17)‡ he is taken by some scholars to have been the father of Hvōvī and hence the Prophet's fathers-in-law|| (Barth., Wb. 1007). His two sons, Hušyaoθna and Xvādaθna, are mentioned in Yt. XIII. 104. The name *Fərəšaoštra* is of uncertain origin, probably it means "he whose light is renewed". *Jāmāspa*¶ (Grk. Ζαμάσπης) the younger brother is the more famous person because he was the Prime Minister of Vištāspa. In the Gāth. he is mentioned as *Dō-Jāmāspa*, i.e. the Wise *Jāmāspa* (Yas. XLVI. 17). In later works he has the epithet حکیم (*Hakīm*)—the Wise—added to his name. In Yt. V. 68 he is mentioned as a warrior fighting with the enemies of Vištāspa and the new religion. The traditional legend says that on being initiated into the new faith, *Jāmāspa* was given a consecrated flower by Z., on smelling which he became full of wisdom. His name is attached to a book on astrological predictions called *Jāmāspī* (West, Pahl. Lit., in the *Grundriss*, § 66). The origin of the name is doubtful. The *-aspa* indicates probably a prince. The word *jāmā* occurs only once in Yt. II. 7, which Dar. trans. "scornful"; Kan. in his Diet. says, "brotherliness", but in Kh. A. b. M., p. 208, trans. "generation". Barth. (Wb. 607) merely quotes the passage without any comment or trans. *Jāmāspa* had a son Haṅhaurvah (Yt. XIII. 104). Another *Jāmāspa* is also mentioned in Yt. XIII. 127, but he is distinguished as *aparazāta* or "the Younger".**

haiθyāvarazām—Working truly. Mills says "doing deeds of real significance". श्रेय-वर्धक (श्रेय-increase, pray) — similarity in form.

tavarənā-cā -*tkuēšā-cā*—The *tā-* is to be compounded with both.

mazdayasnō ahmī—Kan. takes these words with the next verse. This is no doubt due to the fact that the last two verses (8-9) are repeated each time the girdle is tied on and they are prefaced with the words *jasa-mē*

* The meaning is probably "possessing five cows" (हजः). See Barth., Wb. 1857. † In Yt. XIII. 103 they are mentioned as sons of *Heōra*. ‡ Sol. XXXVI, Part 2. || This seeming discrepancy has been well explained in Billimoria's book on Z. also quoted with reference to *Liagvāstra* (Yas. XXVI. 5 above). ¶ Barth., Wb. 607; Modi, pp. 81f. ** For further details see Jack., Z.

Darmesteter: S.B.E., IV, p. 101.

Haug: Essays on the Religion of the Parsis; p. 164; p. 160; for the two parts of verse 1.

Moulton: Early Zoroastrianism, pp. 373-74, p. 369 and p. 382 (divided as with Mills).

Bartholomae: Die Gatha's des Avesta, p. 77, p. 63 and p. 96 (as with Mills).

Besides these I have made use of an unpublished translation of the Gāthas by Mr. Khodabakhsh Edalji Punegar, M.A.; I have to record here my grateful thanks to the learned author for allowing me the use of his typewritten ms. and for permission to quote from it.

There is also a very suggestive article on this hymn in the Gujarāti monthly *Cherāg* for July and Aug. 1915 (Vol. XVI, pp. 368ff., and pp. 428ff.). Certain allowances have however to be there made on account of the writer's peculiar view-point.

This hymn—*Kəm-nā Mazdā*—so called because of its opening words occurs almost complete (all except the single line of verse 3) in the eighth chapter of the Vendidad. And, it is except perhaps the three famous hymns, *Ahuna-Vairya*, *Aṣəm Vohu* and *Yeḡhe hātām*,* the most often repeated of the Avestan hymns. It is repeated by every Zoroastrian while untying the girdle, and it is an integral part of the *Sraoša Bāz* which forms the prelude to all ceremonies. It is given in Ven. VIII, where funeral ceremonies are described. It is enjoined there (14-19) that if a dead body has been carried over a highway, no person may pass along the same road before it is purified again. And this could be done among other things by repeating the *Ahuna Vairya* and the *Kəm-nā-Mazdā*. As a matter of fact, this last alternative is always followed now. Some distance behind the bier and heading the procession of mourners are two priests repeating these sacred *mantras*.

This hymn is made up of four parts put together for the purpose of the funeral ceremony and though of various linguistic strata they are well chosen and there is little feeling of patch-work about it, especially when we remember the original purpose for which this hymn was made up.

The first portion consists of lines 1-5 of verse 1. This is from *Gāθ*. *Spən* (Yas. XLVI. 7). It there constitutes the appeal of Zaratuštra to

* Bel. VII. a, b' and c.

Ahura, when he found himself opposed very violently by the enemies of his faith. In the darkest hour his faith in the Law of Mazda—as represented by the Divine Fire and the Divine Mind—remains unshaken, and finds noble expression in these five lines. These formulate as it were the last refuge of the Zoroastrian in times of danger and difficulty and thus these lines are just those wanted to soothe the wounds left by death.

The second part (lines 6-9 of verse 1) is also from the same Gāθā (Yas. XLIV. 16)*. The original context shows that here also Z. is in doubt and difficulty, through which the “Words of Ahura” would serve as our strong shield and protection. A wise Teacher is needed—Sraoša—who is ever ready to help all whom Mazda loves.

These two making up the first verse (verse 20 in the Ven.) are linguistically among the earliest of the Avesta texts. What follows, verse 2 (verse 21 in Ven.), is in prose and is certainly of the same age as the rest of the Ven. It was specially composed to fit in with the ceremony for which it was intended. The contrast, linguistically, is great, but even greater is the contrast in the ideas—for this second verse is “semi-magical” in import. It represents the later religion where the pure unalloyed Mazda-worship of Z. was overlaid with the idea of driving forth the demon which is the main theme of the whole Vendidad.† The dead-body having passed along has rendered the road impure and infested with “the brood of demons” and these are to be ordered away before animals or human beings, or Fire or consecrated Baresman can pass along the same road.‡

The fourth part (verse 3) is not found in the Ven., but in the Sraoša Bā. It is just one line taken from Gāθ. Spən. (Yas. XLIX. 10). As it stands by itself it is difficult to have the construction clear because in the original context it is closely connected with the two lines preceding. This line is also repeated thrice at the Tower of Silence after the dead body has been put inside it.

1. *kām-nā* (v.l. *kāmnā*, Barth. and Kan.)—Kan. thinks it is for *kas-nā* (L/1). Others take it as it stands to be 2/1. The *nā* is enc. 1/1 of *nar* (𐬨𐬀, ἀνῆρ), and when used with the pron. *ka* gets an indef. sense. (Barth., Wb. 424). The same idea is found in the same Gāθ. Spən. (Yas. L. 1.)—*kā mē nā* || *θrātā vistō anyō Ašāt θwat-cā Mazdā Ahurā* (Who is for me a protector except Aša and thyself, O Ahura Mazda ?). Nair. trans. this line: के सदा॑ सदाज्ञानिन् सदीयेभ्यश्च पातारो दत्ताः evidently taking *kā* as plu. Dar. says: “What protector hast thou given unto me, O Mazda ?” Mlt. (E. Z., p. 273) says, “Whom, O Mazda, can one appoint as protector for one like me ?” Pun. says, “What protection can a man give to my-follower ?”

mavaitē—4/1 of *mavant*. Kan. trans. “to me and to my-followers” (see Skt. of Nair. above). Haug strangely says “my property”. Mills trans.

* The first line is omitted, see Sel. XVI. † The name itself is *Vīdatvādāt*. ‡ Vend. VIII. 15; see Sel. XXXI, Part 2. || Geld. notes v.l. *kāmnā* which he also notes for our passage, Yas. XLVI. 7. † Does he read *kāmnā* (noted by Geld.) or *kā mē nā* as in Yas. L. 1 ?

simply “me” and adds (ftn. 4) that *χsmāvatō*, *θwāvās* and *mavaitē* may be trans. simply as “of you”, “thou” and “to me”. Barth. (Wb. 1141) says, “one like me” (i.e. a mere mortal).

pāyūm—Kan. and Pun. trans. “protection”; the rest say “protector”.*

dadūt—3/1 sub. pres. par. See Jack., A.G., § 543.

hyat—when; Nair. says यतः; Barth. (Wb. 1253) says it is an adv. denoting time. The *h* has no etymological value and two mss. even read *yyat*.† = यज = यत्

†: (v) *dragvā*—1/1 of °*van̄t*. This seems to be the Gāθ. form of *drvan̄t*. Nair. says दुर्गतिः (अस्योगः) which is explained further as दांभिकः इत्यकः

didarəṣatū—3 1 impf. atm. inten. of √*darəṣ* (धृष) to dare, to threaten.‡ But in the trans. Kan. seems to take it from √*darəs* (दृश्) to see, for he trans. “glares at me” (डोळा ककडावे) Mills also|| suggests, “has set his eye on me for vengeance”, although he trans. “that wicked one still held me for his hate”. Barth. (Wb. 690) takes it as desid. of √*dar* (धृ) to hold used with a dat. inf. and trans. “makes himself ready to overcome me”. Note the reflexive sense of atm. Haug says “endeavour to hurt me”; Dar. trans., “while the hate of the wicked encompasses me”.

aēnaphē—Dat. inf. (Barth., Wb. 21) used with acc. (*mā*) and sometimes with the gen. For injuring, for overpowering; एनये

θwahnāt—5 1. Barth. takes it as an adj. “belonging to Thee”, “Thine”; Nair. says त्वतः; Kan. and Mills say “other than Thee”; others take like Barth., Mlt. adds¶: “Thy Thought” is the same as ‘Good’ or ‘Best Thought’.

Āvras-cā—Barth. regards this as the ancient abl. form found often in G.A. (see Jack., A. G., § 222). This is the Divine Fire within the man, which helps him in his moments of trouble. Kan. takes this as 6/1 and trans. the line thus “who else, but Thee (would be the protector) of (our) Fire (i.e. our hearth and home) and of (our) mind”. Nair. says: अन्त्यास्त्वतोऽग्रेष्वग्निना च** (यत्पुण्यान्वेष्टि किलमे रक्षां कुर्वथ). Dar. (p. 101, ft. 2) thinks that the fire refers to the ordeal by fire.

Manaphas-cā of course refers to Vohu-manō, the first of the Holy Immortals.

yayā—6/2: i.e. of the Fire and of the (Good-) mind.

šyaoθanāiš—3/3. Kan. trans. “through the actions of which two” and explains (Kh. A. b. M., p. 5., ft. 2) that these are “acts which lead to family happiness and to peace of mind”. Haug. trans., “through whose

* RV. has पाय mostly in this sense, Grass., Wb. 506. † Geld. notes this v.l., see also Barth., Wb. 1227. ‡ Kan., Dict., p. 150. || S.B.E., XXXI, p. 138, ft. 5. ¶ R.Z., p. 371, ft. 1.

** अग्निना is *Vohuman*, see Nair's trans. of *Yathā Ahu Vairiō*, Sel. VIIa.

operation.” “By deeds performed in which (i.e. Ātar and Vohumanō)” Mills.

aṣəm—1/1 n.

θraoštā—3/1 sub. aor. atm. √*θru*, to ripen, to come to fruition (Barth., Wb. 801). Kan. trans. “increases”. Mills says, “Thy righteous rule is saved and nurtured”. Haug says, “Thou hast created rightful existence.” Dar. says, “Through whose work I keep on the world of righteousness”, translating literally Nair.’s Skt. rendering: येषां कर्मभिः पुण्यं पालयामि स्वामिन (किल कार्यं पुण्यं करोमि).

mōi—4/1. मे (मद्यस्).

dāstvām—2/1f. Teaching (Barth., Wb. 745). Kan. trans. “knowledge” (ज्ञान) and explains (Kh. A. b. M., p. 5, ftn.) that this means the knowledge that God is the only protector and refuge. Mod. Pers. دستور (*dastur*, older *dastavar*) means bearer of knowledge, hence a teacher of religion. In P. Guj. the word दस्तुर is used to indicate the highest order of priest. From √*dah* to teach. Cf. Grk. δέδαε (from **δάω*, to learn). The word *dahma* is cognate (see Yas. XXVI. 9) and probably also *dām* (line 7 of this verse). Other scholars have taken the word differently. Mills trans., “that spiritual power (vouchsafing) me”.* He also adds (S.B.E., XXXI, p. 138, ftn. 6): “One might be tempted to read *taṭ mōi dās tvam* etc.; ‘That granting (*dās*) me do Thou speak forth for the Faith’”. Dar. trans. this line: “Reveal to me Thy Religion as Thy Rule” (i.e., he explains, “one must take religion as one’s rule”). Haug has, “Tell me the power necessary for upholding that religion”. Pun. says, “that direction for the religion”. Nair. renders the word by आदेश.

daēnayāi—4/1. For religion (Kan.). Barth. and Mlt.† take it in the sense of *daēnā* the second principle in the constitution of man‡; and Mlt. trans. “for my very Self”. Mills takes (rather needlessly) the last two words as an independent clause and trans. “for the (holy) Faith (its truths) declare”. The writer in the *Cherūy* trans. “for (the spreading of) the Faith”||.

frāvaocā—2/1 imp. aor. √*vac* + *frā*, to instruct.

kē—1/1. Who. This is a G.A. form (Kan., A.G., § 228). Nair. takes it as 1/3,

varəθrəm-jā—1/1. Smiter of the foe (Kan.); who smites with victory (Mills); Pun. says, “Friend-smiter”; Nair. has के विजयितया हन्तारः. इह -र

pōi—This word occurs only here and in Yas. XLIV. 15. Barth. (Wb. 898) takes it as inf. from √*pā*, to protect. Kan. (Dict., p. 334) takes it as 1/1 and trans. “protecting”. Mills takes it as “in the protection of”.

* He takes the last two words of this line as a separate clause. † Mlt. practically retranslates Barth. into English with a few occasional changes. ‡ See above, Yas. XXVI. 4. || Vol. XVI, p. 377 (July 1915).

hōi—4/1 (Gaθ.). An enclitic form of the 3rd pers. pron. sometimes used reflexively (Jack., A.G., § 395 and § 416). It refers, when reflexive, to the subject of the same sentence in which it is found (Reich. § 598). Here however it may be taken as an ordinary pron., 3rd pers., referring to *yahmāi* in the next line. See also Kan., A.G., § 212.

Vohū . . . *Manaḡhā*—3/1 in the sense of “accompanied by”.

Sraoḡō—The G.A. form of *Sraoḡa*. Dar. remarks (S.B.E., IV, p. 101, ft. 4); “This stanza with in the original *Gāḡās* refers to the human incarnation of *Sraoḡa*,* the victorious protector of the Prophet and his religion, is applied here to *Sraoḡa* as a protector of the soul in its passage from this world to the other”.

vaḡi—2/1 pers. par. $\sqrt{vaḡ}$ to wish, to love (Kan.) To whom thou thus desired. (Barth., Wb. 1382). Whomsoever thou pleasest (Dar.).

2. This portion is omitted in Nair.’s version of the *Sraoḡa Bāz*.

pāta . . . *pairi*—Completely protect, lit., protect all round. Cf. परि + पा in Ved.† — २/३ (९) since they will be accompanied by other sp. nta Ma

ibiḡyantat—5/1 pres. pt.

nase—2/1 imp. pres. par. \sqrt{nas} (नश्) to perish. The root is of the 4th class (द्वादि) and hence the form was orig. **nasya* written as *nase* (Barth., Wb. 1055-6).

¹⁸ *daēvō-frakarḡste*—From $\sqrt{kareḡ}$ (कृष्) + *frā*, to sow‡. More probably it is from $\sqrt{karḡ}$ (कर्त्) + *frā* (cf. *fracā korantat*, Yas. IX. 8.). Seed of the Demon (Kan.); creation of the fiend (Dar.). ¹⁹ ~~frakarḡste~~

²¹ *daēvō-fradāitē* (ān.)—Follower of the *daēva* law or ritual. World of fiend (Dar.). Barth. regards this as practically synonymous with the previous word (Wb. 672.). *dāta* means “law”, cf. *dātō-rāzō* above, Yas. IX. 10 and the name *Vidaēvadāta*, which means lit. the laws against the *daēvas*.

apa . . . *nase*—Perish utterly.

dvāra— \sqrt{dvar} to run. (a *daēva*-word).

apāxḡdre—7/1 ~~described.~~

(construed with *naēme*, direction, understood). North. Kan. gives the derivation as from *apa* and *aḡtar* (star) (Pers. اختر *akhtar*, star), i.e., as he explains, away from the stars of the Zodiac (the path of the sun)||. Barth. (Wb. 79-80) regards this as wrong and suggests that the real meaning is “backward”. The word *frata* means South as well as front. The North is regarded as the region of evil and the South is the region of the Holy Spirits—exactly the reverse of the Hindu ideas.|| Probably the reason is what has been suggested by an anonymous writer,** that

* Yas. XXVI. 5, (Sel. III above) note on *Kavdi's Visiḡaspake*. † Grass., Wb. 798. ‡ Kan., Dict., t. 243 and p. 130. || Dict., p. 35. ¶ But *Hara-barḡzaifti* is in the North. ** Cherag, Vol. XVI, p. 439 (Aug. 1915).

during the day the Zoroastrians turn their faces to the Sun while praying and hence naturally the North would be left out and thus would acquire a sinister reputation. Very likely this is partially true but the original cause of this reversal of ideas is the same as has led to the significations of the words *Ahura* (असुर) and *Daēva* (देव) to be reversed. It may be noted in passing that the dead body is never laid out with the head to the north.

³⁴*nasyehē*—2/1 pres. atm. used as sub. (Kan., Dict., p. 288). *𐬨𐬀𐬎𐬌*

mārəncainiš (v.l. *māmārən°*, Geld.)—Barth. (Wb. 1145) takes it as 3/1 (?) impf. par. √*marək* (*mahrk*) to destroy (the root is of the seventh class, *बधादि*), cf. *mahrkūi* (Yas. IX. 8), and *ahūm-mārəncō* (Yas. IX. 31). Kan. takes it as an adj. 1 3 f., and trans. “fit to be destroyed”, construing with *būyāt* (भूयात्) understood. Jack. (A. G., § 565, note) says, “peculiar is 2, 1 impf. par. *mārəncainiš* weak nasalised root with added *an* (𐬨𐬀)”. The *i* is as in *अब्रवीत्*, *आसीत्*, etc. The form is an augmentless impf. with a sub. force. (Jack., A.G., § 445 (2), Whit. § 563). About the so-called root *mārənc* Jack. (A. G., § 563) says that it has “practically become stereotyped as a root according to the *a*-conjugation* by transfer, hence the thematic forms”. Barth. (loc. cit.) also states that it is a word used in the sense of destroying or killing one of the *ahura*-creation. He cites only one case (Ven. XIX. 6† where Z. is asked by Anro-Mainyuš not to destroy the evil-creation) where it is not used in the *ahura*-sense.

3. *Ārmaitiš*—See above, Yas. LX. 5.

Īzā-cā—Religious zeal (Barth., Wb. 378); from √*āz* (अज्). In Yas. LI. 1‡ Geld. takes it as “sweetened milk”. Kan. trans. “prosperity”; takes Nair. (in Yas. XLIX. 10) says *इति*: This line is taken (out of its context) from Yas. XLIX, 10, and is without a verb. Hence Kan. takes *nəmas-cā* to mean “salutations be unto” (Kh. A. b. M., p. 7) here, though in the orig. context (G. b. M., p. 188) he trans. the line, “prayer from which come Reverence and Prosperity”. Nair. says: नमो या स्यंदारमदा॥ महतरा (किल या संपूर्णमानसा प्रथ्वी महतरा तस्यै नमः) ॥ The orig. passage may be quoted here in order to fully appreciate the value of this line:

tae-ca¶ *Mazdā θwahr̥mīdām nīpāphē.*

manō vohū urunas-cā ašūunām,

nəmas-cā yā Ārmaitiš Īzā-cā.

This may be rendered :

“And these, O Mazda, shall I offer into Thy safe-keeping, good mind, and the souls of the holy and (their) prayers, also** (their) piety and (their) zeal.

* The *भादि*-class. † Sol. XIV. Probably this *ahura* word is used out of regard to Z who is the person addressed. Or more probably the Devil being the speaker would use the best word for his own creatures. ‡ Sol. XXXVI, Part 2. ¶ Spenta Ārmaiti. ¶ So Kan., Geld. has *taē-cā*. ** Lit. “(that) which (is)”, *yā*.

On the whole it is better to take this line independently as Kan. has done. *Ārmaiti* is invoked here because she is the chosen one of the Zoroastrian (see Yas. LX, 5, Sel. V). And when after the dead body has been put inside the Tower of Silence and the bearers have come out the whole assembly of mourners assembled chant aloud three times this line—thus leaving as it were the dead to the care of their chosen guardian angel *Ārmaiti*.

(b) 2, 3 11/2 11/2 11/2

ahmāi = 11/2 to this person i.e. to him.

(c) 6 vairhū, vohū - all other vocalic or consonantal stems have a tendency to be declined like the -a declension. = 11/2 11/2

4, 5 11/2 (11/2 corresponding to Av. in form, but not having the same meaning in Skt.) 11/2 11/2

9 = 11/2 - 11/2 for 11/2 14 man. 2/3 11/2 5 16 fem. 2/3 11/2 5

VII. .

The Three Prayers—Yaθā, Aṣəm and Yeñhē hātām.

(a) *Yaθā ahu vairyō.*

Just as¹ a Ruler² (is) all-powerful³ (among men) so⁴ (too is) the Spiritual-Teacher⁵ even⁷ by-reason-of⁸ (his) Righteousness⁶; the gifts¹⁰ of Good⁹ Mind¹¹ (are) for* (those) working¹² for the Lord¹⁴ of Life¹³; and-the-strength¹⁵ of Ahura¹⁶ (is given) unto¹⁷ (him) who¹⁸ unto (his) poor¹⁹ (brothers) giveth²⁰ help²¹.

(b) *Aṣəm vohū.*

Aṣa¹ is⁴ the highest³ good², (it alone) is⁶ (true) happiness⁵; happiness⁷ (is) for him⁸ (alone) who⁹ (is) righteous¹² for (the sake of) the highest¹¹ Aṣa¹⁰.

(c) *Yeñhē hātām.*

(That man) among† those-that-are², of whom¹ Mazda⁷ Ahura⁸ through¹¹ (his) Righteousness¹⁰ knoweth⁹ (that he) verily³ (is) better⁶ as-regards⁵ acts-of-worship⁴—(and those women) too¹³ of whom¹² (Mazda Ahura knoweth likewise)—(all such), both¹⁵† men¹⁴ and women¹⁶, (do) we revere¹⁸.

* Lit. "of" (gen.).

† Lit. "of" (gen.).

‡ Lit. "and".

(c) hātām yeñhē Mazda Ahura hēcā aṣ-āṣ vaθōā āat vanhō baiti
yesnē cā yeñhēm cā tēs ca tēs yazamaide.

NOTES.

These three prayers are the most famous of the ancient verses of Iran. They are regarded by all tradition to be specially holy and efficacious and they have had the unique distinction of having an Avesta commentary for each. These latter are Yas. XIX, XX and XXI which together make up what is called the *Bayān Yašt*.* All the three pieces are of a great antiquity though linguistically the *Yaθā* (or *Ahuna Vairya*) is probably the oldest—being practically equal to the oldest *Gāθās*.† The meaning of these verses has not been properly settled, each scholar takes it in his own way. The words are quite easy but the construction is exceedingly obscure and involved.

VII. a. *Yaθā ahū vairyō*.

The *Yaθā ahū vairyō* is regarded as the most ancient and also the most sacred of the three. Kan. (Kh. A. b. M., p. 2, fn.) regards this as pre-Zarathuštra in age. Yas. XIX is a commentary on the *Yaθā* and throughout the Av. we have praises of this prayer. Ven. XIX. 2.‡ mentions that Z. used this *mantra* to fight the evil demons. Yas. IX (14-15) also mentions Z. using this *mantra* for a similar purpose. The *Sraoša Yašt Hādoxt* (Yt. XI. 3) says: *Ahunō- Vairyō vacām vərəθraǰāstēmō* (Ahuna Vairya is the most victorious among the Words). Sraoša uses this *mantra* as his victorious weapon (Yas. LVII. 22). The *Hād*. (Yt. XXI 4) says: "The pronouncing of that formula the *Ahuna Vairya* increases strength and victory in one's soul and piety"||. The Parsis have got such a traditional faith in its efficacy that in times of difficulty and trouble they always exclaim *यथा नारी मदद* (*Yaθā, thy help!*). There is the traditional saying that if this *mantra* is chanted in the proper metre with the proper intonation, and with a full understanding of the sense, the "merit" resulting is equal to the recitation of the whole Avesta. Even the most illiterate Zoroastrians who do not know any other prayers are expected to know the *Yaθā*.

Like the other two, the construction of this prayer is very obscure and there have been practically as many translations of this as there have been translators. I venture to give my own version for what it is worth. The prayer being the most sacred should in my opinion be translated so as to embody some fundamental truths of life. The religion of Z. is a religion of the *Karma-mārga*, which teaches us to reach the goal of life through action, and I have tried in my translation to indicate that the *Ahuna-Vairya* gives us the essentials of a life lived for the good of humanity and of service to mankind.¶ The *mantra* consists of 21 words (corresponding to the 21 *Nasks* of the original Avesta texts**) which are arranged in three lines of the same measure as the *Gāθ*. Ahu.†† The first line lays down the general

* See below Sel. VIII.

† The name *Ahunavasti* is given to the first *Gāθā* because it is in the metre of the *Ahuna Vairya*.

‡ Sel. XIV.

|| Dar., S.B.E., XXIII., p. 311.

¶ The whole idea is

elaborated by me in a Gujarāṭī article in the *Cherāg*, Vol. XX (1919), pp. 616 ff. Here of course I can give the mere outline s.

** See Introduction.

† Each line of 7 + 9 (sometimes 8) syllables.

proposition which is true for all religions that the Spiritual Teacher (*Ratu*) is all-powerful just as any earthly Prince (*Ahu*) may well be in the material world. The reason for the power of the *Ratu* is his *Aša*. This *Aša* (अस in Veda) represents the Divine Will in manifestation, the Law of God, which is the Law of Purity or Righteousness (in the sense in which Jesus spoke of it). There is no one word (except the word अस as understood in the Veda*) which would exactly give the same idea. The Skt. अर्ष comes very near it in connotation but even that is not exact. This *Aša* is what Tennyson speaks of as

“One God, one law, one element,

“And one far-off divine event,

“To which the whole moves” (*In Memoriam*).

After making this statement the second line tells us that the gifts of Good Mind are for those who are working for the Lord. That is, those who try to help God's work in the world by doing good deeds and helping the cause of human progress, they shall have their understanding strengthened so as to grasp better and better the higher truths of the spiritual life (the gifts of *Vohu-Manō*). Thus they would be able to progress and would have better powers wherewith to serve the Lord.

And the third line says that besides the “gifts of Good-mind” the “Strength of the Lord” too shall come to such people who give help unto their poor brothers. Poverty here is to be understood not merely as poverty of worldly goods but as poverty of moral and spiritual things as well. The duty of the Mazda worshipper is to give what he has got from the Lord unto those that possess less of those gifts. Wisdom and strength are given unto him that he may serve those of his brothers who are lower than himself in any respect and thus help them onwards in their progress. And the more a man serves the Lord by serving the least of His creatures, the greater the measure in which he receives of the “Strength of the Lord”.

Such, to my mind, is the meaning of the holiest Zoroastrian prayer. It contains the essence of the teaching of our faith—service of humanity. Hence it is that in every ceremony we are required to repeat this *mantra* several times. And this *mantra* is the last earthly sound that a Zoroastrian should hear on earth for it is always repeated in the ear of the dying person by the nearest relative.† This *mantra* to the Zoroastrian is the key to happiness both here and hereafter, for it has been said: *Ahunem-Vairim tanūm‡ pāiti*, “Ahuna Vairya saves the man”.||

ahu . . . ratuš—For the distinction between these two see above Yas. LVII. 2: Kan. (Kh. A. b. M., p. 3, ftn.) explains these as “the Lord who looks after worldly affairs” and “the Lord who looks after religious affairs”. In his trans. he renders *ahu* by king and *ratu* by *Dasturān-Dastur*, i.e. the Supreme Priest.

* See Grass, Wb. 286ff.; cf. RV., VII. 65, 3; VIII. 12. 3; etc.

† Some use the *Ašm tohu* for this purpose.

‡ Lit. “the body”, *tanu* used in the sense of “self” as in Ved. and in Gāg.

|| *Sraoša Bāz*.

dazdā (𐬀𐬚).—Kan. takes this as 1/3 of the p.pt. pass. n. of √*dā* (दा) to give and trans. “gifts”.* This explanation seems quite correct. The Ved. form would be दत्ता. Jack., A.G. §§ 600 and 606 mentions the form *dazdē* which is 3/2 pft. atm. √*dā* (दा) to create. This form would be phonetically equal to दध्ने; the regular Skt. form is of course दधाते. Barth. (Wb. 702) takes this as 1.1 of an agent noun *dazdar* and trans. “he who offers”. Har. takes similarly. > *transferred; thing offered*.

6/3. *šyaoθananām*—6/3 pres. pt. atm. The “root” here seems to be *šyut* a variant of √*šyu*, 𐬯, to strive. Generally the word *šyaoθana* is used for “work” or “action”; cf. Yas. IX. 31. and Kōm-nā Mazdā. The corresponding word चौतन is found used participially in RV., X. 50. 4., भुवो नृश्रौतो विश्वस्मिन्निरे (In every combat casting down heroes upon the ground). Kan. in his trans. (Kh. A. b. M., p. 3) says “workers” (काम करनार).

ayhōuš—6/1. The word here seems to denote all creation. 𐬀𐬢𐬀𐬵𐬀𐬰𐬚𐬀

Ahurāi—4.1 used for 6/1. Cf. *staotā-cā Ahurāi yesnyā-cā Vayhōuš Manayhō* (Praises of Ahura and worship of Good-Mind), Yas. XXX. 1.† See Reich. § 468.

drigubyō—4.3. Cf. Yas. LVII. 10. *drigū - poor*.

vāstārem—2/1—Kan. trans. “protector”. He translates the clause “Who makes himself protector of the poor”. The use of par. (*dadať*) for the atm. (reflexive) sense would certainly be unusual for G.A. which is the language of this piece Barth. (Wb. 1413) trans. “shepherd” (in the Biblical sense), or one who looks after the nurture and safety of the flock entrusted to his care. The word occurs only in one other place Yas. XXIX. 1.,† *nōit mōi vāstā xsmāť anyō*, which Barth. renders “there is no other shepherd for me than Thou”. I take *dadať* from √*dā* (दा) to give|| and I propose to render in both passages the word *vāstar* by “help” or “succour”. Nair. says सहाय्यं पालनं च but in Yas. XXIX. 1. he trans. पालयिता.

The various trans. may now be enumerated :

1. Nair: यथा स्वामिनः कामः (किल यथा अङ्गमज्जदामिलाषः) एवं आदेशः पुण्यात् यस्मात्कस्माच्चित् (किल यत्किंचित् कार्यं पुण्यं तस्य तथा आदेशः कर्तुं यथा अङ्गमज्जदस्य** रोचते नान्यथा किं विशिष्टात् पुण्यात्)††

उत्तमस्य दाते[दाति]मैनसः‡‡ कर्मणां अंतर्भुवने अङ्गमज्जदस्य। (किल ते पुण्यप्रसादं उत्तमं मनः उत्तमं मनः इति गवच्छानः अमशास्यंतो ददाति तेभ्योये [सन्ति] अंतस्तस्मिन् कर्मणि स्वामिन् च यत् अङ्गमज्जदस्य रोचते) ॥

* Dict., p. 248 and A.G. § 558. † Sel. XXXIV, Part 2. ‡ Sel. XV. || Kan. and Barth. take it from √*dā* (दा). ¶ Nair. uses this in the sense of कर्तव्यः or कर्तुम् युज्यते—Bharucha.

** For दाय. †† “May perhaps mean ‘even though the meritorious deed may be howsoever unique, it is of no use unless ordained by Ahuramazda’”, Bharucha. ‡‡ दाति is पारितोषिक or दानम्.

राजं च अङ्गमैजदात् तस्य (किल तेन अङ्गमैजदः स्वतनोः राजा कृतो भवति) यः दुर्बलेभ्यो-
ददानि पालनाम् (किल दुर्बलानां सहाय्यं पालनं च करोति) ॥

2. Haug trans. (p. 141): “Just as a heavenly Lord is to be chosen so is an earthly master for the sake of righteousness (to be) the giver of good thoughts and of the actions of life towards Mazda, and the dominion is for the Lord (Ahura) whom he (Mazda) has given as a protector of the poor”.

3. Sp. trans.: “As is the will of the Lord so (is he) the ruler out of purity. From Vohumanō (will one receive) gifts for the works (which one does) in the world for Mazda. And the kingdom (we give) to Ahura when we afford succour to the poor”.*

The rendering of the last line is an echo of the Paternoster, “Thy Kingdom come”.

4. The Pahl. version is: “As is the will of the living spirit, so should be the pastor, owing to whatsoever are the duties and good works of righteousness. Whose is the gift of good thought which among living spirits is the gift of Ahura Mazda. The sovereignty is for Ahura Mazda, who gives necessities to the poor”.*

5. Dar. (S.B.E., XXIII, p. 23.): “The will of the Lord is the law of holiness, the riches of Vohumanō shall be given to him who works in this world for Mazda and wields according to the will of Ahura the power he gave to him to relieve the poor”.*

6. Har.: “As there is a Supreme Lord, so there is a religious chief for the propagation of religion by means of purity. He is also the executor of good thoughts and of the works of the Mazdayasnian Law. The powerful kingdom belongs to Ahura, and he has made the spiritual chief the protector of the poor”.*

7. Kan.: “Just as a ruler of this world (a king) acts according to his will, so does the chief of spiritual matters (the High Priest) by means of righteousness act according to his own will. The reward of Vohumanō is for those working for the Lord of the world. He who constitutes himself the protector of the poor accepts the sovereign rule (as it were) for Ahura”.

8. Khan Bahadur N. D. Khandalavala (late Judge, Poona) read a paper in 1885 at Bombay on “*Primitive Mazdayasnyan Teachings as contained in the Honvar† and Ashem, the two celebrated Prayer-Stanzas of the Parsees*”. In this paper he makes a very bold attempt at an original trans. of the *Ahura-Vairya* and he has quoted *in extenso* all the available trans. of this verse with his criticisms thereon. He tries to base his trans. on the opening verses of Yas. XIX. But his trans. is too startlingly original to be acceptable to scholars generally.* Some of the words are given senses absolutely unique.† His trans. runs as follows:—

* This is quoted by Khandalavala (see below), pp. 10f.

† The Pahl. form of *Ahura-Vairya*.

‡ To my mind the chief value of the paper lies in the elucidation of the ancient teaching of Mazda-worship.

As¹ is the Will³ (or Law) of the Eternal-Existence² so⁴ (its) Energy⁵ solely⁷ through⁸ the Harmony⁶ (Aša) of the Perfect⁹ Mind¹¹ (is) the producer¹⁰ of the manifestations¹² of the universe¹³ (and) (is) to¹⁷ Ahura¹⁶ Mazda¹⁴ (the Living Wise One) the Power¹⁵ which¹⁸ gives²⁰ sustenance²¹ to the revolving-systems¹⁹.

9. The latest translator is Barth. (Reich. and Mlt. merely repeat his version). Mlt. (E.Z., pp. 160f.) gives the rendering of Barth. in a free Eng. trans.* “Even as he (Zaraθuštra) is the Lord for us to choose, so is he the Judge according to the Right, he that bringeth the life-works of Good Thought unto Mazda and (so) the dominion unto Ahura even he whom they made shepherd for the poor”. Mlt. calls this a “profoundly difficult text”.

10. Mlt. also quotes Geld.’s version (E.Z., p. 161, ftn. 2):

“Even as he is the chosen Ruler so also is he (appointed) by Aša (himself) as Instructor of the World in the works of Good-Mind for Mazda. And the Kingdom belongs to Ahura, who for the needy has appointed a Shepherd”.

Mlt. also calls the *Ahuna Vairya* “the great creed of Parsism, composed after Zaraθuštra’s day, but at so early a date that the key to its meaning seems to have been mostly lost”.

11. The most startling of all is the versions of Bishop Meurin:† “Supplication to thee, O prince of Angels (Ahura, St. Michael), Rightful Ruler of men, Leader on sanctity’s path. Thou that directs to God the good thoughts and actions of mankind, raising them up as a gift towards the Father on high. Yea, the dominion above and beneath is Ahura’s (St. Michael’s); the All-Wise made him victor renowned over the dragons of hell”.

Evidently the *drigu* is the dragons!!

The trans. of Mills is quoted at the beginning of Yas. XIX. (Sel. VIII, Introductory remarks).

I venture to give my own version for what it is worth. As can be seen it is made up by taking bits from various versions; but I think I have made a continuous sense out of it which hangs well together. The passage is indeed very obscure and we cannot quite say what the true version may be. Each writer (including myself) reads into it his own preconceived notions as can be easily seen.

VII. b. Aṣəm vohū.

This is among the most frequently used of the Avestan prayers. Geld. in *Grund.* (Vol. II, p. 27) thinks that it is prose,¹ but in the Av. text (Vol.

* The orig. of Barth. runs thus:—Wie der beste Oberherr, so der (beste) Richter ist er (nämlich Zaraθuštra) gemäß dem heiligen Recht, der des guten Sinnes Lebenswerke dem Masdäh zubringt, und (so) die Obergewalt dem Ahura, er (Zaraθuštra), den sie den Armen als Hirten bestellt haben. (Quoted by Mlt. E.Z., p. 161, ftn. 2.) † Quoted by Khandalavala, op. cit., p. 10.

II, p. 35) he prints it as three lines of verse, the lines ending at the 4th, 8th and 12th words. Kan. prints it similarly as metrical. Though most frequently used in the ritual it is certainly not of the same sanctity as the *Yaḡā ahū vairyo* (VII. a). There is a very fine article on its inner significance in *Cherāg* (Vol. XVI, 1915, p. 632). There are frequent references to this prayer in the Av. itself by the name of *Aṣəm* or *Aṣa-Vahišta*. (Barth., Wb 238–39). The second section of the *Bayān Yašt* (Yas. XX) is an ancient Av. commentary on this verse.*

Aṣa is the keynote of all Zoroaster's teaching. It is the Law of Ahura, the plan of Ahura about the development and the progress of the Universe. For mankind, it means living the life in accordance with the Divine Law—for that is the only way in which the mortal may help the progress of the world. It implies a life led according to the laws of Truth and Purity—everything in fact which is implied by the word धर्म. "Righteousness" is the word which is nearest in sense to Aṣa—"righteousness" in the sense in which Jesus has used it. The earlier writers, e.g. Haug, saw in this word only the outer ritual purity and sacrificial observances. But this sense came to attach to the word only in later ages when the spirit of Aṣa was lost and only the letter was left.

This verse has no word intrinsically difficult but every scholar practically has given a different rendering of it.

1. The Skt. of Nair. runs as follows:—

पुणं सद्भि उत्कृष्टतरा (अत्युत्तमा) अस्ति । (सद्भिरेकैव पुणस्य उत्तमा । यतो या काचित् शुभा सद्भिर्विच्छते [वाच्छयते] सा सर्वापि पुणमग्रे अस्ति) ।

शोभनमस्ति (किल तत्पुणमेव शोभनमस्ति) । शोभनः (किल सः शोभनः सुंदरवपुः) सौ ।

यः पुण्य प्रचारयिता (किल यः पुण्यं प्रवर्तमानं करोति) अतःपरः पुण्यः (किल स्वयं च अत्युत्कृष्ट-पुण्यकारी) ॥ †

2. Mills (S.B.E., XXXI, p. 266):

"A blessing is Righteousness (called) the best; there is weal, there is weal to this man when the Right (helps) the Righteousness best (when the pious man serves it in truth)".

He adds in a ftn. (loc. cit.)—"When Aṣa is for Aṣa Vahišta".

3. Dar. (S.B.E., XXIII, p. 22):

"Holiness is the best of all good. Well it is for it, well it is for that holiness which is perfection of holiness".

4. Haug (p. 14 1, ftn. 2):

"Righteousness is the best good, a blessing it is; a blessing be to that which is righteousness towards Aṣa Vahišta (perfect righteousness)".

* Sel. VIII 6; Hād. I (Yt. XXI) also recites the praises of the Aṣəm. † Bharucha remarks: "the Skt. trans. is correct as far as the Pahl. rendering goes. But the same cannot be said of it as regards the original Av.."

He adds; “‘Righteousness’ here and elsewhere where it translates *aṣṣam* means ‘what is right or meritorious’ in a ritualistic or materialistic sense, and does not necessarily imply holiness any more than the Sanskrit *पुण्यम्* does”. This view, characteristically of the Western scholar, is not accurate at all. The earlier sense is in fact more spiritual than the later use of the word. This is true not only of the word *aṣṣa* but others also.

5. Kan. trans. (Kh. A. b. M., p. 1):

“Righteousness is the best-good† (and it) is happiness. Happiness is to him who is righteous for the sake of (i.e. in the matter of) the best righteousness”.

It may be noted that in Guj. we use the word *अशोई*† for the Av. *Aṣṣa*. There is no mistake about the sense because we have the inherited tradition of millenniums as regards this word.

6. Barth. translates|| in a very ingenious manner and Reich. (A.R., pp. 173-4) and Mlt. (E.R.P., p. 116) merely retranslate him. Mlt. trans. thus:

“Right is the best good: it falls by desire, it falls by desire to our portion, even our right to that which is the best right”.

The word *uštā* is taken as an adv. to mean “according to our desire”. Curiously enough he takes *ahmāi* as 4/3 of *azom* (Reich. § 402) which is found but very rarely in G.A. (Jack., A.G., § 389; Kan., A.G., § 210, fn. 3).¶ It is however better to take *ahmāi* as 4/1 of the dem. pron. (*अस्मे*) especially as we have a similar Gāṇ. passage, *uštā ahmāi yahmāi uštā kahmāi-ciṭ* (Gaṇ. Ušt., Yas. XLIII. 1)**. Barth. regards this as a play on the various senses of *aṣṣa*; *aṣṣa* “the best doing” and *aṣṣa* “the best reward” (Reich., loc. cit.). Mlt. explains (E.R.P., p. 116): “Primarily denoting abstract Right, the divine order, it (*Aṣṣa*) comes to mean (2) right-doing, action in accord with Right, and (3) a man’s rights as determined by that divine order . . . He who lives rightly gets his rights in the end, and therefore

‘because right is right to follow right

‘Were wisdom in the scorn of consequence.’

This note by Mlt. is a remarkable instance of how some Western scholars read European ideas and even words into Eastern scriptures. The third sense of “right” given by Mlt. most assuredly cannot be read into *aṣṣa*. The temptation of word-play has been too strong for Dr. Moulton!

See, e.g., the word *savaṇhō* Yas. LX. 1. † Kan. uses the Pers. word *نعمت* (*n’emat*) which means a blessing or a good thing granted by God. ‡ Often spelt *अशोई*. || Wb. 233; “*Aṣṣa* ist das beste Gut; nach Wunsch wird es, nach Wunsch uns zu teil das *Aṣṣa* für das beste *Aṣṣa*.” ¶ This corresponds to *अस्मे* (4/3 of *अश्म*) in Veda, see Grass. Wb. 164. ** See last verse of Yas. XLIV, Sel. XVI.

7. One more trans., that of Sp., may be added though it is not literal for the last phrase. He says:

“Purity is the best good: happiness, happiness is to him, namely to the best pure in Purity.”

Khandalavala in his paper mentioned above quotes the following from Hād. I: “Whoever recites the Aṣəm with believing enquiry in his mind, praises me who am Ahura Mazda; he praises the water, he praises the trees, he praises all good created by Mazda that is of rightful origin”.*

Khandalavala adds:†

“The fourth name of Ahura Mazda in the Ahura Mazda Yt. (Yt. I. 7, is *Aṣa Vahišta*, which represents the sublime order and harmony of all this ‘Changing World of changeless Law’. *Aṣa Vahišta* or *Ardibesht* is in later Zoroastrianism looked upon as the angel presiding over celestial Fire, who ministers to order and the preservation of things. *Aṣa Vahišta* however is the second *Ameshaspen* after *Vohu-Manō*, the Perfect Mind, and literally means the Highest Harmony. The meaning of the above quoted passage (from Hād. I, 4) now becomes clear. He who recites the Aṣəm with an inquiring mind praises the Divine Power and all the creation, in which he could see exquisite order prevailing everywhere, for *Aṣa* literally means order and regular motion, and the word bears a very wide significance as we carry the idea suggested by it from the physical into the moral and intellectual worlds.

“The Aṣəm formula teaches that Purity (meaning Righteousness) is the highest Good; that it is a blessing only to those who practise it for its own sake, having but one aim—to try to reach up to the highest Righteousness—to the most perfect Harmony of thought, word and deed. In short, the Aṣəm teaches that virtue is to be practised for its own sake irrespective of the personal benefits it may bring to a man.”

VII c. *Yēḡhē hātām*.

. This has been treated very fully in Yas. LVII. 4. (Sel. II., pp. 66–67, above).

* See S.B.N., XXIII, p. 311. The whole of this fragment, called Yt. XXI by Dar. is in praise of the Aṣəm Vohū † Op. cit., pp. 18–19.

* Gold. and Reich. read *Mazda*. † Gold. and Reich. read *tem*. ‡ Gold. prints these separately.

¶ The last three lines are from Gāθ. Uēt. (Yas. XLV. 2). The Gāθ. version spells the words differ-
ently; see notes.

Him²¹; (and) *šyaoθananām*²³ here²⁴ refers²⁶ (to him as) the (active) Sovereign-Ruler²⁵.

14. When¹ (the phrase *ayhēuš*) *Mazdāi*⁵ acknowledges⁴ Him² (as Lord) of (all) creation^{3*}, then⁶ unto Him⁷ (is ascribed that), which⁸ (is indeed) His⁷ (own) creation^{10†}; (the words) *χšaθrəm*¹¹ *Ahurāi*¹² (etc.) acknowledges¹³ that¹⁴, O Mazda¹⁵, (which constitutes) Thy¹⁶ Power¹⁷; *drigubyo*¹⁸ *vāstārəm*¹⁹ (etc.) indicates²⁰ as-it-were²¹ (one who is) a friend²² to Spitama²³.

(Thus) the five²⁴(-fold)-teaching²⁵.

The Whole²⁶ hymn^{27‡} (is) a revelation²⁸, the whole²⁹ (is) the Word³⁰ of Ahura³¹ Mazda³².

15. The highest¹ Ahura² Mazda³ (first) repeated-aloud⁴ the Ahuna⁴ Vairya⁵, (and then) the Highest⁷ did fashion⁹ the whole⁵ (creation).*

The Evil-One¹¹ was¹² (His) companion¹⁰, but^{14†} He repelled^{16‡} the Wicked-One¹⁵ at-a distance¹³ with this¹⁷ repelling¹⁸-speech¹⁹; *u-va-ahim*

“Never²⁰ shall our^{21||} minds²² harmonise²⁷, nor^{23¶} (our) doctrines²⁴, neither^{25||} (our) spiritual aspirations²⁶, nor-yet²⁷ (our) beliefs²⁸, neither^{29¶} (our) words³⁰, nor-yet³¹ (our) actions³², neither^{33¶} (our) hearts³⁴, nor^{35¶} (our) souls³⁶”.

16. And² this¹ hymn³ uttered-by-Mazda⁴ (is) in-three⁵-parts⁶, (and belongs) to-the-four⁷-classes⁸, (and) to-the-five⁹-Lords¹⁰, (and its) fulfilment¹²-(is)-charity¹¹.

Through what¹³ (arise) its¹⁴ (three) parts¹⁵?—(Through) good-thoughts¹⁶, good-words¹⁷ (and) good-deeds¹⁸.

17. With what¹ classes² (of men)?—The priest³, the warrior⁴, the prosperity-Bringing⁵-agriculturist⁶ (and) the artisan⁷: in each^{8*} (of these classes a special) duty⁹ attaches-itself^{10†} to the holy¹² man¹¹ (which is to be fulfilled) by holy¹³ thoughts¹⁴, by holy¹⁵-words¹⁶ (and) by holy¹⁷-deeds¹⁸; (such a holy man) reveres²⁰-(his)-Teacher^{19‡} (and) studies²²-the-Scriptures^{21‡} (and) through his^{23||} actions²⁴ the worlds²⁵ advance²⁷ towards¶ righteousness²⁶.

18. Who¹ (are) the Lords²?—He-of-the-house³, he-of-the-village⁴, he-of-the-province⁵, he-of-the-land⁶, (and) Zaraθuštra⁷, the fifth⁸ in those^{9*} lands^{10*} which¹¹ (are) other¹² than Raya¹³ of-Zaraθuštra¹⁴.

The Raya¹⁷ of-Zaraθuštra¹⁸ (has) four¹⁵-lords¹⁶.†

Who¹⁹ (are) the Lords²¹ of this²⁰?—He-of-the-house²² and²³ he-of-the-village²⁴ and²⁵ he-of-the-province²⁶ together-with^{27‡} Zaraθuštra²⁸ (as) the fourth²⁹.

Verse 14. * Orig. 4, 3. † Orig. pñu. ‡ Lit., “word”. Verse 4. * I.e. in “Happiness unto him, etc.,” quoted in Verse 3. ‡ Lit., “and”. ‡ ca. || -ca¹⁷ omitted. || Orig. 4/1. Verse 5 Sol. II*

NOTES.

The *Bayān* (or *Bayām*) *Yast* is the name given to the three Chapters (XIX–XXI) of the Yasna, which form a sort of commentary on the three Sacred Prayers (Sel. VII). The word *baya* f. (see below verse 3) meant originally a part (भाग) and is applied specially to a part of the Scriptures; hence it comes to mean a hymn or a sacred verse.* And these three chapters extolling the “merits” of the three prayers are appropriately named *Bayān Yast*. It may be noted in passing that the 14th Book of the original Avestic collection of 21 *Nasks* was also named *Bayān Yast*. It was said to have had 17 sections “of great beauty” and it dealt with the chief deities (*baya* m., भग) of Avesta, viz., Ahura Mazda and the Holy Immortals.† Yasna XIX is a commentary on the *Yastā*. Yasna XX refers to the *Aṣəm*. It is also called the *Hā Frāmraot* from its first word. And Yasna XXI deals with *Yējhē hātām*.

Yasna XIX.

1. Haug—Essays on the Religion of the Parsis, pp. 185–189.
2. Mills—S.B.E., XXXI, pp. 259–266.
3. Reichelt—Avesta Reader, pp. 73–75 (text) and pp. 174–176 (notes).
4. Kanga—Yaçna and Vispered (Gujarāti trans., 1886), pp. 88–94.

Mills says by way of introduction (S.B.E., XXXI, p. 259, ftn.): “The obvious errors contained in this ancient comment cannot destroy its great interest as a specimen of early exegesis . . . The *Ahuna Vairya* is in the *Gāthic* dialect and the *Ahunavairiti* metre. This *Zand* (commentary)‡ is in the *Zend* (sic) ”.

In order to point out “the obvious errors”, Mills gives his own version of *Yastā* in the beginning:

“As the *Ahū* is excellent so (is) the *Ratu* (one who rules) from the righteous order, a creator of mental goodness and of life’s actions done for Mazda: and the Kingdom (is) for Ahura which to the poor shall offer a nurturer.”

1. *mainyō*—8 l. Spirit. The word is applied to divine beings who have no visible physical forms. Nair. says अदृश्यसृत्ते. In Guj. we use the word मौनो in the same sense.

spēništa—8 l sup. of *spēnta*. The holiest. The word is used most often with the word *mainyu* (Barth., Wb. 1618). The Skt. trans. says सच्चर or गुह्यतर wherever the word occurs.

dātarə—8/1 of *dātar* (दातृ). शङ: -voc.

aṣāum—8/1. The Holy One. Kan. explains this as an irregular form for *aṣavaṇ* which is the usual 8/1 (Dict., p. 64). He also quotes in A.G.,

* Kan., Dict., p. 364. † Haug, p. 132. ‡ Cf. Yas. LVII. § (p. 68 above).

§ 142 (p. 102) the forms *ābraom** (from *āθravan*, a religious teacher), *θrizafəm*† (from *θrizafan*, three-jawed), and *yum*‡ (from *yvan*, youth).

cit—Cf. Yas. IX. 3, etc. above.

avat—1 1 n. That.

ās—See *as* above. Yas. XII. 7. (f. 136) < * *āst*.

2. *asməm*—2 1 m. The sky. The word is used in contrast to *zām* the earth. The declension here is thematic (i.e. of the *a*-stems), the orig. form being *asman*. O. Pers. is *asmānam*§ used in the Ins. of Darius and Xerxes at Persepolis. The word is also found as *asan*¶. It is cognate with Skt. अश्मन् (stone); in Av. the word also means stone. The Pers. آسمان (*āsmān*), sky and سنگ (*sang*), stone are derivatives. The word पर्वत is found in RV. in the sense of cloud.** A similar connection of meaning is found between the pairs *cloud* and *clod*, *rack* and *rock*. Barth. (loc. cit.) suggests that the sky was supposed to be made of stone.

zām . . . *gām*. The metre seems to show that one of these (probably *gām*) is a later interpolation. Nair. says प्राक् जगत्याः प्राक्गोः Kan. understands by *gām* the whole animal creation. Cf. Yas. IX. 29.

Ātrəm—Cf. Yas. IX. 1. He is almost always called *Ahurahe Mazdā puθra* (Ny. V).

para narəm ašavanəm—The Pah. version says that *Gayomard* (Av. *Gaya Marətan*) is referred to. In the Pah. invocation to the *Fravašis* he is called *Gayomart nar ašō*.

para daēvāiš—Geld. marks this line as spurious. The sudden use of 3 3 in place of 2 1 supports this view. But see Jack., A.G., § 229; see also below *yāiš* in verse 9.

χrafstrāiš—3 3. Haug takes it as an adj. to *mašyāiš* and trans. "savage (cannibal) men". Kan. says "wicked men". Nair. has बुद्धिजडेभ्यो मनुष्यैः. Mills trans. similarly but adds (S.B.E., XXXI, p. 260, ftn. 4) "while the term may be applied to wild beasts one is strongly inclined to hold that foul insects are chiefly referred to". Barth. (Wb. 538) says that the word *χrafstra* (n.) in the Gāθ. means "a wild beast" or "an evil beast". In Y.A. the word is applied to vermin and foul insects who were regarded as the creation of *Ayvrō-Mainyuš*. It also seems to be used for all the minor evil creation, spirits, goblins, etc., of weird shapes. The phrase *daēvāiš-ca χrafstraiš mašyaiš-ca* is also found in Gāθ. Ahu., XXXIV. 5, where, according to Barth. (loc. cit., note 1), the words *daēvāiš* and *mašyāiš* may be taken attributively. The etymology is uncertain. The first part (*χraf-*) is probably cognate with *kəhrp* (body). Pers. خرنسفر (*χarnafstar*) means the same thing and is used in purely Z. literature. P.

* Vis. III. 7. † *Ašō θrō*? *Dahika*; Yt. XIX. 50 ‡ Yt. XXII. 11, 12; Yt. XXIV. 58. § Also used contrasted with *būmi* (भूमि). ¶ Barth., Wb. 207. ** य इन्द्रयन्ति पर्वतान् तिरः

चसुद्रमेवम् (RV., I. 19. 7) † प्र वक्ष्या अभिनत् पर्वतानाम् (RV., I. 32. 1), etc.

Guj. has the word खर्वस्तर used in the sense of one who possesses a robust body which can stand a lot of wear and tear. *

vispa—Note short final, a sign of later age.

mazdadāta—√*dā* (धत्) to create. Created by Mazda.

aša-ciθra—contrast *daēvō-ciθra* above. Ven. VIII. 21 (Sel. VI, verse 2)

3. *mraot*—3/1 impf. par. √*mru* (मृ), to speak.

baya—1/1 f. Kan. says “parts” and thinks (Ij. Vis., p. 88, ftn.) that the three lines composing the *Yathā* are referred to. Mills trans. “piece (of composition)”. Dar. says “hymn” or “sacred prayer”. * Barth. (Wb. 927) says “a piece out of the Scriptures, i.e. a hymn”. Pah. trans. says *frakart*† (section, part). Nair says विभंजना. In this sense the word is the same as Skt. भागः but is f. But the word is used in the other two genders as well. When n. it means “luck”, Skt. भाग्यम्‡. When m. it corresponds to Skt. भगः and means God. It is found in O. Per. also; *Baga vazarka Aura Mazda* (Ahuramazda, the Great God), Insc. Xerxes. In Y.A. it means “a divinity”, e.g. *Māgham . . . bayam raēvantam*, Yt. VII. 5. The word is cognate with Russ. *Bogu*, God; Eng. *boqey*; P. Guj. बाड (coll. बड or बड)||. The title of the Nask *Bayān Yašt* is evidently from this last *Bayā*, m.

Spitamā—Kan. trans. throughout this word by “holiest.”

aēša refers to the *yašt* above in verse 1. See Barth., Wb. 33.

tē (v.l. *tašt*||)—4/1. ते, तुभ्यम्.

5. *mē*—Kan. takes this with *Ahuna Vairya*. Haug takes it with *baya*. Mills says “which (i.e. the *Ahuna Vairya*) especially belongs to me”.

anapayūṣḍa—Barth. takes it as 7/1 of an abstract noun f. (Wb. 116); Kan. (Dict., p. 28) takes it as 1/1 p. pt. (f.) of √*vac* with *api* and the neg. *an* qualifying *baya* and trans. “without interruption”. The idea is that while the verse is being repeated nothing else must be spoken in the middle. Nair. seems to mean the same thing when he says अनधिकोक्त्या (किल अविस्तात् अन्यात् मध्ये न वक्ति)। Reich. says “without insertion (of other words)”; Haug trans. “without mistakes”; Mills says “without needless repetition”. अत + अनि + डे

anapiṣṭa—Barth. (Wb. 115) says “not disarranged”; Kan. (also Mills) trans. “without omission” (*an* + *api* + √*ṣu*, अ, to fall); Haug trans. “without mispronunciation”. ** Nair. says अनधिकशैथिल्येन (किल न शेते). ††

* “Prière divine”. † Cf. *Yasnō keratayo* above, Xas. LVII. 22. ‡ Cf. Eng. “portion”.

|| The word means a spirit or ghost; the phrase दाबडामांथी बाड means Jack-in-the-box.
¶ Attraction of *yašt*. ** Mills adds a ftn. (op., cit. p. 261): “I do not think mispronunciation is here intended . . . I am strongly inclined to read *anapaṣṭa*”. †† A very extraordinary rendering, but see the Pah. version below.

srāvayamna—1 1 pres. pt. caus. pass. f. √*sru*. Being chanted. Cf. Yas. IX. 1.

satəm—शतम्. The syntactical use of this numeral is exactly as in Skt. (Whit. § 486 b, c.)

paiti with acc. means “equal to” (Reich. § 522).* The word is also used in the sense of “reward” or “return for service rendered” (esp. with reference to divinities) with the same construction.

raṭhūm gāṭhānām—Reich. says “Gāṭhās of *Ratu* force”. Bārth. (Wb. 1499) explains this, that the literal idea of the word, namely “the authority of the *Ratu*” receded into the background in course of time and the word got the generalised sense of “authority”. Generally however it was confined to mean authority of the holy books. Kan. trans. “precious” (कौमर्ती) i.e. “full of merit”†; Haug says “principal”; Mills trans. “prominent in the ritual”; Nair. says गुह्यतन्त्रम्. The word *gāṭhā* need not be taken in the special limited sense but in the orig. meaning of “chants”. The old Av. texts, like the Vedic, had to be chanted.

āat—Even. Mills says “further”; Kan. says “but”; Nair. has चेत्.

anyē—1/3 for 2/3 required with *paiti*.

ratavō—refers to the *gāṭhānām* mentioned above.

6. *mē*—Mills and Haug take it with *aphvō*. Better take it the same way as in the last verse. * अन्ते

ātahmi—7/1. In this, एतस्मिन्.

13 *marāt*—3 1 opt. pres. Shall recall (mentally), Haug. The √*mar* is the Skt. स्मृ. Nair. says अध्येति [अधीते]. The idea is that the verse is mentally repeated.

16 *marō*—1 1 pres. pt. par. √*mar*. Remembering. The participial stems in *-ant* often have the 1 1 in *-ō* (Jack., A.G., § 295). Haug trans. “in the course of recalling”. Mills says “having recalled”. *smarad + s > maro (as > c)*

* *draṇjayāt*—“Shall mutter” (Reich.); Barth. (Wb. 772-3) says that the word means “to learn by heart”, to repeat constantly in a low voice as is done while learning something by heart; “shall undertone it” (Mills); Nair. says प्रकृतं तदधीतं गुणयति ‡ (किल कौमल्लौकुहते). It is a technical term used in ritual for muttering, corresponding to the जप. *draṇjayan* (अङ्)

srāvayāt—Shall chant aloud (in contrast to the above). “There are three expressions used for the recital of the sacred texts, viz. *mar*, ‘to recite’, *draṇj* (or *frāmru*), ‘to recite in a low tone’, and *srāvaya* (or *frasrāvaya*), ‘to recite with a loud voice observing musical accents’. The first expres-

* See also Barth, Wb. 821. • i Kan. adds (1j. Vīs., p. 89, ftn.) that the word may be connected with अत and hence would mean, in this context, “leading unto truth” i.e. serving as spiritual guides. Hence I have translated “holy”. ‡ Of. Guj. गणमण्डलं to buzz, to mutter.

sion conveys the most general meaning, viz. 'to repeat from memory' (*mar*, मर, to recollect), which was very likely done in the same way as the Brahmanas repeat the verses of the *Rigveda*, observing the accents in general. *dr̥ṇj* means evidently a peculiar kind of recital; it is chiefly applied to spells, and may be compared to the recital of the verses of the *Yajurveda*, which is done with a low voice, and monotonously. *frasrāvaya* is the solemn recital in the form of a very simple tune, comparable to the *Sāmaveda* by the Brahmanas. This expression is pre-eminently applied to the *Glāthās* (Haug, p. 142, ftn.). I am rather inclined to take these three terms as corresponding to the Skt. तूष्णींशंस, जप् and गै respectively.

yazāite—"Should praise it" (Kan.); "prays to it" (Reich.). "After chanting or reciting sacred verses one prays to them (the verse, or hymn, being considered a deity) with the formula: *Ahunam Vairim yazamaidē*". (Haug, p. 186, ftn.). The formula *staomi Aṣem* is also used for the Aṣem.

θriš-cit̥—All commentators (including Nair.) have taken this word to refer to the crossing of the bridge three times. Mills seems naturally puzzled at the idea of the triple crossing and attempts to introduce a new idea in his trans., "with even threefold (safety and speed)" and adds (S.B.E., XXXI, p. 261, ftn.): "three times seems to me to lack meaning, but it may have given rise to the foolish belief that the soul went three times before death to heaven". I propose to take it as referring to the three regions referred to immediately after.

²⁸ *larō*—Across, तिरस्.

parētum-cit̥—From √*par* to cross over (Barth. Wb. 851). Bridge. Here the reference is to the bridge—the *Cinvatō parētus*; the bridge which the soul crosses on the morning of the fourth day after leaving the body, and where it is judged by *Sraoša* and *Rašnu*. Nair. says चांदोर पुडलेन सेतुना. Cf. Kur. *purd*, Pers. پل (*pūl*), bridge. **hē* - corresponding to Mg. *se*

frapārayeni—1 I sub. pres. caus. par. √*par*. I shall cause to cross over, i.e. help to cross over. Cf. Grk. *πείρω*, to pierce through; Goth. *faran*. Nair. says प्रापयामि. The same idea and the same words occur in Yas. LXXI. 16,* Ven. XIX. 30,† and Vis. VII. 1.

ā—Unto, with abl. Cf. *ā-darəyāt*, Yas. LX. 6, above.

raocēbyō—Note plu.; cf. Yas. XII. 1, above.

7. *aparaodayete*—Makes less (Kan.); omits (Reich.); Mills trans. "takes ought therefrom"; Nair. says परिहरति.

yaṭ . . . vā—Whether.

naēməm—Half. Pers. نیم (*nīm*) half. Cf. *antara-naēmāt*, etc., Yas. LVII. 21.

* *frapārayāṇhe urvānəm tarō Cinvatō parētum*. † Sel. XIV.

θriṣum, caθruṣum, paṭtaṅhum—A third, a fourth, a fifth (part). These are special formations only found in Av. and not paralleled elsewhere. ^{part 4} ~~146~~.

pairi . . . tanava—1/1 pres. sub. par. √*tan* with *pairi* to keep away from, to twist away from (Barth., Wb. 633).^{*} Cf. *pairi-tē tanava urvānəm haca acištāt aṇhaot*, Yas. LXXI. 15. Nair. says विस्त्रेयामि.

dim—Cf. Yas. IX. 1.

**avavaitya*—Orig. 3/1 f. of *avavant*.† As much; Barth. (Wb. 175) takes it as 7/1 used adv. Nair. says तावन्मात्रेण.

bāzas-ca—Kan. takes this as 2/1 of the n. stem and trans. “length” (Dict., p. 381) and *bāzō* below as adj. 1/1 meaning “long”. Barth. (Wb. 962) seems to take it as “in height” (7, 1 ?)‡. Nair. says पिण्डेन. Mills takes it in both places as “large”.

fraḥas-ca—Nair. says प्रचलत्वेन. Kan. takes this in both places as he does *bāzas-ca*. Mills in both places takes it adj. and trans. “wide”.

pairi-tanuya—1/1 opt. pres. atm.

īm—1/1 f. *iyam*.

zā—1/1 f. The stem is *za/am* (झा). Jack. (A.G., § 318) explains this form as from **zāi* (?) + *s*. The declension of this word is apt to be confounded with that of *zyām* (हिम), winter (Reich. § 384). Cognate are Grk. *χαμαί*, Lat. *humi*, Russ. *zemlyā*; Pers. *زمی* (*zamī*) is a derivative.

asti . . . fraḥas-ci—Nair. trans. अस्ति च इयं जगती तावन्मात्रेण पिण्डेन यावती प्रचलत्वेन. Haug and Mills regard this sentence as *Pāzand*, i.e. an explanatory parenthesis. *bāzo* is length, the meaning usually given is “height”. *fraḥas-ci* refers to the breadth. Kan. takes these words as adj. f. 1/1 (Dict., p. 381).

8. *vaoce*—1/1 ātm. plpft. √*vac* (Reich.); Kan. takes it as pft.

yaṭ ahumaṭ yaṭ ratumaṭ—Barth. (Wb. 281) trans. “which contains the words *ahu* and *ratu*”. Mills also seems to agree with this idea.‖ Haug trans. “about the heavenly lord and the earthly master”; and Kan. follows him when he says, “referring to the *ahu* and to the *ratu*”. The same two words occur also in Vis. I. 5. and Vis. II. 7. and the Pah. commentary on the former passage (quoted by Barth.¶) says: “that divine being (*mēnuk*) upon the path to whom one finds the Lord and the Teacher”. Nair. says, यत् स्वामिसन् यत् गुरुमन् (इदं एतस्मात् प्रकटं यत् स्वामिनो गुरोर्ग्रहणम्). The meaning seems to be that the *Ahuna Vairya* leads a man to *Ahu* and to *Ratu*.

avaighe—6/1 m. That yonder. “That heaven as contrasted with this earth”.**

* परिस्मन् in RV. has a similar sense, used with acc.; परि द्यां जिक्थ्या तनन् RV. VII 72. 8. † Kan., Dict., p. 52. ‡ See Reich. § 355. ‖ S.B.E., XXXI, p. 262, fn. 3, where he says that this refers “to the wording of the *ahuna*”. ¶ Loc. cit. The Pah. passage runs: *ān mēnuk* *ḥē X^{va}tāō u dastawar^odāgēnd m rās ī ōr*. ** Reich. A.R., p. 171.

•† *aṣṇō*—6/1 of *asan*. See *asmam* verse 1 above.

dāyhoi—5/1 m. Creation. The usual form of the word is *dāhi* (see below, the last word of this verse).* The variant *dāyhi* is found only here. Cf. Skt. *वासि* (dwelling place) which occurs in RV., IV. 55. 7, and in other places. *n.* *rightly. creation, fashioning*

-paitištānāyā—Cf. *maiḍyō-paitištānāś-ca* (Yas. LVII. 6; Sel. II). १६९.

narš aṣaonō—Nair. as usual following the Pah. tradition takes this as a proper name and says प्राक् नरात् सुक्तात्मनात्..(गदन्मोमदीत्); cf. above verse 2. It may be noted that in Yas. XII. 7 (Sel. V.). Nair. says only नरं पुष्पात्मनम्.

zūṇāt—5/1 of a noun from *zan* (जन), to be born. Birth. Cf. Yas. XIIIV. 3 (Sel. XVI).

hū—6/1 of *hvar* m. Sun. cf. Yas. LVII. 10 (Sel. II). Har. takes this as equivalent to *hu* (हृ), good and compounds it with *θwarštō*.†

θwarštō (ṛπ.)—Barth. (Wb. 796) takes this as 7/1 of *θwaršti* f.‡—from *√θwarəs* to cut out, to create. Kan. takes *θwarštō-kəhrpya* as a comp. 7/1, taking *θwarštō* as p.pt.pass. of *√θwarəs*. (Dict., p. 237), and trans. “created-shape”. The loc. may be due to the idea of creation *into* a shape. Haug takes *hū θwarštō kəhrpya* as “sun-composed matter”; Nair. says सूर्यस्य विनिर्मितकायात्. The loc. ending *-ya* is due to “an enclitic postpositive *a*” which is added to the regular ending *-i*.|| Cf. also the endings *-āda* (5/1; Yas. IX. 4)¶ and *-šva* (7/3; Yas. IX. 5¶).

ape (ṛπ.)—After (in the sense of time); Barth., Wb. 82. Thus also Kan. in Ij. Vis., p. 90. But in ftn. 5 on the same page he suggests that it may be 7/1 of *apa* wish (*√āp*, to wish) and he gives this latter rendering in his Dict. (p. 33), where he quotes another passage: *yā me daēnām māzdayasnīm zras-ca dāt apāē-ca aotāt* (Yt. IX. 26**), which he trans. (Kh. A. b. M., p. 261)—“Who (Drvāspā) may fix her faith†† in my law of Mazda-worship and may proclaim her wish”. But in Dict. (p. 463) he quotes the same passage with the v.l. *api-ca aotāt* and trans. *api-vaṭ* as “to learn”, “to come to know”.‡‡ Haug trans. the word *ape* “before”, and renders the whole sentence *para hū . . . dāhīm* by “before the Sun-composed matter for the creation of the archangels”. Kan. quotes this|| with the remark that the Ameshaspendis, according to this idea, would seem to have been born from the solar radiance. Mills remarks on Haug’s trans.¶¶ that this “would give us a materialism”. He himself renders the passage thus: “before this sun with its body made for the acquisition of the creation of the

* *dāhi* occurs only in one other place besides this verse, viz., Yt. XIII. 77; Barth. Wb. 744.

† Quoted by Kan., Ij. Vis., p. 90, ftn. 5.

‡ Beich (§ 363, ftn. 3) explains the f. 7/1 ending in *-ō* as due to the influence of the *u*-stems. The syntax of the loc. as here is explained in § 519.

|| Jack., A.G. § 222. ¶ Sel. I. ** Sel. XXII, Part 2. The words quoted are the words of Z.

†† The word *zras* is cognate with Skt. *व्रद्ध* in *व्रद्धा*. ‡‡ Cf., Yas. IX’25, Sel. I. See Barth.

Wb. 41, where he compares *api-aot* to Lith. *paįautā*, impression.

¶¶ Ij. Vis., p. 70, ftn. 5

¶¶ S.B.E., XXXI, p. 262, ftn. 4.

Bountiful Immortals”—explaining further: “Enabling us to receive the blessings which they bestow through the influence of the sun”.* Nair. says अनालोके च अमराणां गुरुणां दत्तम् which is rather inexplicable.† If we take Barth.’s trans. —“before the creation of the sun . . . but after that of the Holy Immortals”—the idea implied is that the Immortals being parts of the Almighty Himself have in a sense co-existed with him, before they were “created” as individual entities. On the whole it were best to take *ape* as a variant of *aipi* (अपि)‡ and to trans. it by “even”, construing *para* and *dāhim* both with *hū* and with *Aməšanām*.

9. *frī* . . . *vavaca*—Barth. (Wb. 1332) says that here (and only here) the word is used in a “pregnant” sense of “calling forth (into existence) through Speech”. The idea seems to be that of creation through the power of sound or of the *mantra* corresponding to the Grk. idea of the music of Apollo, or of the *lógos* in *St. John*, I. 1. Haug also translates the same way. Kan. and Mills merely say “declared”.

mē—Reich, omits this word in his trans. Mills takes it as governed by *vavaca* and trans. “declared to me (*Zarathuštra*)” and adds (p. 262, ft. 7): “Of course fictitious, as Z. had long been among the dead”. Kan. follows Mills, but does not try to explain who the “me” may be. Haug. trans. “my two spirits” and explains: “The two spirits united in Ahura Mazda, as the one God, are *Spəntō-Mainyuš*, ‘the beneficent spirit’ and *Ayro-Mainyuš*, ‘the hurtful spirit’”.||

spanyā—1 1 com. of *spənta*. Holier (Barth., Wb. 1612). Cf. *Mainyū* . . . *yayā spanyā ūti mraot yēm angrəm*, the two spirits . . . of whom the holier spoke thus to the hurtful one (Yas. XLV. 2). This is of course the *Spəntō Mainyuš* and not, as Mills understands it, Ahura.

Manivā—6 2. 1/2 *Maniya*

stīm—2/1. Creation. See note on *ā-stiš*, Yas. LX. 1 (Sel. IV). The whole phrase *stīm . . . bušyeintīm-ca* is also found in Yas. LII. 1. and LXVII. 22.|| अस्तित्वं = स्ति + existence; अस्तित्वः, अस्तित्वम् ।

bavaintīm-ca—Lit. this is the philological equivalent of Skt. भवन्तीम्. And Barth. (Wb. 927) translates it lit. as pres. pt. of *bū* (भू) “becoming”, i.e. about to come into existence. The three words *haiti*, *bavainti* and *bušyeintī* occur together elsewhere also—Yas. XXI. 4, Vis. XVIII. 2.** and the two passages (Yas. LII. 1 and LXVIII. 22) noted above. In all these cases the Pah. trans. takes it in the sense of the p.pt. *būtā*. The Pah. trans. in these passages runs: *kēca hēnd*, *kēca bāt hēnd*, *kēca bavēnd* (Barth., Wb. 933, note 5). Nair in the Yas. passages always translates वर्तमान, अतीत and भविष्य. Kan. and Haug support this traditional trans. which is in fact

* S.B.E., XXXI, p. 262, ft. 4.

† Skt. Par., II, Note 111.

‡ Geld. notes a v.l. *api*.

|| P. 187, ft. 1; cf. also note on *Ayro-Mainyuš*, Yas. IX. 8. (Sel. I).

¶ Barth., Wb. 1592

** These two passages read the first word *həntəm* (w.) and the other two words correspondingly in the same gender.

the most obvious one. Mills trans. like Barth. but asks whether it cannot mean the past.*

šyaobnō-tāitya—Through the words beginning *šyaobananām*; Barth. (Wb. 1713) takes this as 7/1 of *°tāitāt* (f.).† The word occurs only in one other place besides this—*šyaobnō-tāitya havanaēibyō paitijaphōi*, “at the word *šyaobananām* he shall spring to seize the mortar” (Nir. 81)‡. Similar in formation is the word *uštātāt* which designates (1) the portion of Aṣem beginning with *uštā asti* . . . (see Yas. XXI. 2. below)—and (2) the opening verse of Gāθ. Ušt., Yas. XLIII. 1|| (used in Yas. XX. 4.¶ and Vfs. XVIII. 1 and 2 in this sense).** The *-tāt* is a secondary suffix corresponding to *तति* (or *-तात्*) of Skt. In Avesta as also in Skt. the suffix has a general abstract signification “but opinions are at variance as to its nature”††. We often find the *-tāt* used almost as an independent word, e.g. *yavaē-ca††*. *tātāē*, “for eternity” (Yas. LXII. 6) as contrasted with *yavatātāē* (Yt. X III 50). The words *Haurva-tāt* and *Amərta-tāt* show the same suffix. Barth. trans. *šyaobnō-tāt* into Ger. as “*šyaobna-tum*”, i.e. the (words beginning) *šyaobananām* (Wb. 1713) and similarly *uštātāt* he renders by “*ušta-tum*” (Wb. 418). Mills||| and Kan. (Lj. Vis. and also Dict., p. 560) trans.: “With reference to the performance and realisation ‘of the actions of a life devoted to Mazda’.”¶¶ Haug trans. “Through the operation of the actions of life towards Mazda”. Reich. (A.R., p. 175) says “by (speaking) the passage *šyaobananām*, viz. *šy. a. M.*”

10. *uxdanām*—Prayers. Barth. translates the word (here as well as elsewhere) by revelation or “words revealed by a divine being”***

uxdotama (अ॒पि.)—Lit. that which is most a prayer; i.e., the greatest or the most efficacious prayer. Mills says “most emphatic”. Nair. says वाक्येभ्यो वाक्यतमम् (किल मूलतमम्).

yāiš (v.l. *yāi*)—Reich.††† says that 3/3 is used for 1/3 and cites Yas. LVII. 17 (*vispāiš ayūn-ca xšafnas-ca*)‡‡‡. Jack. notes that *yāiš* is used as a general plural case. This he notes is often the case with 3/3 terminations.||||

vaocē—Barth.¶¶¶ takes this as 3/1 pass. √*vac*. He takes the following two verbs also the same way. Haug and Kan. take this to be 1/1, and the latter apparently takes *yāiš* as an irregular form of 2/3 of *ya* (m.).**** Nair. says यः कदाचित् प्रकृत्यं श्रवोचत्.

mrūye—Mills asks (p. 262, ftn. 10): “Can *mrūyē* (-*vē*) be a third singular like *ghnē*, *išē*?” The ending *-e* is sometimes found for 3/1 atm.†††† *brūve* as 3/1 atm. (pass. in sense) is found in RV., V. 61. 8 (उत घा नेमो ब्रुवतः पुमाँ इति ब्रुवे पणः).

* S.B.E., XXI, p. 262, ftn. 8. † Can it not be 3/1 of *°tāiti* (f.)? ‡ Dar., S.B.E., IV, p. 335. || Sel. XVI, last verse. ¶ See below p. 194. ** Barth., Wb. 418. †† Whit. § 1238. ‡‡ From *yaca*, time, duration; cf. *yave* (Yas. LX. 7, Sel. IV). ||| S.B.E., XXXI, p. 262. ¶¶ “Through the state of action”, Mills adds in a ftn. *** Wb. 381. ††† A.R., p. 175; and Reich. § 427. ‡‡‡ Sel. II, above. |||| A.G., §§ 229 and 402; see also Kan., A.G., p. 148, ftn. 8. ¶¶¶ Wb. 1331. **** A.G., p. 148. †††† Jack., A.G., § 450 and § 518. 1. ii (ftn. 5) and Whit. § 613.

vaṣṣyete (v.l. *yeite*)—Kan. takes the verbs *vaoce* and *mruyē* as 1/1 but he takes this as 3/1 (pass.); Haug also takes similarly.

ana—Barth., Wb. 112 ff. takes it as a pron. used substantively, referring to the prayer.* ~~The base 'ana' is used here in the loc. which case is not found in such~~

avavāt . . . yaθa yaṭ—So much . . . that (Barth.)†. Cf. *avavata aojapḥa yaθa pañca narō*, “with as much strength as if (there were) five men”, Ven. XV. 10.

²¹ *uxḍatg* (अप.)—Word-effectiveness (Reich., A.R., p. 175). Barth. takes similarly‡. The word is fem. with -*tā*-suff. Kan. (Dict., p. 95) trans. the word by “praiseworthiness”, but in Ij. Vis. he says “worth” (लौकिकत) . Nair. says तत् एतावत् वाक्यम् (किल एवं कार्येऽस्ति) । = ~~अप~~ -*hymn*

yaṭ—If.

dīt—Barth., Wb. 685 reads thus, but later, Wb. 1553, he reads *dim*. Reich. also (A.R., p. 175) gives both the variations within half-a-dozen lines. There is an enc. pro. *di* (*day*) which shows a few sporadic forms. These forms may be used as referring back to a previous substantive or sometimes as anticipatory||. The forms are *dīm* (2/1 m. f. n.); *dīt* (2/1 n.), *dīš* (2/3 m. f.) and *dī* (2/3 n.)¶. Kan. also mentions a form *dām* (2/1 m.)**. Kan. puts a stop after *astvā* and trans., “its worth is equal to the whole corporeal world”, evidently omitting the *yaṭ*.††

āsaṣṣat—3/1 s-aor. subj. par. √*sak*‡‡ with *ā*, to hold in memory.

saṣṣās (v.l. *sašās*, *sašās*, *saṣṣyās*)—1/1 pres. pt. par. √*sak*. Kan. trans. “learner”, or “pupil”.

dadarānō—1/1 pft. pt. atm. √*dar* (धृ)||||. Holding in mind, retaining in mind. Kan. trans. *āsaṣṣat . . . dadarānō*: “the learner if he studies diligently”, taking the last word as “diligently”.

nī pairi . . . haraite—The *atm.* is here used reflexively. It means “protects itself from (*pairi* with abl.)”¶¶. Cf. *nišaurvaiti*, Yas. LVII. 16 and *hišārō*, Ib. 17. (Sel. II).

irithyāstāt (अप.)—5/1 f. pres. pt. par. √*raeth*. *Death*. Cf. *iristanām* Yas. XXVI. 7.

11. Kan. takes this verse as spoken by Z.

frāvaoce—Pass. as in previous verse, Mills and Haug trans., “I (Ahura) have proclaimed”. Kan., however, takes it as pass. and trans., “has been declared unto me (Z)”.

saṣṣaēm (v.l. *siṣṣaēm*, Barth.; *siṣṣim****) (अप.)—Adj., “worthy to be

* Reich., A.R., 175. † Wb. 176. ‡ Ib. 382; “Spruchtum sva. Spruchgewalt,—wirksamkeit”. || Ib. 684 ff.; and also Reich. § 580. ¶ Reich., § 398; Jack., A. learnt". Used with dat. of the person. Nair. says शिक्षणीयम्. Barth. takes it as a sort of desid. pt. (*Grundriss d. iran. Phil.*, I. § 320). Mills* suggests another way of taking this sentence: "it has been declared to us, the learner and the one in charge of the ritual". Haug trans., "(I) repeated"; Kan. says "in order to be taught".

hiṣmāirīm-ca (अपि.)—Pft. pt. Best to take it like the previous word *saxšaēm* and trans. "worthy to be thought over". The word lit. means "worthy to be remembered" (, *mar*, **smar*, स्मृ-स्मर) and Kan. takes it thus. Nair. says उदीरणीयम्.

yathna (v.l. *yathana*, Reich.)—Barth. takes it as an indec. and trans., "and indeed"†. Kan. takes it in the sense of "so that"‡, but in his 1j. Vis. he apparently omits to trans. this word.

12. *yatha*—Geld., Barth., and Reich. print this *y a θ a* as if it were a quotation from the text. Haug takes it in the ordinary sense, "as" or "when".

frā . . . āmraot—Kan. trans. "has recited with understanding". Reich.|| calls it "an universal injunctive".

iḍa—Refers to the beginning of the hymn.

dim—Reich. thinks it refers to Z. Kan.¶ takes it as referring to Ahura Mazda. Haug merely says "it" without further explanation.**

ahūm-ca ratūm-ca—Kan. strangely enough follows Haug here in taking *ahu* to be the spiritual leader and *ratu* as the earthly sovereign, दीन नथा दुनियांना वडा. Usually he takes it the other way††. Mills trans. "Lord and regulator". Nair has स्वामिने गुरवे च.

ādadaṭ (v.l. *°daḍ°*)—Geld., Barth. and Reich. print *ā d a d a ṭ*. Kan. trans. "appoints" (मुकरर करेहे). Nair says दधाति and adds by way of explanation किल वपुः आचार्याय दत्ते.

12 *iḍa*—Thus, in this manner. Cf. इत्या††, इत्यम्. Reich. prints *i θ a* for he thinks the word is meant for *aθā* in the first line of the hymn, hence a quotation. Geld. thinks that *iḍa* is a variant of *iḍa*||. Mills adds by way of explanation, "by thus reciting these authoritative words". Nair. says एवम्. Kan. says "likewise" (तथा) . i-ḍa : स्मृ, 'I have found with i-lan in sst.

dim—Kan. takes it, consistently with the previous *dim*¶, as referring to Ahura Mazda and so do the others. Nair. seems to refer it to the *dāmabyō*, ताः याः . . . दृष्टयः.

para-cinasti—✓*kaes* with *para*; Barth. says that in exigetical texts like this it means "to refer to" and is used with the acc.¶¶ Kan. (Dict., p.

§‡ Quoted by Barth., Wb. 360, note 2.

¶¶ Wb. 430.

181) takes the word as from *cūt* (7th or ८th-class) with *para* meaning "to acknowledge," "to regard". Haug says "recognises as prior". Nair. has आखादयति.

manas-paoīryaēibyo dāmabyō—(Creation prominent in possessing mind. Kan. explains this to refer to humanity. Haug trans. "the creature, the first being the Mind".* Mills trans. "creatures who have 'the mind' as their first" and adds (S.B.E., XXXI, p. 263, ftn. 3), "see *dazdā manayhō* coming 'before' *šyaoθananām aghēuš*, *χṣaθrēm* and *vāstārēm*." Reich. says "for the creatures with the first thinking (?)", and he says "according to the Pahlavi translation these creatures are *Gayomart* . . . and the first creatures of the good creation";† and he adds the word "obscure". Barth. (Wb. 1126) says "first in thinking" (der erste im Denken). Nair. apparently following the Pahl. version says एवं ताभ्यः आखादर्थीत याः होर्मिज्दस्य मनसि प्राक्तनाः सृष्टयः (किल सृष्टीः प्रवर्तमानाः कुर्वन्नास्ते । होर्मिज्दमनः प्रमोदकरः) ॥ Haug seems to have hit the true sense; Ahura is the first of the Holy Immortals.‡

yaθā . . . aθā—These are quotations. Haug trans. these words in the usual manner. Kan. trans. the whole sentence rather lamely: "(such a person) acknowledges him as the greatest of all creatures"; he, however, admits this weakness of his renderings and thinks it might have been better.

This verse and the next two are very obscure in construction. The words are not difficult. Nair. is more than usually involved in these verses. Kan. does not even attempt the verses 13 and 14 for the reason that he cannot offer a connected rendering of the whole.

13. *hujitiš*—1 L. (Good beings (Haug); amenities of life (Mills); good conduct of life (Reich.); happy life or the happiness of life (Kan., Diet.); good life (led according to the teaching of the Scriptures) (Barth., Wb. 1821). Nair. says सुजीवनि. Mills thinks that *Mazdā hujitiš vayhēuš* is a quotation from an earlier and lost version of the Ahunavar.¶

θritim ikaēšm—Third sentence (Mills); third proposition (Reich.). Barth. understands the word *ikaēša* here to mean a single sentence of the scriptures or a single doctrine or dogma**. The first two teachings have been given in the previous verse when explaining the two phrases beginning with *yaθā* and *aθā*, and the word *vayhēuš* now introduces the third teaching contained in the Ahuna Vairya.

ādrənjayeiti—*drang* + *ā*, to affirm, to fix††. I have followed the trans. of Barth.‡‡

* The Immortals with Good.‡‡ and at their head. † In the Pahl. as given in the version of West (S.B.E., XXXVII, p. 157), there seems to be no mention of Gayomart. Perhaps Reich. thinks of some other Pahl. text. The trans. as given by West of the Pahl. version is given at the end of these notes. ‡ See above, p. 61 (top). †† Ij. Vis., p. 91, ftn. 5. ¶ S.B.E., XXXI, p. 263, ftn. 1. ‡‡ Barth., Wb. 772. §§ Ib., loc. cit., and 1721.

im—This is an enc. pron. *i*, of which the following forms are found. 2/1 m. *im*; 2/1 n. *it̥* (G.A.), *it̥* (G.A.)*; 1/2, 2/2, and 8/2 *i*; 1/3 n. *i*; 2/3 m. *iš*, n. *i†*; Mills refers it to Ahura and Haug to Ahunavar.

Manayhe—4/1. I take this word to refer to Vohu-Manō. Nair mentions मन्त्र here.

fradaχštārēm—Teacher or Master. The word is used in Gāθ. Ahu. (XXXI. 17) for Ahura Mazda: *zdī nē Mazda Ahurā vayhēuš fradaχštā manayhō†* (Barth., Wb. 982). Mills trans. "one who indicates (the truth) to mind".

aētavāitya—Barth. (Wb. 18-19) takes it as the 7/1 of *aētavan̥t* used adv. and trans. "therewith".

kārayeiti—Caus. √ *har*. Makes out to be, i.e. points out.||

14. *yať dim . . . dāmān*—Reich. call this passage "obscure." Haug trans. thus:—

"And he acknowledges it for the creatures through Mazda, so (he does) this, that the creatures are his". Mills says: "And when he acknowledges Him for the creatures thus, 'O Mazda!'¶ he acknowledges Him (as their ruler) when he assigns the creatures to Him thus". The order of words here is very obscure—this being the beginning of prose style is necessarily involved like that of the *Brāhmaṇas* in Skt.

M a z d ā i—Geld. reads *M a z d a*, but says in his footnote (2): "So all Mss. Bb. 1** above, *Mazda yiθa††—Mazdāi iθa?*" I have adopted his suggestion here and take the word as a quotation.

dīm (v.l. *dām*, *d . . .*)—Geld. and others read *tām*, but Geld. notes the other v.l. mentioned here as well as the *dīm*. I have adopted this reading to keep up the uniformity with the preceding verses; as referring to Ahura Mazda.

ahmāi—4/1 used for 6/1. Cf. *ahurāi* in the Yaθā (Sel. VII. a).

tať . . . χšaθrem—The words also occur in Yas. LIII, 9 (Gāθ Vah.), *tať Mazda tava χšaθrēm yū vərəzəjyōi dāhī drigaovē vahyō*.

d r i g u b y ō etc. (v.l. *d r ō* Reich. and Haug)—Note that in the quotations the full text is not given, and often only the crude words (uninflected are quoted). The last sentence (*d r i g u b y ō . . . Spitamāi*) is characterised by Reich. as obscure. Haug connects it on with the following words up to the end of the verse. His trans. follows closely the Pah.

* Used as a particle only, Skt. इत्. † Jack., A.G. § 397. The *im* is not to be confounded with *im* (इयम्) which is the 1/1 f. of the stem *aem*. It may be noted that for the *im* in verse 12 Geld. notes the v.l. *aēm*, *yim* and *ym* (?). ‡ Sel. XXXIV; Part II. || Barth. Wb. 488; he compares Skt. चक्षतात्. ¶ He adds a footnote: "Reading Mazda (?)"—S.B.E., XXXI, p. 263, fn. 4. ** See his *Prolegomena*, p. II. †† The letter *y* here has got the medial form and hence it may be read the other way also. This MS. Geld. notes is a carefully written one on the whole.

version. He says “(The ophrase) *dragubhyō vāstārēm* (‘protector for the poor’) acknowledges, as a friend to Spitama, the five phrases, etc. “Some-what similarly also Nair.: यः दुर्बलेभ्यो आहारं आखाद्यन्नास्ते । (किल शुभं तेभ्यो कुर्वन्नास्ते) । यथा मित्रं स्थितमाय पञ्चन्यायी भूतः ॥ etc.

yaθa—As it were.

urvaθam—Friend, Barth. derives it (with a query) from *√var* to choose.* Cf. *kē urvaθō Spitamāi Zarahuštrāi nū Mazdā ?* Yas. LI. 11.†

Spitamāi—4/1 for 6/1 ? Or is the Av. idiom the same as the Eng. “friendly to a person”.‡

pañca-ikāēša—Geld. prints these separately. I have made them into a comp. “five (-fold)-teaching”. The punctuation of Geld. is notable. He puts a stop *both* before and after these words. And he adds this valuable footnote: “All manuscripts connect *pañca ik*² continuously with the foregoing||. J3|| alone has a large stop before *pañca*, the translation however does not begin till *ikāēša*; cf. Yas. XX. 3, XXI. 2”.** Hence I trans. the words separately as an ending—“(Thus) the five (-fold)-teaching”. The commentary proper ends here; what follows is a catechism (see below). The “five-fold teaching” is rather hard to explain, very probably the phrases beginning 1. *yaθā*, 2. *aθā*, 3. *vayhēus*, 4. *χšaθrām* and 5. *dragubhyō* are meant.

vīspəm is used in the sense of “whole”.

fravākēm—Haug trans. “recital”; Barth. says “revelation”.†† ~~प्रवक्त्र~~

haurum (v.l. *◌rām*)—सर्वम्, the whole. Note that the word *vacah* in Av. is nou.

15. *vahištō hāmō kārayat*.—This *pāda* has been taken variously. “The same impressed it on (‘his’ or ‘our’?) memory” (Barth. and Reich.), taking *kārayat* to mean “impressed on the memory”††. Haug says “the Most-Excellent, the Eternal, caused it to be repeated (after him)”. Mills trans., “and as he pronounced it the best, so He caused it to have its effect, (He, over) the same, (as He is)”, an unnecessarily involved and verbose rendering. Kan. (Dict., p. 585) takes, *hāmō* to be 8/1 used for 2/1|| ||, and he trans. the word as “complete” or “whole” (संपूर्ण)-सम in the sense of “whole” or “complete” is found in the phrase महिमनः समस्य (RV., VI. 27. 3 and X. 54. 3). Kan. trans. the whole phrase thus (Ij. Vis., p. 92): “and (accordingly He) the Highest made (it) complete”, and he does not explain what the “it” may be. But in a footnote (loc. cit., ftn. 1) he suggests an illuminating alternative trans., “and (in accordance with the Ahura Vairya) the Highest fashioned the whole (creation)”; and he explains further that the

* Wb. 1537. † Göl. XXXVI, Part 2. ‡ Cf. Whit. § 286. || Hence Nair.’s and Haug’s trans. ¶ This is a MS. with the Skt. trans. of Nair., see Geld, *Prolegomena*, p. IV. Also note the words “large stop”. ** Kan. in XX, 3 (Kh. A.b.M. p. 137) supports my way of translating this passage. †† Wb. 135. ‡‡ Ib. 448. |||| May be due to “attraction” of *vahištō* or the influence of the *√kur*; see Whit. § 268 a (कृणो रूपं कृत्वा).

Ahunavar expressed as it were the thought or plan in God's mind regarding the creation and later the thought was bodied forth into the visible universe. Nair. says *वडिकारितया समग्रं संचिन्तो भूतः* (*किल संपूर्णो भूत्*) ।

¹⁰ *hiθwat* (*āπ.*)—Barth. (Wb. 1813) takes it as an adv. used with *abavat* in the sense of "seized with anxiety". He takes it from *hi* (*सि*) to bind. Kan. derives it from the same root but following the Pah. trans. (*tēz*) he trans. the word as "quickly"* (Dict., p. 589) and he trans. the *pāda*, "the Evil One disappeared quickly". Mills renders it, "the evil one at once arose (to oppose Him)". Haug has got the very curious rendering, "owing to a pause Evil originated". There are two words found in the Gāθ. (each only once), *hiθa* and *hiθu* which are probably from the same *hi* and are therefore to be taken as guiding us to the true sense of the word *hiθwat*. *hiθa* occurs in Gāθ. Ahu. (Yas. XXXIV. 10), *Spəntām Arməitīm . . . hiθām Ašaahyā* (Spenta Armaiti . . . the companion of Aša). *hiθu* is m. and means "union" or "companionship"; it occurs in Gāθ. Spən. (Yas. XLVIII. 7), *Aša . . . yehyā hiθāušnā Spəntō* (Aša . . . in whose companionship the holy person)†. Kan. compares these words with *सेतु* in his Dict. (p. 589) and G.b.M., p. 175, ftn. Hence I trans. the word *hiθwat* as "companion". As remarked above‡ the two Spirits are companions and are eternal. Such is the teaching of the Gāθas. In later Av. literature the Good Spirit is often identified (as here) with Ahura Mazda. This is clearly seen from the words *nōit*, etc., of this verse, which are quoted from Gāθ. Ušt. (Yas. XLV. 2).

antara . . . āmrūta—*antara* is a sort of verbal prefix here. Lit. "speak (or conjure) an evil to a distance", hence to repel at a distance.¶ Note that this form is atm. Haug says "kept him within bounds, restrained".

-*ca*—I take this in the sense of "but" here. Though the evil one was a companion to the Good Spirit still the latter kept the Wicked One far from himself.

antara-uxti (*āπ.*)—3 l. Interdict‡. Lit. "speech to keep at a distance"; Mills says "repelling renouncement".

The three lines *nōit*, etc., are a quotation from Gāθ. Ušt. (Yas. XLV. 2), but the language has lost its Gāθ. peculiarities, e.g. long final. The orig. text very clearly brings out the association of the two Spirits in the work of creation and these words (ascribed here to Ahura Mazda) are in the orig. spoken by Spenta Mainyuš. The verse in the Gāθ runs thus:—

ał fravaξšyā aghēuš mainyū pouruyē,
gayā Spənyā ūiti mruvat yēm Angrēm :
"nōit nā manā nōit sēnghā nōit xratavō
"naēdā varanā nōit uxδā naēdē šyaotānā
"nōit daēnā nōit urvānō hacaintē".

* Nair. says *भडिति*.

† Barth., Wb. 1813, Kan. takes it slightly differently, G.b.M.,

pp. 174 f. ‡ Note on *Agro-Manyuš* (Yas. IX. 8) pp. 25f. ; see also Yas. LXII. 2 and 17 (p. 64 and p. 74). See also Introduction. ¶ Barth., Wb. 1193f. ¶ Ib. 133.

(Z. speaks): "I will speak of the Spirits twain at the first beginning of the world, of whom the holier thus spake unto the wicked:* etc., etc.

nā—6/2. Our, नौ (आवयो:)†

saṅha—Precepts, doctrines. See *Kām nā Mazdā*, 2. (Sel. VI); Barth., Wb. 1575.

χratavō—Spiritual aspiration, Barth., Wb. 535.

naēdā—Nor yet; a sort of emphasised negative.

daēnā—Consciences (Mills); personalities (Reich.); creative ideas (Haug); religions (दौन) (Kan.). The last, however, in G.b.M. (p. 133) says चतःकरण and followed by *urvānō* this is the best rendering.

hacinte—/hak e to harmonise mutually‡. Note *atm*.

16. From here begins what is called by Mills "catechetical Zand". Because from here begins a sort of catechism upon the Ahunavar. We have lost the clue to the signification of some of these questions and answers. But apparently these represent a hoary tradition.

θri-afsmēm—Cf. Yas. LVII. 8. Consisting of three parts or *padas* (Kan.); three stages or metres (Mills); त्रिप्रमाणम् (Nair.).

caθru-piṣtram—चतुर्विध्यम् (Nair). The word *piṣtra* in the sense of "caste" is used only here, and only in this passage of the Av. are the four classes or castes mentioned. They are mentioned by name in the next verse. In the various other places, where the classes are mentioned, only three are named, the last two being put together. A notable passage where three castes are mentioned is Yt. XIII. 89: *yō, paoiryō āθravō, yō paoiryō raθaēštā, yō paoiryō vāstryō fšuyās*, (who is the first priest, the first warrior, the first agriculturist). The Gāθ. have different names for the three castes: (1) *airyaman* or *haṣman*, the Priest; (2) *χ^aaētu* or *nar*, the Warrior; and (3) *vāstrya, vāstrya-fšuyant* or *vərəzəna*, the Husbandman.¶ The word *piṣtra* is derived by Barth. (Wb. 908) from /*paēš* (पिश्) to colour. Hē suggests that the word originally meant colour (cf. Skt. वर्ण which has had a parallel history). Mod. Pers. پیشه (*pishā*) trade or profession is also a cognate.

panca-ratu—Belonging to the five chiefs (Mills); he adds by way of explanation "in the political world, without whom its efficiency is marred". These are the Lords of the house, etc.** see below. Nair. says पंचगुह .

rāiti-haṅkarəθəm—Cf. Yas. LX. 5. (Sel. IV). Barth. (Wb. 1520) thinks *rāiti* here may mean "helpfulness", "readiness to serve" (*Dienstwilligkeit*) or "charity" (*Freigebigkeit*). Both are appropriate. "Charity" is the

* Mlt., E. Z., p. 370. † Reich. § 402. ‡ Barth., Wb. 1741. § Sc. Vāraθuṣtra, Barth., Wb. 908; Reich., A.B., p. 106. ** Cf. Yas. IX. 27, p. 41 above.

best Eng. rendering here*. *han̥kərəθəm* (= संकृति) means fulfilment, or end to be reached. Mills says "it has a conclusion ending with a gift", referring doubtless to the last three words of the Yaθā. The Pah. version says "its summing up is with liberality".†

‡ *kāiš*—Reich. thinks that 3/3 is here used for 1/3 (§ 427) and trans. "Which are its verses?" ; Haug, probably more correctly, trans. "How (i.e. through what) (arose) its verses?" ; Nair. trans. this sentence: किं तस्य प्रमाणम् । *hant*, pl. word for the general case.

humatəm, etc. are explained further in verse 19.

17. *kāiš pištrāiš*—Mills trans. the ins., "With what classes of men?"

vāstrya-fšuyās—Prosperity bringing agriculturist (Kan.);‡ the systematic tiller of the ground (Mills). The word *fšuyant* means lit. "possessing cattle" (*fšū*). Cf. *fšūšas-ca Māθrō*, Yas. LVII. 22 (p. 77). *अश्वत्थ* *वेगः* ।

hūitiš (अपि.)—Artisan. This name of the fourth class is found only here. Barth. derives it from *√hu*, to work (Wb. 1823)||. The Pah. form is *hutoxša*.

Nair. gives these classes as आचार्यः क्षत्रियः कुटुम्बी¶ and प्रकृतिकर्मा (ordinary labourer?)

For the rest of this verse Reich. says that "the grammar is corrupt, the cases do not agree".

vīspaya—7/1. In all (i.e. in each of these classes). Barth. (Wb. 1463) calls this word uncertain.

irina (अपि.)—Evidently the text is corrupt here. There are many v.l. noted by Geld.—*irēna*, *arēna*, *arina*, *airina* and *vīspa ayairini* (see below). Barth. does not even give this word in his Wb. Reich. (A.R., p. 266) says that the word is obscure. Kan. (Dict., p. 46) takes the word to be *arēna* and trans. "glory". He also gives other renderings, "duty" (Mills); "manner" (Har.). He himself takes it as 1'1 but he mentions that Mills and Har. take it as 3'1. And Kan. also notes that Geld. reads *irina* and that Mills compares it to क्षण. The whole phrase *vīspaya irina hacimna naire ašaone* has been very variously rendered. Haug trans., "through the whole duty pertaining to the righteous man". Mills says "these classes therefore accompany the religious man throughout his entire duty (or experience**)". Kan. says, "Glory (as it were) follows the holy man". Kan. also quotes the rendering of Har.:†† "In every way the righteous man should follow these professions with good thoughts, etc." Nair says समयं रदः‡‡ संस्थित्य नरे सुज्ञातानि सत्यमनसि etc. This follows closely the Pah. ver-

* Of. "But the greatest of these is charity" 1. Cor. XIII. 13. † West, S.B.E., XXXVII, p. 480. ‡ आबादी करनार खेडुत. || Of. Skt. सुत, charākeer. ¶ A sanskritised form of Guj. कुपूबी, an agriculturist. ** This he adds in ftn. 3 at p. 265, S.B.E., XXXI. †† Ij. Vis, p. 93, ftn. 1. ‡‡ Some MSS. omit रदम् and some read समयम्.

sion.* “who are the whole day (and) night with a righteous man”. The explanation of the समय इदम् is very ingeniously given by Bharucha.† “The Avesta phrase *vispaya irina* is rendered into Pahlavi by *hamā yam lēlya* (all day and night) which Neriayosengh renders by समय इदम्. How he comes to this meaning is unintelligible. If we adopt the reading of the MSS. which have समय instead of समय, it may approximate to the Pah. rendering. And then we may take the Avesta phrase as *vispa ayaṛēna* (all day), as is suggested by Spiegel. Compare also the Gāthic phrase *vispā yāre*.‡ Most probably Neriayosengh’s original rendering was समय समयम् (all time) which has lost one or other of the two words through the ignorance of careless copyists”.

rātus-mārēta (𐬀𐬭𐬀).—“Which give attention to the rulers” (Mills); “to appoint a spiritual || guide (Haug). Kan. says “honouring the leader” and explains|| that lit. it means “remembering the leader”. Barth. trans. similarly, “he who follows the teaching of his *ratu*”. He thinks that the orig. form was *ratu-šma*° (सु)** the *š* usually dropped†† having reappeared.‡‡ Nair. says गुरुपाठिते (किल गुरु संयुक्ते)। The case seems to be 3 1 used instead of 4 1 (qualifying *naire*) probably due to case attraction of *°manayha*, etc.

daēnō-sāca—Studying the religion (Kan.); fulfil the (laws) of religion (Mills); to fulfil religious duties (Haug). Barth. takes this to be 3 1 and trans. “he who has studied religion”. The word is also found in Yt. XIII. 115. Nair. says दौनिश्चिते.

frādxntē—Advance (Haug); prosper (Kan.); are furthered in righteousness (Mills). √ *pād* δ (orig. *frā* + *dā*).

18. *Rajōit*—5 1. Kan. trans. “kingdom (राज)”; Mills says “regency or domain”. Haug takes it as a proper noun and says it is “a softer form of *Rayi* which variant of *Rayā* seems to have been used, as we find traces of more than one form of the name in Greek writings”||. Barth. takes it the same way and gives three variant forms; *Ragi*, *Rayi* and *Raji*.¶¶ The name belongs to a town and a province as well.*** It is said to have been the home of Z. and of his mother. The Av. refers to this place in two passages, Ven. I. 15 and this present passage. Jack.††† discussing our passage: “This construction evidently signifies that the *Dāxyuma*, or governor, is everywhere the supreme head, but there is acknowledged one who stands above him as representative of the church, as well as state, the chief pontiff Zoroaster (*Zaraduštra*), or ‘the supreme Zoroaster’ (*Zaraduštrōtēma*), as he is elsewhere termed (e.g. Yas. XXVI. 1.††† Yt. X. 115, etc.). In the papal

* West, S.B.E., XXXVII, p. 460.

† Skt. Par. II, note No. 114.

‡ This phrase is not

quoted in any Gāth. passage either by Barth or Kan. || Note that Haug takes *ratu* here, for once at least, as the spiritual master. ¶ Ij. Vis., p. 93, fn. 2. ** Wb. 1505. †† Cf. *marāš* above, verso 6.

‡‡ But the *š* is added often if the prior member ends in *y*; see Jack., A.G., § 867, note 1. ¶¶ Haug, p. 188, fn. 3. ¶¶ Wb. 1497. *** Modern 𐬔 (Rae) in the province of

Āzarbaijān. ††† Z., pp. 202ff; he gives there the whole discussion about *Rayā*. ††† Sel. III above.

see of Rayā, however the temporal power (*Dāxyuma*) and the spiritual lordship (*Zarathuštra*) are united in the one person. For some reason Rayā is plainly the seat of the religious government. The Pahlavi version (ad loc.) speaks of it in connection with Zoroaster as being 'his own district' (*matā-i-nafšman*); the Sanskrit of Nēriyōsang glosses the allusion by asserting that Zoroaster was the fourth lord in this village, because it is his own—तस्मिन् ग्रामे यत् स्वीयं आसीत् गुरुश्चतुर्थोभूत्. Rayā is plainly a centre of ecclesiastical power".

zarathuštrōit—5/1 of *trōiš*.

19. Reich. thinks this verse is obscure and attempts no translation. The cases seem to be very much involved here also.

¹ *Kat* - cf. *yad. tad* (*stem - d, nom. sg. - r*) *Kat* *teit* = *keceit* - interrogative *adn* (*ग्रहीतृः अप्य*). *manas-paoiryō*—The words are separate in some MSS. The word has already occurred in verse 12 above. The meaning assigned here to this comp. by Barth. is the same as he assigns to it there. The phrase also occurs in Vis. XIX. 1: *spəntō-dātāiš dāmān . . . dāmān manas-paoirya aśavanō*. The first answer here is variously rendered by different scholars. The righteous original mind (Haug); the one who holds the holy thought to be before all other things (Mills); the first holy thought (Kan.); thinking truly of ancient sages (Har.);* सुक्तात्मना ध्यात्वा प्राक्तनेन (किल गदस्योमर्देन बभूव) || (Nair.). The real difficulty is to reconcile the cases here. In other respects the rendering of Haug is the best. It probably refers to *Vohu Manō* who is of course the ruler of all good thoughts, his "gift" to those who work for the Lord.

māθra spəntā—The bounteous word of reason (Mills).

² *staotāiš* etc.—Through praise (Kan.); (that done) by praising creatures first in righteousness (Haug); it is that done with praises and by the creatures who regard Righteousness as before all other things (Mills). Mills adds an explanation of the word "praises" that it implies "ritual strictness based upon practical piety"†. Nair. says स्तुत्या पुण्येन च प्राक्तनायः दृष्टेः । (किल इजिनिः अपरं च पुण्यं यत् दृष्ट्या क्रियते) || It may be that the ins. here is used in the sense of nom. (Reich. § 127)‡. Barth. quotes this passage (Wb. 1589) without trans. and with a query (?). *Instnl. of means*

20. *cim*—2 1 m.|| Whom. Nair. says कस्मै and thus also Kan. and Reich., "to whom". Haug says "what" and accordingly he trans. the answer, "the righteous (*Ahuna Vairya*) both spiritual and earthly". Mills takes the *cim* differently and trans., "whom did he announce?" and the answer is, "some one who is holy and yet both heavenly and mundane", and he explains this "some one" as "*Saošyant*"§. Kan. and Reich. trans. the answer, "to the spiritual and material righteous one". I think Mills is nearest the true sense: of the three questions in this verse the

* Quoted by Kan., Ij. Vis., p. 93, fn. 3. † S.B.E., XXXI, p. 266, fn. 2. ‡ See also *fn* in verse 16 above. § || Barth., Wb. 122 (last two lines). It is also nom., Reich. § 401. S.B.E., XXXI, p. 266, fn. 3.

first (*cin*) refers to the subject-matter of the revelation, the second (*cvās*) refers to the status of the revealer and the third (*evantam*) refers to the position of the person to whom the revelation is vouchsafed.

cvās—1/1° Barth., Wb. 601 says “in what capacity,” or “in which character”*. This question refers to the revealer—Ahura Mazda. “What was he who proclaimed?” (Haug). Nair. says किमर्थम् . . . (कस्मै कामाय . . .)॥

ṣṣayamnō—Cf. Yas. LX. 8 (Sel. IV).

evantam—2/1 m.† What kind of person was he to whom, etc. Mills takes it as an amplification of the first question. “Of what character (. . . the coming one)”. Haug takes it as practically a repetition of the second question, for he says “As what (did he proclaim it)?”

arasō-ṣṣaḡram—Cf. Yas. IX.9 (Sel. IV). I have incorporated the rendering of Mills into mine. The ruler is a Sage-Ruler (राजर्षि) who has attained fullness of earthly power but has at the same time Wisdom enough not to use his power but according to the law of Aša.

21 *ṣṣarasōḡram*—Loud chanting. Cf. *ṣṣarāiti*, Yas. IX. 14 (Sel. I). This word and the following three correspond to the *marāt*, *drəṇjayāt*, *srārayāt* and *yāzāite* of verse 6 above‡. Nair trans. these four by प्रकृष्टाध्यायनेन, प्रकृष्टं गायया and प्रकृष्टं इजिस्त्रा प्रकृष्टम्

10 *ṣṣaramaḡram*—Low murmuring repetition (Barth., Wb. 987). प्रकृष्टम्

12 *ṣṣaḡbrem*.—Singing aloud (Barth., Wb. 977). This is to be distinguished from the *chanting*. An exactly similar difference is to be found between the Sama Veda and the other words. प्रकृष्टम्

14 *ṣṣrāyāstīm*—Adoration or consecration (Barth., Wb. 1018). Mills says “its use in the full Yasna”. प्र + श्रयिष् = श्रयिष्

Yasna XX.

1. Kanga—Khordeh Avesta ba Māenī (5th ed.), pp. 135-137.
2. —, —Yasna Vispered (Gujarāti trans., 1886), pp. 94-95.
3. Mills—S.B.E., XXXI, pp. 266-268.

This Hā is also known by the name of *Frāmraot* from the first word. This constitutes a commentary on the Ašom. There is another passage in the Av. which praises the Ašom. That is the so-called Yast XXI. It is really the first section among the existing fragments of the Hādoxt Nask.¶

1. This verse is rather involved in construction. No two authorities are agreed in their translations.

Kan. puts a stop after *Mazdā*; he takes the words *a š a m* . . . *astī* with the following sentence, and as obj. of *ṣṣrāmraot* he takes “the prayer Ašom” understood.

* Qualis, in welcher Eigenschaft. † Barth., Wb. 601 ‡ Ib. 1003f. ¶ In Westergaard's edition. See Kan., G.B.M., pp. 266ff.

quotation as well as forming part of the commentary. I propose to make *aṣāi vahiṣṭai* as corresponding to *uṣṭatāitya* of the previous verse and to take *aṣəm* as a proper noun defining the *māθrəm*. Thus the trans. would run:

yaṭ aṣāi vahiṣṭai aṣəm: (this phrase) affirms the whole hymn [Aṣəm on account of the best Righteousness (taught therein)] (to be) superior to every (other) hymn.

Kan. takes the *māθrāi* to mean "the knower of the *māθra*" and trans. the first sentence thus:

"(Repeating these words, the worshipper, as it were) accepts all the hymns for every knower of the hymns, just as he accepts power for Righteousness, etc."

Mills says:

"By these words the worshipper ascribes the entire *Māθra* (to Aṣa Valiṣṭa) and ascribes all to the *Māθra*, as one ascribes the kingdom to Righteousness, etc."

zbayanṭe--4 1 pres. pt. *z bay* (𐬛𐬀), to invoke.

* jhy < Sra. hv
Av. zb

xṣmāvōya--4 3. युष्मद्यम्*. Mills very strangely trans. "to us".

θrāyō-ṭkaēša—The "threefold teaching" is 1. *aṣəm* etc., 2. *uṣṭā*, etc., and 3. *yaṭ*, etc. For the construction see above *panca-ṭkaēša* (Yas. XIX. 14). Kan. takes this as I do.

5. This is identical with Yas. XIX. 21 except for the name of the *bayām Aṣəm Vahiṣṭəm* here refers to the prayer Aṣəm. See Barth., Wb. 238f.

Yasna XXI.

1. Kanga: Yaçna and Vispered (Gujarāṭi trans., 1886), pp. 95-97.

2. Mills: S.B.E., XXXI, pp. 268-269.

This is the commentary on the third hymn—Yeğhe hātām. Mills notes that the original form is Yas. II. 22† and notes that the commentary here is not upon the original Gāθ. verse but upon its later version.‡

1. *yesnim* (v.l. *yas°*)—Mills trans. "Yasna"; Kan. says "worthy of praise", Barth. says: "belonging to the Yasna". Mills trans. "a word for the Yasna". * यस्मिन् (f.) 2/1 worshipped > sacred. यस्मिन् गच्छ 1 yasō - am.

Mazdā--6 1.

dāta—All trans. this as law§, that which is fixed or settled. Kan. (Dict., p. 259) takes the word as 3 1. Nair. says योदत्ते स्वामिने** विद्यमानेभ्यः इजिच्चिम्. I propose to take the word as 3/1 of the p.pt. of *√dā*, to create.††

Ahurake—Geld. apparently expects another word here; for he says in a footnote "so all MSS. except . . .". Did he expect *aphēuš*?

* Jack., A.G. § 390. † The passage is quoted and discussed above p. 66. ‡ S.B.E., XXXI, p. 268, fn. 2. § Wb. 1274. ¶ Barth., Wb. 726 ** Evidently reading *Ahurāi* (v.l., noted by Geld). †† See Kan., Dict., p. 259 (2. *dāta*).

yatha haḍbīs jījīṣūm—Gold. takes these words with the next verse but not so Barth*. Barth. takes *jījīṣūm* as an abstract noun (f.) meaning "life". Kan. takes it as an adj. meaning "desirous of life" (6/7 of pres. pt. desid.). The word also occurs in Yas. XXXV. 8. Kan. takes *haḍbīs* as 3 3 of *hant* (pres. pt. of *ah*, to be) but trans. as if it were *hātūm* (6 3)†. Mills construes like Kan., but trans. "among those who are destined to live", which he explains as meaning "fit to live, clean"‡. Yas. XXXV. 8 also has *hātūm jījīṣūm*. Nair. trans. here कुटुम्बीनां जीवितस्य आकांक्षी and in the other place he says वर्तमानेभ्यः जीवनं इच्छतः. I take *haḍbīs* lit. as 3 3 "with the Truth".

2. *Ārmaiti-paoryanūm* (आरमाति) "Those who have Ārmaiti at their head (Mills). This evidently refers to the last three of the Holy Immortals whose names are fem. Kan. trans. the name *Ārmaiti* and renders the phrase as "those who are first in piety". Barth. (Wb. 337) takes similarly. This apparently is supported by Nair, who says सपूणेनसा प्राक्तनानाम्. But see the Pahl. version.

rahmām—Homage (Mills); glorification (Kan.). Cf Yas. LVII 6 (Sel. II) above.

Amāṣāūihyō refers, of course, to the Holy Immortals.

hrāyō—refers to the three lines composing the hymn.

cīm etc. The text here seems to have been disturbed. This question should belong to verse 4 which should have come immediately after verse 2. Verse 3 should have been verse 4. For *cīm* see above Yat. XIX. 20. *cīm* *oi* should be rendered "with reference to whom", "about whom".

paūti.—Kan. takes it as equivalent of *paūtiš* 1 1 (for 1,3) and trans. "lords". Mills trans. as a prep. "to".

yasnahe Mills renders "in the course of the Yasna".

3. *uštā* . . . *Ahurō*.—This is the first verse of *Gāθ. Ušt.* (Yas. XLIII. 1) and it is repeated at the end of each *Hā* of that *Gāθā*.** I have indicated the spelling of the *Gāθ.* text in the footnotes on p. 172.

yahmāi—4 1 for 5 1 due to ease attraction.

vasa-xṣayāis (Barth.†† separates the words in quoting the *Gāθ.* text). The meaning is "ruler-at-will".

4. With this verse compare Yas. XX. 2 above.

paitiraca—3;1 Answer (Mills); sentence (Kan.); sentence or dictum (Barth., Wb. 833). The noun *paitirac* is used only here. Probably this refers to the *uštā ahmāi yahmāi*, etc.

* Wb. 609. See also Gold text, note 4.
ftn. 2. † Dar. quoted at p. 67 above
Sel. XVI. †† Wb. 1383.

† 1j. Vis., p. 96, ftn. 2.

‡ 1j. Vis., p. 96, ftn. 7.

† S. P. E., XXXI, p. 29.

** See Yas. XI, IV below.

paityāmraot (𑀧𑀲𑀭𑀸𑀓𑀭𑀸𑀓𑀲𑀸𑀓—Answered (Mills)*; proclaimed (Kan.). Barth. notes that it takes two accusatives of the thing proclaimed and of the person to whom the proclamation is made (instead of the dat.).†

uṣtatātəm . . . uṣtatāitya etc. —This is an involved sentence like Yas. XX. 2 above. Barth. (Wb. 418) understands *uṣtatāitya* to mean the verse quoted above in 3. This is a very satisfactory explanation. Kan. takes the word to mean merely “happiness”; Mills renders it as “state of Salvation”, which certainly is nearer the sense of the word *uṣtatāi*. There is a play on the two meanings of the word.

*vahiṣtəm*¹⁸ . . . *aṣaone*^{2*}—Kan. trans. thus: “The Supreme (Ahura Mazda) proclaimed (the holy man to be) the best” and he adds‡ that he is not at all clear about this sentence. Mills takes many words as implied here and trans. as follows: “(Question. Who answered thus? Answer.) The best One. (Question. What did He answer? Answer.) The best thing. (That is) the best One, Mazda, answered the best and the holy (answer) for the better and the holy man.”

This is a needlessly complicated and a very unnatural translation.

Barth. says :

“The Supreme Mazda has proclaimed the holiest believer (i.e. Z.) unto every holy believer.”

I propose to take *vahiṣtəm*¹⁸ and *vahiṣtəm*²⁴ *aṣavanəm*²⁶ to refer to the *māθra* (Yas. XLIII. 1) quoted above. The word *aṣavan* is frequently used for various hymns especially for Gāthic verses, for Yasna Haptaghāiti and Staota Yasna⁴. In the very next verse (5) the word is so used for *Yejhāt Hūtām*.

5. *hufrāyastām*—Well-consecrated (Barth., Wb. 1830). Nair. says शुद्धप्रबोधेन-रजिचितया । Kan. says “well-praised”, Mills says “prominent”.

𑀧𑀲𑀭𑀸𑀓𑀭𑀸𑀓𑀲𑀸𑀓 + 𑀧𑀲𑀭𑀸𑀓𑀭𑀸𑀓𑀲𑀸𑀓 = 𑀧𑀲𑀭𑀸𑀓𑀭𑀸𑀓𑀲𑀸𑀓

* Mills overlooks the ā † Wb. 1191. ‡ Cp. Vis., p. 37, ft. 4. Wb. 1194. 4 Barth. Wb. 252 (under *astāvan* I. 3. 4).

APPENDIX A.

THE PAHLAVI VERSION OF THE BAYĀN YAŠT.

As could be seen the text of the Bayān Yašt (Yasna XIX-XXI) is very involved in places and is perhaps a corrupt version by later compilers at a period when much of the ancient Avesta lore had perished. Still there must have been remnants of traditional exegesis which had come down a long line of teachers and pupils and this is embodied in the Pahl. version. I here give it *in extenso* from the English trans. by West (S.B.E., XXXVII, pp. 453-464). I do not give the numbers as given by West but the verses according to the Av. text: the numbers of West are indicated in brackets at the end of each verse. Nair., as has already been stated in the notes, has followed the Pahl. very closely. The comparison between our modern philological and the ancient Pahl. version composed purely from the ritualistic and orthodox point of view would be of extreme interest to the student.

Bakō Nask.*

Pahl. Yas. XIX—Bakō I.

[The beginning of the Ahunavairya of the Bakan.]†

1. Zaratuštra inquired of Ahuramazda thus: “(O) Ahuramazda, propitious spirit, creator of the world of embodied existences (and) righteous! which were those words, (O) Ahuramazda! that (were) spoken by thee for me (1 2).

2. before the sky, before the water, before the earth, before the [well-yielding]; cattle, before the plants, before the fire which is Ahuramazda's son, before the righteous man [Gayomard] before the demons, [who remain] noxious creatures and mankind, before all embodied existence [the creation of sovereignty] (and) before all the excellence created by Ahuramazda, which is owing to [the manifestation of righteousness?]” (3)

3. And Ahuramazda spoke thus: They were the apportionment of the Ahunavairya, (O) Spitama Zaratuštra! [That spirit who would make the religion current, who has formed that religion from the Ahunavairya] which was spoken out by me for thee; (4)

4. before the sky, etc. (as in 2). (5)

5. Whoever chants that apportionment of the Ahunavairya, (O) Spitama Zaratuštra without talking [that is, he does not speak out in the middle of any of its difficult Avesta] (and) not without anxiety [that he

* The Dinkart (IX. 47-49) gives an account of the contents of the Bakō Nask (the 1th of the 21). See also Dar., S.B.E., IV, p. xxxiv. † The brackets represent the italics in West. See next footnote. ‡ Words in square brackets [] have no equivalents in the Av. (S.B.E., XXXVII, p. 453, fn. 23). These are probably parts of the Pahl. exegesis.

(may) slumber], (it is) like a hundred above any other authority of those of the Gāthās, when (one) chants (them) without talking, (or) not without anxiety; [thus it becomes (fit) for the ceremonial]. Whoever chants (it) while talking, (or) without anxiety [thus it becomes fit for the ceremonial] (it is) like ten above any other authority of those of the Gāthās. (6-8)

6. Whoever in that embodied existence of mine, (O) Spitama Zaratuštra, recalls the apportionment of the Ahunavairya, [that is, seeks for (it),] and, further, mutters that which he recalls, [that is, shall accomplish (it) easily,] and, further, chants that which he mutters, [that is, fully understands its ritual,] and, further, reverences that which is chanted, [that is, shall celebrate the ceremony,] his soul I pass on to the best existence, three times over the Cinvat bridge, I who am Ahuramazda, [that is, on that day (in) which he shall faithfully provide the ceremony it shall lead his soul three times unto (the world) yonder, and shall cause its happiness therein,] to the best existence, the best righteousness, and the best light. (9-11)

7. Also whoever in that embodied existence of mine, (O) Spitama Zaratuštra, mutters the apportionment of the Ahunavairya, [that is, shall accomplish (it) easily,] (and) drops, [that is, cuts off,] either as much as a half, or as much as a third, or as much as a fourth, or as much as a fifth, [at a fifth the foundation (of the sin) is laid, at a half it becomes quite complete, and when he shall cut off the whole (it is) a *Tunāpūhar* (sin),*] I twirl away the soul of him, I who am Ahuramazda, from the best existence, [that is, I would put it out] to such an extent and width as the twirling away as (that of) this earth. (and) even so the extent of this earth is as much as its width. (12-15)

8. This saying is proclaimed [a revelation] possessing an Ahu (and) possessing a Ratu [from which this is manifest, namely, the possession of a ruler and high priest. This, too, is said, that (it was)] before that sky (was) created, before the water, before the earth, before the plants, before the creation of the four-legged ox [which (was) the sole-created ox], before the creation of the two-legged righteous man [who (was) Gayomard], (and) before that sun of definite form [the body of the sun] (was) created as an acquirement of the archangels.† (16-20)

9. It (was) [likewise] proclaimed to me by the spirituality of propitiousness, [it likewise became possible for the spirituality of propitiousness to say (what was) said to Zaratuštra,] concerning the whole material (existence) of the righteous who are, who have been, and who (will) arise, as to the progress of work, [that is, while they shall perform for it that which is specified by it, and good works shall arise through them,] (that) this work, among the living, is for Ahuramazda, [that is, that which they may perform, suitable for Ahuramazda, they shall so perform as is declared by this *far-gard*‡]. (21-23)

* Defined in Dinkart (VIII. 20. 65) as threatening a person with an uplifted weapon. † The Holy Immortals. ‡ Section. For this word see below introductory note to Sel. X.

10. This, too, is the most expressive [most in effect] of those statements which (were) ever spoken forth [till now], (or which one) speaks forth [at present], (or shall) speak forth (even henceforth); for it is (through) such a statement [such in effect] as that, (if) the whole embodied existence learnt it (and) having learnt, [that is, they shall accomplish (it) easily,] they retain (it) [that is, they should rely upon it,] abstinence from passing (away) would be quite masterful, [that is, they become immortal]. (24-26)

11. This, too, is our saying spoken forth, [preserved among the revelation mentioned (in) this *fargard*,] which is learnt [that is, they shall accomplish (it) easily,] and (one) recites, [that is, he utters it in a ceremonial,] thus (for) any one whatever of the beings whose righteousness is best, [that is, should he do it for a ceremonial, he becomes (fit) for it; it is when he utters this in a ceremonial (that) his soul becomes immortal]. (27)

12. As (it is) here spoken forth, [that a ruler and high-priest are to be maintained; as these things are so spoken, (and) as this law is so,] even when it gives him an *Ahu* and a *Ratu*, [that is, it gives up (his) person to the priestly assembly] so it is thereby taught to him (that) the thought of *Ahuramazda* is the creature (with) the first thinking, [that is, the *Gāthā* lore is set going by him;] whatever teaches this [is the person of him who is king of kings, who] is the greatest [of men] of every description, [that is, it possesses a person in the king of kings;] (and) so it is taught (that) the creatures are for him, [where the *Gāthā* lore is set going by him]. (28-30)

13. Whatever is a good emanation for *Ahuramazda*, [that is, has an origin in his personality,] is through (the word) *rayhōuš* [which in the division becomes the beginning of] the third assertion here, whose recital is "he gives through *Vohūman*"* [that is, the recitation which he utters properly, is accomplished by him,] and, besides, here is that which *Vohūman* has taught, [that is, the reward and recompense which they give *Vohūman*, they attribute also to him;] whatever is a further indication by *Vohūman*,† [that is, anything which he may accomplish properly as a token, and is performed by him,] became so through this summing up [that is, its end occurred] in *šyaodenanām*; here among the existences was the summing up, [that is, it was its end]. (31-33)

14. What it teaches to the creatures of him who is *Ahuramazda*, is thus: he (who is) like him is he who is his own creature, [that is, even these people it tells something so, (and) thus they attain again, through purity, to the possession of *Ahuramazda*, just as *Ahuramazda* produced (them) through purity]. (By) "the dominion is for *Ahuramazda*"‡ it has taught, that he has made *Ahuramazda* his ruler, over his own person, [who shall perform that which is revealed by the *Avesta*;] and this is taught, (that) through him is the ministrations of the poor, [that is, happiness is thereby caused by him,] which is friendship (for) the *Spitama*; [and the religion of *Spitama* became] (these) five assertions, [that is, the decrees in it were five,]

* *dāzdi Manajhō*.† The word *Manajhō*.‡ *Xšāθrva Ahura*.

(which) were the whole enunciation of the saying, (and) the whole saying was that of Ahuramazda.* (34-37)

15. For the sake of development Ahuramazda, [for cherishing the creatures] pronounced the Ahunavairya, and in its development there was a summing up, [that is, its end occurred]. Quickly, when destruction arose [that is the destroyer,] and rushed in, even among the wicked he uttered [(as) resistance] this interdiction:—"Neither our thoughts, nor teachings, [(as) I have not taught that which thou hast taught,] nor wisdoms, [for I consider wisdom as virtuousness, and thou considerest (it) as viciousness,] nor wills, [for my will is a virtuous wish, and thine a vicious (one),] nor words, [for I speak that which is virtuous, and thou speakest that which is vicious,] nor actions, [for my actions are virtuous, and thine are vicious,] nor religions [for my religion is the Gāthic lore, and thine is witchcraft,] nor souls are themselves in unison, [for (as to) those who rely upon my things, and those who rely upon thy things, their souls are not in one place"]; he who said this, that even their souls exist, must thus say that (they are) not souls in unison (with) ours. (38-43)

16. Also this saying, which Ahuramazda uttered, (has) the three degrees, the four classes, [priest, warrior, husbandman, and artisan,] the five chieftainships, [house-ruler, village-ruler, tribe-ruler, province-ruler and supreme Zaratustra,] and its summing up is with liberality, [thus it is possible to make (it) completely for their own, when they deliver themselves up to the priests]. Which are the degrees of it? Good thoughts, good words, and good deeds; [they are, indeed, virtuous among the degrees of religion]. (44-45)

17. Which are the classes? The priest, warrior, husbandman, and artisan, who are the whole day (and) night with a righteous man, who are thinking rightly, speaking rightly, and acting rightly, who (have) recognised a priestly authority, [that is, possess a high priest,] who (have) taught the religion, [that is, have provided a ceremony,] (and) who, through their actions, are a furtherance of the world of righteousness, [owing to the work they accomplish]. (46-49)

18. Which are the chiefs? The house-ruler, village-ruler, tribe-ruler, province-ruler and Zaratustra is the fifth (in) those provinces which are other than the Raya of Zaratustra; (with) four chieftainship is the Raya of Zaratustra. Which are the chiefs of that? The house-ruler, village-ruler, tribe-ruler, and Zaratustra is the fourth; [that is, when he was in his own province, he also produced its period (of prosperity), who arises fourth]. (50-52)

19. How (was it) when through good thought, [that is, the religion remained in the degree of good thought]? When it arose first in a righte-

* West says of this passage (op. cit., p. 159, fn. 1), "As the Pahlavi text of the foregoing interpretation is a commentary upon an Avesta commentary on an obscure Avesta text, it must be expected to be difficult to translate with certainty". These remarks may apply to the whole of this Bakō Nask.

ous thinker, [it arose in (Gayomard, and he thought for it). How, when through good words? When (it was) the bounteous text, [doing good]. How, when through good deeds? When (it was) the praise even of righteousness (by) the first creature, [that is, they shall perform the ceremonial, and also other good works, through the (ġāḡā lore]. (53-55)

20. Ahuramazda proclaimed: for what (was it) proclaimed by him? For the righteous spiritual and worldly (existence), [(for) the benefit of the spiritual and worldly (existence)]. Owing to what desire [owing to what necessity] (was) the said announcement proclaimed by him? [So that he shall become] the privileged developer [he who is a resolute ruler]. For how many righteous [it is requisite to utter (it)]? [So that (one may) become] a developer, [even he who may be] an irresolute ruler, [for whom they reveal this words. So that the glory of the Kayāns* such as (it is) with good rulers, should be even so with evil rulers: with good rulers for this purpose, that so they shall produce more benefit; and with evil rulers for this purpose, that so they shall produce less harm]. 56-58)

21. . . .

Pah. Yas. XX.—Bakō II.

[The beginning of the second subdivision].†

1. It was a proclamation of Ahuramazda, the *ašəm vohū vahistəm astī*: besides perfect excellence is taught by it to him, [that is, benefit is produced by it for him,] who shall make progress his own, [that is, shall produce, that which is necessary to produce,] through *vohū vahistəm astī* thus become the summing up of the assertion, [that is, it become its end]. (1)

2. *astū astī ūstū ahmāi* has, besides, taught the righteous of every kind the happy progress which is necessary to arise for the righteous of every kind, [so that, happiness (may) be caused thereby]; whatever endurance of man [(or) diligence] it is necessary for the righteous of every kind, to occasion is, besides, taught to the righteous of every kind, [so that one's happiness (may) be caused thereby]. (2)

3. *hyat† ašāi vahistāi ašəm* has, besides, taught (at) all [the duty and good works which are revealed in] the text are the whole text, [for him whose Avesta and Zand,] are easy, so that, through its Avesta and Zand, he can make manifest all the duty and good works of that whole text,] which teaches (that) the dominion is for righteousness‡, [so that, (one) may exercise authority through virtuousness, that is, it should be the opinion that it teaches or dominion through virtuousness, so that (one may) possess authority through virtuousness;] which also teaches the truth to that righteous invoker, [so that he may make a true decision;] (and) which also teaches the truth to you [that] are fraught with advantage, [so that it may

* The Kayaman Princes. † The brackets are not given by West. ‡ So the reading given in West. || See note on *mā-āgauntis* (Yas. LVII. 8, Sel. II), p. 68 above. ¶ "Just as the Ahura Mazda says that 'the dominion is for Ahuramazda'" (West, op. cit., p. 192, fn. 6).

produce true judgment]. (These) were the three assertions, [that is, three decrees were in it,] (and) the whole saying was a proclamation, the whole saying was that of Ahuramazda. (3-7)

4. Ahuramazda proclaimed: (as above in Yas. XIX. 20).^{*} (8-10)

5. . . .

Pahl. Yas. XXI.—Bakō III.

[The beginning of the third subdivision].*

1. A saying of the righteous Zaratūštra, to be revered, was: "Whoever of those existing is thus in worship as regards (the good)". Here what is taught by it is the worship of Ahuramazda, [that (it is) that which (one) should provide for,] which is the law of Ahuramazda, [that is, his virtuous law,] whereby the reverence (of) existence is taught, [that is, that which he would most occasion, which is the ever-asking for progeny (by) mankind; and he mentions that thing to them,] (through) which (it) is possible for them to live well. (1)

2. Here, besides, the reverence of those males (and) females of the righteous, through complete devotion†, who (was) the first, is taught by it, which is the obeisance (for) the archangels, [that is, it would occasion the propitiation of the archangels]. (These) were the three assertions, [that is, three decrees were in it,] (and) it was (in) every way a saying to be revered. Unto whom was the reverence? (Unto) the archangels in that worship. (2-3)

3. And Ahuramazda spoke thus: "Happy is he whose happiness is the happiness of any one whatever, and (may) Ahuramazda grant it, through predominance of will, [through his requirement]". (4-5)

4. What reply did he speak through that utterance of words, [what (was) the thing he spoke about]? He spoke the reply of happy progress, the happy progress of the righteous of every kind, who are, who have been, and who (will) arise. The developer told [that man, as] the development, (in) reply; (and) [the reward as] the development that Ahuramazda mentioned (in) reply (was): "That development [I call] righteous, [which] is a development for the righteous. (6-8)

NOTES.

1. Kanga: Yaçna and Vispered (Gujarati trans., 1886), pp. 125-126.
2. Reichelt: Avesta Reader; text p. 76, notes at p. 177.
3. Mills: S.B.E., XXXI, p. 293. *Sun-god, especially connected with marriage.*

The first verse is one of the important hymns of the Avesta and it is used in the marriage blessing.* The Yazata invoked is Airyaman (अर्यमन्). "This Indo-Iranian divinity originally conveys the idea of comradeship and occurs mostly in the Vedas and casually in the Avesta in connection with the wedding rites. The fifty-fourth chapter of the Yasna is consecrated to Airyaman. He is invoked to come down to the wedding for the joy of the faithful. In regard to the attributes given to Airyaman we may add in this connection that his standing epithet is 'the beloved' †. Airyaman is also a healer of diseases and he is invoked to drive away diseases and death and his help is asked against magic and witchcraft. He is 'the angel, presiding over the medical art' ‡. In Ven. XX. 11, this hymn (Yas. LIV. 1) is given in full and it is then used as a charm for driving away the *yātu* and *pairikā* and *jahi* and all manner of sickness and death (Ven. XX. 10-12). A further description of Airyaman is found in Ven. XXII where Ahura Mazda asks him to overcome the diseases spread by *Apō Mainyu*. It may be noted that the name *airyaman* in Gāʾ. for the priestly class. ¶ The praises of this hymn are given in Dinkart, IX. 46, where it is mentioned that Saosyants will recite this hymn at the "resurrection", "and up the dead are arrayed by it; through its assistance they give life back unto the body, and the embodied life they then possess is such that they do not die". **

1. Airyōmā—11. The word lit. means "friend". †† Barth., Wb. 198-199 compares the Mod. Pers. word *ایرمان* (*ērmān*), guest.

išyō—Adj. Desired (friend) (Mills); liked or beloved (Kan.); Dar. (S.B.E., IV, p. 229) says "vow fulfilling".

rafədrāi—Dat. inf. √ *rap*. For protection or help (Barth., Wb. 1509f.); for graces (Mills); Kan. says "happiness" and following Justi derives it from √ *rap* which he connects with Skt. रभ्. ‡‡

ā . . . jantu—√ *gam*. आगन्तु. The palatalising seems to be due to the I.E. form [×] *gem-*.

^b nərəbyas-cā . . . Zərəθuštrahē—Kan. understands that the followers
 8 - Lat. for gen.

* See the Skt. version of the Par. marriage service in Coll. Skt. Par., I. pp. 13-18. This hymn (1st verse) is given at p. 46, verse 30. Nair. trans. slightly differently in his रजिनि (Coll. Skt. Par., II. p. 125). † Dhalla, Z. Theo., p. 119. ‡ Haug, p. 257. ¶ See Introductory note by Dar. to this *Fragard* of the Ven., S.B.E., IV, p. 236. ¶ Barth., Wb. 198, see also note on the four classes given above on Yas. XIX. 17 (Sel. VIII). ** Trans. by West, S.B.E., XXXVII, p. 303. †† Grap., Wb. 116. See also Mlt., E.Z., p. 117. ‡‡ See Geld., *Studien Zum Av.*, p. 29ff. for a criticism of this view. || Barth., Wb. 491ff. (note 1)

of Z. are meant here. So also Mills who trans. the last word as "who are taught of Z." Geld.* thinks it means the family circle of Z., for he thinks it is the wedding hymn of Z.'s daughter. Note the final long vowels in this verse indicating older language. The second verse is obviously a later addition. Note also the 4/3 (^o*byas-cā*), used for 6/3† by case-attraction.

Vaṅhēus . . . Manayhō—6/1. Geld. trans. "holy community".

yā—Mills takes this as 3 1 and construes it as referring to the *Manayhō* above (or to the whole of the previous clause.) and trans. "whereby the conscience, etc.". Kan. takes *yā* to refer to Airyaman which is decidedly bad grammar. The others refer it to *daēnā* and construe "the *daēnā* which etc.". This last manner of construing is decidedly supported by the metre: the verse divides into two halves of three *pādas* each, each containing 12 syllables.‡ See below, however, for a further discussion of this word.

daēnā—Religion (Dar.); those who accept the (Z.) faith (Kan.); conscience (Mills); soul (*Scele*) (Geld.); Self (Mlt.). See above Yas. XXVI. 4 (Sel. III).

cairīm—Pleasing; sacred (Mills); desirable (Dar.).

hanāt—*han* (सन्) to earn. In the Av. it is most often used with *mizdom*.

mizdom—Reward. Skt. मीदृष्ट, Mod. Pers. مزد (*muzd*) reward.

aṣahyā—6/1 *Gāy*. In *Y.A.* it would be *aṣahe*.

yāsā—Of. *ā . . . yāsuṇuha* Yas. IX. 2 (Sel. I). This form is 1 1 ātm.

aṣīm—Barth.|| explains the word to mean reward of an action performed (whether good or bad). Here of course used for good reward.

masatā—Barth. takes this as *s-aor.* of *mad*, to apportion, to mete out, and compares Goth. *mītan*.|| Kan. trans. "regards as great": Mills trans. "may grant" and adds** "or can *masatā* (sic) equal with his liberality, or majesty", leaving *jantu* to be understood with Ahuro? "

The trans. of this verse are various by the various writers, though they do not differ so much as do those of *Yaθā*, *Aṣem* and *Yeḡhō-Hātām*.††

1. Kan: ‡‡

May Airyaman, the desired One, come to (give) joy unto the men and women of *Zara/uštra*, (and) for (giving) joy to the holy mind.

(I.e. may he come in order to give joy to the holy minded men and women).|| ||

* Op. cit., p. 33, fn. 2. † See *Vaṅhēus . . . Manayhō* (6/1) in the next line. ‡ See Appendix on Avesta metre below. Geld., prints this verse in four lines 1, 2, (3, 4) (5, 6). || Wb. 241. § Ib. 1113. ** S.B. 19, XXXI, p. 293, fn. 3. †† Sel. VII a, b, and c. ‡‡ Ven. XX. 11 (Guj. trans., 1884, pp. 261 f.) In 1j, Vis. he gives the same trans. but omits his parenthetical explanations. |||| I have given merely the substance (not a trans.) of the parenthetical explanations here.

Who (Airyaman) makes those who accept the faith (of Z.) fit for receiving rewards.

(I.e., all who believe faithfully in the Z. religion are regarded by Airyaman as fit for rewards.)

I seek the Truth of Truth (i.e. Perfect Truth),* which (is) to-be-desired, (which) Ahuramazda (Himself) has acknowledged to be great.

(I.e., Truth is such a thing that God Himself has given it a high place and has regarded it as worthy of reverence.)

The one strong recommendation for this is that it keeps up the sense line by line. The rendering of *daēnā* as a collective seems far fetched, *masatā* is not found in Kan.'s Dict. at all. But he evidently follows Har.† and takes it from *maz.*

2. Der. (S.B.E., IV, p. 229):

May the vow-fulfilling Airyaman come here, for the men and women of Zaratustra to rejoice, for Vohu-Manō to rejoice; with the desirable reward that Religion deserves. I solicit for holiness that boon that is vouchsafed by Ahura!

3. Geld. (*Studien zum Avesta*, I, p. 33).

May the dear Friendship appear for a call‡ upon the men and women of Z., for a call upon the (whole) faithful company. To every soul who earns the precious reward, I wish the granting of Righteousness, which is to be longed for, which Ahura Mazda shall accord.

4. Mills:

Let the Airyaman, the desired friend and peersman, draw near for grace to the men and to the women who are taught of Z., for the joyful grace of the Good Mind, whereby the conscience may attain its wished-for recompense. I pray for the sacred reward of the ritual order which is (likewise so much) to be desired; and may Ahura Mazda grant it (or cause it to increase).

5. Barth: (Wb. 199, 1288, 378 and 1113).

May the dear Airyaman come hither to protect§ the men and women of Z., to protect the Good Mind. Whichever Self¶ earns the precious reward, to him I offer the prize of righteousness, (which is) to be desired, which Ahura Mazda shall award.

Reich. is exactly the same except that he puts the word *daēnā* untranslated (§ 19).

6. Mlt. (E.Z., p. 390) strikes out a new line rather plausibly:

Let the dear Brotherhood come for support of Z.'s men and women,

* संपूर्ण राखी.
Zur Unterstützung.

‡ *Manuel de la Langue de l'Avesta*, Anthologie, p. 182.

¶ Welches Ich.

‡ Zum Besuch.

for support of Good Thought. Whatever Self may win the precious men of Right, for this one I beg the dear Destiny that Ahura Mazda bestowed.

The word "Brotherhood" deserves some attention. It seems kin to Geld.'s rendering "Friendship".* He takes *ašim* to be a proper name and trans. "Destiny", and suggests that *masatū* is, as pointed out by Barth. (*Flexionslehre*, 27) from a root *mas* to bestow (not in Wb.)†

7. The Pahl. rendering (Pahl. Ven. XX. 11) is given by Haug (p. 393):

The longing for Airyaman is for me the arrival of joy [that is, it is necessary for thee to come with joy], (and) they compel (him) to act for the men and women of Z. Vohumanō is joyful, [that is, it is necessary for thee also to come, that they may compel thee to act with joy]. He who is desirous of religion becomes worthy, with the reward here (in this world). and that also there (in the other world). The reverent supplication for righteousness is Aša Vahišta [that is, my reverence is through him]; may he become the dignity of Ahura Mazda, [the *mōbad*-ship of the *mōbads*].

8. In the marriage-service where this verse occurs the Skt. rendering is given by a priest दीनिदारः :

आ अर्यमा इष्यः प्रमोदाय गच्छतु । नृभ्यश्च नारीभ्यश्च जरयुःवस्य । येन भर्मणोऽलजना
वर्यसनेन किल प्राप्तुम पारितोषिकम् ॥

ऋतस्य यच्च ऋतिं यां इष्यां स्वामी संहिता किल ददातु महाज्ञानो ॥

9. Nair. in his इजिच्छि (Coll. Skt. Par., II, p. 125) trans. thus:

म आदेशभिलाषः प्रमादाय प्राप्नोतु नरभ्यां नारीभ्यश्च जरयुःस्त्रियाभ्यः । उत्तमं च प्रमोदय
मनः । (किल खल्वनोऽपि इदं कार्यं करोतु) । ये दीने अभिलाषकाः (किल ये नारीनराः दीनि-
शोलाः) अनुरूपाः प्रमादस्य । (परलोकावस्य) । पुण्यस्य अभोषणो भक्तिशोऽल (शिष्यम्) । येषां
अभोषया स्वासिनी महात्वं महाज्ञानिनः । किल मे दीनिः तनो प्रवर्तते ॥

I now give my own rendering. There is a general agreement with regard to the first three *pādas*. The last three are really complicated. In the first place I propose to take *yā*¹⁴ to be 1, 3 n. because it refers to the two genders (*nara* and *nāirī*).¹⁵ This *yā* would be subject of *hanāt*, *daēnā* I propose to take as 3 l. The fifth *pāda* I have marked as metrically defective and I propose to fill it out thus:

ašahyā (tām caryithūm) yāsū ašim.

This completing of the *pāda* has been suggested by Yas. LI. 21,¶ which also gives the clue for interpreting this verse. It is also Gāθie (Gāθ. Vohu.) and it runs as follows:—

* See op. cit., p. 117 for details. * 1b., p. 390, fn. 5. वैवाहस्य [विवाहस्य] पदमानो
(contract, solemn promise) संस्कृतभाषाया[°यां] पद्धितौ भाषायां[°यां] दीनिदारवस्त्रनेन
अवतारिता ॥ Thus runs the beginning. See Coll. Skt. Par., I, pp. 131f. This verse is numbered
30 there at . 14. † Reich, §§ 6015-6016. † Sel. XXXVI, Part 2.

*ārmatōiš nā spəntō hvō
cistīš, uxδāiš, šyaovana,
daēnā ašəm spəntwat
vohū xšaθrəm manayhā
Mazdā dadāt Ahurō
təm vaγnhīm yāsū ašm.*

Barth. trans. this verse thus: *

Through Piety one becomes holy. Such a man advances Righteousness through his thinking, his words, his deeds and his Self. „By Good Thought Mazda Ahura will give the Dominion. For this precious blessing do I beg.

Hence my trans. runs thus.

May the ever-welcome Airyaman come hither for the rejoicing of the men, and of women as well, of Zaratustra for the rejoicing of the 'Good Mind (may he come hither). Who (ever of these men and women) earns the precious reward, (for him or her) do I beg the blessing of Aša. (the blessing) (most-) to-be-desired which Ahura Mazda doth bestow.

It may also be noted in passing that the blessing (*aši*) of Aša is frequently mentioned in the Gāthās.†

2. Note that this verse is distinctly later in point of language. It seems a mere ritualistic addition (*eulogizing the host*).

viθbāēšaghəm—Keeping away from hatred (Kan.); the opponent of assulting malice (Mills); directed against enemies (Birth).‡ *ṭəpəratə*

sravaghām—6 3. Among the words (i.e. hymns). *ṣṣṣṣṣṣ* (*ṣṣṣṣṣṣ*—*Amir*)

spəntā—Prosperity bringing (Kan.); bounteous (Mills); holy (Barth.).

ratuxšaθrā—Who rule supreme in righteousness (Kan.); that rule supreme in the ritual (Mills); possessing in themselves the strength of the Ratu, i.e. ruling as Ratu (Barth.)[¶]. This epithet used for the Gāthās occurs in several places and in only one place (Vis. XI. 1) the word is used in this sense for Ahura Mazda. *powerful-as-leaders; potent*—.

Staota Yesnya—Neu. plu. This name is used to designate 33 chapters of the Yasna. What these chapters are is not very certain, but they evidently represent the oldest portion of the Yasna. Geldner thinks that “the Gāthā dialect is indispensable” for the Staota Yesnya.** They include at any rate the five Gāthās, the Yasna Haptanḡhāiti, and Hās 14,†† 15, 54, 56 and 58 (Barth., Wb. 1589), and, of course, the three chief prayers Yaθā, Ašəm and Yeḡhē-Hātām.

yā—Neu. plu.

* Gāth., p. 111; see also Mlt., E.Z., p. 387. † Cf. e.g. Yas. LI. 10, also Yas. XXI. 4 (Sel. XXXIV, Parḡ 2). ‡ Wb. 1447. ¶ Ib. 1619 ff. (U. p. b). ¶¶ Ib. 1502. ** See Av. Fah. Anc. Per., p. 39. †† The *Revue* mentions that the Staota Yesnya begins, with the words: *vīdāi iō Aməša Spəntā*, i.e. with Yas. XIV. 1

dātā—*Laws* (Kan.); *productions* (Mills).

²⁰*ayhōuš*—6/1 of *ahu*. Kan. trans. “life”, Mills says “world”. Could it not mean here “ruler” or “lord” and refer to the ancient Sage-kings who gave the law of Mazda to pre-Zoroastrian Irān?

²¹*paouruhyā*—6/1. Ancient. “The later Avesta notes the antiquity of the older”,* as is also done in the Veda, पर्यभिर्ह्यपिभिः (RV., I. 1, 2), etc.

* Mills, S.B.E., XXXI, p. 293, fn. 4.

20, 21 creations of earlier leaders (temporal)
 • > companion .. ancient

* Geld. has *snaoδo vafra*; Kan. takes these two words into a compound (Diet., p. 541).

† Geld. gives this as *vorse* with the *pūdas* divided as marked by the upright lines. Geld. reads *daγhūi*; I have followed Barth.

X.

The Vara of Yima—Vendidād II. 20-43.

1. (20). An assembly¹ did call-together² (He) who³ (is) the Creator⁴, Ahura⁵ Mazda⁶, together-with⁷ the celestial⁸ Yazatas^{9*}, in Airyana¹¹. Vaēja¹² of-high-renown¹⁰, (on-the-banks-)of-the-hallowed¹³ Dāityā¹⁴.

An assembly¹⁵ did (likewise) call-together¹⁶ (he) who¹⁷ (was) Yima¹⁸ the King¹⁹, the magnificent²⁰, together-with²¹ the holiest²² (among) mortals^{23*}, in Airyana²⁵ Vaēja²⁶ of-high-renown²⁴ (on-the-banks-)of-the-hallowed²⁷ Dāityā²⁸.

• 2. (21). To¹ that² assembly³ did-come-to-confer⁴ (He) who⁵ (is) the Creator⁷ Ahura⁸ Mazda⁹, together-with¹⁰ the celestial¹¹ Yazatas^{12*}, in Airyana¹⁴ Vaēja¹⁵ of-high-renown¹³ (on-the-banks-)of-the-hallowed¹⁶ Dāityā¹⁷.

To¹⁸ that¹⁹ assembly²⁰ did-come-to-confer^{21, 22} (he) who²³ (was) Yima²⁴ the King²⁵, the magnificent²⁶, together-with²⁷ the holiest²⁸ (among) mortals^{29*}, in Airyana³¹ Vaēja³² of-high-renown³⁰ (on-the-banks-)of-the-hallowed³³ Dāityā³⁴.

3. (22). Thereupon¹ Ahura² Mazda³ said² unto Yima⁵:

Yima⁶, (thou) fair⁷ son-of-Vīvaṇhvāt⁸! upon⁹ the wicked¹² material¹¹ world¹⁰ shall descend^{14*} the winters¹³, (and) through¹⁶ these^{15†} (shall come) fierce¹⁷, deadly¹⁸ cold¹⁹. Upon²⁰ the wicked²³ material²² world²¹ shall come²⁵ winters²⁴, (and) through²⁷ these^{26†} first-of-all²³ shall fall³¹ deep²⁹ snow³⁰ (extending) from the highest heights³² of the mountains³³ to the depths³⁴ ~~of the waters~~³⁵ (of Arədvī).³⁶

• 4. (23). And² (all the) three kinds¹ of animals⁵ here³, O Yima⁴, shall disappear⁶⁻⁷ (those) which^{8*} live^{10†} in the most-terrific¹¹ of wildernesses^{12†} and¹⁴ (those) which¹³ live^{15†} on¹⁷ the tops¹⁶ of mountains¹⁸, and²⁰ (those) which¹⁹ (live domesticated) in the river²²-valleys²¹ (even though protected) in well-built²³ stalls^{24†}.

5. (24). Before¹ (that) cold² there is^{5*} (at present) production^{6†} of food⁷ in† this³ land⁴; (and there is) water⁹ in plenty¹⁰ for irrigating¹¹ it⁸ after¹² the melting¹³ of the (winter's) snow¹⁴.

But^{16*} (later on), O Yima¹⁸, (the land) here¹⁷ shall appear²¹ uninhabitable^{15**} for (all) corporeal²⁰ life¹⁹; (even) here²³, where²² the footprints^{26††} of lowing²⁵ cattle²⁴ are†† (at present) to be seen²⁷.

The Vendidad (*Vidaēvadāt*), as the name implies, is a collection of "rules against the Daēvas", rules, that is, for the various departments of activity in the life of a Zoroastrian, which are calculated to keep him away from the path of the Daēvas. Most of this book deals with the ceremonies of physical purification, and the methods of protection against the attacks of various types of Druj, which represent the various impurities.‡ Interspersed here are various legends and myths, some of them going back to a very remote antiquity and representing the undivided Āryan (i.e. Indo-Iranian) period. The legend of Yima, the son of Vīvāhvat (यम, son of विवस्वान् ¶), is of this latter class. As given in the second Fragard of the Ven. this story falls into two clearly marked divisions, 1-19 and 20-43. The first part tells us that Ahura Mazda asked "the fair Yima, the son of Vīvāhvat," to spread the law of Mazda among the mortals of this earth. Yima, however, pleaded his unworthiness to undertake the salvation of human souls and so he was asked to protect his subjects (both man and beast) from all the ills of flesh. In this he was eminently successful and his rule of over nine hundred years was the Golden Age of Iranian mythology.¶ When nine hundred years of the rule of Yima had passed, Ahura Mazda appeared unto him again and gave him warning of an approaching disaster. This warning and the steps Yima took to guard those under his charge form this catastrophe form the subject-matter of the second half of this Fragard.

The disaster predicted by Ahura is the approach of snow and winter over the fair face of Airyana Vaēja where Yima ruled. He is commanded to build a *vava*, or enclosure, in which he should preserve those who deserve protection, and from these who were thus preserved the earth was to be repopled. The story of Manu and the Deluge,** and of Noah and his Ark†† at once suggest themselves as parallels. The story of the Deluge does represent a great catastrophe in the history of the human race, otherwise we would not get it practically among all the nations of the world.‡‡ But there is one very significant difference between the Avestic tradition and the other legends of the Deluge, viz. that the former speaks of ice and

* The first ed. (1874) contained a glossary and a valuable note replying to the criticism brought by the Rev. Dr. Wilson of Bombay against the contents of the Vendidad. See Int. † The whole of Vendidad II has been translated lately by this learned Pandit in शान्तिनिकेतन, Vol. II, No. 3 (Āśād, 1327), pp. 146-156. The magazine is published at Rabiindranatha Tagore's Brahmacharyaśrama at Bolpur. The title of the article is पारमौकप्रसंग. ; See Int. ¶ RV., X. 14. 1. ¶ Cf. Yas. IX, 4-5, Sel. I. ** Śat. Br., I. 6. 3; Mbh., Vana., 187; Matsya Purāṇa I., and Bhāg. Purāṇa, VIII. 24. †† Genesis vi-viii. ‡‡ Donnelly in his *Atlantis* gives a detailed account of all these.

snow destroying a fair land and its people, while the others speak of a deluge of waters. This difference of treatment in what, at first sight, appears to be the same tradition is deserving of some notice. But no Western writer seems to have drawn any conclusion from this difference at all. We would probably be justified in taking the Deluge legend and the Avestic story of Yima as distinctly separate traditions but with some features in common. At any rate the localities might have been distinct and that is the most important point to consider. The Deluge might reasonably be taken to embody the memory of a gigantic catastrophe which impressed our remote ancestors very deeply indeed—so deeply that the tradition itself has come down through all the succeeding millenia.* This event might well have been the catastrophic flooding of the Mediterranean basin, about which event there is no doubt among geological authorities.† And it may also be noted that this event took place about the end of the last glacial period. Chronology in these matters is very doubtful and experts put this great flood at any time up to 30,000 years ago. In any case the main point is that human beings did then exist upon earth. Probably both the events—the Deluge and the Ice-Age—were somehow connected and we may be almost certain that in the mind of the humanity of that period the events were in close association. This would sufficiently account for the similarity of treatment, though I believe the Avesta legend records an event quite distinct from that of the Deluge.

Only one writer, as far as I know, B. G. Tilak, has attempted any reasonable explanation of this in his book on *The Arctic Home in the Vedas*.‡ He holds this avestic tradition to be “a distinct reminiscence, however fragmentary, of the ancient Aryan home”. He takes the first two chapters of the *Ven.* as connected together and forming one whole; “they have no connection with the subsequent chapters of the book, and appear to be incorporated into it simply as a relic of old historical or traditional literature”. The first *Frangard* enumerates the sixteen lands created by Ahura Mazda and describes how in opposition Agra Mainyu created different ills or plagues to disturb the good creation of Ahura. The first land mentioned is Airyana Vaēja which Agra Mainyu strove to overcome with snow and ice. Scholars have identified these lands with the existing provinces of Persia.‡ But Tilak thinks that this enumeration is not merely geographical, but more or less a *historical* one; in other words, he thinks that this enumeration mentions the lands *successively* occupied by the Iranian peoples in the course of their long wanderings from their ancient Airyana Vaēja, and it also gives the causes why each land had to be vacated in turn. There is nothing intrinsically impossible in such a view of the matter. Of course, there must have been alterations made in these

* Of course the actual ~~coming~~ ^{coming} down of this story must have been ages after the event actually took place. † See H. G. Wells, *The Outline of History* (1920), XI, § 6. (Vol. I, pp. 70-71). ‡ Chapter XI. I give only the more important points of this intensely fascinating and (to me) very convincing chapter. The quotations given here are from this chapter. Tilak (op. cit., p. 359) gives a good comparative table of these identifications by various scholars.

traditions and names might have got mixed up or the order might have got somewhat changed, but the essential idea holds good. Finding similar names in modern Persia would not justify us in taking it as identical with "the cradle of the Āryas", any more than finding Windsor and Surrey and other names in New Zealand would do for identifying that country with the ancient home of the English race. As Tilak has put it "but for the preconceived notion that the original home of the Iranians cannot be placed in the far north . . . no scholar would have cared to put forward such guesses".

The whole story of the overwhelming of the ancient land by the powers of the Evil One is clearly stated, in Ven. I. 3-4 :

3. "The first of the good lands and countries which I, Ahura Mazda, created, was the Airyana Vaējō, by the Vayuhi Dāitya.

Thereupon came Aprō Mainyu, who is all death, and he counter-created the serpent in the river and winter, a work of the Daēvas.

4. "There are ten winter months there, two summer months; and those are cold for the waters, cold for the earth, cold for the trees. Winter falls there, the worst of all plagues".*

The latter verse states in unequivocal terms the climatic catastrophe which made the whole region absolutely incapable of bearing life.† The allusion to the serpent is also noteworthy—he is the Vṛtra of the Vedas who used to lock up the waters.‡ This passage, therefore, with the legend of Yima given in the second Fragard may be taken as conclusive in support the Arctic theory.;

Coming to the second Fragard itself we see here first the clear warning given to Yima about the approaching encroachment of snow and winter—snow which would extend upto "fourteen-fingers above the mountain tops", according to the Pahlavi commentators. I translate the passage as meaning that snow and ice would extend from the high mountain tops upto the depths of the ocean.¶ Then Yima according to the instructions received builds his *vava*, and in this *vava* the sun and other heavenly bodies rose but once a year, "and a year seems only as a day".** This latter point is no mere poetic imagination but it embodies a long forgotten truth about the ancient home, which even the writer of the Fragard may or may not have clearly understood.††

* Dar., S.B.E., IV, pp. 5-4. † The Fah. gloss, quoted by Dar. (loc. cit.), states: "it is known (in the ordinary course of nature) there are seven months of summer and five of winter". The Pahl. writer was evidently thinking of the climate of Persia in the Sassanian period. ‡ Tilak, op. cit., Chap. IX. § There are other supporting passages (notably one regarding the keeping of dead bodies in the house during long winter nights—even upto a month at a time, Ven., V. 10-13), which are mentioned by Tilak, loc. cit. ¶ See the notes on verse 3, pp. 233 f. ** Ven. II, 40 (see below). †† Possibly there was some vague understanding of the fact of a Polar home. Nair., who certainly had inherited a long tradition, transcribes all proper names of Avesta into *devanāgarī* letters, more or less accurately, but he translates the name *Hara-bareza* by the Skt. मेरु. Both these names indicate the centre of the ancient land, i.e. the North Pole. »

The whole of this direct traditional evidence contained in these two Fragards may be now summed up:

1. The land of Airyana Vaēja enjoyed salubrious climate and was a land of plenty and prosperity, first created among the countries of the world to cradle the Aryan race.

2. This land was made uninhabitable by the oncoming of horrible winters and deep snow and ice, which destroyed all life.

3. The *vara* (or enclosure) of Yima was so situated that it had a year equal to a day.

It would seem difficult to *avoid* the obvious conclusion that this is a tradition of the destruction of the Polar home which once possessed genial climate and where mankind grew and flourished till the glacial period completely destroyed this paradise. But the fact remains, nevertheless, that this conclusion has not been arrived at by any of the earlier scholars. And when the snow came and covered up the land the people were pressed southwards* to other lands and very probably we have the story of their migrations in the first Fragard.

There is another point in this story which is also common to the traditions of all countries—the destruction of the world owing to sins accumulating and the preservation of the best in the dying race in order that after the destruction is complete a new and regenerated race might take the place of the old one. The choice of the “colonists” into the *vara* made by Yima under Divine guidance is very interesting from the point of view of eugenics and of race-preservation. Just at the present day, when the old order lies dead and a new order is struggling fiercely to come into being, this old story of Yima’s choosing the right type of people for future generations is of deep interest. It shows us that at the birth of every new civilisation there is a careful selection of the best of a race, who survive to carry on the work of God at a higher level. Thus, in spite of wholesale destructions from time to time, humanity as a whole has gone forward. The present need of the world, owing the Great War and the resulting unrest and chaos, seems to be a wise selection of people possessing the qualities which are to build up the newer and greater race that is to be. The qualifications which guided Yima in the choice are surprisingly like what our modern thinkers say are needed to-day. Even in the infancy of our Aryan race we had thought out the same problems that are pressing us to-day and this echo of a long forgotten past has its special message for us to-day.

• As regards language, the Vendidad is almost entirely in prose. But the prose is vigorous and the evident ease with which it is handled points to a

* It is significant that before the ice-age came upon Airyana Vaeja, Yima had to extend his domains thrice on account of the growing numbers of his people and each time he extended them southwards, Ven. II, 10, 14 and 18.

long history of the development of prose style in ancient Irān. Unfortunately we do not possess specimens illustrative of the development. But we can conclude from what we know of the development of prose style in other languages, that in Avesta too the earliest prose was very clumsy, and that gradually it developed into an instrument of great power. We possess specimens of the oldest Avestic prose, like the passages in Yas. XIX XXI* which show the clumsy beginnings. It is evidently an instrument rarely and therefore awkwardly, wielded. We do not possess pieces which may be put down in a regular historical sequence of development. The Vendidād is the final stage of prose in the extant Av. literature. It shows here considerable development. The style is vigorous and direct and the sentences are well-balanced and express their meaning clearly. There is no confusion of sentences as with the earlier examples and hence the Vendidād forms in some respects the easiest of the Av. texts.

1. (20).† Dar. omits the verse before this because it belongs to the commentary, and he numbers this verse as 21. Kan. too numbers this verse 21 because he puts down as 20 the verse from the commentary. Geld. does not give that verse in his text nor does Spiegel.‡ Reich. gives only half this verse (the first para) and says the rest is a later addition.

136. ¹ hanjamanam—See Yas. XII, 5 (Sel. V) above. ~~assembly~~ - ~~assembly~~ - assembly.

² frabarata—When. ātū, bar with frā means to call together, to bring about.

⁴ daōvā—The Creator. ~~√da + H. par. xvasu > daōvas (cf. √dā + √st, comp. stut, root)~~

⁷ havyra—Together with. This governs the ins. (cf. मवा जनन RV., VII 93. 5) or sometimes the dat. (as here) or the loc.*

⁸ mainyaoibyo—The word is here used in the sense of “celestial” or “divine”. In Parsi Guj. the word मीन is used in the same sense, e.g. मीनोई जेदान (the heaven-world). conn. with Mainyus. 9 - adj. worshipped > worthy.

¹⁰ srūtō—Kan. takes it as an adj. to Mazdā, Dar. trans. “in Ai. Vaō.” of high renown”. The case is irregular as Dar. takes it, but the trans. of Kan. does not seem to fit in with the following phrase. ~~old loc. of srūtō, so srūtō was formerly loc.~~

vaykhūyā Dāityayā—The Dāityā was one of the holy rivers of Irān. The epithet vayuhī is often added on to the name. This river is said to be the chief of the rivers.** The Bun. mentions (XX. 13) that “the Dāitīk river is a river which comes out of Airān-Vēj and goes out through the hill-country.”†† Justi identifies this with the Araxes.‡‡ Dar. also thinks that it is the Araxes, he says|| that this river was named Vayuhī and that the name signified “the Vayuhī of the law (the Vayuhī by which

* Sel. VIII above. † The numbers in brackets refer to the “verses” in Ven. II. ‡ Kan. IV, p. 4, ftn.

Z. received the Law)". Z. performed his first act of worship in Irān on the banks of this river and here he received his first disciple, his cousin Maīdyōi-mānha. Hence the river has got its sacredness in Z. literature. Jackson thinks it was perhaps a border stream between two territorial divisions".* But he identifies the stream with Saḥēd Rūd (the Amardos of Ptolemaeus' Geography). The case is 6/1 but trans. "on the banks of". *elliptical gen. of the*
part Dēhāt' h.e.

mašyākaēibgō—The word is a derivative of *mašga* and means the same thing. Cf. अक-suff. in Skt. (Whit. § 1181).

2. (21). *paiti-jasat*—Dar. trans. simply "came". Kan. trans. "came to confess", or "came to meet" (मभि मव्यो).

3. (22). *Vīrayhana*—A patronymic from *Vīrahrañt* (विवस्वत्)†. The name of Yima's father occurs only a few times in the Av.‡, chiefly in this Fragment of the Ven. and in Yas. IX.

• *ari*--upon.

aγam goes with *aγam*, but Dar. takes this as an adj. to *zimō*. He seems to have been thinking of the word *Malkōšān* in the Pah., which he traces to the Av. *Mahrkūšā*, a demon mentioned only once in a Fragment.|| *Malkōš* however is mentioned several times in Pah. literature as a demon who will produce intense cold and all living things will perish and thereafter the "Vara of Yima" will again be of use for re-peopling the earth.¶

zimō (v.l. *zomō*, Reich., also Barth.)—1 3. Barth. thinks that *zomō* is the better reading.** The noun is *zyām* m. (see Jack., A.G., § 318. note 2).

jaghantū (v. l. "ti)--3 1 s aor. imp. in the sense of fut.††

staxrō—Orig. adj. meaning "hard" or "firm", applied especially to the winter's frost with its iron grip. The word occurs here and in Wester. Fr. VIII. 2, where it also means "strong" or "hard"—*zaya aravā staxrō γat* (the winter is hence strong). Reich here also trans. "a strong . . . winter." Dar. says "fierce . . . winter." Cf. O.H.G. *stahat*, steel.‡‡

mrūrō (ᾤπ)—Deadly.

*zyā*²—1/1 of *zyām*.

snaoδō—1 l. Clouds (collective noun), Barth. Kan. takes the word as compared with the *vafra* following and trans. "thick snowflakes" (Dict., p. 541). Dar. also takes similarly. Kan. says that the word is originally in the sense of falling or dripping (, *snud*, स्नुद्)§, and the derivatives of this word are especially used for snow. The word *snaoδa* may have originally meant a "snow-drift" and hence come to signify excessive

or powerful. The word is used, besides here, in three other compounds *snaodo-manah*, °*vacah* and °*šyaoθna*, all in Vyt. 31. Barth. (Wb. 1626f.) calls these spurious and meaningless; but Kan. (Dict., 540-41) trans. these as, “of effective thought”, “of effective word” and “of effective deed”, respectively.

𑀭𑀸𑀓𑀲𑀸—Snow. Mod. Pers. برف (*barf*). , ,

snaēzāt—Subj. √*snaēg* (Barth., Wb. 1626), to fall as snow. Kan. postulates √*sniz* to snow (𑀭𑀸𑀓𑀲𑀸)*. The O. H. G. *snīwit*, Lith., *snēga* and Lat. *nix* (×*snix*) are cognate words. Is this √*snaēg* also connected with *snaoda* above?

bāšnubyō (𑀧𑀸𑀓) —Depth or height. Note that it is 4 3 while the previous two words are 5 3. Reich. however calls this an “ablativus comparationis” (§ 481).

arəduyā —Dar. takes this as a measure of length and trans. the phrase *barəzīstāēibyō* . . . *arəduyā* thus: “even an *arədvī* deep on the highest tops of mountains”. Apparently he followed an explanation given in Pahl. which says, “even where it (the snow) is least, it will be one *vitastī* two fingers deep” i.e., as Dar. explains, 14 fingers deep.† Sp. takes *arəduyā* to be “height” or “mountain” (a sort of variant of *arədvā*?) and Har. also takes it the same way.‡ But the *arədvī* is found so often in Av. as the name of the great waters from which all the rivers of the earth take their rise. The word is cognate with 𑀭𑀸𑀓𑀲𑀸, 𑀭𑀸𑀓𑀲𑀸, and Grk. ἄρω. In later times the worship of the goddess *Arədvī-sūra Anāhita* gained great strength all over Persia and in other lands. Yt. XI is dedicated to her, as also one Nyāyīš.

4. (23). *θrižat-ca* (𑀧𑀸𑀓) —Barth. takes this as 1 1 n. of “*zant*,” and trans. “a third”. Kan. takes it as adv. (orig. 5 1) and trans. “from three regions”.** Dar. omits the word altogether. There is also a word *θrižrat* found in Ven. IX. 39, which is rendered by “thrice” or “threefold”.†† I am inclined to take both these words to mean the same thing and would like the trans. here “of three kinds”. Pt. Vidhuśekhara seems to support this view, for he suggests that out of five kinds of animals‡‡ the three kinds mentioned here shall be saved.

* Dict., p. 542. † S.B.E. IV, p. 16, fn. 1. The idea is that snow would reach to a height of at least 14 fingers above the highest mountains (cf. 𑀭𑀸𑀓𑀲𑀸 RV., X. 99. 1). ‡ Quoted by Modi, p. 16. 𑀭𑀸𑀓𑀲𑀸 seems to have acquired the sense of sweetness (sweet liquids) in the RV. The epithet 𑀭𑀸𑀓𑀲𑀸 is used in three places in the sense of “giver of good things” (Grass, Wb. 289); cf. also 𑀭𑀸𑀓𑀲𑀸 𑀭𑀸𑀓𑀲𑀸 (RV; VIII 77. 11). * Wb. 812. ** Dict., p. 235, †† Jack., A.G., § 376 ‡‡ Mentioned in Yas. LXXI. 9, these are *apīpa* (those living in water), *apasma* (those living upon land), *fraptərəgāt* (possessed of wings, lit ‘progressing by flying), *varas-carat* (moving about free, i.e. wild, as opposed to domesticated, animals) and *cajra yhak* (those which gather together on the meadows, i.e. domesticated animals). The types of these last are mentioned in Bun. (XIV. 6) to be goat, sheep, camel, pig, horse and ass; cf. Yt. XII. 7, 9, 11, 15, 23, (Barth., Wb. 589).

⁷ *apajasaṭ*—Shall disappear, lit. shall come away from; cf. Hād. II. 16. Dar. says, “shall take shelter in”. Barth., though he gives the sense given here for the passage from Hād., trans. this differently as “shall escape (with their lives)”^{*} and also quotes Ven. VII. 39† where the word bears the latter sense. Kan. also trans. similarly. ¹⁰ *अपह* (*apah*) > *apahat*.

θuyāstomaēṣu—Most terrific. The Pahl. commentary most curiously thinks that the sandy and salt deserts round Ispahan are meant.[‡] The word is from *θuri* (= मि), the *θ* being prefixed partly to avoid confusing with the particle *wi* (or *vi*) and partly under the influence of *thiṣ*; cf. *θwaēṣāt* above in Yas. LVII. 18 (p. 75).

asaḡhām—The word means “place” or “region”. It is trans. in Skt. where it occurs elsewhere as स्थान. Barth. compares आशा (= दिश).[§]

jāfsnuṣca—7 3. The word always occurs with *raonām* and means the valley (of a river). Barth. connects *jafra* (deep), Mod. Pers. *جاف* (*charf*), depth. Kan. connects *jap* (जम्), to gape; cf. “a yawning chasm.”

raonām—Kan. is curiously misled by the sound and trans. the word as “ravine” (*sic*)[¶] and takes it from a root *rā* (= र्), to cut or separate. The word however means a river.

paxṣumaēṣu—Dar. construes the last two words with *apajasaṭ* and trans. “shall take shelter in underground houses”. Kan. and Barth. trans. the word as “strong”, but Kan. construes like Dar. Barth. takes the last two words in apposition to *jāfsnuṣra* and trans. the whole phrase *yaṭ¹⁰-ca²⁰*. *nīmanaēṣu*²⁴ thus: “and those who live in the valleys of the rivers in strong houses” and explains that this refers to domesticated animals kept in well-built stalls as opposed to the animals of the deserts and of the mountains.**

The idea in this verse seems to be that all creatures shall be destroyed, those that roam free in the forests and in the mountains, as well as the domesticated animals, which are kept by human beings in their settlements along the river valleys, and which are protected from the rigors of winter by well-built stables and stalls.

5. (24). Geld. prints this verse in two parts, the first four *pādas* as verse, the rest as prose. The sense apparently follows this arrangement. The first part describes the state of affairs *before* the coming of the terrible winter and the second tells us what it would be after the great cold had come. The trans. of various scholars differ considerably especially in the second half. The first half may have been an earlier fragment describing the ancient “cradle-land of the Āryas”.

^o *āctayhā*—6 3 f., एतस्य[†]. Refers to *daēhōuš*. Dar. takes it with *zimō* and probably reads *daēhōuš*. [¶] *अपह* — subj.

* Wb. 196.

† Nel. XII.

‡ S.B.E., IV, p. 16, fn. 2.

Wb. 209.

§ Diet. p. 413.

** Wb. 819.

barotō - Reich. takes it as loc. inf.*

vāstram—Barth. takes it (in this passage only) to refer to fodder†, but it may equally well be applied to food for men as well as for cattle.

tām—Sc. *vāstram*.

† *āp*—1 I of *āp*, water. * *paurva* - com. with *ap*

• *paurva*—Kan. says “first of all”; Dar. trans. “before”; Barth. trans. “in abundance”‡.

“*vazaiḍyāi*—Dat. inf. *vaz* (वद्). Reich. trans. “shall flow” and says that the inf. is used with the force of the imp. Kan. trans. “for irrigating”. *ady*

rītaxti—Melting. Cf. also Ven. VI. 38.

“*abda-ca*—This word has been translated in three ways. Kan. says “clouds” (अब्द) and, taking *sulayāt* from *sul* (मृत्), to destroy,** construes, “here, in the corporeal world, clouds shall cause destruction”. Reich. trans. the word as “wonderful” and Dar. also trans. similarly: “a place wherein the footprint of a sheep may be seen will be a wonder in the world”. The word *abda* does mean “wonderful” in two passages††, but the etymology is doubtful‡‡. Barth. takes the word here as from *a-paḍa* and trans. *unbetrethar* (where no foot can tread). He compares अपट in AV. where it is translated “no place to step upon”. Barth. thinks the trans. of Dar. to be due to a misreading of the Pah. *abda* - *pad* - *o* > *abda*

21 *sulayāt*—Caus. from *sand****. Shall appear. *ady* | > *abda* (Impressive form of *apada* (footprint, mark)

pasūš anumayehe Of loving cattle. Barth. and others take the words to mean “sheep”. In Pah. *anūmōyē* means “sheep”, the bleating animal; ††† but very likely this was a later specialisation of meaning. Kan. trans. “an animal of small size” (*mā*, to measure). He takes *yaṭ . . . vañāite* as an independent sentence and trans., “here (people) shall see the footsteps of small animals”. This does not fit in at all with the context. *J. E. J. diem.*

vañāite—3 1 subj. atm. The atm. giving a passive sense. *ad*

6. (25). *carām*—From *car*, 2. to enclose, to conceal. The meaning is an enclosure, a place fenced in and kept apart. Here it would mean the place of safety to which Yima has to lead the creatures who were to be saved from destruction. RV. also has the words वर and वरम् in the sense of “space”.

caratu-drājō—A *caratu* in length. The Pah. com. explains this as

* § 373. † Wb. 494. ‡ Wb. 854 ff. § 703 and A.R., p. 140. § Dict., p. 58. ** Ib., p. 521. †† Yt. X[X. 10 and Yt. V. 34 (*abdū-toma*). †† Barth., Wb. 96. ‡‡ Ib., loc. cit., 2a-bda. § S.B.E., XLII, p. 167. *** Barth., Wb. 1559 f; Jack., A.G., § 685a. ††† S.B.E., XXXVII p. 50, fn. 3. The word is from *mā*, to bleat; cf. RV. I. 164, 28. He adds, by way of explanation: “people shall see the footsteps of animals on the ground after the waters of the deluge have subsided”. § Barth., Wb. 1360 and 1363. § Grass, Wb. 1217 18.

asprās drahnāk,* i.e. the length of a racecourse. The length is further explained as equal to two *hāθra*, which latter is said to be equal to 1000 double steps, about one mile English.†

caθruša—Side of a square.

hāθra—Thither (Kan.); Barth. takes it merely to mean “and” or “also”.‡

taoxma—Seed. Pers. تخم (*tukhm*), pedigree. *شیر* 1 conn. with *شیر* - progeny.

stāorunām—This word is used for large animals (camel, ox, horse and ass) as opposed to *pasu*, which is a small animal. § (Goth. *stūr*, Eng. *steer*, Pers. سوتر (*sutor*), a war horse.)¶

suxra—Red or brilliant, *سرخ*. Pers. سرخ (*sarkh*), scarlet. *سرخ* 1.

sgocinlām—Blazing, burning with a brilliant flame.

aiwi-xšōiune (āw.)—Inf. √ *si* with *aiwi* (अभिज्ञे), to dwell. For dwelling. The form *šat hē* (7 1) is found in Ven. III. 24.¶ used in the sense of “inhabitant” or “dweller”.

gārayanəm—Lit. what is used for cattle. Hence “a stall” or “a stable”. Ven. XIV. 14 has *amānəm gāra*?

7. (26). *frat-cay*—2/1 caus. imp. of √ *tak* with *frā*, to flow.** Kan. (Diet., p. 180) takes it from √ *ci* with *frā* and trans. “cause to collect”. The insertion of the *t* is due to the peculiarity that the *c* is often written as *t-c* (or *tc* or *de*).†† This peculiar spelling was probably due to the fact that the *c* often sounds like *s* ‡‡ and in order to get the original *c* sound a *t* has to be prefixed (cf. the German combination *tsch* and *dsch* for *c* and *j* sounds). The wrong division of the word as found in the mss. is due to a false impression that the *-tat* marks the ending of a word.¶¶ Probably the analogy of *urra-caya* (which occurs in Yt. XIII. 11, 22, 28 in the sense of “to nourish”) is also at work in this case.¶¶ The word *frat-carata*, a part. adj. is also found in several places.***

hāθrō-masayhəm—One *hāθra* in length. Note that the water supply is to extend along half the length of a side of the square *vara*.

marayā—Meadows (Barth.); bazars (Kan.); birds (Dar.). Kan. (Diet., p. 409) distinguishes the fem. *ayā* from the *mar-ya* (m.), bird, *مرغ*. He compares the former with Eng. *market*. Barth. sharply distinguishes *mar-ya*, bird, from this word, and compares Pers. مرغ (*margh*), a meadow. *مرغ* (meadow)

avastaya—2/1 caus. imp. √ *stā* with *ava*, to establish, to lay out.

ari . . . ajyannəm is probably a later interpolation in the nature of a comment.

* Quoted by Barth., Wb. 582. † S.B.E., IV, p. 16, fn. 5, see also Barth., Wb. 180¹ 3. The word is used also for a measure of time. ‡ Wb. 1762. ¶ Ib., 1590-91. § Ib., 189

¶ Barth., Wb. 625f. †† Reich., § 61. So also, *c* is written as *de*. ‡‡ This peculiarity is very noticeable among the Parsi priests to-day. ¶¶ See Jack., A.G., § 81 and also note 2 thereon.

¶ See Kan., Diet., p. 180 and Barth., Wb. 1535. *** Barth., Wb. 1012.

* *ari* . . . *χ^vairyeite* (v.l. *yete*, Kan.)—3/1 pass. of *χ^var* with *ari*, to eat.*

mat—Here used in the sense of “always”. Cf. *mat saqci-buye* (Yas. LXII. 3), eternally blazing (fire).

zairi-gaonam—See Yas. IX. 16 above, Sel. I.

ajyamnām—See Yas. IX. 21 above, Sel. I.

This line *ari* . . . *ajyamnām* has been trans. differently by Dar. and Kan. The former says (taking with the previous *pāda*), “there thou shalt settle birds, on the green that never fades, with food that never fails”. Kan. trans., “there shalt thou establish markets full of green-coloured (i.e. fresh) (fruits) and fresh food (i.e. food which cannot get decayed) ”.

nmānā . . . *katam-ca*—Barth. says “houses . . . room”, by the latter word he understands a “storeroom” or “cellar”†; Kan. also takes similarly. Dar. trans. “dwelling-places consisting of a house”. See *katayō*, Yas. IX. 22 (p. 41 above).

22 *fraskambam* (σπ.)—Portico supported on pillars.‡ Dar. trans. “with a balcony”. Kan. merely says “with pillars”. Cf. *स्क्रम्भ* which is probably a dialect variant of *स्क्रम्भ*.

fravārēm (σπ.)—With an enclosure (Barth.); Kan. says “with a long wall”. Dar. trans. “with a courtyard”.

23 *pairi-vārēm*—Dar. says “with a gallery”. With an enclosing wall (Barth.),** also Kan. 27 *σπ. - around*.

8. (27). *yōi*⁹—Mas., because “the rel. agrees with the strongest gender” (Reich., § 604). The *yōi*²⁶ below is 13 m. instead of neu. probably owing to attraction of the previous *yōi*.

sraēšta-ca—Dar. explains that these are “the best specimens of mankind, to be the origin of the more perfect races of the latter days”.††

sarādanām—Kind. sort. The word also occurs in O. Pers. (Beh. IV) as *θard*.

9. (28). *hubaoiōitama*²⁷—The sweetest smelling. The Pah. com. adds by way of explanation, “the highest of size, like the cypress and the plane tree; the sweetest of odour, like the rose and the jessamine”.‡‡

10. 11 *χ^varəzanam*—Lit. that which could be eaten, hence food in general. Here it seems to be used in the sense of vegetable food (fruits and grains) as opposed to animal food. The word is chiefly used for the food of human beings.¶¶ Dar. says “fruit” relying on the Pah. com. which he quotes:¶¶ “the best of savour, like the date; the sweetest of odour, like the citrop”.

χ^varəzīšta-ca—The most tasty (Barth.)*†; the best of savour (Dar.) fittest to be eaten (Kan.).

* Barth., Wb. 1865. † Ib. 432. ‡ Ib. 1062. § Grassl., Wb. 1585. ¶ Wb. 1890.
** Ib. 866. †† S.B.E. IV, p. 17, fn. 1. ‡‡ Quoted by Dar., loc. cit., fn. 2. ¶¶ Barth., Wb. 1865f. ¶¶ Loc. cit., fn. 3. *** Wb. 1871.

tē—2/3n., referring to the various *taoxma*, of human beings and animals, mentioned above, hence neu. (Reich., § 604).

mitwaire—2 2 adj. n. In pairs.

32 *ajyamnōni*—2 1 n. The varied numbers used here are rather confusing but the sense is quite clear, the construction being *ad sensum*. Here the sg. implies *each* pair. The meaning here is “safe from harm”. See Yas. IX. 4.

31 *varafšva*—7 3 of *vara* with postposition *-ā*. Barth. regards this word as corrupt. He thinks that the confusion is due to the *varafšva* in verse 30 below, which is a different word.* The plu. is rather unexpected probably due to the plu. *narō*. † *intrinsc. varōku + ā*

10. (29). In this verse Kan. takes all the words in a moral sense, but Dar. and others give to most of them a physical meaning. This is a very significant passage, as it shows the eugenic considerations which guided Yima in the choice of the human beings whom he had to take into his *vara*. As Dar. says he chose only “the best specimens of mankind, to be the origin of the more perfect races of the latter days . . . in order that the new mankind may be exempt from all moral and physical deformities”.†

3 *frakarō*—Pride (Kan.); humpbacked (Dar.): with a hump on the chest (Barth.). Barth. thinks the word *kara* (n.) means a hump and he compares the Skt. कवच but with a query mark.‡ Kan. says that the meaning is uncertain. The word also occurs in Yt. V. 92-93 where some of the other words of this passage also occur. There too the meaning is evidently some defect in a human being but whether physical or moral is not very clear.¶ Skt. कव means niggardly or stingy, from कृ.***

• *ʾapōkarō*—Kan. trans. “idleness” but adds in a parenthesis “back-biting” (speaking ill behind another’s back), the latter certainly is a better sense apparently from √कृ with अप. Dar. says “bulged forward”. Barth. says, “having a hump on the back”. This word also occurs in Yt. V. 92-93.

• *ʾapāyaro* (ān.)—Impurity or unrighteousness (अपवित्राई) (Kan.); impotent (Dar.). Barth. does not trans. the word but merely says that it is the name of some defect or illness and for etymology he marks a query.†† Reich. (A.R., p. 215) gives the derivation as from *apa* + *āvaya* and trans. “castrated”. Kan. in his Diet. (p. 35) gives other meanings from other scholars as well: stupidity (Haug); enmity (Har.); quarrel or hatred (Justi).

¶ *harōdis* (ān.)—Tyranny (Kan.); lunatic (Dar.); Barth. supports the latter and thinks that the name *Harōdāspa* (Yt. XIII. 117) may mean “he who possesses a refractory or stubborn horse”.‡‡

* Wb. 1363f., note 2; see p. 239 below. † S.B.E., IV, p. 17, fto. 1 and 5. ‡ Wb. 442; but see Grass., Wb. 318. || Dict., p. 340. • It may be noted that in the Yt. Kan. trans. like Dar., Yt. b. M., pp. 35-36). ** Grass., Wb. 318. †† Wb. 80. ‡‡ Il. 1789-90.

¹⁰ *driwiš*—Poverty or misery (Kan.); malicious person (Dar.); mole or birth-mark (Barth.).* A *daōva* of this name is mentioned in Ven. XIX. 43, where a famous list of the important lieutenants of Aprō-Mainyuš is given.

¹¹ *daiwiš*—Deception (Kan.); he evidently connects it with *daw*, दम्; cf. *darqithyā*, Yas. IX. 18. (p. 37 above). Dar. says "liar". Barth. thinks it to be the name of a wasting disease.† This name is also in the *daōva*-list mentioned above.

¹² *kasviš*—Meanness (Kan.); spiteful (Dar.). Barth. here also says that it is the name of a defect or disease.‡ The word occurs again in the list of *daōvas* and also in Yt. V. 92-93.||

¹³ *vīzbāriš* (अप.)—Lit. crookedness, dishonesty (Kan.); from *zbar* (cf. *zbarataēbyō*, Yas. IX. 29. p. 47 above). Jealous (Dar.); Barth. takes it in the sense of crookedness of the body.¶

¹⁴ *vīmūtō-dantānō*—Evil-speaking (Kan.); he adds the parenthetical explanation that lit. it means "possessing crooked teeth". Barth. takes it lit., and Dar. trans. "possessing decayed teeth". The word also occurs in Yt. V. 92-93.

¹⁵ *paēsō*—Leprous. Pers. *پیس* (*pīs*), leprosy. Skt. *फण*.

¹⁶ *citarato-tanuš*—Spread over the body (Kan.); but this trans. is in Yt. V. 92-93 where the whole phrase, *māpāēsō . . . tanuš*, occurs. In this passage he trans. "may there not be a body wasted away to below the usual size", without making it clear how he got at this trans. Dar. trans. "(a leper) to be pent up"; and quotes Herodotus (I. 138) to point out that lepers lived segregated outside the towns in ancient Persia.** Barth. trans. similarly, "one whose body must be isolated".††

¹⁷ *māda*—Not here (Kan.); he explains this as *mā* + *aḍa*. Barth. takes *aḍa* as merely an asserterative particle and trans. as an emphatic "not indeed".‡‡ *mācim* also is found (ved. मकि). Note that in verse 37 the words are *nōit* and *naēda-cim*.

¹⁸ *daχstanām*—Characteristics or qualities (Kan.); brands (i.e. marks), (Dar.); signs or outward symbols (Barth.).|| Elsewhere, where the word occurs, the Skt. trans. has चिह्नम्.

¹⁹ *mašyāiš*—Kan. following Westergaard¹ reads *mašāiš* and trans. "connected with death" (i.e. leading to death). But he gives the reading *mašyāiš* in a fn. Geld. has no mention of the v.l. adopted by Kan.

11. (30). *fratēməm daiḡhēuš*—The syntax of the cases in this verse is confused. Here 2/1 is used for 7 1. In the first portion of that place (the *vara*). Kan. takes *daiḡhu* here in the lit. sense of "country" and adds a long footnote*** to explain why the numbers in each of the three divisions

* Wb., 778. † Ib., 689. ‡ Ib., 461. § In the latter place its reading is *mahanāš*, in one word. ¶ Wb. 1474. ** S.B.E., IV, 17, fn. 4. †† Wb 1441. ‡‡ Ib. 1168. ||| Ib. 476 f. ¶¶ Dict., p. 401. *** P. 64 of his trans.

(the first, the middle and the last) should have been regularly diminishing. He thinks that this refers to Yima's moving southwards at regular intervals during his rule;* this would naturally leave the earliest portion of his land the most thickly populated. All this is rather far-fetched because clearly the *vara* is meant here. Dar. trans. "in the largest part of the place". Barth. calls this "the qualitative first".†

¹¹*parəθwō*—2 3 m. or f. Passages or roads. Dar. trans. "streets". *parətu* is the crude form. The word also means a bridge (cf. Yas. XIX. 6, p. 178 above).

^{6, 11}*maδəθmō*—Bad syntax again, this ought to have been 7 1. This refers to the part of the *vara* second both in size and position.

nitamō—The smallest; so all take it. I would like to take it as "the nethermost". All the three divisions were underground and one above the other, the smallest (as judged by the number of people it would contain) being also the lowest. There are three reasons for this suggestion: (1) Kan. consistently trans. *vara* as a cave (𐬨𐬀𐬎𐬌), and this is the ancient tradition (Bun. XXXII. 5); (2) the word *kata* in verse 7 implies a dug-out chamber (𐬕𐬀𐬎𐬌, 𐬕𐬀𐬎𐬌); (3) the mention of some sort of internal lighting arrangement also seems to show that ordinary daylight was excluded‡ (this verse and verse 40). Dar. thinks the three-fold division corresponded to the three castes, •

²⁴*aiwi* . . . *varəšša*—2 1 imp. of *varəp* with *aiwi*, to seal with a signet (𐬨𐬀𐬎𐬌). Skt. वपेस् is cognate. Kan. takes this word as 7 3 of *vara* (irregularly instead of *varəšša*).

tē refers to the three parts of the Vara.

¹*sawrya* ? 1. Seal(-ring) (Dar.); this is the traditional meaning. The emblems of Yima's sovereign power, which were bestowed upon him by Ahura Mazda, were the seal and the sword verse 6 of this chapter (also verse 10). These are also mentioned by Firdausi. Kan. unaccountably takes it here to be "a weapon". In his Diet. (pp. 528 f) he says that this weapon is the plough.** Barth. for reasons not very clear takes the word to mean "an arrow" and he compares the word *surb*, arrow, in the *Shighnū* dialect of the Pamirs.††

api-maraža—Provide with, equip with. It governs two obj. *carəm* and *darəram*.

dvarəm—द्वारम्. These doors are meant for going in and out.

raocanam—light-giving (Barth.).‡‡ Kan. and Dar. trans. "window", lit. "an aperture for light" (cf. Urdu *roshandān*, skylight). Barth., however, says that in Ven. VII. 14 the word means "window", and he admits

* Ven. II. 10, 19 and 18; see also the introductory note to this selection. † Wb. 979. ‡ Kan. however trans. quite differently in this verse; see notes below (see also S.B.E., IV, p. 20, fn. 1). § S.B.E., IV, p. 18, fn. 1. ¶ Quoted by Dar., S.B.E., IV, p. 12, fn. 2. • ** Yima is credited with having introduced agriculture into Irān. †† Wb. 1583. ‡‡ Wb. 766 and 1489.

that this is the traditional sense. But his trans. "light-giving" (if it implies admitting day-light) leaves the following words rather meaningless.

χ'āraoχšnəm etc.—Cf. Yas. LVII. 21 (p. 77 above).

Kan. trans. the words, *aiwi²⁵-ca²⁶* to the end, thus: "Within thy enclosures, around each one, on the inner side construct doors and windows with thy golden weapon such that natural light may enter". But the syntax does not support this version.

12. (31).⁴ *kuša tē*—Kan. takes *tē* as *tara* and trans. "thy (Ahura's) cara". Barth. takes *tē* here as merely a strengthening particle. ^{2. √ kuś-acc. with the compound: see, Reich.}

gūt—3 1. About which. Reich. calls this "the instrumental of cause" (§ 451).

aīghā zəmō—6 1 used for 2 1. This is a partitive gen. used objectively.*

²⁴ *pāsnābja*—3 2. Heels. Skt. पाणि. This word is from √ *spar*, (स्पर्) (see below), to kick with the foot; the initial *s* was lost very early, probably before the separation of the various I.-E. races.†

²⁵ *vīspara*—(rush. From √ *spar* with *vī*. Kan. trans. "turn about the soil with thy heels".

²⁷ *vīxāda*—From √ *xad*, to dig. Dar. and Barth. trans. "knead" but Kan. has "dig".

²⁸ *mānayan āhe ya²⁹ā*—Barth. says the phrase means "just like".‡ A variant phrase is *mānayan bā ya²⁹ā*. Barth. explains this phrase as meaning lit. "they (people) might indeed think that", taking *āhe* in a mildly emphatic sense, "think of this". Kan. (Diet. p. 413) compares it with Pers. ماییدن (*mānīdan*) or مانیستن (*mānistān*) to resemble and says that the phrase lit. means "just as if they made a comparison of it"§. Kan. observes that *mānayan* (3 3 impt. caus. par.) is often used by itself in an adverbial sense, "just as", the Pers. ماند (*mānand*) is used exactly similarly.

³¹ *nū*—A particle used after the first word in a clause.¶

³³ *χšvisti* (v.l. χšvi³², Barth.)—Kan. trans. "fit for cultivation", but the word is not found in his Diet. Barth. takes it as 7 1 (written thus instead χšusti**) of χšusta, which means wetted or mixed with water. The root is √ *χšud*, to flow from which are derived the words χšuodah (n.), river, Skt. क्षौद; and χšudra, fluidity or semen.

zēmē—7 1. Pronounced sometimes *zmē*; †† the words χšusta + *zēm*- in 7/1 give the doubtful word *šutasme* (*Frahang-i Oīm*, 5) through *χšustasme.

³⁵ *vīšavayeinte*—3 3 pres. of √ *šyav* (šav) with *vī*, to knead.‡‡ Kan. takes it to mean "extend in breadth" from √ *šū* with *vī*.||

* Reich, § 497.

† Grass., Wb. 808.

‡ Wb. 1123.

|| Taking the verb as causal.

¶ Barth., Wb. 639.

** Reich, § 33. 8.

†† Ib., § 35, fn. 2 (p. 185).

‡‡ Barth., Wb. 1716.

|| Dict., p. 559.

Kan. trans. the last phrase *mānayan*²³ etc. thus: "Just as at present people increase the extent of cultivable land".

On this verse Dar. notes that the Shah. mentions how Jamshīd taught the spirits under him how to knead clay "by mixing the earth with water".* Reich. thinks that the *vara* is to be constructed "after the world becomes an ocean by the flood",† but there is no reason to think thus.

19. (38). *hō*²⁷—Geld. notes v.l. in only two mss., in one *hē* and in the other *lō* *hō*, the *lō* being a later addition. But for *hō*²³ there is no v.l. noted in Geld. The syntax is wrong in both cases.

varafšva—Geld. notes that one ms. "has appended *l secunda manu* to *varafšva*" and another ms. has *varamšva* with the *m* corrected to a *f*.

20. (39). *ēayō*—1 3 f. inter. pron. ५ acc. ४३५ -voc.

*yō*¹³—Wrong gender and number, because *raocā* is f. plu.

varafšva—See above verse 28. The plural refers to the three parts of the *vara*.

*yō*¹⁹—Wrong number.

21. (40). *χ²adāta*—Natural, lit. self-created. The Pah. trans. says that this refers to the eternal lights of the heavens, which are mentioned below.*

stiḍāta—Artificial, lit. created in (or by) the world; hence the non-eternal artificial lights are meant. See note on *ā-stiḥ*, Yas. LX. 1 (p. 111 above).

hakarət—Once, सकृत्.

irixtahe—6 3 n. The word is used for the rising of heavenly bodies (Kan.); Barth. however says it means "setting" of heavenly bodies.‡

saḍaya—7 1 f. Setting of heavenly bodies (Kan.); Barth. says "rising" (Wb. 1557). The latter derives it from √*sad*, to appear.

vaēnaite—Sg. for plu., perhaps each individually is meant. The atm. has here the passive sense—"are seen".

taē-ca . . . yārə—Dar. reads these words with this verse (40) where they really belong. Kan. and Barth. (also Reich.) follow Geld. and read them in 41.

taē-ca—1/3 m. Who these are is difficult to say, probably the people in the *vara*.

ayarə—See note on *ayān-ca* in Yas. LVII. 17 (p. 74 above).

yārə—Year. The Iranian year was 12 months of 30 days each and 5 extra days at the end to make up the total.|| This passage is perfectly plain about the Polar home of the ancient Iranians. In fact nothing could be more explicit than the words here and this is the only possible explanation that would fit. It seems that Dar. had some inkling of the true signi-

* S.B.E., IV, p. 18, fn. 2. † A.R., p. 149; italics mine. ‡ Wb. 1529. || See Int. In order to be accurate as regards the solar year one extra month was intercalated every 120 years.

ficance of this passage, for he says by way of comment "as there is no daily revolution of the sun".* Kan. is clearly puzzled over it and beyond repeating the statement gives no clearer sense.†

22. (41.) *'caṭwarəsatəm*—2/1. Accusative denoting extent of time.‡

²aiwigāmanām—The word means orig. winter and hence a year. Cf. Pers. *hangām* (hangām), time.

nərəbya—An *एकशेषद्वंद्व*.

miṭwana—1/2. Twins, *मियुन*.

sraēšta gaya—3/1; cognate instrumental, see Reich. § 452.

jvainti—जीवन्ति.

Dar. has a long quotation from the *Mainyō-i-Khard* which says that in those days the life of a human being was 300 years and that of cattle 150 years.

23. (42). *avaṭa*—There, in that place (Barth., Wb. 172).

viš Karšipta—Kan. takes it as one noun *Viškaršipta* and says that there was a prophet of that name in the *vara*.¶ In the Pah. commentary on Vis. I. 1 he is called the Ratu of all birds. In Bun., XIX. 16 it is said that "it knew how to speak words, and brought the religion to the enclosure which Yim made, and circulated it; there they utter the *livesta* in the language of birds".** In Bun., XXIV. 11 it is said to be the chief of the birds,†† Barth. derives the name from I.-E. **kr̥sī + pter* and thinks it means "quickflier".‡‡ See Modi, pp. 52f.

24. (43). *Urvatāt-nara*—Lit. "friend of mankind" (?) He was the third (and youngest) son of Z. He was the chief of the agriculturists and was the head of the *vara* of Yima. Bun., XXXII, 5 says of him. "Aūrvatāt-nar was an agriculturist, and the chief of the enclosure formed by Yim-which is below the earth".|| Dar. has got the following note:¶¶ "Urvatāt-nara, as a husbandman, was chosen to be the *ahu* of temporal Lord of the *vara*, on account of the *vara* being underground. Z., as a heavenly priest, was, by right, the *ratu* or Spiritual Lord in Airyana Vaejā, where he founded the Religion by a sacrifice".
